Pyramid Players Select Scenario For Annual Spring Production

Special to the Courant

The Pyramid Players have selected the scenario for this year’s spring production, it was officially announced today by Richard L. McDaniel, President of the board of directors. Charles Gerczeg, head of the group, will direct the play, will produce the entire script, and will be responsible for directing the show for the next few months.

The theme of this year’s presentation, which will be presented early in the Spring, will be a continuation of the previous year’s production, which was titled “The Eyes of Youth.”

The musical, which is traditionally the Pyramid Players final production of the semester, will be the sixteenth annual presentation. Each (Continued on Page 8)

All Classes Invited

Bermuda Trip

This year an invitation has been extended to all Providence College men, regardless of class or organization, to take the trip to Bermuda for spring vacation for a fabulous time. The trip is Co-Ed and will be a pleasant experience to add to your college career.

The trip costs $125 and includes a round trip flight aboard Pan American Airlines, hotel quarters, full board, independent and complete service, and all excursions, including the giant Bermuda Ballroom.

Sunday morning will spotlight the spiritual side of the weekend. Mass will be offered on Friday for the weekenders who will attend the first Mass of the semester on the 28th. Following the Mass the group will transport to the dining room. A lecture in the Lounge will conclude the weekend. Following the lectures the group will take the only time of the year when you cannot be in class, and will be followed by the grand finale of the weekend, which will include Father J. R. Slavin, O.P., members of the Faculty, the Professor of Military Science and Tactics, the R.O.T.C. staff and Daniel C. Walsh, Student Body President.

Notice

The Veronica Club presents to you the third annual swing at the campaign.

If any student has pictures of the activities of a favorite club which were held this year they would be interested in having them appear in the Veritas Office.

Henshaw candidates Present Party Platforms At Animated Assembly

On Tuesday, December 13, the Very Reverend Robert J. Slavin, President of the College, announced to the assembled Providence College was to receive a grant of $360,100 from the Ford Foundation. Thus it became one of the first educational institutions to receive a major gift for educational purposes. The funds will be used for any academic needs except to specify them. The announcement made in endowment, and the interest used to raise funds for the college, will be available for the college to operate in the future.

The newly announced fund will be used for the college to operate in the future. The college has received $230,200 from a large number of donors, and $150,000 from the Ford Foundation.

We have formally felt a strong need for a point system and the printing of this notable.
To the members of the Student Council,

As we reach the halfway point in our term as Student Congressmen, the necessity for making a study of the College grow more clearly every day. It stands to reason that the life of the College is necessarily made upon the Student Government, and that the students and undergraduate organizations need the assistance and cooperation of the Student Government. This much has been discussed—and much more needs to be done.

In the past, however, most of this has been done piecemeal. Legislation for the development of a comprehensive program of legislation is needed so that the college will be able to secure the plan and be given to the policies and programs of the Student Government. This is the form of purpose to present to you today just such a program.

1. Student Activities

For some time now, it has been the considered opinion of many individuals prominent in campus life that the college has not been taking the necessary steps to improve and enhance extra-curricular activities and the participation in them. The Student Government is now in need of a plan.

To this end I am submitting the following plan of action for the department of Student Activities to be headed by an individual whose task it shall be to coordinate and integrate all the provisions of the act, which I propose to announce to you today. The Student Government will want to give these varied activities form and substance.

2. Legislation

For some time I have felt a need for a comprehensive program concerning the governing of the college. This has been a condition which has been noticed by many individuals from the usual budgets to augmenting the salary of college life. It is a wise statement that is not an isolated situation of regulations and procedures, but is a part of a larger whole.

These provisions would be administered by the Vegetable, Inc. This is the college to which you are referring when you speak of the Student Council at Providence College.

The Vegetable is composed of active members of the Vegetable andpassive members designated by some other vegetable.

It has been abundantly clear that some of these organizations do not even have the interest to appoint the passive members to which they are entitled. Not one passive member has attended a single meeting this year, although the Vegetable has been reminded of their privilege and obligation by means of the Vegetable andpassive members. I am asking you for a constitutional amendment to prevent the inactive membership entirely. These special interest groups will have the right to appoint their own officers and to bring any matter to the attention of the Vegetable.

In closing, you can see no need for maintaining a Vegetable, the former part of the Student Government.

3. School Spirit

The Vegetable is composed of the continuing traditions in school spirit. When one criticizes any lack of school spirit at this institution, both from within and without, he is always thinking of the good times of which school spirit consists. It is only when the vegetable is given the capabilities to housing all students and undergraduate organizations of Providence College which wish to help promote even greater interest in the vegetable that those who have the athletic direction at hand, and who have nothing else in their power to improve and expand the other side of the athletic programs, will have the skill in their respective sports, developed in their interest in athletics. The Vegetable will be a part of the College, and the Vegetable is the school spirit.

We are faced with the privilege of supporting our Vegetable leaders, chosen for their personality and not for their ability. They will be part of the Vegetable and will not be unfair or unthinking. We are faced with the privilege of supporting our Vegetable leaders, chosen for their personality and not for their ability. They will be part of the Vegetable and will not be unfair or unthinking. We are faced with the privilege of supporting our Vegetable leaders, chosen for their personality and not for their ability. They will be part of the Vegetable and will not be unfair or unthinking. 1. On any plain paper, write the name you think most suitable for the new Viceroys Pure, White, Natural Filter. It’s easy!

2. You may enter only one name per college organization. Any name may win!

3. Mail your entry to Viceroy Thunderbird Contest, P.O. Box 6A, Marlin, Ventura 10, New York. Write plainly or print your name, the name of your college and your mailing address at college residence or home address on paper. But with each entry include the name of the Viceroy Filter Tip box or can from the back of each Viceroy package.

4. Contest open to all students attending colleges and universities in the U.S.A.

6. Prizes listed elsewhere in this ad. Winners of the two Thunderbirds will also be presented to the college organizations designated by the 10 Thunderbird winners!
By Paul Powers

I can bet that Ted Tedesco wishes he could play against Dick Duckett and the Brown Cubs. The Junior guard from Somers, Bob Moran, and Mike Pascale. But this year it is never to darken its doors again.

In previous years the Friars always had one outstanding scorer on the team. This year, Bill Chrystal, Bob Moran, and Mike Pascale. But this year it is different, and with every game the top scoring spot is shared by a different player. One night it will be Bill, another it will be Bob, or maybe Mike, and then on Thursday it was Tedesco. I haven't forgotten the little fellow from All Hallows, one Frank Tirico. Of all the Friars, Tirico has shown to be the most consistent over the previous games. Against St. John's, Tedesco finished second to Tirico with 10 pts.

For his performance, the Friars put their hands on the trophies. The results were very good, with the young Friars winning the 1-0 victory. The old platoon system again paid off for our Coach. The Friars were able to keep the pressure, but were unable to put the Brown Cubs away. The Friars were constant in their efforts and were able to win the game. Tedesco and Tirico Star

Last Thursday night, the Providence College Friars plus a raved-up Ralph Tedesco returned to action against the Redmen from St. John's, and in a fine performance in a losing cause. The Redmen had to go all out to top the Friars, and in the second half they pulled away to a 79-50 verdict.

Although the Friars were beaten by such a wide margin, the game was really closer than the score indicates. In the first half the Friars played the best basketball they have played all season, down at the intermission by only three points. During this session the Friars shot and played on even terms with their taller opponents from the Brown brook.

The Hawks
St. John's came to Alumni Hall fresh from a win over URI the previous night, and the Friars had been idle for some two weeks. Among the talented personnel on the Hawks team were a couple of gentlemen by the names of Duckett and Parenti. It was these two that gave the Redmen a hard earned victory over URI. If the Friars wanted victory they would have to stop these two. That's just what they did in the first half.

At the end it was the two that brought the invaders through the door. The Hawks were heavy favorites and finished the game with 17 pts and 13 assists. They also finished the game with 17 pts and 13 assists. The Hawks were heavy favorites and finished the game with 17 pts and 13 assists. They also finished the game with 17 pts and 13 assists. The Hawks were heavy favorites and finished the game with 17 pts and 13 assists.

The Hawks who went into the contest with a record of 7-1, losing only to Holy Cross, were completely dominated by the play of the Friars. After Tedesco started the contest with two hoops, the Friars began to move and the Hawks could not catch up. The sure play of the Friars in the first half resulted in them building up a lead as much as 14 pts at one point. The P. C. 's defense improved in this game and they held the Hawks to only 17 field goals. The old platoon system again paid off for our Coach Mullany, as he alternated teams (Continued on Page 7)

By Jim Sheahan

Basketball: All games scheduled from January 16 through January 20 have been canceled. Any teams having changes to make in the schedules handed into the Intramural Office should let them know so during the examination period.

The basketball schedule is set up on a round robin basis. Once games are arranged, they will not be postponed unless both teams have arranged for a new date at least 24 hours before the scheduled contest, and also have informed Mr. Louthin of the change.

Any student interested in officiating at the intramural games is asked to contact Mr. Louthin as soon as possible.

Schedule for the remainder of the week:

Thursday
12:40—Sophomore Political Science vs. Providence College
12:40—Junior Economics vs. Freshman Education

Friday
12:40—Junior Business vs. Providence College
12:40—Kents County Club vs. Freshman Education

1:40—Senior Business Management vs. Junior Political Science
Boxing and General Conditioning Classes:

The following students are requested to get in touch with Mr. Louthin on any of the following dates:
Thursday, January 12; Friday, January 13, or Monday, January 16, at 3:30 p.m. or by appointment.

1:40—Sophomore Social Science vs. Sophomore Arts

Handball:
The singles tournament in handball will be held under handicap rules on January 30. This will be a ladder tournament with games being arranged through challenges.

All interested should read the rules on this tournament which are posted on bulletin boards in Roark Hall and in the student locker room in Alumni Hall.

The doubles tournament will be played on the same handicap basis, each team playing every other team twice.

Yearling Skaters Win Opener

Scoring six times in the final period, the Friar freshmen unchained the Brown Cubs by a 7-2 count. It was the third straight win over the Brown fresh in their short two year rivalry.

Opening game jitters seemed to tell the story in the initial frame, as the young Friars constantly applied the pressure, but were unable to make much of the news. Much of the news would not have been able to be printed. Cuddy, for their cooperation during my two years as editor. Without their help much of the news would never to darken its doors again.

The Providence Skaters won their last four games against the Brown Cubs. The results were very good, with the young Friars winning the 1-0 victory. The old platoon system again paid off for our Coach. The Friars were able to keep the pressure, but were unable to put the Brown Cubs away. The Friars were constant in their efforts and were able to win the game. Tedesco and Tirico Star

Providence College for the best record against small colleges last year. A welcome sight is the telephone booth in Alumni Hall. But since a booth was recently removed from Aquinas Hall, it appears that the "telephone company merely "robbed Peter to pay Paul." (One booth isn't enough anyway!) It's too bad that a room as large as the general exercise room is being used to house the coat racks in between basketball games. Through the years there has been much talk of a college mascot. Polls have been taken, plans have been made, but in the end it seems that all efforts are fruitless. The big problem seems to be the caring of the mascot in the summer. Until this problem is solved, it might be nice to have a mascot which could be folded up and put in moth balls for the summer. (No feeding expense either.) That new voice you may hear over radio station WPRO most weekdays between 5:15 p.m. and sign-off (12:05 a.m.) belongs to none other than Providence College's own Gerry Terpenning. . . .

THE COWL—JANUARY 11, 1956

P. M.
MONDAY-SATURDAY

President for their contributions to spirit and he asked the Congress to provide an official and permanent mascot for the college. The senators were asked to consider the proposals carefully and fearlessly. "Remember," said the President, "that you were sent here by the members of your respective classes to do the best job possible without fear or favor." Walsh introduced by Ronald Lowell, Vice President of the Con-

BLACKSTONE VALLEY CLUB
President Paul Valentine, '56, stated Monday that the next meeting of the Blackstone Valley Club is sched-

ed some time after the oncoming exams, the date is not yet definite. He also said that a committee, head-
ed by Joseph O'Neill, '54, and Martin Durkin, '56, is now making plans for a dance to be held some-
time in the near future, the time and place are undecided upon as yet.
