# Patron Information

Refreshments will be sold before the performance and at intermission. Proceeds support the Friar's Cell, Providence College's student-run theatre group.

In order to avoid disrupting the performance, patrons who leave the theatre after the show has begun will be asked to view the remainder of the act from the side balcony.

The taking of photographs during the performance is strictly prohibited.

Please mute all wireless communication devices or leave them with the House Manager.

For your convenience, the River Avenue gate will be open before and immediately after each performance.

# The Friars' Cell

Now in its eighth year, the Friars' Cell is a student-operated laboratory theatre program sponsored by the Providence College Department of Theatre, Dance, and Film. It seeks to provide students with the opportunity to be fully responsible for all artistic choices made in the production of a play. In addition, the Friars' Cell creates a venue for students to experience the administrative and management responsibilities involved in preparing a stage play for public performance. The Friars' Cell is operated by Theatre majors and minors, but all students are invited to participate in its projects.
