To All of You,

There are few words which could adequately describe what a grand job you did with "Man of La Mancha". I know that Gene and I have seen it performed many ways but this was by far the best

ever - there is no need to see
it performed by anyone else!

Therefore, Gene & I wish
express our deep thanks to you
all for such an experience.

It is so good to realize
that Providence College has
such a wide range of talent!

Continued success to you all.

Sincerely,
Marcia McLaughlin
