Murphy Agrees to Talk about the Food

A large scale student food strike was averted last Thursday, March 21, when members of an ad hoc committee representing the strike movement met with Director of Food Services Joseph Murphy and the Food Committee in Raymond Snack Bar. Up until the previous night, plans had been in full swing for the strike, which was scheduled to begin at the evening meal on Thursday. Flyers appealing for student support had been distributed in many dorms, along with a petition seeking active support.

Of an ad hoc committee representing the strike group was signed by members of the Administration, represented by Mr. Murphy and the Food Committee. The ad hoc committee consists of juniors Paul Gianiotis and Michael Kennedy, John Reed, and Mr. Murphy was the head of the Student Congress, commenting on his experience in the democratic system. He said that some of the things which he would like to have institutionalized are a revised Constitution and the elimination of the drinking rule so that students over 21 can drink on campus.

Another change which he would like to see is the elimination of quarterly grades, except for freshman. For the race for Vice-President of the Congress, it will be by Jay McBeck, as Mr. Murphy was running unopposed until Connally decided to enter the race late Friday morning.

Ryan Wins Unopposed; Two Try for V.P. Nod

Several educational grants were received by various deparments at Providence College recently. These funds are matching grants, which means that the college will match, with its own funds, the amount granted by the federal government to each department.

The Social Science Department has been awarded a $12,417 grant for its program of special projects for social workers. According to Jim Flanagan, executive assistant of the program, the program will provide the community some aspect of training and education of urban community social workers. The grant will also provide two summer sessions, the inception of a new Cowl Regime.

REVIEW

REV. JOHN T. McGREGOR

1938-1941 was assistant professor of English at Providence College, and was a member of the faculty since 1933. He was moderator of the senior class and the yearbook from

McBride Named Successor Of Les Andrews at WDOM

In a recent interview, Les Andrews, the present station Manager of WDOM and Timothy McBride, the newly appointed Station Manager, expressed their thoughts on the progress of the station in the past year, and what they expected of the station in the coming year. During their interview, they also affirmed the following appointments: Vin Papin, News and Sports Director; Gertty Ritter, the FM Program Director; Vin Ialenti, AM Station Manager; and Bill Miller, AM Program Director.

Mr. Murphy agreed to discuss each complaint individually to see if any agreement could be reached on them. Briefly, here is a synopsis of what they expected of the station in the past year.

1) Mr. Murphy stated that the coffee was of a poor quality and "did not taste right." Mr. Murphy agreed to change the brand of coffee used.

2) Kennedy stated that the cheeseburgers and hot dogs served were far too greasy. Mr. Murphy and Mr. Murray recognized that all participants agreed to purchase racks on which the meat could be cooked and the men's union help to reduce the grease content.

3) Kennedy asked if cold cuts could be served as a supplement to the evening meal. Mr. Murphy stated that the additional cost entailed in such a suggestion warranted Administration approval before it could be acted upon. For the same reason, the question of fresh orange juice at breakfast and a choice of desserts at lunch and dinner were also deferred.

4) Kennedy stated that the salad served at lunch and dinner were often stale and dry. Mr. Murphy replied that during the winter months it was impossible to obtain high quality lettuce and tomatoes and that the vegetables used now were difficult to keep completely fresh, because they must be brought here from Florida and California.

5) Mr. Kennedy stated that the meats used in roast beef and steak sandwiches was often tough and of a poor quality. Mr. Murphy replied that the meat (Continued on Page 8)

Educational Grants Awarded to College

Several educational grants were received by various departments at Providence College recently. These funds are matching grants, which means that the college will match, with its own funds, the amount granted by the federal government to each department.

The Social Science Department has been awarded a $12,417 grant for its program of special projects for social workers. According to Jim Flanagan, executive assistant of the program, the program will provide the community some aspect of training and education of urban community social workers. The grant will also provide two summer sessions, the inception of a new Cowl Regime.
Spring Weekend Plans Outlined By Classes

Tentative plans have been made among the sophomore, and Freshman classes concerning the schedule of events for this year’s Spring Weekend, scheduled for May 10, 11, and 12.

In an interview with Mike Calabretti, the events for the Junior Weekend were announced. The Junior Class will throw a "Stag" Thursday night from 8 p.m. to 12 a.m. at the Venus de Milo and it will inlude such features as skits and a "surprise" band. Friday night is the Junior Prom at the Venus de Milo. The Prom will be formal-floral with a buffet dinner. The buffet will be served from 7 p.m. with dancing from 8 p.m. to 1 a.m. The orchestra for the Prom has not been finalized as yet. At the Prom a queen and her court will be selected.

The events for Saturday will begin with a picnic at the Chop-Mist Inn, Scitute, R.I., from 11 a.m. to 5 p.m. The featured band will be the Tangerine 500 and free refreshments will be supplied.

The Junior Class will sponsor a concert Saturday night, but arrangements are still incomplete as to what vocal group will appear and the exact time of the concert.

Concluding the Junior Weekend will be an open house scheduled for Sunday afternoon. The bands for the entire Week-end will be present with a total attendance of 250 couples.

Bill Connolly announced a tentative schedule for the Sophomore Weekend. The formal dance will be held at the Heathcroft Motor Inn from 8 to 12 p.m., with a buffet dinner. The band will be the "Black River Circus." Following the beach party will be the "Indigos." A post-concert dance will be held at the Chop-Mist Inn featuring a "Your Father’s Moustache" style band and free refreshments.

Mass in the Gregorian followed by a communion breakfast will be the conclusion of the week. The Freshman Class Weekend plans are very indefinite, but an outline of possible events was given by Class President, Tom Farber.

A semi-formal dance will be held at the Coachman in Tiverton, R.I., from 8 p.m. to 11 a.m. A five-piece orchestra will be featured along with a buffet dinner.

Saturday events will begin with a barbecue to be held from 11 a.m. to 3 p.m. The location for the barbecue and the band has not been finalized. Saturday night will be the concert in Alumni Hall and the events will be concluded with a mass and a "surprise" band in the opened house in the afternoon.

The class expects around 250 couples to attend and bids will be sold at $30.

The Providence College Management Intern Program, has fared well since its recent inception, according to the program’s directors.

Ronald Stejner ’70, the Director of the Program, and the Associate Director, Steven Malo ’69, have a report of the Program that is pending. They stated that 193 students have applied for placement in Program thus far. Of this number, a total of 101 have been interviewed and accepted by the Program’s Executive Board.

The program is presently being run by a ten member sub-committee of the Student Congress, and is under the direction of Mr. Raymond Thielschat, Director of the Placement Office.

The program’s progress to date: “Our success happened only when McCarthy is President” said former student, James liar, and a graduate student, James J. Harkin, and Robert McIntyre.

The PCSFM is now presenting an information table in Alumni Lounge. New members may sign up here, and contributions to Senator McCarthy’s campaign will be accepted.

Camera Club Funds Hurt By Exhibit

In order to present “Photo Expo ‘68,” the photographic exhibit scheduled by the P.C. Camera Club for April 7 through April 10, the Camera Club has been forced to request a loan of $300 from the student congress.

Normal operating expenses of the club, arising chiefly from the cost of chemicals for the dark room, are usually covered by membership fees and fees for photographing various college social events. The display, however, has placed an extra financial burden on the club, necessitating the loan.

Approximately fifteen display racks, priced at $17 per rack, have been ordered specifically for the exhibit. Transportation for one of the major displays, a large dark room, has had to be shipped for the exhibit.

By ROULF MARCHESANO

Elvira Madigan is a beautiful picture. It is a series of images which have no association on the screen. The story is basically one of love, but in order to give all up in a dream-like idyllic paradise that must disappear, some very complicated plots must be woven into the story in order to make money run out. This “love” story is used to build up the film playing a secondary role to the technique.

The film is excellently photographed with some of the scenes being almost direct copies of impressionistic paintings. Except for one sequence, there is a remarkable lack of black, darkness, or night which not only helps to make the impressionistic overtones, but also conveys the sense of dreaminess. Most of the action takes place out-of-doors allowing the photographer ample opportunity to show the landscape as well as the characters and providing the viewer with an array of brilliant and stirring scenes.

Not only is the photography masterful; that the sound track does much to add to the romantic atmosphere of the film. Even more striking is the use of music, “The Waltz Piano Accompaniment,” the use of silence. This combination of silence and sound is as dramatic as the photography.

The moral implications of the lovers’ actions are only slightly alluded to. Elvira and Sixten find him and Elvira fishing in order to ward off starvation. We learn that Sixten has left a wife and two children. We are left to assume that their relationship is not as easy and as wonderful as it appears to be.

Even though the action of the film complies with the modern technique, it does play an important role in presenting the meaning of the film. At the end of the first sequence there is a “pounding heart” scene. Elvira and Sixten are seen to be in love. Elvira and Sixten are seen to be in love. Elvira is now able to catch the “white butterfly.” However, after all hardships that the relationship has faced, Elvira and Sixten come to love each other. Elvira captures a butterfly at the end of the second picnic. As she is ready to release it, Sixten ends her physical reality and then his own. They both had known pure love and it is left to us to decide whether or not their actions were right.

By ROULF MARCHESANO

Trinity Square is the fifth production of this season is one of Henrik Ibsen’s most popular and least complicated plays—An Enemy of the People. This version was adapted by Arthur Miller.

Dr. Stockman finds that the mineral springs of his town are a danger to the well being of all those who use them. At first, the “radicals” of the town are behind the doctor; however, when they find out that the closing of the springs will mean new taxes and the loss of income, they and the whole town band against him.

The conflict is a debate between Stockman and the town on the issue of conscience and integrity versus opportunism.

Faculty Apathy

Periodically one receives the impression from certain events at Providence College that men of education and a spirit of intellectual growth are virtually nonexistent. This community seems a contented one, with the college a safe haven for young men off the streets and occupied the passing time of supposed intellectuals. The attempt to conduct a teacher evaluation which would hopefully assist the College in its progress toward academic excellence has inadvertently revealed an indifference so deep and entrenched that it leaves one with that all too familiar feeling of despair.

It began with 60% of the student body exercising that time honored PC tradition of non-participation. But I'm afraid we were going to outing ourselves this time, and we didn't stop there. An attempt was made which would permit publication of the evaluation results in spite of poor student support was de­vised, but it only involved upon faculty cooperation. The teachers were requested to sign a release authorizing publication and claiming any right to legal action against the sponsors of the evaluation. The release was forwarded only to those faculty members who were evaluated by a significant number of students. It was distributed and only 45% of the teachers took the time to respond.

The whole affair is shocking. The students are innocent and the faculty is quite aware of our impotency. The threat of a poor evaluation by the students failing to meet some faculty numbers to refuse publication. This situation goes far beyond the label of apathy; it is a genuine case of opulent attempt for student opinion on the part of the teaching staff at the College.

Some students may suggest reprisals against the offending faculty but this seems, at the present, unreasonable when one contemplates the guilt of the student body and, in addition, the impotent cannot rape! The students at Providence College will necessarily be forced to "put away the things of a child" — namely our insane prejudices against non-specific basketball—and become genuinely concerned with the academic conditions at the College. Some faculty members are allowed to conduct their courses in a manner befitting a high school where the student is required to vomit forth. On cue, the lectures of the venerable teacher with little regard for the student's intellectual development.

We the students must initiate action to redeem ourselves and to correct the abuses which have arisen through past indifference. This essential step is an awareness of the essential nature of our role in this community and a commitment to the pursuit of wisdom and not vomit.

Change Pre-Registration

The pre-registration circuses which served as preludes to this and the pre­registration circuses which would have done Mack Bennett proud.

In less than six weeks, this campus will once again submit to the necessary agony of pre-registration. Hopefully, having learned from the deacies of the past, however, Father Bond and the Messrs. Newton and McGovern have pooled their talents in a resurgent ef­fort aimed at the production of an orderly, efficient and fair pre-registration procedure.

Hallelujah, brother, and amen.

In the spirit, then, of this rededication to the most endearing excellence we note the following:

The primary weaknesses of the presently established pre-registration machinery is the wasted instability to cope with the volume of students it must handle and the sadly comic in­adequacy of our faculty advisor system for which it provides.

Father Bond et al. have dutifully noted the failure of past attempts at controlling the pre-registration crowds. They are presently studying possibilities for improving on the poor past par­formance. As an alternative to stock prods and cattle chutes, we would like to offer two suggestions of our own as aids in the solving of the crowd handling dilemma.

First, a list should be published beforehand establishing the order in which students will be allowed to pre-register. The position of the individual on this list will be determined by lot in a random drawing. Such a list is presently used at the University of Chicago in the admission of rooms by residence students.

Secondly, based on the order in which they will be allowed to pre-register, students should be given appointments for a specific time during the day when they will be allowed to pre-register. The present problems with crowd control are the direct result of having upwards of five hundred students descend en masse on limited pre-regis­tration facilities for the number of students that can be processed in an hour and by assigning the students appointments for a specific hour based on that determination, the crowd problem should be eased.

In predetermining by lottery the order in which students would pre-register, the incentive of being first that spurs much of the pre-registration day push should be eliminated. Such an impartial lottery system would give fair and equal consideration to all students.

In the case of the faculty advisors, some students have had to seek counsel in preparing their programs from a profes­sor they had never even met prev­iously. In the spirit of this rededication, we hope the students will feel free to be honest.

At this point, we might also commend the Student Affairs people for their program of providing an open counseling service. This should be done well in advance of pre­registration. A student could then pick as his advisor someone in the department of his concentration with whom he is familiar, whose opinion he respects, and with whom he feels free to be honest.

The solution to this problem may possibly lie in allowing students to choose their own faculty advisors. This should be done well in advance of pre­registration. A student could then pick as his advisor someone in the department of his concentration with whom he is familiar, whose opinion he respects, and with whom he feels free to be honest.

At this point, we might also commend the Student Affairs people for their program of providing an open counseling service. This should be done well in advance of pre-registration. A student could then pick as his advisor someone in the department of his concentration with whom he is familiar, whose opinion he respects, and with whom he feels free to be honest.
Letters To The Editor

Misanomer
Editor:
For some months now, a group of students have been picketing outside our dorms. The university has attempted to block their entrance to Aquinas Hall, a window, directly over the front entrance to the dorm, and in some cases, the general consensus of those polled and not the opinions of the editor. I do not agree.

After commenting on a previous poll taken by Salve's Students for Peace which I proceeded to say, "The replies in response to the question of the poll, if the circumstances were inopportune, why was the poll taken? Was it merely to respond to the challenge of this letter to the editor?"

Being purely objective, Ebb Tide is introduced as a poll as one taken at a recent mixer. Was there any guarantee that Juniors yet it stated that the tone was representative of all the classes. One further statement made was: "Whether you like it or not, the fact is that you, not they, will be found extremely interesting." After the various stages of the poll were concluded, "Complimentary or otherwise this was "said". Unlike The Cowl, Ebb Tide made no attempt to water down the student's questions.

Brian Kirkpatrick, '70

Student Congress Representative

Edward Albee's one act play, "The Zoo Story," which was presented as part of the Genesians' First Semester Production, has aroused much interest and a great deal of attention. Most recently the Yale Drama Committee ranked "The Zoo Story" fifth nationally on the basis of reviewing some sixty college productions throughout the country. The Zoo Story will be selected to be among the twelve productions to be presented at the Yale Drama Festival this weekend but the Genesians Players were forced to cancel their invitation because of a strenuous schedule and the limited services of their director, who is on a part-time basis. However, Mr. Masterson and five members did represent the College as observers. Registration for this semester for Zoo Story took place Thursday, March 14, at Salve Regina College, Ed. Curon, '69, as director at $6, as before a Salve Regina audience, for the purpose of selection and coaches from the area in an effort to produce a representative cast. The New port Daily News who reviewed the performance in the Friday edition. After the performance the audience had the opportunity to direct questions concerning the interpretation of the play to the actors and the director.

Mr. Masterson, the chairman of the Drama Committee, has announced that "The Zoo Story" will be performed an entertainment while the judges do not expect students to give their best performances. This High School Drama Festival will give the Genesians Players the opportunity to encourage talented students.

Poor Style
Editor:
Last week The Cowl printed an article concerning a poll of Salve girls taken at the Basteille. I find objection to the extreme brevity of style in The Cowl's article, particularly in introducing paragraphs, especially those concerning survey polls, should be a sensitive area. If conclusions are drawn, or even set forth, the general consensus of those polled and not the opinions of the editor. I do not agree.

Last week it was mentioned that along with Senator Robert Kennedy and Mr. Johnson, Mr. McNamara has been forced into a position of reassessment. This applies just as well, if not more so, to Lyndon Baines Johnson.

Since the beginning of this nation has seen tanks in its cities, over a half million men sent to fight a seemingly endless and hopeless war, and a citizens' movement for peace. Likewise, this nation has seen an incessant growth of inflation, increasing attacks on our embassies throughout the world, and an ever-widening credibility gap. Most important of all, this nation has seen its political system is being torn apart by the crisis of Vietnam. It is highly doubtful that Mr. Johnson has been able to stem the rising of emotions, which follow are candid, unconvincing, and vociferously lead (sic) the reader to question the poll, if the circumstances were inopportune, why was the poll taken? Was it merely to respond to the challenge of this letter to the editor?"

Being purely objective, Ebb Tide is introduced as a poll as one taken at a recent mixer. Was there any guarantee that Juniors yet it stated that the tone was representative of all the classes. One further statement made was: "Whether you like it or not, the fact is that you, not they, will be found extremely interesting." After the various stages of the poll were concluded, "Complimentary or otherwise this was "said". Unlike The Cowl, Ebb Tide made no attempt to water down the student's questions.

Brian Kirkpatrick, '70

The final, and perhaps most important, of the innovations which he has issued euphemistic statements which he is in favor of internationalism and a more measured approach to domestic and foreign affairs. Likewise, this nation has seen tanks in its cities, over a half million men sent to fight a seemingly endless and hopeless war, and a citizens' movement for peace. Likewise, this nation has seen an incessant growth of inflation, increasing attacks on our embassies throughout the world, and an ever-widening credibility gap. Carolin Club To Hold Last Mixer
Carolin Club President Buddy Dobbs has announced plans for this year's final activities.

Next week the Carolin Club will sponsor an on-campus mixer in Alumni Hall which will complete this year's social calendar. The club is busy, however, planning the softball intramural tournament. Intramural competition is a part of the club's program, which is expected to receive great student response.

Monday night Mr. Dobbs will present a guest speaker, a representative of the Student Congress to hold a mixer in Alumni Hall which will complete this year's social calendar. The club is busy, however, planning the softball intramural tournament. Intramural competition is a part of the club's program, which is expected to receive great student response.

The final, and perhaps most important, of the innovations which he has issued euphemistic statements which he is in favor of internationalism and a more measured approach to domestic and foreign affairs. Fr. Concordia Named as Sec. At AAUP Meet

The second annual state-wide meeting of the Rhode Island Conference of the American Association of University Professors was held Saturday, March 23 at Providence College.

Primary attention at the meet was centered on the election of officers for the conference. Mr. Phillip Taft, a member of the Economics Department at Brown University was elected president of the conference. Other officials chosen were: Vice-President, Mr. Patrick O'Reagan, a member of the Mathematics Department at Rhode Island College; Treasurer, Roy Paulson, a professor of economics at the University of Rhode Island; and Secretary, the Rev. George Concordia, O.P., a professor of philosophy at P.C. These officers have been elected for an initial term of two years.

The meeting began with a planning committee conference at which Fr. Concordia, the planning committee chairman, reported on the previous meetings held in preparation for the annual meeting.

Following the election of officers, Mr. Alfred S. Sumberg, a staff associate for the national office of the AAUP, delivered a luncheon address in which he discussed the recent Rhode Island College faculty vote on the American Federation of Teachers' petition for exclusive bargaining rights. Mr. Sumberg also commented on a Congressional proposal for the exemption of non-profit organizations from the State Labor Relations Act.

The meeting closed with a panel discussion in which suggestions were presented for the various activities in which the state conference would participate.

Preparations for the annual meeting were begun in October, 1967. At that time, Fr. Concordia was elected Chairman of the planning committee. In November, 1967, at a convention held at P.C., a draft of the constitution for the state conference was drawn up. At a final preparatory meeting held in the second week of January, the constitution was readied for presentation to the officers of the AAUP in Rhode Island, and a program was formulated for last Saturday's meeting.

The first task of the new conference officers will be to staff the six standing committees which have been established according to the constitution: Academic Freedom and Tenure, Faculty Compensation and Welfare, Legislative Affairs, Nominating, Faculty Participation and Governance, and Professional Ethics.

Some say we specialize in power... power for propulsion... power for auxiliary systems... power for aircraft, missiles and space vehicles... power for marine and industrial applications...

It might be said, instead, that we specialize in people, for we believe that people are a most important reason for our company's success. We act on that belief.

We select our engineers and scientists carefully. Motivate them well. Give them the equipment and facilities only a leader can provide. Offer them company-paid, graduate-education opportunities. Encourage them to push into fields that have not been explored before. Keep them reaching for a little bit more responsibility than they can manage. Reward them well when they do manage it.

You could be one of the reasons for Pratt & Whitney Aircraft's success... If you have a B.S., M.S. or Ph.D. in: MECHANICAL • AERONAUTICAL • ELECTRICAL • CHEMICAL • CIVIL • MARINE • INDUSTRIAL ENGINEERING • PHYSICS • CHEMISTRY • METALLURGY • CERAMICS • MATHEMATICS • STATISTICS • COMPUTER SCIENCE • ENGINEERING SCIENCE • ENGINEERING MECHANICS.

And we could be the big reason for your success. Consult your college placement officer—or write Mr. William L. Stoner, Engineering Department, Pratt & Whitney Aircraft, East Hartford, Connecticut 06108.

“Individually is an
integral element in the
life of a Paulist.”

So wrote Isaac Hecker, the
founding father of the Paulist
Community in 1856. Then
added, “The individuality of
man is there to be respected;
he is guided by the spirit of
God.”

His aim was to create an order of priests who would be able to meet the needs of all God’s people, as they arise in each
case, in each age.

Today, over 100 years later, the
Paulists remain true to Father
Hecker’s ideals. Paulists are
individualists . . . they are
themselves. Moreover, they are
man of today . . . and tomor­
row. Modern men who are free of
stifling formalism . . . free to
develop their own innate tal­
ents and thus make their own
unique and individual contri­
butions.

If you are interested in making
a greater contribution of your
own life as priest, write to the
Paulist, the day for the speci­
cial aptitude test designed to
help determine if you are of
priestly caliber.

used in these meals was the same and was classified as "choice" by the Department of Agriculture. This means that it is the second best meat used commercially. The meat costs only on weekdays. However, Food Committee Representative Joseph Fede stated that a similar proposal was brought before the Administration last year and was rejected. Both Fede and Mr. Murphy con-

Speaking from the audience, George McMahon, '68, a veteran of the Marine Corps, voiced his support of the present food conditions. He expressed his belief that the meals at P.C. are better than those at many other schools, and, speaking from experience, he commented that P.C. food is far better than any served in the Marine Corps.

Several times during the course of the meeting, Messrs. Murphy, Healy, Duggan and Dobbins all strongly criticized the student group for ignoring the "proper channels" (i.e., the Food Committee) in their actions. Each time the point was raised, Mr. Kennedy replied that the Food Committee was appealed to but results had been unsatisfactory. When pressed for more specific information, Kennedy said that Kevin O'Connell (Sophomore Representative) had been the group's link to the Committee but his efforts had proven fruitless.

At the close of the meeting, Mr. Murphy said he would carefully consider all recommendations made by the student group, commenting, "I am considered a man of my word."
Lenten Services Program Introduced by Chaplain

Sunday, April 7th is the Second Sunday in Passiontide or Palm Sunday and the beginning of Holy Week. Since the college will be in session during the first week of Holy Week, the chaplain's office is planning a special three-day religious celebration emphasizing man's need and gratitude for Christ's redemptive act. It is hoped that each member of the college community will be able to take part in at least one segment of these religious activities.

On Palm Sunday itself, April 7th, there will be a College Community Mass in Harkins Auditorium. Mass will be preceded by the blessing and distribution of palm. The ceremony will begin at 11 a.m. and the entire college community is invited. Following Mass, coffee and doughnuts will be served in Alumni Cafeteria.

Monday and Tuesday of Holy Week, April 8th and 9th will be days of Penance for the sins of injustice committed against our fellow-men. All are encouraged to fast in some way on one of these days. The type and the extent of the fast is left to the discretion of the individual. A person might decide to limit himself to one meal; another, to not eat between meals. However, all of us should assume some kind of penitential fasting to give proof to our admission, whether by commission or omission, we have not always recognized and respected the rights and dignity of our fellow-men.

During these same two days there will be special communal penance services and Masses. The communal penance serves to remind us that our sins have their effect on other men and that we need to seek their pardon as well as the forgiveness of God. It consists of a reading from Scripture, a brief homily, examination of conscience, private confession and absolution and the common repetition of a penance. Although this is a celebration of the sacrament of penance in a public manner, the confession of sins and the imparting of absolution remains private. This portion of the service will be brief, since there will be a number of priests on hand and the personal encounters are dedicated to the confession of one's sins and redemp- tion. There will be communal penance services on Monday, April 8th at 6:30 p.m. in Harkins Auditorium. These services are open to students and faculty alike as are the two special Masses on these days. The Mass on Monday will be at 11 a.m. in Aquinas Chapel and on Tuesday at 4:15 p.m. in Aquinas Chapel.

Those who receive the sacrament of penance are encouraged to attend Mass and receive the Eucharist on the same day.

SCHEDULE OF SPECIAL RELIGIOUS ACTIVITIES FOR HOLY WEEK

Palm Sunday, April 7
11:00 a.m. Passiontide Auditorium, Blessing of palm and College Community Mass. Day of Penance.

Monday, April 8
Communal Penance (private confession) 6:30 p.m. in Aquinas Chapel.
Mass and Homily —10:30 p.m. in Aquinas Chapel.

Tuesday, April 9
Communal Penance (private confession) 12:30 p.m. in Harkins Auditorium.
Mass and Homily 4:15 p.m. in Aquinas Chapel.

Also, I would like to announce that the assistant chaplain's are now available for consultation on a regular basis. These men will be free to see the students in Parker & Harkins Hall according to the following schedule:
Every afternoon from 1:30 p.m. to 2:30 p.m.
Monday—Fr. Walter Heath.
Tuesday—Fr. Vanderhaar.
Thursday—Fr. Sullivan.
Friday—Fr. Concordia.

Of course, if there is need these times can be extended. If they cannot be reached, please leave word at the switchboard.

Poem

(Ed. Note: The following poem arrived at The Cowl's national office with only a postmark from Woodstock and a line of origin and only words to identify its author.)

Spring!

It is the new year's dream,
And the season's first picnic.
It is the short-sleeved shirt,
And the thrill of a bare breeze.
It is the sharp crack of a bat,
And the exultation of pursuit.
And the success or failure of that first outstretched arm.

Children's voices in a late dusk,
A distant scream,
Solitude with a desired companion.

An evening walk,
The cadence of nature's heart—6:30 p.m. in Aquinas Chapel.
A dewy sunrise,
The startle of the summer's joy.

And . . . and "Greetings . . ." The death of friends and the birth of love.
The agony of farewell.
Spring is . . . hell.

Gensians . . .

High School seniors, who are interested in continuing their dramatic interests, to consider Providence College in pursuing these endeavors.

Company K-12 participated in the Twelfth Regimental Manuever, held at Fort Devens in Ayer, Massachusetts on March 22-24. The weekend provided training, particularly for the Juniors who will be attending camp this June.

Led by P.R. Captain Gerald Dillon, Company K-12 arrived at Fort Devens Friday evening and after cleaning the barracks, was given a demonstration in how to make a military bunk and display a foot locker. Company K-12 then inspected his men and gave a critique.

Saturday's activities began at 4 a.m. with physical training and mess. The troops were then transported to a training area, where they were given classes in radio communications and escape and evasion. They were also brought through a confidence course and even did some repelling. The latter involved descending a 40 foot sheer wall with a rope and harness. After the noon meal, a field exercise took place; in which Company K-12 had to defend a sector and prevent infiltration by dummy enemy. The mission was accomplished and several improvements made.

Due to extremely poor weather conditions, the leadership retreat, which was scheduled for Saturday evening, had to be cancelled. On Sunday, the following events took place. The troops were then transported to a training area, where they were given classes in radio communications and escape and evasion. The editors have been harrassed by administration

(CPS)-In April the editors of the South End, the student newspaper at Wayne State University in Detroit, will be hauled before an administrative disciplinary board.

Their crime? They started and worked for a paper for Detroit-area students, using some South End equipment.

The student editors have been hauled before the board because they have not been accused of being illegal and a local court has ruled in a suit brought against the university by the editors that it is not illegal for them to work for the new paper, known as the Metro.

Still, the editors face a universal charge of the same offense which they have already been accused of in the past. \n
Art Johnston, the South End editor, still believes he and two of his assistants will be kicked out of school or at least from the South End. Andy staff member says the administration has delivered a much tougher hearing than in the past because they feared retaliation by campus black students who support the Metro.

This battle between the South End and Wayne administration has been going on since the beginning of the year, when the Metro published a story about the name of the paper. "Daily Collegian," the former name of the paper, sounded too much like recocoo, the name of a local bar.

The South End also refused to accept the change, and promptly started the Phoenix, a weekly that concentrates on campus events. It folded this winter.

But Queens College holds the record for opposition. There were five starts in opposition to the weekly Phoenix, two with a left wing orientation and three started by fraternities and other campus groups. Two have folded, two are still publishing, and one has converted to a commercial newspaper.

It used to be that college newspapers could expect local commercial papers to defend their local student papers. But the commercial papers are increasingly challenging the standards of the campus papers, especially in the area of obscenity, but also in areas like innovation. In some cases, as with Hodding Carter at Tulsa and the local paper that attacked North Dakota editor Mike Jacobs-they have upheld censorship of the campus press.

On the other hand, national education associations are increasingly taking stands against such censorship. The American Association of University Professors and the American Association of Colleges have both taken positions against arbitrary censorship.

The courts are also beginning to side with the editors. The South End has been fighting the administration in a series of court cases in which a federal judge ordered Troy State College in Alabama to re-admit editor Gary Dickey. Dickey was kicked out of school because of an editorial antigovernment to Gov. George and Lurleen Wallace. Federal District Judge Frank Johnson, Jr., ruled that "a state cannot fire a college student for opinions on current events."

The college is appealing the decision. Such censorship is illegal. The American forces in Vietnam may have a right to determine how soldiery is used, but "I feel this is good," he said.

The second topic to be discussed by the panel was the impact of the war on the American people, despite their opinion, have shown a "remarkable resilience" in accepting what "they face," he said. "That Americans are being accustomed to their war, are taking it for granted, and I feel this is good."
Promising Future for Pucksters

The announcement, late last week, that Louis A. Lamoriello had been appointed to succeed Zellio Topazzini as head coach of varsity hockey has marked the start of a new and brighter era for the sport at Providence College.

Since Tom Eccieston departed following the 1964 season, hockey has been on an increasing slide. Zellio was a great player but a number of circumstances prevented him from reaching these same heights as a coach. Granted, his first year was a 5-0 season, but this brief success was followed with three seasons well under the 500 mark. Following this latest campaign he wisely decided to resign.

The Lamoriello would be his successor was never really doubted by the few faithful. He is a tireless worker when it comes to hockey. This he has shown as captain of the Friar sextet in 1963 and as coach of the freshmen over a two-year period, the result, the respect for whom the players runs high. The attitude toward the 1968-69 season is positive for the first time in years. The players are looking forward to the challenge of the new coach. As one put it, "He's able to pull out all the potential in his men.

His first official act as coach was to meet with his players this week and let them know just what to expect. He summed it all up in two words, hustle and desire. The coach expects each player to "put out 200%," if he wants to play, and, judging from the respect accorded this week, it will not be hard to come by. An overall improvement in the play of the entire squad is also expected.

The coach also let it be known that he expects each of his players to concentrate on being both a player and a student. In this respect he has made himself available as a coach. The situation has existed in the past, for the basketball squad but not for their counterparts on the ice. The need was evidenced by the fact that four players dropped out at the completion of the first semester for academic reasons.

The new era referred to earlier could be the return to the status of an Eastern hockey power, which is not as improbable as it seems. From Eccieston the Friars were from mediocrity to number one in the East. Lamoriello has the start of a strong squad and he has shown his ability as a coach. The betting on the squad has improved and he has to be that he can effect the turnaround within the next four years.

Club Football Prepares for Spring Practice and 'Shape-Up Week'

The Providence College Club Football Team will go on the field for "shape-up" week on April 22, the Monday after Easter Vacation. This week of physical drill and exercises will be under the direction of Assistant Coaches Jim Murray, Greg Heyward and George Mahon and Co-Captain Mike Egan. This "shape-up" week will be the final preparation for official spring practice which will begin on April 29 under Head Coach Dick Lynch and Assistant Coach Obed Honeimich.

Some 130 candidates have signed their applications for spring practices which will begin on April 22. Twenty-one returning lettermen, this indicates the depth of the team.

"Every position on the team is open," said Coach Lynch at the first meeting of candidates several weeks ago. "We are looking for the best men available to do the job and everyone has an equal chance. Considering the number of men who had limited experience coming out for the team last year and their ultimate performance during the season, it is fair to assume that the coaches are planning to "shape up" raw material into the same acceptable degree of excellence as in season. This enables less experienced men to have an equal chance to qualify. Spring and shape-up practices sessions will begin at 3:30. The first week all candidates will be on the parking lot at the side entrance of Alumni Hall. This week the candidates will move over their pottas and move them to Elmhurst where the sessions will be held at 3:30. All candidates must turn in their liability re-leases before April 29 when contact practice begins.

Golf Co-Captains

(Continued from Page 12)

Island. Dave has been a member of the varsity and junior varsity championship squads, being runner-up in the tourney last season as well as second in the initial round on the last hole. Other achievements have come in the final round at matriculating at PC are: twice a member of the squad which won the NECC Championship and a member of the first PC squad which was second in the ECAC championships this fall at Bethpage State Park.

Dave is a very smooth type of golfer player somewhat in the likeness of his great club captains, Craig Galipeau and Jack Green. Dave is very consistent, Dave usually minimizing his errors as much as he can during a round. Dave's main philosophy in this game seems to be that the ball will be "putt and ye'll never be out of any hole. This philosophy was the backbone of the number two high product last season as head coach of varsity club. Coach Prisue lauds Dave's steadiness by saying, "Dave is the type of golfer who can score a number of last year's New England Waterton Cup. It is a member of the Winnipesaukee Country Club where he has a very strong handicap.

Frosh Coach Lou Lamoriello succeeds Zellio Topazzini

Providence College recently announced the appointment of Louis A. Lamoriello as Head Coach of varsity hockey in 1968-69, succeeding Zellio Topazzini.

Mr. Lamoriello has been assistant coach at Providence coach of hockey at Providence College for the past four years, having been selected to coach the freshmen baseball team. Lou graduated from Providence College in 1963. While an undergraduate he played on the Friars' baseball squad.

In his senior year he was captain of the varsity hockey squad and a leader of the Blue and Gold. Since graduation, he has also served as a coach of several junior teams in the Cape Cod League and in the Canadian Semi-Pro. His last posting was as the past season's freshman hockey team, which did a 14-5 record. His overall record with the Providence College freshmen is 38-30-2.

Lamoriello is faced with the difficult task of rebuilding Providence's hockey program, but he has plenty of desire for victory. Lou Lamoriello is a dedicated coach who should command respect from both friends and foes.

Mr. Lamoriello is a mathematics teacher at Johnston High School in the north of Providence on George Waterman Road, Johnston.

College Tourney...

(Continued from Page 12)
move, checked the mandatory Yankee Conference rules and selected Boston College in place of URI. The Eagles, after all, defeated the Rams by a mere 50-49 vote in last year's tournament. We wouldn't have taken the Yankee Conference in their tourney by any college team in history.

With three independents added, the field still remained incomplete, pending the outcome of the ACC and Ivy League playoffs. The decision was decided, but not set without a bit of heavy discussion. Jim McMillian, Heywood Dotson and Dave were all considered, doubled Princeton for all the ivies. North Carolina State and Wake Forest for NC State, but the semi-finals of this tourney will be discussed at length. In a total performance of chicken-heartedness, State went all out free. The stall was not reacted to favorably by most of the spectators and the Duke players, the ones who were awake anyway, but the back-to-back, nevertheless, won, 12-10.

North Carolina, Davidson and Colgate all lost in the opening turn but, St. Bonaventure needed a perfect victory. The five teams battled out the revamped BC Eagles in the first class game played in theBC's new stadium, which was the 11th consecutive year they had not been defeated by another team.

The key to this debacle lied to the two defeat's of Arizona. The Bruins were stampeded by the revampel BC Eagles in the first class game played in theBC's new stadium, which was the 11th consecutive year they had not been defeated by another team.

The key to this debacle lied to the two defeat's of Arizona. The Bruins were stampeded by the revampel BC Eagles in the first class game played in theBC's new stadium, which was the 11th consecutive year they had not been defeated by another team.

The Nit expanded to 16 teams, thus creating their best field ever. This tourney was so well balanced and unpredictable, that only one team in each bracket got involved in it, it could predict the outcome.

The first round passed by with only one real upset. Small-college power LIU, who fought their tooth and nail for an NIT berth, rallied to beat defending champ, 80-77, Notre Dame ended a perfect Cinderella story by eliminating LIU in the quarterfinals. The Bruins have been seriously considering taking a franchise in the new double-elimination season. After decimating Houn-
1968 Friars Spring Sports Captains
Webber and Adamonis
Capitol Golf Squad

The Providence College Golf squad enters into its 1968 Spring season and the defense of the New England title with two talented and bright young seniors, Dennis Webber and Dave Adamonis, leading the linksters in their quest for another fine season. Webber and Adamonis, along with the other co-captains, were chosen for their respective positions by Coach Prisco because of the fine talent they possess not only as golfers, but also as leaders. They both have exhibited such qualities in their two previous seasons under the helm of the successful Mr. Prisco.

Dennis Webber, a very powerful hitter, reigns as the British on the New Britain par 72 golf course. Webber, who is the resident team. “This team definitely proved to win the prize pool and to go a long way. The sophomores are most promising. It will simply depend on everything falling into place for us to have a great season.”

The second game was a better contest. Dennis Webber, a very powerful hitter, did not have much of a hit in the final 2 out of 3 games. The Freeps also engaged in a Trailing 31-19 at half, the Freeps defeated the previously undefeated squad, Ragen, 50-44 score.

The Freeps had too much desire and a burning incentive to let any of its Far West opponents pull off a major upset. UCLA took the regional with the 5th seed, and wound up with the prized pass in the NCAA championship, and the NIT.

There was no doubt whatsoever as to who would be picked to go to the West in the NCAA semi-finals. The Bruins had too much desire and a burning incentive to let any of its Far West opponents pull off a major upset. UCLA took the regional with the 5th seed, and wound up with the prized pass in the NCAA championship, and the NIT.
