**ANNUAL RETREAT FOR STUDENTS BEGINS MONDAY**

Solemn High Mass Marks Opening of Three-Day Devotion

On Monday morning, April 6, the annual spiritual retreat for students will begin and will continue until noon on Spy Wednesday, April 8. The Rev. Hen. Arvy Arthius, O.P., M.A., of the Dominican parish of St. Francis in Chicago, will be in charge of this annual affair as previously announced.

The authorities at the college have taken special care to afford the Catholic student body every spiritual assistance possible, by setting aside annually, for spiritual opportunity and benefit, the time of year when God's gifts are most abundant, and the period when all Christians are struck more forcibly with the realization of religious meditation, these first fit by setting aside annually, for spiritual opportunity and benefit, the time of year when God's gifts are most abundant, and the period when all Christians are struck more forcibly with the realization of the necessity of doing penance.

This year's retreat will be held Monday through Wednesday, when the celebration of Mass, Following Mass a short instruction will be given, after which there is a recess, and two additional conferences. On Tuesday, the routine is essentially the same. In addition to the regular services, Confessions will be heard in preparation for Communion, and Holy Communion when the entire student body will attend. During the short conferences the retreat will be formally closed with Benediction of the Blessed Sacrament.

The Dean's Office posted a list of regulations in regard to student routine during the retreat. The students will be responsible for all Catholic students, and is open to all non-Catholic students. Officers may be elected by the students in attendance. Special seats have been assigned and a notice has been issued that every student must occupy his appointed seat under penalty of being marked absent.

**STUDENT BODY MOURNS DEATH OF G. P. SMITH**

Memorial Mass for Departed Freshman in Auditorium Monday

The offerings of the Freshman Class, the entire Pre-Medical Freshman division, representatives of other classes, and members of the Faculty and Administration of Providence College on Wednesday morning assisted at the funeral services for George P. Smith, '29, a resident of Peacedale, Rhode Island, who died Sunday at St. Joseph's Hospital. Father F. B. Hamburger had been nursing for several months from blood poisoning which finally caused the tragic death of a student who had been in the trial for a year. A service of prayer was held at the gravesite in a skating accident during the Christmas holidays.

Born in Woburn, Mass., in 1915, Smith has lived most of his life on this campus in Providence. Both parents died when he was young. The children were very close and as they came to adult lives, George was a member of the 1935 dominating class at La Salle Academy, Providence, and was taking a Pre-Medical course at Providence College.

On Tuesday evening the entire Freshman class led by the Rev. Richard Clark, O.P., Moderator of the class, made a visit to the home of Smith's aunt, Mrs. James H. O'Rourke, where the body rested. The whole group extended their sympathy and prayers for the dead. Besides this office of class representatives many Freshman classmates of Smith made individual and formal visits on Monday and Tuesday.

The Requiem Mass and the interment service were held at St. Francis Church, Wakefield. The Dean, the Rev. Dr. Arthur Chandler, Fr. R. Clark the Moderator and several other Fathers from the College were present in the sanctuary.

**STUDENT PASSES TO BE DISTRIBUTED AT A.J.OFFICE NEXT WEEK**

Student season admission tickets to all home games at Hendrick Field (except the Red Sox game) will be distributed as follows:

To Seniors:
- Monday, April 6
- To Sophomores:
  - Monday, April 7
- To Freshmen:
  - Wednesday, April 8

Student tickets will be issued to every registered student at the college and will be issued at The Athletic Office on the dates mentioned above. There will be no exceptions or substitutions. The time of distribution will be from 10 a.m. to 1 p.m. and is on condition that the student will be at the training ground when the tickets are distributed.

**PIGSKIN TOSSERS TO REPORT APRIL 20**

Coach Joe McGee yesterday announced that spring practices for his protégés will get under way April 20. He also stated that it is quite probable that assistant coaches Merrill, Cong-hig, and Roberge will be on hand to start the lads off on the training ground. This will mark the first spring session ever held by the college clappers and mole-skimmers.

Team Will Play Seven Games in Eight Days--Spring Day Trip

Plans for the spring baseball trip, as announced through the Athletic office, call for one of the most attractive sports journeys that any Friar team has ever attempted. The trip will be extended over several days, and the men will play seven games within a period of eight days.

Leave by Boat

According to plans as announced today the men selected by Coach Jack Egan to make the spring trip, will leave by boat for New York on Friday, April 10, and after establishing themselves at the Governor Hotel in New York on Saturday, will entrain for Princeton the same day for the spring's opener that afternoon.

Redmen at Dexter

To the4 students of the John's University team the university will play the Redmen at Dexter Park in New York. The game will be played on Monday, with no game scheduled for the Tuesday stage a practice session at the Yankee Stadium, thus giving our ball players a chance to know how it feels to play in a big league park. Tuesday the third opponent of the trip will be met when Long Island University, a team composed entirely of freshmen, is scheduled to meet at Dexter Park in Brooklyn.

Wednesday morning, April 12 will see the team returning by the historic Hudson to West Point for the contest with the Cadets that afternoon. Two years ago Al Blanche, now with the Cincinnati Reds, was with the (Continued on Page 5)

**Junior Prom Favor Selected**

Orchestra to Be Named by Committee Before Easter Vacation

The Junior Prom Committee, under the leadership of the President, Father Brendon Reese, O.P., selected this week favor for the junior prom to be held at the annual Junior Prom which is to be held at the Providence College on May 14. The favor is in the form of a pendant made of hammered sterling silver.

The favor consists of a deli- cately wrought pin, which is suspended on thread-like silver chains an intricately designed shield bearing the college insignia.

The committee also announced that the orchestra will be selected this week. The following orchestras are receiving much consideration from the committee: Don Murphy, Billy Murphy, who played at the Junior Prom of '34, BillClinton, and McNelly Victor Recording Orchestra.
EASTER

The feast of Easter does not excite the warm tender devo­

tion which the celebration of the Birth of the Divine Infant does, for that, all Easter is the most important day in the whole Ca­

tholic calendar. The Christian faith stands or falls on the

truth of the resurrection of Jesus, and that is why we are

deeply impressed with Easter. It's a welcome relief from the routine of classes, as well as a

highly intellectual enterprise.

THE RETREAT

It seems presumptuous on our part to attempt to add to the volume of recommendations that have issued officially concern­

ing the matter of the Student's Retreat. The Dean, the

Chaplain, the Assistant Dean and individual professors have said more than we can say, and we believe that we have done so to the best of our ability. Not to mention what the Retreat Master himself will say.

Yet we as students want to add our editorial “two cents worth.” After all, the College retreat. The doctor can per­

We don't mind a retreat. On the whole we like the idea. It is quite apropos to call this to mind when we hear

McHenry Looks Over Candidates And Sees Many Bright Spots

With the start of a long campaign just eight days away in Central Falls while the Friars in Eastern circles, Coach Egan has held contests for the lad from Central Falls. The work of Omer Landry, Ray Belliveau, Bill Moge, and Tom Hammond has been most noticeable. Capt. Landry appears to have reached the peak of good catching material but neither has done wonders with the willow. The catching will be in fine shape and should have another big year.

The fight for first is still wide open. Coleman and Fisher both look good around the sack but neither has done wonders with the willow. A day hardly passes but which one of them looks good. Veteran Carl Sherry looks to be in fine shape and should have another big year.

Lefty Collins made his first appearance in a squad game in the role of pinch hitter, on Tuesday and smashed the apple to distant parts and circled the sacks for a homer. Lefty looks pretty good warming up but as yet has not worked in the box. Charlie Gallagher also is off the sick list and the boys will have to travel to sit the Newton lad on the bench for he's one of the best in the business and it should not take him long to demonstrate.

The pitching of Tom Hammond has been very effective. He seems to have the jump and his sterling play in the opening of good catching material but no great deal else.

Frosh Softball League to Start

Seven Teams to Compose Group. Hope to Interest Other Classes

If sufficient support is given the Froshmen class is planning to run a Soft Ball tournament shortly after the Eastern reесс. This was revealed by the Rev. Richard Clark, O.P., Moderator of the class, after a meeting of the class early this week. According to present plans, each of the seven divisions of the Froshmen group will sponsor a team in a league to determine the champion of the class.

CONDOLENCES

We extend our sincerest sympathies to the family of Thomas Appleton, '38, upon the death of his father Wednesday morning. Burial will take place tomorrow morning at Assumption Church.

FOR DIGESTION'S SAKE—SMOKE CAMELS

Smoking Camels Assists Digestion to Proceed Normally and Promotes Well-Being and Good Feeling

We live in high gear. So much to do and so little time to do it in! All too often the rush and tension play havoc with nerves and the digestive system. How can one offset the effects of modern living—that's the problem! Here is an interesting established fact: Smoking Camels has been found to definitely bene-

fit in promoting natural digestive action. Camels are supremely mild—never get on the nerves or tire your taste. Enjoy Camels as much as you like...for their good cheer and "lift"...for their rare flavor! Smoke Camels' costlier tobaccos for digestion's sake.

Future Warriors Organize Here; Officers Named

The American Escaping Forces of Future Wars was organized last Tuesday of last week. Not to be outdone by other collegiate pacifistic organs, a group of serious-minded students gathered in the Union and made immediate plans for the pension petition.

The A.E.F. have issued formal applications to its members, who will return the last part of each week for re­demption. The pension is to be paid to all members of the A.E.F., who will contract fallen, soldiers’ feet, and flat feet in all camps in the United States in future wars.

The one snag that Recruiting Officer, Major General Irvin Rossii, has met thus far is the fact that every member desires to be an officer because it is rumored that an officer’s feet are exempt. It is hoped that when the members can devote more in the way of pension than anyone who does the foot.

More News—:

Coaches announced yesterday, after scrutinizing the field—from all angles, that the Friars will mastermind from the first base side of the diamond this year instead of holding forth on the opposite bench as of other years. This means that the cheering section will have a much better sight line to the game and to make a forced shift to the bleachers on that side of the field.

MOON SONG

What with a pre-nature spring awakening all nature from its winter hibernation it is no wonder that all of us turn quite often to thoughts of spring, and flowers and romance. Even our Dalmatians at Friar's Lode can be seen now on moonlight nights scampering along the ridge of Donnelly drive and stopping now and then to smell the blossoms. And in the blossoms, the forlorn gable to the captivating bright moon. Perhaps he is thinking of other springs he spent in New York State.

Dear Grumb,

I suppose that you have read in The Cowl and various other newspapers that we are going to have a first rate baseball team this year. I was out on the field watching practice the other day, and they certainly do look great. Why don't you make it a point to get up here and see the boys some day.

Yours,
Sputter.

Dear Sputter,

Yes, friend, I did read of your school. I suppose that you have read of misprinting the name of the Brown boys. It is often a cause for regret that the entire staff exert special effort in order to edit an issue free of charge and you have to be lowered. But what I'd like to know is why does Brown go so much of an honor to his own people. If a reason for this is to be found, it is often a cause for regret. There immediately ensued a lively discussion concerning the appointments to be with regard to forthcoming events. Two alternatives were before the class. The one, whether the officers should choose the committees; the other, whether the President should have the power of appointment. Much debate followed, in which Tom Hogan, Robert Murphy, William Sullivan, and George Mihos participated. Despite the outcome, and characteristic of all seniors, after the fireworks all were united and at the close of the meeting harmony and concord ruled once more.

GOODBYE TILL SPRING

With winter's snows and icy blasts
Or so it seems to me,
Each change in weather makes
Love fall in like degree.
It's grand to lie neath sunny skies,
Warmed by the southern breeze.
Hand to seek the gentler things,
When one's about to freeze.
Far better that we part until
For me you once more yen,
So goodbye till nature's warmth
Will melt your heart again.
W. J. Sullivan, '36.

Dear Grumb,

I wouldn't give that for a cigarette that doesn't Satisfy

...that doesn't give me what I want in a smoke

I want my cigarette mild, of course—I hardly think anybody enjoys a strong cigarette. But deliver me from the flat, insipid kind.

I find a great deal of pleasure in Chesterfields. They're mild and yet they seem to have more taste and aroma. I enjoy them.

We would like to have a first rate baseball team in New England for good, but why doesn't Brown go along with this? It is often a cause for regret. There immediately ensued a lively discussion concerning the appointments to be with regard to forthcoming events. Two alternatives were before the class. The one, whether the officers should choose the committees; the other, whether the President should have the power of appointment. After the meeting had been called to order by President Maguire the reports of the secretary and treasurer were read. There immediately ensued a lively discussion concerning the appointments to be with regard to forthcoming events. Two alternatives were before the class. The one, whether the officers should choose the committees; the other, whether the President should have the power of appointment. Much debate followed, in which Tom Hogan, Robert Murphy, William Sullivan, and George Mihos participated. Despite the outcome, and characteristic of all seniors, after the fireworks all were united and at the close of the meeting harmony and concord ruled once more.
