ANNUAL RETREAT FOR STUDENTS **BEGINS MONDAY**

Solemn High Mass Marks Opening of Three-Day Devotion

On Monday morning, April 6, he annual spiritual retreat for tudents will begin and will coninue until noon on Spy Wed-lesday, April 8. The Rev. Hen-y Arthur Kelly, O.P., M.A., of he Dominican parish of St. Pius in Chicago, will be in harge of this annual affair as

harge of this annual affair as reviously announced.

The authorities at the college have taken special care to afford the Catholic student body every spiritual opportunity and benefit by setting aside annually, for religious meditation, these first few days of Holy Week. It is the time of year when God's gifts are showered down most abundantly, and the period when abundantly, and the period when

abundantly, and the period when all Christians are struck more forcefully with the realization of the necessity of doing penance. The retreat opens formally at nine o'clock on Monday morning with the celebration of Mass. Following Mass a short instruc-ion will be given after which ion will be given, after which there is a recess, and two addi-tional conferences. On Tuesday the routine is essentially the same. In addition to the regu-ar services, Confessions will be ar services, Confessions will be neard in preparation for Com-nunion on Wednesday, when the entire student body will ap-proach the altar. After two short conferences the retreat will be formally closed with Ben-ediction of the Blessed Sacra-ment

The Dean's Office posted a list of regulations in regard to student routine during the retreat.
Officially, the retreat is obligatory for all Catholic students, and is open to all non-Catholic and is open to all non-Catholic students who may wish to attend. Special seats have been assigned and a notice has been issued that every student must occupy his appointed seat under penalty of being marked absent.

Cowl Stages Second College Poll Today

The Cowl stages its second poll of the year. In an attempt to ascertain the opinion of the students on pertinent college questions and current national and international topics, ballots are being given today with each issue of The Cowl, and students are asked to fill out their ballots

are asked to fill out their ballots and deposit them immediately in The Cowl mail box.

This second poll lists a variety of interesting questions. The editorial board of The Cowl wishes to discard all features which do not interest the average student and the votes of the students on the various features listed will be closely followed.

Careful consideration of these and other questions on the ballot is asked. The Cowl will publish the tabulations in its next issue.

LUX WINS COWL **SLOGAN CONTEST**

Judges Render Final Decision After Two Weeks Delay

The Cowl Slogan Contest closed last week when the Committee in charge met on Friday, March 27, in The Cowl Office, and declared a winner. The slogan selected was one submitted by Lawrence G. Lux, freshman from Quakertown, Pa., and reads as follows: "It's here because it's true, not true because it's here."

The contest which opened more than a month ago was prolonged for some time when the judges came to the decision that none of the slogans submitted were acceptable. On Friday, however, the judges met, and after due deliberation decided that the ten-word slogan suggested by Lawrence Lux suited best the policy of The Cowl.

Since the contest opened nearly five hundred slogans have been received, many of which came close to expressing the aims and purposes of the paper, and many also which failed in this all important matter.

Lux, the winner of The Cowl contest and five dollar prize, is a Guzman Hall student.

The judges for the contest were Joseph P. Dyer, Cowl Editor, Brendan J. McMullen, and George T. Scowcroft.

PRES. McCARTHY URGES SPIRITUAL TRAINING

The Very Rev. Lorenzo C. Mc-Carthy, President of Providence Carthy, President of Providence College, delivered an address on "The Spiritual Development of the Child" over Station WJAR, on Tuesday morning at 9:45. He spoke on the weekly half-hour program sponsored by the Rhode Island Congress of Parents and Teachers, under the direction of Miss Barbara C. Price. During the course of his address, the Reverend President stressed the importance of the spiritual education of the child and its supplementary contribution to secular teaching.

STUDENT BODY **MOURNS DEATH** OF G. P. SMITH

Memorial Mass for Departed Freshman in Auditorium Monday

The officers of the Freshman Class, the entire Pre-Medical Freshman division, representatives of other classes, and members of the Faculty and Administration of Providence College on Wednesday morning assisted at the funeral services for George P. Smith, '39, a resident of Peacedale, Rhode Island, who died Sunday at St. Joseph's Hospital. He had been suffering for several months from blood poisoning which followed an injury received in a skiing accident during the Christmas holidays.

Born in Woburn, Mass., in 1915, Smith has lived most of his life in Peacedale and Providence. Both parents died when he was young. The children were variously adopted by rela-tives. George was a member of the 1935 graduating class at La Salle Academy, Providence, and was taking a Pre-Medical course at Providence College.

On Tuesday evening the entire Freshman class led by the Rev. Richard Clark, O.P., Moderator of the class, made a vis-it to the home of Smith's aunt, Mrs. James H. O'Rourke, where the body rested. The whole group joined in the Rosary and prayers for the dead. Besides this official visit of class representatives many Freshman classmates of Smith made informal visitations on Monday and Tuesday.

The Requiem Mass and the The Requem Mass and the last rites for the dead youth took place at St. Francis Church, Wakefield. The Dean, the Rev. Dr. Arthur Chandler, Fr. R. Clark the Moderator and several other Fathers from the College were present in the sanctuary

SPRING DANCE

Affair to be Held In Harkins Hall on April 22

The Sophomore Class, under their Moderator, the Rev. F. C. Foley, O.P., will sponsor a dance at Harkins Hall, Wednesday, April 22.

The committee in charge of arrangements consists of: Robert Murphy, Chairman; James Brady, Joseph Oxley, George Comstock, Raymond McCabe, and Bernard McKenna, Joseph Cavanaugh, class Treasurer, and Raymond Baker, class Secretary.

The dance will be known as the "Spring Frolic," and the decorations appropriate will be black and white, in a Spring effect. Negotiations for the orchestra have not as yet been completed. Bids will be ready for distribution about April 20, and will cost one dollar. and will cost one dollar.

Second '38 Dance

This affair is the second sponsored by the Class of '38 this year, and will be the last open college dance of the academic year. After consulting the Junior Class and Student Quints' Committees so as not to interfere with their prespective pro-Committees so as not to interfere with their prospective productions, it was decided that April 22 would be the best date for the affair. Past events sponsored by the Class of '38 indicate a successful and enjoyable of the control affair, and it is therefore expect-ed that the student body will lend their entire support.

PIGSKIN TOSSERS TO REPORT APRIL

20

Coach Joe McGee yesterday announced that spring practice for his proteges will get underway April 20. He also stated that it is quite probable that assistant coaches Merritt, Coughig, and Roberge will be on hand to start the lads off on the training grind. This will mark the first spring session ever held by the college cleaters and mole-skinners. Coach Joe McGee vesterday

FRIARS LEAVE APRIL 10TH

Team Will Play Seven Games on Eight Day Trip

Plans for the spring baseball trip, as announced through the Athletic office, call for one of the most attractive sports jour-neys that any Friar team has ever attempted. The trip will start a week from today, and the men will play seven games within an eight day period.

Leave by Boat

According to plans as announced today the men selected by Coach Jack Egan to make by Coach Jack Egan to make the spring trip, will leave by boat for New York on Friday, April 10, and after establishing headquarters at the Governor Clinton Hotel in New York on Saturday, will entrain for Princeton for the season's opener that afternoon.

To accommodate St. John's University the team will play the Redmen at Dexter Park in Brooklyn on Easter Sunday af-ternoon. Monday, with no game schedule, the players will stage a practice session at the Yankee Stadium, thus giving our ball players a chance to know how it feels to play in a big league park. Tuesday the third opponent of the trip will be met when Long Island University, a newcomer to our lists, is played at Dexter Park in Brooklyn.

Wednesday morning, April 15, the players will motor along the historic Hudson to West Point for the contest with the Cadets that afternoon. Two years ago Al Blanche, now with the Boston Bees, shut out the (Continued on Page 5)

Junior Prom **Favor Selected**

Orchestra to Be Named By Committee Before Easter Vacation

The Junior Prom Committee, under the moderation of Rev. Father Brendon Reese, O.P., selected this week the favor to be given at the annual Junior Prom which is to be held at the Provi-dence Biltmore Hotel on May 14. The favor is in the form of a pendant made of hammered sterling silver.

The favor consists of a delirately lined bar pin from which is suspended on thread-like silver chains an intricately designed shield bearing the col-

signed shield bearing the college insignia.

The committee also announcd that the orchestra will be selected this coming week. The following orchestras are receiving much consideration from the Committee: Dan Murphy, Billy Murphy, who played at the Junior Prom of '34, Billy Carlin, and the McInnely Victor Recording Orchestra.

EASTER

The feast of Easter does not excite the warm tender devo-tion which the celebration of the Birth of the Divine Infant does, for all that, Easter is the most important day in the whole Christian calendar. The Christian faith stands or falls on the varity of the Resurrection, as Saint Paul pointedly confessed. Easter is deep and intellectual, breath-taking, awe-inspiring Christ rose from the dead, and in His rising, He lifted up from utter despair to a rich promise of eternal joy.

THE RETREAT

It seems presumptuous on our part to attempt to add to the volume of recommendations that have issued officially con-cerning the matter of the Student's Retreat. The Dean, the Chaplain, the Assistant Dean and individual professors have said all that need be said on the subject. Not to mention what the Retreat Master himself will say.

Yet we as students want to add our own editorial "two cents worth." After all, it's OUR retreat. The doctor can perform his operation, but we the patient are still entitled to our thoughts.

We don't mind a retreat. On the whole we like the idea. It's a welcome relief from the routine of classes, as well as a splendid spiritual opportunity to "get scrubbed up" for Easter.

Let's hope Father Kelly tells us something that will so arrest our attention that we will become better Catholic young

men for it.

THE SPOILS OF WAR

With the mention in various newspapers this past week of the various organizations satirizing the military societies in the country, it was brought to the attention of many of the share of the spoils given to our neighbor, Canada.

Canada, which poured out its manhood and tapped its cofcanada, which poured out its manhood and tapped its conference to contribute to the "war to end all war" is at last receiving its share of the "loot." Their booty is seventy-one acres of land on Vimy Ridge, which the Canadians captured from the German forces in 1917, and where they may now erect the memorials and fill with graves of those heroic youths who gave their lives that France, may acquire more land. their lives that France may acquire more land.

It is quite apropos to call this to mind when we hear of Americans who still want the United States to meddle in Eu-ropean affairs, only to merit title to more land to be dedicated for the same purpose as these seventy-one acres, thus adding to our national domain.

Some fun, hey?...conquering a cemetery.

BOOTLEG GROUPS

It has been heard from different sources that certain clubs and organizations founded by and comprising students of the college have complained about the apparent indifferent attitude maintained by The Cowl in omitting reports of their meetings and activities. We have been aware of this criticism and naturally have substantial reasons for our stand.

In the first place, these clubs and organizations have not affiliated themselves with the college, preferring to set themselves apart from college relations and faculty moderation. Unlike other sanctioned organizations which have as their purpose some specific ideal to help the college, they har given us the impression that their ideals are purely social.

It is the duty of The Cowl to report all the news that is in any way connected with the college, but these organizations represent to us but a group of students organized solely for the purpose of fostering collegiate social relations. It is our utmost desire to report all news concerning the college and we believe that we have done so to the best of our ability. But under the conditions that these clubs are functioning we cannot accede that we should recognize them as a part of the college.

The cure for this matter seems to be the affiliation of these clubs and organizations with the college under faculty moderation. Under those circumstances, it would be our utmost pleasure to report all possible news items in our issues.

It has served to incite in the student body an interest in the work being done by the Biology Department. It has brought numerous visitors to our doors,

It seems as if the halo that surrounds the glorious Resur-rection can almost be seen in the dim distance, so intensified are thoughts of Easter, so pene-trating is the attitude that al-ready pervades the Hall.

ON THE DIAMOND

It won't be long now, Coach Jack Egan is all smiles these days and he certainly has an excellent reason for being in such a gay mood. His boys have been drilling intensively for the past two weeks, and they are rapidly rounding into the pink of condition. They will be primed for their opening trip southward on April 11th.

On the Batteries

The pitching squad will be built around "Lefty" Collins and Karl Sherry, ace twirlers of the 1935 team. It will be considerably bolstered by the three star Sophomore pitchers, Frank Zavadski, Paul Ryan and Vic Lynch. Hammond, Doolan, Donahue, and Brooks complete the list.

list.

A merry battle is being waged for the backstop berth and to make matters even a little more exciting, Hankus Pankus Soar is trying for a catching assignment instead of a first base berth. At the present time Jack Lengyel, Johnny Reid, and Gus Hagstrom are leading the catching candidates.

On the Grass

Ralph Coleman and Leo Fisher are battling for the initial sack. Coleman is holding a slight advantage over Fisher because of his power at the plate. Vin Ahern is giving Ray Belliveau a battle for second base, but Ray holds an advantage over the Sophomore both in fielding and at the bat.

Charlie Gaffney, former La Salle flash, Leo Ploski, and Ed Banahan are pressing Milt Bleiden for his short field berth. Milt will have to step fast if he wants to retain his post at shortstop.

Bill Moge is a fixture at third base. He is more than capable of filling the shoes of Co-Captain Johnny Madden, who played the hot-corner for two seasons. Bill should develop into one of the best third basemen ever to don a college uniform.

On the Ball

Now the fly chasers. Coach Egan has two fast and capable Egan has two fast and capable outfield combinations available. Indications are that the veteran trio of Captain Omer Landry, Charlie Gallagher and hard-hitting Tom Hazell will receive the call over the Sophomore trio of Crowley, Bobinski and Appleton Appleton.

So there, my readers, is the reason for Jack's elation, and who wouldn't be with such a group of hard working and promising ball players. They'll go "to town" and bring the championship back with them.

On the Top

Hank and his Pawtucket Boys' Club basket shooters cap-tured the first annual New Eng-land Boys' Club basketball tured the first annual New England Boys' Club basketball championship. It was the 26th victory in 27 contests for the Pawtucket quintet. Charlie Swanson paced the winners with 16 points. Hank scored 7 points before he was forced to leave the game because of the aggravation of an old knee injury. Here's a winning streak for you. The Rison Junior girls' cage aggregation of Huntsville, Ala., has won 53 consecutive games and has gone undefeated for six years...Another tall centre, Gilbert Reichert of the House of David basketballers, stands eight feet, one inch (stocking feet). With the start of a long campaign just eight days away Hendricken Field has been a veritdistant parts and circled the dricken Field has been a veritable bee hive of activity the past week. The pep and spirit speaks well for the chances of the Friars in Eastern circles. Coach Egan has held contests daily for he believes that the boys work better under fire. Since we last went to press several men have made prodigious eral men have made prodigious strides to attain top rank, and

at this time seem to have clinched their positions.

The work of Omer Landry, Ray Belliveau, Bill Moge, and Tom Hammond has been most noticeable. Capt. Landry appears to have reached the peak that he attained as a Sophomore that he attained as a Sophomore and his sterling play in the practice tilts predicts a big year for the lad from Central Falls. Belliveau and Moge are doing well both with the stick and in the field. The pitching of Tom Hammond has been very effective. He seems to have the jump on the rest of the flingers at the moment.

Charlie Gallagher also is off the sick list and the boys will have to travel to sit the Newton lad to travel to sit the Newton lad on the bench for he's one of the best in the business and it should not take him long to best demonstrate.

The fight for first is still wide open. Coleman and Fisher both look good around the sack but neither has done wonders with the willow. The catching will be well taken care of with four contenders, all showing something. A day hardly passes but which one of them looks good. Veteran Carl Sherry looks to be in fine shape and should have

WATCH YOUR CUTS

With the arrival of Spring and the opening of trout seaand the opening of trout season many students on their way to College, get that urge to visit some good trout brook, and see what their luck will be. They think that because of their not having many cuts in a few subjects, or because a teacher might not check up on them that not check up on them that they are O.K., but it might be the other way around, for the teacher, unknown to them, might be silently checking on them, or else they might have more cuts than they think they have. There is also a tendency if the trout are biting good and they get a good catch one day that they will try again, and in no time they will find themselves out of the College.

Seven Teams to Compose Group. Hope to Interest Other Classes

If sufficient support is given the Freshman Class is planning to run a Soft Ball tournament shortly after the Easter recess. This was revealed by the Rev. Richard Clark, O.P., Moderator of the class, after a meeting of the class early this week.

According to present plans, each of the seven divisions of the Freshman group will sponsor a team in a league to determine the champion of the class. Games will be held in the afternoon or early evening and by a series of games the leading nine will be selected. They will be matched against an all-star matched against an all-star group from the defeated nines and as a grand finale a challenge will be given to the Sophomore Class. If it is accepted this Freshman-Sophomore game will be in the nature of a return for the successful Mixer.

He was worried and he voiced his fears aloud, "She said three-o-clock and it's quarter after now. I wonder what could have happened." At last she appeared—a frail, wisp of a girl, with a pert little green hat cocked over one eye and a large suite-case, obviously too heavy for her to carry, in tow. "What kept you, Jo?" he asked. Her answer was inaudible but it was evident that she was angry. After a brief but heated argument, we heard her say, "All right, Gene, if you want it that way, it's O.K. with me. Perfectly O.K." She turned and hurried away, leaving our Mr. Sullivan alone on the corner.

NEW DUGOUTS INSTALLED ON HENDRICKEN FIELD

The College craftsmen went to work this week under the di-rection of Coach Jack Egan and completed two new dugouts in front of the third and first base bleachers. Coach Egan announced yesterday, after scrutinizing the field from all angles, that the Friars will mastermind from the first base side of the diamond this year instead of holding forth on the opposite bench as of other years. This means that of other years. This means that the cheering section will have to make a forced shift to the bleachers on that side of the

Notre Dame will always be known as the fighting Irish, despite the fact that such boys as Carideo, Sheeketski, Yarr, and many other fine sons wear the regimentals of old Notre Dame. This year's Friars presents much the same problem if it could be called such. Jack Egan could place a team on the field comprising 8 nationalities and this would be a very fast ball club. It might be termed the League of Nations and could holds its own in the best of company. The team lines up with Hagstrom, catcher (Swedish); Zavadkis, pitcher (Lithuanian); Hank Soar, first base (English); Belleveau, second base (French); Doc Bleidon, s.s. (Jewish), and Dom Minnicucci, third (Italian). For the outfield Omer Landry (French), in left; Ed Bobbinski (Polish), in center, and Red Hazel (Son of Erin) in right. For replacements on this all-star team Jack could call on such Ethiopians as Ryan, Crowley, Doolan, Donahue, and McCarthy. This club packs plenty of color and would go to town with the best.

THEY SOON FORGET

Johnny Madden was three years in making a rep for himself as one of the classiest infielders Providence ever had and they were fortunate in always having a couple of standout perform-ers. But with less than a week of practice the local papers seemed to have forgotten Johnny completely. They have given Maddens toga to Bill Moge from Springfield. Granting that Moge is a good 3rd sacker, why not give him a chance to earn the laurels? Knowing Bill as I do, I think that it would please him more to rightfully earn the honor which would be given to him after he has showed the folks that he can carry the mail, than to merely have it thrust upon him.

"As a passing note on the schedule, it may be regarded with curiosity as to why a game was not listed with a New England, or a New York college. A vast majority of the students of the University come from that region of the country and some visible effort should have been extended to include one of those teams in the North. A game with Providence College, Boston College, or some other college or university would mean far more to the student body and the spirit of that august group than any newcomer to the schedule. Since the University draws from the North, and is popular in its athletic achievements at the present time, games should be pressed in that region." It would be a good thing for both Providence and CU this corner affirms.

THE FRANK FRIAR

By Joe Dver. '36 =

MOON SONG

What with a pre-mature spring sun awakening all nature from its winter hibernation it is no wonder that all of us turn quite often to thoughts of spring, and flowers and romance. Even our Dalmatian mascot, Friar Boy, can be seen now on moonlight nights scampering along the ridge of Donnelly drive and stopping now and then and looking slyly at the captivating bright moon. Perhaps he is thinking of other springs he spent in New York State

DARK ROOMERS

A good many plans have gone haywire down at R. I. State because of an epidemic of measles that sent the Statesmen and women scurrying to dark rooms for weeks at a time. Our own Quent Geary, the rotunder of our rotund Seniors, was also affected by the measly disease 'cause the "girl next door" was one of the unfortunates, thus relegating the Squinter to a dark corner at Georgiaville to lanquish for the week-end.

COLLEGE 1/2 WITS

The Xaverian Weekly (not the local H.S. offers some spring in their columns...He: "One swallow does not make a summer." ... She: No, but it sure puts spring into your step"... From the U. of Pitt News...One little boy suggests to another, "Let's play going to college." "All right," retorts the other kid. "I get me a pipe and you get a checkbook.".. From the C.U. Tower.. "Nothing to it, say WPA authors of a guidebook to America. Pocahontas didn't love Captain John Smith; she saved his neck merely because she liked Englishmen...The Tower also comes up with this one...Then there was the butcher who backed into the meat chopper and got a little behind in his business!

LOVE

PROM GIRLS

Members of the Junior Class are experiencing no difficulty in getting dates at the present. The poor saps should understand that the reason is the Prom is close-by...And one of our stand that the reason is the Prom is close-by...And one of our slightly bald alumni dropped in the other afternoon and left us with this philosophy which he gleaned after leaving these halls. "A word to the wives is not sufficient," he said...Suggested song for the day after St. Patrick's Day celebration: "When Irish Eyes are bloodshot."...Add Laughs: Starting at the Taunton town line and running in the direction of Providence for five miles a sidewalk is being made adjacent to the highway. VACATION SUGGESTIONS

For those who are around New York and the theatres:
LIBEL: Three acts of a suspenseful courtroom drama. An English cast headed by Colin Clive gives a fine performance.
ETHAN FROME: The stark tragedy of Edith Wharton's novelette translated into terms of the theatre. Brilliant, in acting and

scenic design.

ST. JOAN: The first lady of the American theatre, Katherine Cornell, in a vivid production of Shaw's finest work.

MAY-WINE: A Sigmund Romberg operetta in a lighter mood.

PRIDE AND PREJUDICE: Another triumph of translation.

Jane Austen implanted in her ripest moods on the American

stage.
VICTORIA REGINA: Another first lady, Helen Hayes, portrays
England's monarch in ten scenes from Housman's book.
IDIOT'S DELIGHT: Alfred Lunt and Lynn Fontanne as a hoofer and an emigre stranded in a Swiss chalet just as the next World
War breaks out. Urbane and distinguished drama from the pen
of Robert Sherwood

of Robert Sherwood.

For those who prefer a book and comfortable armchair:

THE LAST PURITAN by George Santayana. "A memoir in the form of a novel." Recommended for anyone with a mind. NORTH TO THE ORIENT by Anne Lindbergh. A travelogue which expresses simply the thoughts of the traveler. IT CAN'T HAPPEN HERE by Sinclair Lewis. A very topical treatment of the American scene. Perhaps not the type of literature which will last.

TIME OUT OF MIND by Rachel Field. Poetic prose in a tale of the Maine towns.

Dear Sputter, Yes, friend, I did read of your team, and all that and also saw your schedule. I see where you still play Brown over on Ald-rich Field for the two games. Which, of course, means that you P.C. fellows will have to pay for two games while the Brown boys see the outstanding college team in New England for "no." It is often a cause for "no." It is often a cause for wonderment to me why no one ever questioned the justice of it all. Brown also sees the basketball game on their athletic pass while last season the P.C. followers were charged \$.75. I am not complaining about the price of admission. Far be it from me to do that. If a reasonfrom me to do that. If a reasonable number refused to go to the game, the price would soon be lowered. But what I'd like to know is why does Brown go free of charge and you have to pay so much. Maybe it is considered so much of an honor to have them at the games that there is no fee for them.

Cap and Gown Edition to Feature Traditional Senior

Fete

A special "Cap and Gown Edition" of The Cowl will be published on Cap and Gown Day, May 4, according to plans formulated at that office this week. Special features shall mark the issue, including pictures of the seniors, the Tree Oration, history of the event, and many other stories of noted interest.

Cap and Gown Day is one of import on the College calendar and it is because of this that The Cowl staff decided to inaugurate a special edition. The publication of such an edition entails much labor and requires that the entire staff exert special effort in order to edit an issue which will lend dignity to the occasion. The staff has entered into the venture with alacrity, and the availing reports concerning their activity promise a Cowl issue of outstanding movit standing merit.

The staff cordially invites the active cooperation of every stuactive cooperation of every stu-dent in the college in the matter of making this special edition successful. We are in need par-ticularly of features and adver-tisements. We recommend that each student make the re-solve that he will contribute to this special edition either an acceptable literary feature or one advertisement from a local tradesman.
