Support 'The Memorial Grotto Maintenance Fund' Nov. 7th

Exactly one year ago to-morrow, the Veteran's Club of Providence College sponsored its initial Tag Day, in order to create "The Memorial Grotto Maintenance Fund." This pro-ject was an immediate success. The Veteran's Club hopes that this Tag Day will be received with the same co-operation and enthusiasm as last year when enthusiasm as last year when 98% of the student body solid-ly boosted this worthy endeavor, which has the high praise and approval of the administration.

The Veteran's Club desires that all students donate generously so that this project may

the previous year. be received by each donor label-ing him a backer of the fund.

On Nov. 11th at 9 a.m. Fa On Nov. 11th at 9 am. Fa-ther Dennis C. Kane, the club moderator, will celebrate a spe-cial Mass at Acquinas Chapel in memory of all former Provi-dence College students, who gave their lives in service to their country. All students, friends of the deceased, and Veteran's Club members are in-vited to attend this Mass if pos-sible.

The Veteran's Club wishes to acknowledge the support given by the administration.

Dalmatian Mascot Is Selected For Sports-Conscious Friars

The Student Congress has de-The Student Congress has de-cided on a definite mascot for P.C. For a time there was a difference of opinion concern-ing the relative merits of a Dalmatian or a penguin. The issue has been decided in favor of the Dalmatian.

A mascot is a symbol, and symbolism is based on analogy. symbolism is based on analogy. In naming teams, colleges strive to get a mascot to which they can attribute some aspect of the college. Examples of this are: Boston College—Eagles—Newton Heights; Brown—Bruins—Bear; Dayton—Flyers—Center of the Airforce.

P. C's teams have been traditionally called the Friars, because the Dominicans run the college. It is impossible to have a friar as a mascot because of possible hurt to the Fathers or the Church. Therefore, the symbolism here at P. C. is taken from the colors of the school.

We use the colors of black and white because of the white hab-it and black cappa of the Domin-

There are several animals hav There are several animais naving this color. There is the penguin, the Dalmatian, the panda bear, or even the skunk. However, a dog is closely connected with the Dominicans in several ways. Before his birth, Saint Dominic's mother had a vision of a dog with the torch of truth in his mouth. Then too, the Dominicans have been, and still are, called the Domini Canes—the watchdogs of the -the watchdogs of the

Therefore, we can see the connection between the tradition of the school and having a Dalmatian as the official mascot. The Student Congress and the Friar's Club are negotiating to obtain a new mascot for P. C. The last one we had was in 1950, Friar Boy IV.

'Calypso Land' Chosen Theme For The Annual Farmers' Festival Hoedown

Thomistic Guild Initiates Season

Grad. Aid By Danforth

The Danforth Foundation, educational foundation located in St. Louis, Missouri, invites applications for the seventh class (1958) of Danforth Gradu-ate Fellows from college senior ate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1958, for their first year of graduate study. The Foundation welstudy. The Foundation wel-comes applicants from the areas of natural and biological sci-ences, social sciences, humani-ties and all fields of specializa-tion to be found in the under-graduate college.

The Very Rev. Robert J. Slavin, O.P., has named Rev. Richard David Danilowicz, O.P., as the Liaison Officer to nomi-nate to the Danforth Founda-tion two or three candidates for these 1958 fellowships. From the Isle of Haiti comes

something new and different to the campus of Providence College. This year's annual Farm-ers' Festival, sponsored by the senior class and open to all students, will have as its cen-tral theme a farm in "Calypso Land." As usual, the festival will be held in Harkins Hall. This year the dance will be held on Friday evening, November 15, from 8:30 to 12:00. Dress will be completely informal and

will be completely informat and can include anything from straw hats to heavy work shoes with flannel shirts and patched dungarees for the farm boys and shirts, jeans, or bermudas for their gals. There is just one rule to follow concerning the drags. The work provides the same for their gals. dress-the more rural the bet-Tickets have been placed on sale at two dollars per couple, and can be purchased from any of the sophomore, junior, or senior class officers, along with other authorized members of

at the ticket booth in the ro-tunda between the two main bulletin boards in Harkins Hall. Prizes will be offered to the best-dressed couple (or worst, as the case may be), and a special door prize will be of-

the ticket committees. They will also be available next week

fered to the lucky couple dur ing the drawing at intermission

As an extra source of nourishment for those pallid "farmers" who lost their crops because of the devastating drought, there will be a chance for them and maybe the gals to regain their former color at the mammoth pie eating con-test to be held during the evening. Bring your appetite as the ticket for admission for this event.

The orchestra to acc the romping couples has been narrowed down to selecting one from the remaining two. This has proved to be an ex-tremely difficult task, since both groups play calypso, pol-kas, and Bach, Chopin, and Tchaikovsky with apparent ease

The auditorium will be deco rated with many farm props, in-cluding livestock, pumpkins, and sweet cider pressed from local apples.

So, come one, come all to the greatest hoedown in these here parts — the annual Farmers' Festival, a week from this Frirestival, a week from this Fri-day. It has every reason to be a success because all your friends will be there, some be-hind chicken wire in an ankle-deep bed of hay.

'An Evening Of Music' Will Feature P. C. Glee Club

The Veridames of Providence ollege present "An Evening of College present Music" at Veterans Memorial Auditorium, Sunday, November 17, at 8:15 o'clock. The program will feature James Gannon, baritone; Rina Telli, soprano, and the Providence College Glee Club under the direction of Rev. Leo S. Cannon, O.P.

Mr. Gannon brings his bear arr. Gamon brings has been tiful baritone voice back to his home town, Providence, where he appeared many times as a baritone soloist and with the Providence College Glee Club. He was graduated from Provi-dence College with the Class of '53 and immediately after en-tered the U.S. Army, and was chosen by the Special Services to tour with the U.S.A. shows throughout the United States and Canada. Upon his discharge from the Armed Services, he went to New York to study for the concert stage. He made his first professional appearance at the Brooklyn Academy of Mu-sic where he was an immediate sic where he was an immediate success. During the past summer he appeared with Guy Lombardo's Show Boat at the famous Jones Beach Summer Theater followed by a successful engagement with "Carousel" at the New York City Center of Music and Drama.

Miss Telli, who hails from Brooklyn, has many credits to (Continued on Page 6)

Editorials

For The Common Good

If those responsible for the media of motion pictures, radio and television were more conscious of the tremen-dous impact which these three forms of entertainment have upon their users, and if they accepted the responsibility which they themselves must bear because of their position, they would (and should) be more conservative in their interpretation of the term "freedom of communication

Freedom is not synonymous with license, and those who claim the authority to depict and illustrate "any-thing at all" are drawing erroneous conclusions from false premises. The heaven-bound road of freedom is railed by law, and those who hedge this guard-rail of rock, or coyly ignore its restraints, will disdainfully find themselves tumbling down the embankment of error into

the chasm of sin

Should the modes of communication be administered with true prudence and wisdom, then the subsequent effect would truly contribute to the mental and spiritual en-lightment of the people involved. But, conversely, if men obey the dictates of a solely-material existence, and disregard the ultimate end of life, then innumerable persons will not be enlightened, tragic errors will be com-mitted, and above all, the common good of all society will suffer.

But now, the question may arise as to who shall be the judge of what is fitting for wide-spread publicity. The question can be readily and tersely answered—the The question can be readily and tersely answered—the Church. In so far as the Church is entrusted with the salvation of Her members, and in so far as this authority was divinely delegated to Her, this right and its entailed obligations are the inviolable and inexorable prop-

erties of the Church.

Lest some people become radically opposed to this concept of Church rule, it must be clarified by stating that the Church would work hand in hand with the State and those engaged in these media, and they, united in com-mon effort, would strive for a three-fold cooperation and security which would guarantee the continually sought-after end, "the propogation of these subjects which, while aiding both mental culture and spiritual growth,

while along both mental culture and spiritual growth, can powerfully contribute to the right training and shap-ing of the civil society of our times".

Again, lest the individual say "All well and good, but what's that got to do with me?" and then feign indif-ference, the particular aspect of this topic must be reference, the particular aspect of this topic must be re-solved. As always, it is the single unit multiplied many times which is the cause of the size, influence, power and prestige of the resulting mass. It is here that our duty as individuals is made clear. Motion pictures, radio and television presentations are only created because a de-mand for them exists. This demand is simply the com-posite of a vast number of individual wants; therefore, if the effect is unwholesome or demoralizing, it is evident that the cause must be remedied. Recause of the human that the cause must be remedied. Because of the human element involved, the emergence of a panacea is highly improbable; but just as a demand for this materialistic and immoral material can create the problem which we currently face, so to will a large-scale abstinance from these productions (together with a demand for more wholesome and beneficient entertainment) eventually effect the solution which we seek. The let-George-do-it at-titude must be abandoned and the I'll-do-it resolution adopted.

EDUCATION

"This process of training, by which the intellect, in-stead of being formed or sacrificed to some particular or accidental purpose, some specific trade or profession, or study or science, is disciplined for its own sake, for the perception of its own proper object, and for its own highest culture, is called liberal education."

-Cardinal Newman

INOCULATION NOTICE

Asiatic Flu Inoculation will be administered to all stu-dents who desire it on Wed-nesday, November 13, at the Student Health Office in Alumni Hall. Students under twenty-one will need the writ-ten consent of their parents.

Zhukov Purged . . .

The removal and subsequent purge of Marshal Zhukov as So-viet Defense Minister came as a great surprise to the world in light of the past relationship he has had with the Communist Praesidium and its members. Only last summer he had aided Khrushchev in disposing of Maienkov, Molotov, Kaganovich and Shepilov. He was in control of the Russian armed forces and was extremely popular with

It is apparent now, however, that this power was related to his appointed political position and not to himself. Just as the purge in June eliminated the chief opposition to Khrushchev, so too, the removal of Zhukov has a parallel effect. This ac-tion is characteristic of the Sotion is characteristic of the So-viet system in which decisions concerning the supposed well-being of Russia are made by a small controlling group with-out the consent of the Soviet people. In a democracy, such as ours, this could not happen, since it is the will of the people that determines where that determines who will carry out the duties in our govern-

Human Beings Are Things in Russia

in Russia
In a statement issued by
Khrushchev after the dismissal
of Zhukov it was implied that
this action was similar to that of Secretary of Defense Wilson's resigning. This analogy, of course, is completely ridiculous and the comparison like that of night and day. In the Soviet Union it has been demonstrated time and again that human be-ings are not considered "per-sons" so much as "things."

sons so much as "things."

It is significant to note that
no matter what position is held
in Russia, there is always the
danger of being purged. At the

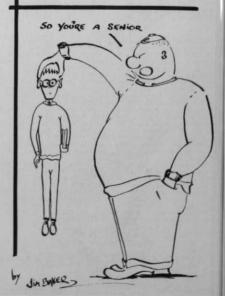

present time it is the peasant-born Khrushchev who has tri-umphed, but how long his pow-er will last is not certain. One thing is sure—as long as diabolical communism exists it will remain the greatest threat to eace and security in the world.

Mutnik . . .

On the heels of the Zhukov On the heels of the Zhukov dismissal, Soviet Russia launched a second earth satel-lite. This time, it not only con-tains a radio transmitter, but also a dog. In the eyes of the whole world, this is viewed as whole world, this is viewed as a great scientific achievement, even more so than the first, since life is being maintained for the first time in outer space.

In all due respect to the SPCA, it does seem ridiculous for them to think of this feat as a cruel act, for although they may not realize it their ranting and raving only adds insult to injury on the intelligence of the United States. Again, we hear United States. Again, we hear the threat of more Congression-al investigations into the rea-sons for our not having a satel-lite in space. At the same time the government, in attempting to justify its position, reassures to justify its position, reassures us that there is nothing to get alarmed about. Although I agree that we should not favor hysteria and throw our hands up in despair, it is quite apparent that unless the United States makes rapid strides in this field, we will be literally left in the dust.

Should Take Immediate Action Our policy has always been that of keeping such matters undercover until the occasion arose which warranted its unveiling (i.e. the atom bomb was one reality talked about until its first dropping, although it had been developed some time be-fore). However, if actions speak (Continued on Page 6)

U.S. Lacks Manpower: Dr. Gora

In an interview with Dr. Edwin K. Gora, professor of theoretical physics at Provi-dence College, this reporter asked the following questions concerning Sputnik II and the satellite program.

Q. What do you think of Russia's most recent launch-ing of a satellite?

A. "It is a great scientific achievement and should not be taken too lightly in the United States. These satellites are being used for propaganda pur-poses although this is definitely not their primary purpose. If the United States had satellites they would also make use of the propaganda issue."

Q. What do you think of the possibility that Russia has a new type fuel?

A. "Anything said on this subject is purely speculative. However, it is not very likely

that atom powered rockets are being used. They may be using some other type of new fuel. Just what this might be is not

Do the Russian satellites look so impressive when it is realized that the United States has sent up rockets to the much greater height of about 4000 miles?

A. "Yes, if the power needed to bring Sputnik's I and II into orbit had been used to shoot them up straight, they would them up straight, they would have reached a height of about

have reached a height of about 5000 or 6000 miles."

Q. Do you think that Russia is able to send a rocket to the moon now?

A. "On the basis of what they have done already, they can definitely send a rocket to the moon. The moon rocket to the moon. The moon rocket to the moon that they have send that they have send that they have the server the send of the server that they have the server that they have the server the server the server the server the server that they have the server that the server the server the server the server that the server that the server that the server that the server that the server the server the server that the server the server the server that the server the server the server that the server that the server the server the server that the server the server the server the server the server that the server that the server the server the server the server the server the server that the server that the server the serve would probably carry some type of explosive that would show up on the moon's surface when it made contact." Q. Do you believe that the United States is behind Russia in this field?

A. "This question may be answered in many ways. First, the United States did not consider this project to be quite as important as Russia did, and this was a mistake. The attempt to economize led, for instance, to the prohibition of overtime work on some of our missile projects, and also to the refusal of various appropriations for re-search projects. In Russia search projects. In Russia, money does not appear to be a major problem to scientists. If they need more materials in their work there is no long drawn out process involved. Secondly, the United States lacks the qualified manpower necessary to keep up with Russia. It is a known fact that the percentage of scientists in. In Russia. the percentage of scientists in-terested in working for the United States government is (Continued on Page 6)

OPENER TWENTY-FIVE DAYS OFF

OPENER TWENTY-FIVE DAYS OFF
The flu and conflicts in schedules have caused varsity basketball practice to be intermittent. With the season opener twentyfive days off, Coach Joe Mullaney is attempting to remedy the situation. This weekend Mullaney can schedule five sessions and
help alleviate the early tranquility. The initial practices have been
good, but with incomplet squads present, sustained and lengthy
scrimmages were unable to be had.

Compared to the number vine in 1958 this wards out it.

Compared to the number vying in 1956, this year's club is comparatively small. There are currently fourteen men on the squad. Four seniors — Captain Eddie Donohue, Roger Canestrari, squad. Four seniors — Captain Eddie Dononue, Roger Canestrari, and roommates Lionel Jenkins and Frank Trirco. The juniors are Pete Schementi, Jim Swartz, Dick Bessette, Kenny Clements and Ed Martin. Sophomores, John Woods, Wally Di Masi, Lenny Wilkins, Dick Whalen and Alex Roberts comprise the club. The Friars have been classified by the United States Basketball Writers Association as playing a major college schedule in

1957-58

Rollie Rabitor has been declared ineligible to play varsity hockey this year. In 1953 the rugged defenseman skated with St. Lawrence University. The Harrisville, R. I. resident was an honorable mention selection on the 1956-57 New England College All-Stars. In 1952 he was selected as the Journal-Bulletin Honor Roll Boy. Rabitor has performed at third base for the Providence baseball nine during the past two seasons.

This ineligibility decision will not effect his baseball status,

Red Rabitor since he did not play variety baseball with the Larries. It appears that last year's first line center, George Boudreau will be shifted to defense. The club's other defensemen are Ray Blanchette, Bob Fillon and Bert Lajoie.

The Intramural Athletic Council has a meeting tonight. With the touch football competition well undersway the council will in.

The Intramural Athletic Council has a meeting tonight. With the touch football competition well underway, the council will introduce plans for the basketball program. It is hoped that the basketball league will be initiated around the first of December. The Carolan Club's dorm league will commence within a week. Entering this week's play three clubs were undefeated in the football action — New Haven, Providence 'B', and the Metropolitan Clubs . The New Haven Club is working on a committee which will choose this seasons outstanding senior basketball, and hockey athletes . The Friars Club presents a similiar award to a senior baseball player . Captain John Ritch and Mike McDonough received the New Haven trophies in '57' . Outfielder Jack Heally was the recipient of the Friars Club award . . Organ-Jack Heally was the recipient of the Friars Club award . . Organ-Jack Healy was the recipient of the Friars Club award . . . Organizations which would like to foster the name of their club, increase competitive spirits among the athletes and assist the college, may

competute spirits among the athletes and assist the college, may do so by presenting similar trophies or plaques. How about one, to the cross-country or track team?

... Senior Dave Harrington, Milton, Massachusetts, has been elected captain of the 1987-58 varsity rifle team. Harrington is the Regimental Commander in the R.O.T.C., and is treasurer of the Pyramid Players... Sgt. Lawson's rimrods had a successful season last year. The it'down. Regimental Commander in the R.O.T.C., and is treasurer of the Pyramid Players . . Sgt. Lawson's rimrods had a successful season last year. The other captaincy to be filled sin track . . Bill Hanlon is leader of the cross-country harriers, Lou La Fontaine captains the hockey squad and Eddie Donohue is team captain in basketball. The baseball team has co-captains, Herbie Nicholas and Eddie Lewis.

INTRAMURALS

Here's this week's Intramural socket 13-6 and the Vets 12-0 Touch Football League: Thursday, November 7:

1:00 - Providence "A" vs. Vets Club. 1:00—Ship & Scales vs. Black-

stone Valley Club.

2:30—New Haven Club vs.

Metropolitan Club.

2:40 — Bristol Club vs. Guz-man Hall.

3:30-Boston Club vs. Hartford Club. 3:30 — Waterbury Club vs. Woonsocket Club.

In last week's competition the Haven club downed Waterbury club 25-0. The Providence "B" Club triumphed twice. The locals topped Woonsocket 13-6 and the Vets 12-0.
In other games Guzman Hall
took a forfeit decision over the
Hartford Club, which in turn
won by forfeit over Ship and
Scales. The Metropolitan Club
triumphed via forfeit over the
Waterbury Club, and defeated
the Phi Chi Club 12-6.

INTRAMURAL NOTES

The Intramural Cross-Coun-try race will be run Nov. 14th... Intramural basketball is due to get underway during the first week of December . . . It's apparent the fourteen touch football league squads have been hampered by both inclement weather and various types of the flu and viruses.

Mullaney: 'Crowd Will Enjoy Them'

"Our team will be one which will give the spectators their money's worth." These were the words of coach Joe Mullaney when asked to describe his team. During the course of his team. During the course of the conversation the words: color, speed, determination cropped into his speech more than once. Mullaney, always easy to speak to, showed an evi-dent enthusiasm to welcome the '57-'58 slate of action.

Bolstered by the addition of last year's freshman team to a solid core of veterans, the coach has every reason to believe that this year's club will at least be as successful as his first the years of combiner at first two years of coaching at

"As for the schedule, it is about the same as last year's

Joe Mullaney

with the exception of a few teams dropped and a few new ones added." Joe went on to that the toughest road game will undoubtably be the St. Bonaventure tilt. Arrangements are being made whereas this will be a home-and-home series, with the winner retaining possession of a trophy to be given in honor of Rev. Fr. Anselm Krieger.

Mullaney expects his aggregation to feature a better of-fense and a much improved de-fense, made possible with the addition of Len Wilkins and Wally Dibasi to the roster. It will be a flexible team. Re-bounding, a major concern of P.C. fans, figures to be the same as last year.

His only problem, Joe Mullaney states, will be the big man. John Ritch will be sorely missed when the team takes the floor on December 1. Mullaney figures that a rejuvenated Pete Schementi and an aggres-sive John Woods will ease the pain of Ritch's loss.

Sullivan Sets Mark As Bruins Triumph

With Brown's Captain Ed Sullivan setting a course record of 23:47:1, the Friar varsity cross-country team was defeated 30-25, Monday afternoon on the Bruin's track. Bill Hanlon finished second for P. C. in 24:41. Dennis Carey came on strong in the last three-fourths of mile to take the number four spot as he came in behind Vince McDonald.

SPORTS EXTRA

From a controversial decision in Saturday's Yale-Dartmouth Ivy-League clash, the necessity for a revision in collegiate grid officials' actions appears more obvious. The storm resulted when the Elis were assessed a at 5 yd. penalty for an illegal sub-stitution. The officials held that end Bill MacLean had reported previously in the fourth quarter nd that his entrance late in the and that his entrance late in the same period was illegal. As a result of the penalty, the previ-ously unbeaten Hanover squad moved, in the next series of downs, to deadlock the Yale force, 14-14.

Movies of the important tilt revealed that MacLean had not appeared before in the last quarter, and that his entrance in the final stages was legal.

It is evident that a clear solution to avoid such confusion in the future would be to have an off-field official in charge of the field official in charge of keeping substitution. As the rule goes now, an official on the field is forced to check each performer in and out.

Frankie Williams, '57, whose summertime softball success we exploited a week ago, apparentexploited a week ago, apparent-ly is resigned to stay in the sports world. It was learned here last week that Williams will coach the Milford, Conn., Chiefs' basketball squad this winter. The Chiefs will play semi-pro clubs in the Southern New England area. New England area.

It's obvious that we goofed in last week's paper, at least that's what we're told. Just to provide continuity among COWL writers, Jackie Allen and George ers, Jackie Allen and George
Ducharme have the official positions of Assistant Varsity
Coaches of basketball and
hockey, respectively. Although
the newly-added coaches will be
in charge of the freshman units
of each sport, they will also assist head coaches Joe Mullaney
and Tom Eccleston with the
varsity souads. varsity squads

FROM THE NOTEBOOK
The following are recognized
regular members of the
DWL Sports Department: Ed as regular members of the COWL Sports Department: Ed Lombardi, Phil Jackman, Paul Coleman, Gerry Murphy, Mickey Criscuolo, Phil Caliendo, John Roney, and Dick Panagrossi.

The Black and White took all the even numbered positions in the race as Bob Williams, Jim Baker and Frank Krajewski took the sixth, eight, and tenth spots.

The Freshman race was taken by the Bruin's also, 19-42. Bob Lowe, former New Jersey Lowe, former New Jersey schoolboy champion, picked off the number one spot for Brown. Charlie Goetz ran a strong second for the Friars coming in ahead of Bill Schwab. This was a good performance by Charlie because Lowe and Schwab have been finishing 1,2 all season long. finishing 1-2 all season long breaking many course records in the process.

The Black and White had their chance of winning the meet reduced considerably, as Bill Horrige became a flu vic-tim and Bob Ruggeri was only able to play the role of a startable to play the role of a start-er, having also been ill.

The Friars did pick up a vic-

tory last week as they ran against Northeastern. Bill Hor-rige and Bill Hanlon tied for first place in 20:55 and their teammates cooperated in a 15-47 win. It was a runaway for P. C. with Bob Williams, Dennis Carey and Bob Ruggeri taking third, fourth and fifth, Joe Tomasion, Husky ace, was un-

able to compete.

The P. C. Freshmen lost their meet with the Husky Frosh, 26-29. Bob Bamberger and Charlie Goetz ran well for P. C. and finished 2-3 behind Bob Abelon of Northeastern, the winner.

A Stab In The Dark

The COWL'S football "experts" had trouble keeping above water last week when a rash of upsets, both major and minor, hit the collegiate grid scene. A pair of ties dropped the counted games to eight, but even the decreased games didn't help the "fearsome five." Phil Jackman held on to the top spot for the year, although

he hit on only three of the eight contests. His year mark stands currently at 28 for 36. Mov ing up to challenge Jackman was Jim Westwater whose year mark stands at 25 for 36. Completing the fumbling group are Dale Faulkner and Ed Lombardi with a 24 for 36 deadlock, and Gerry Murphy with 20 for 36.

Ducharme Cites Prospects In Frosh Hockey Tryouts

George Ducharme, former Burrillville High School and Providence College star, was named assistant hockey coach named assistant nockey coach here at the college last week. Ducharme is no stranger to P.C., nor to Tom Eccleston the varisty coach whom he will be assisting this season.

His first encounter with Ec-His first encounter with Ec-cleston was on a player-coach basis in the year 1944 when Ducharme, a freshmen, turned out for football at Burrillville, this however was not the extent of his ability as he also played hockey and baseball.

greatest thrill of his The greatest thrill of his olaying career came in 1944, then he scored the winning un against Pawtucket East in he third and final game of the I. schoolboy baseball play-

Commenting on the eastern ockey picture, Ducharme said hat he thought that R.P.I., larkson, and Harvard, which nly lost two men while going of the N.C.A.A. tournament last pring, will offer stiff competiion to all their opponents this

When asked about what the prospects were for the varsity this year, he answered that the team would be better than last years squad, but he also pointed out that the competition would also be much stiffer. Ducharme added that he considered Lou LaFountaine one of the top sources in the Feet and their sources in the Feet and the Feet and their sources in the Feet and the Feet and their sources in the Feet and the Feet and their sources in the Feet and th scorers in the East, and that Joe Barile was one of the most effective play-makers. Some of the other players who impressed Ducharme were: Bert Lajoie a Ducharme were: Bert Lajoie a defensemen, and two sopho-more forwards, Pete Bergen and John Turner, both of whom were former stars at Malden Catholic High School.

The freshman team, which Ducharme will handle, is, in his Ducharme will handle, is, in his opinion, one of the best around this area. He said he had five excellent prospects in Larry McHahon, Jim Wandmacker, Charles Carrol, Joe Keough, and Bob Deyette. Ducharme is looking forward to a good year as the new assistant coach, and with his experience of the Eccleston-tyle of heckey, he is Eccleston-style of hockey, he is sure to be a big asset to the

Spike Shoers Sponsor Race

Hendricken Field will be the ene of the intramural cross scene of the intramural cross-country meet, sponsored by the Spiked Shoe Club, this Friday, Nov. 8. This annual affair is open to the entire student body, with the exception of members of the freshman and varsity track teams.

The meet will start at Hen-ricken Field on Friday afterdricken Field on Friday after-noon at 3:30 and will trail once around the cross-country course, finishing back on the field. The entire distance of the course is slightly under two miles.

It is not necessary to register for this event, all that is neces-sary is to be present at the starting point at 3:30 on Fri-day afternoon. The Spiked Shoe day atternoon. The Spiked Shoe Club invites everyone to give it a try. This is a good chance to see if the old legs still re-spond or if it's time to cut down on cigarettes.

Individual awards will be given Friday evening at the given Friday evening at the dance in Harkins Hall Audi-

Seniors are requested to re-turn their portrait proofs to the Photographer's studio as soon as possible, in order to pick out the pose to be included in the yearbook.

Sooners Regain Top Despite Poor Showing

Oklahoma, fighting tooth and nail with an undermanned Kansas State team, prevailed victorious for the 46th straight time (13-0), thus regaining the top spot in the football poll. Such an inept showing against mediocrity does not seem to justify such acclaim.

Since the ousted club, Texas

A&M, won by the slimmest of jously undefeated

margins (7-6, over a highly-touted Arkansas team, they were as decisive in victory as the mighty Sooners were.

Elsewhere, Notre Dame came up against a dead-game Navy team, and though afforded an early break, preceded to toss the game away on pen-alties and pass interceptions.

In the big 10, the games ran pretty much true-to-form with Minnesota and Ohio State in romps, and Michigan State beat-ing off the rapid Badgers from Misconsin. In the battle of the "upsetters", Purdue had a sur-prisingly easy time with Illinois, while on the TV game, mighty Iowa, anything, endeared itself to the viewers with a hard fought tie with Michigan. On the Coast, in one of the wildest games in years, Oregon re-mained unscathed in the PCC with a 27-26 conquest of Stanford, while Southern California lifted itself to its first win of

Georgia Tech, its sophomores coming rapidly, smothered previously undefeated but tied Duke 13-0, thus assuring the critics that they will be on top once again come 1958. Auburn and North Carolina State's records remained unblemished, while remained unblemished, while Alabama broke up its duel with Marquette as to who could go the longest without winning with a 14-13 squeeker over the longest Georgia.

In the East, Army paraded for Ike (53-7), while Syracuse downed a strong Pitt team downed a strong Pitt team through the air. In the muck of Brown Stadium, Princeton Brown Stadium, Princeton threatened many times, but could only muster one score could only muster one score while stopping Finney and Co. cold. Harvard, just about stopped all that talk of Penn being good though winless, by romping without their best backs. Dartmouth extended its backs. Dartmouth extended its undefeated streak to 9 (6 this season) with a pass in the last 10 seconds left to tie Yale 14-14. On a smaller scale, Amherst buried Tufts 19-0, and solidified

its claim of being the best small college team around. The University of Rhode Island found the going tough for the 2nd straight week at Springfield, while the University of Mass. performed the almost unheard of task of winning a game. Sunday's lone game, Tommy Greene of Holy Cross threw 3 more TD pitches to lead the Crusader's to a 33-14 thrashing of the Quantice Marines

Another large percent is connected with industry, and the remaining few, not necessarily the best, are working for the government."

Q. Why are so few in-terested in government work?

A. "Primarily because the government is not willing to pay them as well as industry, al-though the type of work is the

Q. Do you think the choice of the Navy to handle our satellite program was made properly?

"This has been discussed a great deal. It is true that the Army had been considered the best choice by many, but a com-mittee of nine was given the job of selecting the one to carry on the project. Two voted for the Army, four voted for the Navy and three were undecided. Whether the committee members were qualified to make such a choice is not known, but the Navy was given the job.
