College Receives \$360,100 In Ford Foundation Grant

grant of \$360,100 from the Ford Foundation. Thus it became one of the 615 regionally accredited, private-ly supported liberal arts and science college and universities, among which a total of \$210,000,000 will be distributed. The individual grants, ranging from a top of \$5,000,000 to New York University to the smallest, \$31,900, to an art school in California, approximate each school's total fa-culty payroll for the 1954-1955 school culty payroll for the 1984-1985 school year. The money must be placed in endowment, and the interest used to help raise faculty salaries for at least 10 years. Announcement of the grants was made soon after the close of a 3 day meeting of the Ford Foundation. A foundation spokesman said that the foundation probably would have to dip into its capital to finance these grants. The foundation put almost no strings on the money except to specstrings on the money except to spec-ify that it is to be used in endowment

On Tuesday, December 13, the Very
Reverend Robert J. Slavin, President on the use of of the college, was notified that Providence College was to receive a cated to Providence College and endowment restriction on the use of the money applies to the sums allo-cated to Providence College and Rhode Island School of Design as it does to Brown's basic grant.

Only Colleges accredited by re gional associations and which are privately supported for the teaching of liberal arts and science were eligible. No tax supported institu-tions, such as the University of Rhode Island, came under the grant.

Island, came under the grant.

In expressing the gratitude of Providence College to the Ford Foundation, Father Slavin stated that the debt which higher education owes to the Ford Foundation must be paid by the increased devotion and dedicated services of the faculties of these inservices of the faculties of these in-stitutions in behalf of their students who will be called upon to hold aloft the high ideals of our American government and institutions. Father Slavin further said: "The deeds of Providence College and her graduates was reflect our heaviful propersies." must reflect our heartfelt apprecia-tion and sincere indebtedness to the Ford Foundation."

Other colleges in the state participating in this endowment were Brown University which received \$1,833,000 to a minimum of ten years, after and Rhode Island School of Design which received \$230,200.

The faculty at Providence College is composed of 26 lay teachers and (Continued on Page 3)

17 Freshmen Candidates **Present Party Platforms** At Animated Assembly

Seventeen candidates, including two student, as their standard bearer for the candidate for treasurer and homeometric standard two in the position of treasurer and John from Brooklyn. He's a member of candidates and two in the parties, Tosano, a Westerly, social science freshman basketball team at P. C. Preshmen clear parties assembly P.-Crartie Party.

Freshman year will be held Friday, January 13, and will be conducted by members of Student Congress.

There will be four parties, Vera-eratic, Unocratic, Black and White, and P.C.-cratic, represented in the race for each position, while two inde-pendent candidates have filed their intention to run for seretary and a single independent aspirant has tossed his hat into the vice-presidential race.

Presidential candidates include James Baker, a political science major from Newport, who is supported by the Veracratic Party; Vincent Garry, a biology student from New York City who is backed by the Un-ocrats; Ray Testa, who has the back-ing of the P.C.-ratic Party, is a hi-York ocratis. PLATROM OF THE

PLATROM OF THE
VERACRATIC PARTY
PREAMBLE
Jim Baker, President; Ed LeBeau,
Treasurer; Jack Kelliher, Secretary;
Jim Sheahan, Campaign Manager.
Now is the time for members of Now is the time for members of the Freshmen Class to decide who the instruments of their Student Gov-ernment will be. It is a time for an intelligent decision on the part of the student electorate so that they may be assured of true representative

Those who would guide us must manifest an interest in school and in their classmates. They must take a stand on the issues confronting the student body.

Therefore, in order that everyone say know what our party stands for and against, we publish this platform

School Spirit

We pledge to fester school and class spirit by wise and intelligent leadership and active participation in extra-curricular activities.

Free Bids

The Veracratic Party is opposed to the idea of giving free bids. We feel that rather than contributing to better class spirit, it has a demoralizing effect. We pledge that no free bids will be issued.

Class Committees

We pledge to appoint intelligent interested, hard working, and co-operative students to the chairmanships erative students to the chairmanships of the various class committees. We would also like to form a class social committee which would enable all the students who are interested, to help plan all the social functions of the class

Pyramid Players Select Scenario For Annual Spring Production

Special to the Cowi:

The Pyramid Players have selected the scenario for this season's spring production, it was officially announced today by Richard L. McCarthy, president, and chairman of Carthy, president, and chairman of Carthy, president, and chairman of Louis Verchot, co-authors of the play, will produce the entire script. The board of directors, composed of Richard McCarthy, Daniel Walsh. The board of directors, composed to the Rew. J. Brendan Larnen, O.T., to the Grays-Verchot creation primarily close from four submitted scenarios, the Grays-Verchot creation primarily deflective stage settings. Although the entire production will be dealt with of the school year, will be the six completed for its originality, imagination, and complete privacy, McCarthy commented that this year's musical commented that the production will be dealt with the production will

Hinner-Dance, Jazz Sessions. Game And Communion Breakfast Highlight Carolan Club Weekend

The social highlight of the year Room of Aquinas Hall from 46 p. m., for the resident students of the college, the annual Carolan Club Week-ketball game with Boston University end, will take place on the weekend at 8 p. m. Sunday morning will spotlight the spiritual side of the weekend test.

end, will take place on the weekend of February 10, 11, and 12 according to the Club President, Bill Barrett.

The weekend will officially open with a Dinner-Dance on Friday night. The dinner will start at 8 p. m., followed by dancing until 12 p. m. This is a formal. Price of the bid is \$12.00.

The dinner, as now planned, will include French-styled shrimp-croole. The dancing will continue in Aquinas Lounge. The final decision on the orchestra has not been made yet, Beside the formal dance, an original Chicago-land Jazz Festival will take place in Stephen Hall.

On Saturday afternoon a Jam Session will be held in the Penguin Body President.

All Classes Invited On Bermuda Trip

This year an open invitation has been extended to all Providence Col lege men, regardless of class or con-centration, to take the trip to Ber-muda over the Easter vacation for a fabulous time. The trip is Co-Ed and will be a pleasant experience to add to your college career.

to your college career.

The trip costs 175 dollars and includes round trip flight aboard Pan American Airlines, hotel quarters, meals, partles, tours, etc. Pestivities reach their climax with the gigantic Bermuda College Ball.

For further information see Ed Hornstein, '56, (PL 1-1302), or leave name, concentration, and class along with two dollars which will hold your reservation, at the business department. Reservations are definitely limited and will close with the final day of exams.

NOTICE

NOTICE
The VERITAS is in need of candid shots of the regional clubs. If any student has pictures of the activities of a regional club which were held this year would he please submit the negatives to the Veritas Office.

Student Congress Originates Campus Activities Measures

Advice . . .

The freshmen candidates for class office The freshmen candidates for class office have eagerly thronged into the political spotlight. This is their brief hour upon the stage. For a moment the other actors in this scholastic drama—the professors, waving the menacing exam schedule, or the upper-classmen, insisting on their natural superiority — are shrouded in darkness. The tyros speak, and on Friday their merit will be decided in the freshman elections. Four will be chosen to play the leads in the coming year's activities. A Machiavellian streak causes us to issue

A Machiavellian streak causes us to issue the following advice to the candidates for of-fice. The first rule of office is cultivate. If fice. The first rule of office is cultivate. If any one of your acquaintances may be useful in any way, compliment or badger him. If he is the plodding type, badger him and evoke a canine loyalty. If he is intelligent and erratic. tell him how necessary and invaluable he is. The second rule of office is bargain. It is inferior to cultivation, because it is a reciprocal agreement, and so puts you under an obliga-tion. A good application of this principle would be putting your friends on the paper. would be putting your friends on the paper. If the editor does not give you adequate covrerage, remove the friends. Any editor would give adequate coverage, if he saw half his staff heading for the door. These are only two of the means for proving successful in office.

A kinder streak gives rise to words of congratulation to the candidates, successful or not, for showing enough class spirit to run for office. We would also urge each freshman to vote. Each one has an opportunity to shape the future of his class

Counsel . . .

In the past, and we are sure that it will continue in the future, the COWL has been called many things. There has been some limited praise given, and then there have even been moments when it has been described as "sophomoric." We have taken the praise glad-"sophomoric." We have taken the praise gladly; constructive criticism was always pondered; one-adjective descriptions have always been forgiven. Forgiven, for we suffer from neither pride of omniscience nor pride of nestience. It seems that they are a special grace from God, these little "slams", for they guard us from the repulsive sin of intellectual pride from which too many people suffer in this day and age. If ever we are critical, it is because we firmly believe the only one reason for a being critical is to be constructive.

All sullarges try, their luck at student goy-

All colleges try their luck at student government. Some succeed, the others merely dwindle away without being noticed. Our Student Congress has done many things; it officiates at the class elections, it has a bulleofficiates at the class elections, it has a bulle-tin board, it has a new office, and now it has new furniture. When they undertook a project, they followed it through to the end with their "certain passion". While we are remembering that "nothing worth while is ever accomplished without passion", it also comes to mind that the basic passion of all is love. It was love for the school as a whole that launched the COWL out on a special project.

We have internally felt a strong need for a point system governing campus activities, and knowing that the only way to find an effective one was to investigate the ones suceffective one was to investigate the ones suc-cessfully in operation at other schools, we set to work. After a while we came up with a plan which seemed satisfactory and then showed it to the President of the Student Congress, for he is the only one invested with the power to put such a system into effect.

The President of the Congress stated that he too had felt the need for a regulation of extra-curricular activities, and had planned to present his plan in his annual message to the members of the Student Congress. In his message yesterday he termed the bill as a legislative "bombshell", but we feel that the effect of this "bomb" can do nothing but good.

erfect of this "bomb" can do nothing but good. We hope that the students will give the Congress all their support in carrying out and enforcing all the provisions of this act and any other worthwhile project that the Congress may attempt in the coming months. For the Congress is working for the good of every individual enrolled here at Providence College.

Bedlam . . .

It may be the strain of silence for two It may be the strain of silence for two hours. It may be the thought that so much depends on so little. It may be the post mortem, which follows an exam and is usually noteworthy for the error it contains. Whatever the causes, the effect is one of Bedlam with all cells occupied and a full moon in the sky

The more timid soul flees from campus at The more timin soul nees from campus at the close of an examination and reappears when another is due. The more philosophic soul goes to the cafeteria and tries to begin a conversation on anything but the examination. conversation on anything but the examination. (Philosophers usually are prudent enough to study during the semester, and hence do not need to cram.) The majority cluster together, pooling their knowledge, only to discover the pool is a puddle. Disconsolately they leave for the pool is a puddle. the cafeteria in search of the philosopher. For a week and a half this action continues.

At the end of the examination period re At the end of the examination period resolutions are made to study more diligently. These resolutions were made at the beginning of the examination period, but now they have the added weight of experience. Some retire quietly to a rest home with warm milk and crackers every night a eight. Others disappear into some smoke-filled groom, where a paino throbs, and ice trikkes against a glass. The philosopher returns happily to his books.

This is the togacher's moment. Now he can

This is the teacher's moment. Now he can discover whether that red-head really was awake or slept with his eyes open. It is a moment too brief for the teacher and too long for the student, but it will pass.

Contrast . . .

This issue of the COWL might be called "notable" for any of a number of reasons. For the editors, it is their last. . . For the Seniors, it marks the approach to their last Seniors, it marks the approach to their last semester in college. .. Conversely, for the Freshmen, it marks the end of their first. .. But for all students it marks the advent of the examination period. Before our next issue, the tests shall have come and gone, and the results of first semester '55-56 will be "in the books." For our sage advice, we merely say: "Buckle down, men! and do your best!"

For Seniors it will made the completion of

For Seniors it will mark the completion of seven collegiate semesters, three and one half years of college... the shortest three and one half years of their lives. But they have been successful years of growth, — academically, spiritually and socially. From the memorable day in September '52 till now academic and social leaders have appeared and gained honor for the class. And the class itself, with the perfect blending of the arts and sciences as well as the proper apportioning of social activities has come to perfect the whole man. For the Freshmen, their career has thus For Seniors it will mark the completion of

activities has come to perfect the whole man.

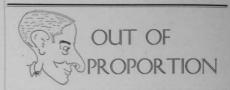

For the Freshmen, their career has thus
far been successful. In this very issue, qualified men are campaigning for the leadership
of their class. Earlier, in the year, they won
a resounding beanie tug-o-war victory, the
first in the beanie history of the school.

Freshmen athletes and scholars are making
their presence known. Yes, success for the
'59ers is imminent.

To our fellow Seniors, the editors wish sincere good luck for the future. For the Freshmen, we wish success in their remaining college careers.

Adieu . . .

With this issue the Seniors on the staff officially hand over their typewriters to the underclassmen who will carry on for the rest of the year. Many of us do so reluctantly, and know that we will miss the late Monday night sessions and the Tuesday afternoons at the printers, but we will aways think of the COWL and the satisfaction we derived from merely being a part of it through the years.

By JIM SANTANIELLO

Having been informed by His Editorship, James Vincent Renzi, that this Taking been informed by its Enitorship, James Vincent neural, that this issue of our paper was to be the last conducted by the senior members of the staff, coincidentally re-lizing that this was my thirteenth "Out of Proportion"; exams being tugb so, so, enear, and a full state of consciousness not having returned to me since the holiday recess, I was justly overcome by a notable degree of anxiety as the outline of the tale I am about to tell

graffy unfolded before my confused intellect.

This is the story of Sam Cramme. Sam was a student here for a little more than seven and one one-half semesters and it is the beginning of that eight half-term with which we are concerned. Cramme—that's Old-English— had never really taken an interest in the knowledge that was being offered to him and, for a second-screeter senior, he was amazingly ignorant, he had been able to accumulate a "graduation-able" average—that is his senior year mid-terms.

oh, he had boasted that he had nothing to worry about, and he had claimed that he had studied enough to pass, and he had professed that he would maintain his usual pre-exam vigil, but what proved to be his down-fall, he had convinced himself that "they never flunk second-semester

And then, there was the aspect of personal satisfaction. Sam had never been one to be tricked into studying just for competition's sake. He became convinced of his view on the matter as a result of a course in sociology that he was taking. "Humbug!" he said.

he was taking. "Humbug!" he said.

January came. January went. Sam went. But he did not leave without glory. He left behind a phrase and a thought. Those who knew him well coined his name as the verb which from then on has been used to describe the pre-exam vigil. As for the thought, well that's another story.

It's a story that, to be appreciated, must be read by seniors. Now, if you are a senior—Rip, Ed, Charley, Arnold — I suggest that you either commit this to memory or save this copy. Now don't laugh.

College is Utopia. And all of a sudden you're a senior, and the honeymoon is over. What to do? You sit in the caf and in a few short months learn practically everything (outside of books) you were supposed to be learning during the previous three years. Or perhaps you did learn them, you're not so far off. If it doesn't, then recall to mind that old Latin saying. "Ex nihlo, nhild fic."

Good night, Nancy, I know where you are.

In Passing

By Dick DeNoia

Lying on his bunk, engrossed in the newest issue of Confidential, we find the subject of this article. Names being unimportant, let us be trite and call him Joe

Joe is 18 years of age, six feet tall, rather good-looking, and possessed with an abundance of ability, scholastically. Although much of the time this ability lies dormant or is lavished upon such interpretive literature as the aforementioned tabloid, or upon the pastimes of card playing, pool, or the like, Joe is a fair student; that is to say a "C" average—his papers, al-though certainly not of outstanding quality, are always in on time—and he does not disobey school rules. Since he does do what must be done, Joe is he does do what must be done, Joe is a satisfied young boy, and considers himself rather mature, because he 'does no wrong'. One might even say Joe is "a typical college freshman". Why, in every college day, he culti-vates those qualifies which he feels are pertinent to be development of a well rounded individual... he works out at the xwn sech exempe attends well rounded individual... he works out at the gym each evening, attends Mass every Sunday, and avidly keeps up with sports, and new trends in "that collegiate look". A likable guy you think, why the ax? Well, with all his qualities, of which there are many, isn't there a decided flavor of indifference? Of "getting alongness"? Is it the mark of the mature college student, soon to be faced with the frightening task of providing for a trightening task of providing for a family, and protecting our great coun-try at a time when mediocrity simply will not fit into any niche? When only those few who are honest and courageous enough to strive for their best, their ultimate, contributing perbest, their utimate, contraining per-fection can only conceivably be deemed capable of fulfilling man's ob-ligation to family, country, and God, through wholehearted effort and serv-ice? Is it fair that one whom God has endowed so very much upon, should behave so amugly and so assured with the knowledge that he can ice. Is it fair that one whom God multitude gotten by? The question is:

Just exactly what did they get by?

Thempelves at best themselves at best . . certainly not the true problems of man under God, (Continued on Page 4) about is the hockey trophy on display in the trophy case. This was awarded (Continued on Page 8)

Nebulous Notions

Congratulations to John Michael Ferreira. His poem "Death" has been accepted for publication in the Annual Anthology of College Poetry.

The Anthology is a compilation of the finest poetry written by the college men and women of America, representing every section of the country. But Providence College is for-tunate in having a great literary publication here on its own campus in the form of the Alembic. The stand-ards of the Alembic are so high, that Mr. Ferreira's poem was rejected out-right. . . For the Notre Dame game, students will be unable to purchase additional tickets as they have done formerly. Except for the student tickets, the game is almost completely sold out. . . . In a recent poll taken tickets, the game is almost complete-ly sold out. . . . In a recent poll taken by the Student Congress, a 3-1 major-ity voted to exclude high school girls, except seniors, from the stag dances on campus. Many have commented that these dances closely resembled high school affairs . . . Plans for the Pyramid Players Spring Musical have been approved, but a good piano play-er; is hadly needed . . . It seems as though Providence College got "stuck" when they had the steam room boilt. Already the plaster has begun to fall from the ceiling, the screws are rusted, and even the doors screws are rusted, and even the doors themselves are beginning to rust. At this rate an overhaul job will have to be done each year. A slight sug-gestion: Next time (if there is a next time) use tile for the ceiling instead time) use tile for the ceiling instead of plaster, and brass fittings on the doors. . . . For the first time this year, the basketball squad played as a team against St. Anselm's. They beat, by a comfortable margin, a team that has always given them trouble. By continuing to play as a team, they could margin the standard them. By continuing to play as a team, they could undoubtedly pull some major upsets before the season is over.

If you ever happen to go to the library, (a place for reference and not for study) look to your right as you enter and notice the Latin Trophy won by the Gurman Hall students in a National examination. Another trophy you may have been wondering about is the hockey trophy on display in the treatment.

Text of Congress President's Message

terms as Student Congressmen, future prospects of Providence College ollege glow more brightly every ty. With this advance on the part the College, greater demands are necessarily made upon the Student Government. With the number of students and undergraduate organiza tions increasing constantly, a greater need is felt for a more centralized regulation and control in order to give these varied activities form and direction, so that an orderly and well-balanced college life may result. Much has been done—but much re-mains to be accomplished.

nains to be accomplished.

In the past, however, most of this has been done by piecemeal legisla-tion. A far-reaching and comprehen-sive program of legislation is needed so that greater order and purpose will be given to the policies and pro-grams of the Student Congress. There fore, it is my purpose to present to you today just such a program.

Regulation of Extra-Curricular

Activities
For some time now, it has been the considered opinion of many individuals prominent in campus life that some system of regulating extracurricular activities and the partici-pation of students in them is vitally necessary. To this end I am submitting to you an act creating a department of Student Activities to be headed by an individual whose task it will be to carry out and enforce the provisions of the act which I am proposing. It will be the specific duty of this department to keep an accurate list of all student activities, the officers and members of these activitics, and also the number of activities in which various students are en-

In the past, it has been all too un fortunately apparent that many in-dividuals have taken on more activities than they could possibly partici-pate in with sufficient interest and time. Therefore, I shall send to you, as an integral part of the Extra-cur-ricular Activities Bill, a POINT SYS-TEM PROGRAM by which a student will receive a certain number of points for the various activities in which he is engaged and will be restricted in the number of points he may receive. When he has attained the limit number of points, he will be restricted from further participation in more activities.

I fully realize that this may come ne of you as a legislative bomb-but I assure you that I have given the entire situation long careful consideration. A list of the points to be attributed to various positions and organizations is contained in the act which you will receive. Dance Regulation Measures

At our last session of the Congress it was proposed that the high school girls who attend informal school dances be restricted in certain respects. Due to a situation wh rapidly growing out of hand, which lieve this measure to be vitally neces sary for the good of Providence Col-lege. Only high school seniors will be admitted and this shall be enby other acts which I shall

Another measure I am recommend ing is to inform the officers of any organization holding a social function on the campus of Providence College, that the Student Government will hold them completely responsible for any violations of school rules or Con any violations of school these of con-gress laws. Under a system which I shall later refer to, the Congress will have the machinery to absolutely as-certain the violators of these rules and also to call them to task for these violations.

shall propose to you, machinery will be set up to properly investigate, pros-ceute, and adjudicate all violations of school and Congress

ecute, and adjudicate all violations of ing more school spirit. We are always school and Congress regulations on remarked to the part of any individual, club, or time and energy will be expended regards with the properties of the Congress will be an agency of carefully chosen and anonymous persons whose duty it shall be to gather first hand for the tremendous strides which information of all transgressions and

whose chief function it shall be to on to great accomplishments in interwhose chief function it shall be to on to great accomplishments in interpresent to and prosecute before another agency, all cases involving violations and the same respectively. During the first basketball game of the represent the Student Government or the season many students were favorable in all cases to which it or one of its agencies shall be a party. Both this case of the season and the possibility of providing a personnel and the representation of the possibility of providing a personnel and the representation of the possibility of providing a personnel and the providence and the possibility of providing a personnel and the providence and agency and the previous will be under the supervision of a director to be appointed for that purpose.

By means of the next act, the Ju-dicial power of the Student Government shall be vested in a Student Court. This Court shall have full pow-er and authority to decide all cases referred to it by the Congress or its duly authorized agents and to impose sanctions for violations. Ring Committee Reforms

Ring Committee Reforms
I shall shortly propose to the Congress, a measure to insure fair and
ethical practices by all companies
competing for a class ring contract
at Providence College.
Election Law Amendments

For some time I have felt a need for supplementary legislation con-cerning elections at this institution One of these pieces of legislation will be to regulate expenditures on behalf of any candidate for office. This will, I believe, prevent individuals from gaining office whose sole qualification is the ability to spend lavish sums of money on campaigns and eliminate unfair competition to those whose budgets will not permit them to meet

such a challenge.

All individuals wishing to form a party for elections will be required to register that party with the Stu dent Congress to protect both them selves and the Student Government

any controversy.

These provisions would be admin istered by an electoral commission established by the Congress. Passive Membership on Congress

According to our Constitution, The Congress is composed of active mem-bers elected by their class and pas-sive members designated by certain pus organization

It has been abundantly clear for some time that these organizations do not even have the interest to appoint the passive members to which they are entitled. Not one passive member has attended a single meeting this year, although these organ-izations have been reminded of their privilege and obligation by means of official notices. Therefore, I am ask-ing you for a constitutional amend-ment doing away with passive membership entirely. These special in-terest groups will still have the right of any organization or individual to bring any matter to the attention of he Congress at any time. However, can see no need for maintaining a lobbying organization as a formal part of the Student Government.

School Spirit
The students of the College are to be congratulated for the continuing rise in school spirit. When one criti-cises any lack of school spirit at this institution, both from within and without, he should hold in mind those without, he should hold in mind those things of which school spirit consists Pride in the academic and social prominence of the school is definite-ly a factor. With our beautiful new gymnasium we have the capabilities housing all the students and ends of Providence College who the to help promote even greater school spirit. It is my hope that those who have the athletic direction this college in their hands will everything in their power to impro and expand the other side of the ath-letic situation, providing teams whose skill in their respective sports, devel-oped for many years before they came to Providence College, will make the students have a greater interest in attending games in the years to come. This, I feel, is one answer to provid-ing more school spirit. We are always

To the members of the Student Control to present these to the proper au and cheerleaders also deserve no thority to be set up by the Congress.

As we reach the halfway point in our terms as Student Congressmen, three-fold plan shall be a department all. From this foundation we can go

ent mascot at Providence Col

I have tried to cover with you to day the major points which I feel are necessary for assisting, augmenting and correcting many situations in campus life, which, after all, is one of the reasons for the existence of student government.

It is with great expectations and great hope that I present you these programs and look confidently to the future. I ask your careful consideration of these matters.

I cannot emphasize too strongly to you that you should consider these measures without fear of individuals or organizations. Remember that you have been sent here by the members of your classes to do the best job that you possibly can without fear

Respe DANIEL C. WALSH, President of the

Office of the President January 10, 1956

Open Letter Jo Frosh

"How brightly is he born or taught, hose passions not his master are." So philosophized Wolton in his for a true, non-contradictory search for a true, non-contradictory understanding of the nature of man. It is a wise statement, and is not inhibited by a sole interpretation of its message. It is fair therefore, for the writer to apply it to whatever current situation might benefit from

In the forthcoming freshmen elec-tions, the class of 1959 will function for the first time as a body striving for the best leadership possible. We are preparing now the social and political bed mentioned in the pro verb, which we will have to lay on for the remainder of the year. We must not allow personal feelings of either great friendship or dislike to deprive us of the best possible leader-ship. Consider, when contemplating whom you want for class officers, their qualities of character, citizenship qualities of character, citizer school spirit, service, ability, are the important sincerity-these factors-not what person he is physically, but what he is, using the above prerequisites as a well he plays basketball, but how hard he tries . . how much moral support he lends to his teammates; not by how much or how well he speaks, but by what he says. Above all, ask yourself: Which is my master? Have I achieved that point I must achieve, where I am man and adult enough to think of the good of that of which I am only a part, or of just

myself and my friends? Our class will not be petty, n will it be unfair or unthinking. are faced with the privilege of planning our future through com-petent leaders, chosen for their execu-

and Christian powers.

closing, whomever you vote
VOTE and vote with honesty!

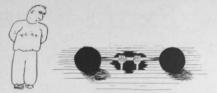

Sincerely yours, Dick DeNoia, '59

This Time Last Year

The Frosh elections, replete with the usual promises and slogans, in full swing . . .

Gripes and groans as exam schedules are posted . . . Alembic comes out, lack of con-

tributors hit COWL editor sings swan song ROTC dance to honor Col

17 Freshmen Candidates . . .

(Continued from Page 1) students; we feel that we owe our loyalty to the Class of 1959 as a whole ot to any one faction.

Finance

We pledge a broad policy of sound conomy and equality for all. Expenditures will be kept at an absolute minimum. A series of informal dances will be held in order to raise money for class activities. We promise that the Class Dance will be one of the very best affairs ever held in the history of Providence College. It is our aim to work unceasingly for that end. We will do the utmost in our delegated power to make this year of 1956 the most outstanding in Freshman Class history and to make the class of '59 the greatest in the annals of Providence College.

UNOCRATIC PARTY

President, Vincent Garry; Vice President, Paul Fi Treasurer, Jack

Eckert.

whether it be good or bad. So is our party, the Unocrats. We want to do our best for the Freshman Class. We'll make no sensational claims, but we feel with your help and co-operation we could make this freshman year something to talk about

Remember our party represents cross-section of our entire class. V have a day student, Jack Eckert; a veteran, Paul Flaherty; and two dors students, Richard Landino and Vi cent Garry. We do not cater to one part of our class

As everyone knows, a politician is apposed to make campaign promises. We have a few ideas in mind, but they have to meet with your and we have in mind: 1) Spring dance for freshmen, of course; we will try to make it better than in past years-This dance depends on each and every Freshman. Only with scooperation and your ideas can with your make if something worthwhile. 2) A Class picnic—you decide. 3) Better facilities in the dorms. 4) The formation of a society for school spirit. This society will take up question rallies, intramural sports, and dances as a part of the Student Congress

The latter three, of course, depend upon the rulings of the Student Congress and the administration

Respectfully Submitted, Vincent F. Garry, Jr

CANDIDATES FOR SECRETARY

Fellow Classmates of '59

As candidate for Freshman Class Secretary, I would like to take this opportunity to thank all those who have given me their support and en-couragement. The time has now come for the Freshman Class to select its first leaders. These must be qualified men, capable of handling responsi bility. They must be leaders and give adequate representation to all fac tions. The student should remember that the caliber of the representatives will determine the caliber of the Class

On behalf of my candidacy for Class Secretary, I would like to issue the following statement:

If I am elected, I shall do my ut-most to represent the Class of '59 and will labor diligently for the best Moss ... and will lasor onligently for the best interests of both our class and our Father Slavin tours Near East ... school. I will strive to attain for this like proves regular golfing part class, if chosen, a greater and more ner to Ronnie Quinn, '56 ... vigorous promotion of School Spirit

and other measures that will insure the Class of a progressive program.

In closing I would like to say to my fellow students: On the day of elections remember "No matter how you vote, be sure to vote."

Sincerely, Bob Hickey, '59

VERACRATIC PARTY

The Veracratic Party has one of the nost promising slates of candidates een in recent Freshman Class elec-For President, our candidate is Jim Baker who is a graduate of Rogers High School in Newport. During those years, he was active in track and an outstanding member of the ROTC program. He is a dorn student and resides in Stephen's Hall Jim is one of the promising cross country aspirants, and was recently appointed Art Editor for the COWL

Seeking the office of Secretary is Jack Kelleher. Jack is a graduate of La Salle Academy where he was a member of the varsity football team. He was also active in many other school activities being top candidate for senior president.

Ed Lebeau, a well-known around the campus, is our candidate for Treasurer. He is a veteran, having served in the U.S. Coast Guard for four years after his graduation from Pawtucket East High School. In the short time he has been here at P. C., Ed has starred in "Stalag Seventeen" o is an active member of the

Ford Grant . . .

(Continued from Page 1) may be used only to increase faculty salaries . . . Colleges with teachers who serve as members of religious orders may use their grants for lay faculty salary increases or for the professional advancement of teachers

who contribute their services.

"The grant amount mentioned for any college is subject to correction and adjustment . . . Final determina-tion of the colleges eligible for these grants and the exact amount of each and adjustment Final determina grants and the exact amount of each grant will be made by The Ford Foundation in keeping with the pre-ceding principles."

In line with the above, a com-munication dated December 30, 1955, from the Ford Foundation states:

"Within the near future each col."

om the Ford Foundation states: "Within the near future each college or university will be asked by the Foundation to complete an ad-ditional form with comprehensive and comparable figures for 1954-55 salary payments. Analysis of these figures will enable the Foundation to make the final determinations of the grants comparable among all participating

titutions participating in the program, some may receive more com-plex forms than others. These forms will not necessarily be mailed to all participants at the same time. No participants at the same time. No time factor is involved, however, in-asmuch as collection and analysis of the new data can easily be completed before the first grant payments are due in June 1956."

Legal Club To Hold Friday Night Dance

The St. Thomas More Club will hold an informal stag dance Friday night, Jan. 13. Twenty-two girls' colleges have been invited. Music will be furnished by Arnold Sarazen and his band. The place is Harkins Hall, and the time is 8 o'clock. The price is 50 cents for couples and male stags and 25 cents apiece for girls. The dance was arranged by Daniel Harrington, '56, club president.

R. I. Chemical Society P. C. Annual Meeting Friday, January 13

Father Hackett has announced that the R.I. Chapter of the American Chemical Society will have its annual P. C. Meeting on Friday, January 13.

It will begin with a social hour from 5:30 to 6:30 in the Guild Room of Alumni Hall. A dinner will follow Student Union of Alumni Hall. The formal meeting will take place at 8:00 in the Albertus Magnus Auditorium. As of yesterday the speaker and topic had not been decided, but will be announced at a later date.

Kent County Club Gives Xmas Party

The Kent County Club successfully Joseph College-P.C. Joint Concert. sponsored a Christmas Party for the Lakeside Home in Warwick on Dec. 22. The 15 children and older boys sored by the Veridames and P. C. ranged in age from 3-15. Gifts from Veterans' Club. trains to footballs were distributed by good old Santa Claus, aptly played by concert version of Aida, Rhode Island Brian Wynne. This main event for the children was supplemented by a movie, the singing of Christmas songs and the distribution of goodies. The R.O.T.C. Receives club extended its thanks to Mrs. Walsh, superintendent of the home, New Instructor for her interest and cooperation.

The annual bowling tourney was held at Mac's Bowlaway on Jan. 2 M/Sgt. Ronald W. Orchard, Inf., where an enjoyable time was had by is the newly assigned ROTC Inmembers and their dates. An impor- structor at Providence College. tant meeting will be held tonight, M/Sgt. Orchard's distinguished bers are urged to attend.

By Paul Powers

I can bet that Ted Tedes es he could play against Dick Duckett I can bet that Ted Tedesco wishes he could play against Dick Duckett and Co. more often, although Coach Joe Mullaney may not express the same feelings. After completing a very successful sophomore year, Ted found the going quite rough last year, spending much of his time on the bench. This his senior year started out the same as the previous year, but, we all knew that Ted had it in him and that some one of these nights he going to explode. And what was a more opportune time to do this than when facing a neighborhood pal? Duckett, who has been called by many the best ball player in the New York area, was completely stunned by the performance of his close friend from the Brooklyn borough. Talk was going through the stands that Duckett was going to be slowed by a heavy cough, but, I don't think it was the cough that slowed him, but it was the blistering first half finish by Tedesco and his mates.

The performance the Friars put on just before going home for the holi has performance the Friars put on just before going nome for the noisi-days was by far the best they had shown to that point. That final game with Colby back on December 17th, was by far a complete team victory. Then right back from a two-week lay-off the Friars showed that they really could play with the best of them when they almost accomplished the impossible, upsetting a power the like of St. John's.

In previous years the Friars always had one outstanding scorer on the team, such as Schlimm, Bob Moran, and Mike Pascale. But this year it is different, and with every game the top scoring spot is shared by a different player. One night it will be Pascale; another it will be Ritch, or maybe Jenkins; and then on Thursday it was Tedesco. I haven't forgotten the little fellow from All Hallows, one Frank Tirico. Of all the Friars, Tirico has shown to be the most consistent over the previous games. Against St. John's, Frank finished second to Tedesco with 10 pts.

Hockey Scene

Saturday night the P. C. freshmen hockey team made its season's debut against the Brown Cubs. The results were very good, with the young Friars finishing on top, 7-2. The yearlings have a very aggressive club, and the future looks promising. On the same bill the varsity Frars played the Brown upperclassmen, and the results were not so good. The Bears got a two-goal jump on the Friars, and the Friars could not overcome it, losing 7-3. Wait

When this paper comes to the stands next, and you turn your attention to the sports page, you will find yourselves faced with a new columnist. After this edition has passed through the printers, the present editors will wash their hands of the headaches of the newspaper business, some of us never to darken its doors again.

It has been my privilege during the last two years to see the two new eras beginning here at Providence College. In my junior year, the Friars made their debut into varsity hockey. It was a very memorable one for the Friars who in their first year were up against some of the best comfor the Friars who in their first year were up against some of the best competition in the east, if not in the whole country. Probably the biggest accomplishment during that first year was the upset of Clarkson, a team that was destined to go to the NCAA tourney until that fateful night the Friars turned them away, 42. In my senior year, a new basketball era has opened here at P. C. which brings some of the best teams in the east and some of the most outstanding players in the country to the floor of Alumni Hall. In the future we will be able to see such powers as Holy Cross and Notre Dame. It would certainly make the beginning of this new era a success if the court Friars could succeed in beating one of these teams.

The sports outlook for Providence College teams is a very bright one. The footner we will be reading about the accomplishments of their teams

In the future we will be reading about the accomplishments of their in every newspaper in the country.

I would like to express my thanks to the Rev. Frs. Begley and Schneider and to the whole coaching staff and to the coordinator of athletics, Cuddy, for their cooperation during my two years as editor. Without help much of the news would not have been able to be printed. Without their

Yearling Skaters Win Opener

period, the Friar freshmen walloped the Bruin Cubs by a 7-2 count. It was the third straight win over the Brown frosh in their short two year

Opening game jitters seemed to tell the story in the initial frame, as the young Friars constantly applied the pressure, but were unable to score. The Black and White opened the scoring in the second stanza when Ray Labbe counted at 12:24. The young Friars then seemed just about young Friars then seemed just about ready to leave the ice enjoying a 1-0 advantage, but with thirteen seconds left in the second period, and P. C. a man short on the ice. Don Woodley of Brown put one past Jim Toomey to knot the count one-all.

The third period opened with P. C. again putting on the pressure, but at 1:33 Brown's Dick Cleary (never attended Harvard) tallied to put the Brown frosh on top 2-1. At this point Don Girard replaced Jim Toomey in the nets. Providence came back with Labbe (Ray's twin brother) slipping one past Gerry Cantini on a pass from Bert Lajoie and it was a new game at 2-2.

A little more then half of the final stanza remained when Ray Labbe scored his second goal of the night to put the young Friars ahead for keeps. Bob O'Connor tallied the fourth Friar goal as the Cubs showed igns of tiring. The Black and White xtended their scoring spree when like Lovett, ex-Burrillville skater, added another

Joe Barile, former Hamden High Joe Barile, former Hammen High center, blinked the red lights, as the assault continued with less then a minute to go. Gil Domingue closed the Friar scoring when he beat Cantini at 14:51 to make the score board read 7-2 Providence College.

Intramural Notices

By JIM SHEAHAN

Raskethall-

16 through January 20 have been canceled. Any teams having changes to make in the schedules handed into the intramural office must do so

The basketball schedule is set up n a round robin basis. Once game are arranged, they will not be post poned unless both teams have ar ranged for a new date at least 24 hours before this scheduled contest, and also have informed Mr. Louthis

Any student interested in official ing at the intramural games is asked to contact Mr. Louthis as soon as

Schedule for the remainder of the

Friars drive for a goal in last week's Brown game at the auditorius

Thursday 12:40—Sophomore Political Science Tedesco And Tirico Star 12:40—Junior Economics vs. Fresh- In Latest Friar Contests

Last Thursday night, the Providence College court Friars plus a juvenated Ralph Tedesco returned action against the Redmen from St.
John's, and turned in a fine performance in a losing cause. The Redmen had to go all out to top the Friars, and in the second half they pulled away to a 79-59 verdict.

Although the Friars were beaten by such a wide margin, the game was really closer than the score indicates. In the first half the Friars played the best basketball they have played all season, down at the intermission by only three points. During this session the Friars shot and played on ever terms with their taller opponents from the Brooklyn borough

Tedesco Shines

St. John's came to Alumni Hall fresh from a win over URI the prev-ious night, and the Friars had been idle for some two weeks. Among the talented personnel on the Redmen's team were a couple of gentlemen by the names of Duckett and Parenti. It was these two that gave the Redmen a hard earned victory over URI. If the Friars wanted victory they would have to stop these two. That's just what they did in the first half. But the end it was these two that rought the visitors through under heavy fire. But, this was not accom-plished until Duckett had shaken off the effects of stunning performance by a neighborhood pal of his. The neighbor in question was one, Ralph Tedesco, one of the only two seniors on the club. This performance put on by Tedesco was by far the most brilliant he had performed since his soph-omore year. During that year he had omore year. During that year he had quite a few fine games under his belt, including a 31 pt. performance against the University of Rhode Island. Thursday night Tedesco came off the bench and sparked the Friars to within three points of the visitors at half. It must be said without any doubt that during that first session Tedesco comdominated his neighborhood buddy, Duckett. During the first half Tedesco had nine tries at the hoop

greatly needed points. Redmen Open Up

Leading by only three half, 37-34, the visitors led by Duckett and Parenti started to pull away from the Friars. Slowly, but surely the Redmen built up their lead, only to have it cut by the hustling Friars. But, despite their efforts to hold the but, despite their efforts to hold the visitors in tack, Parenti kept pouring them in from around the hoop. Having been held to only 5 pts. in the first session, Parenti killed the Friars with his 15 pts. output in the second half

Team Work Pays Off

The Redmen are not just a two man club as indicated previously, but they really play together as a team Joining Duckett and Parenti in the scoring parade are Bill Chrystal, Dick Grogan, Bill Cowley and Wait Brady. This crew gives the Redmen a good solid

Upset St. A's

Sunday afternoon the Friars travel-ed north and upset the Hawks of St. Anselm's, in what is said to have been the top upset in small college basket-ball here in New England. The performance put on by the Friars was the best of the season, and was truly a team victory, with nine of the ten players in the scoring column Lead-ing the attack for the Friars was frank Tirico and Ted Tedesco. Tirico finished the game with 17 pts. and Tedesco, who seems to have finally found himself, finished the contest

The Hawks who went into the con The Hawks who went into the con-test with a record of 7-1, losing only to Holy Cross, were completely dom-inated by the play of the Friars. After Trirco started the contest with two hoops the Friars began to move and the Hawks could not catch up. The sure play of the Friars in the first half resulted in them building up a lead as much as 14 pts. at one point. The P. C's defense improved in this game and they held the Hawks to only 17 field goals. The old platoon system again paid off for our Coach Mullancy, as he alternated teams in Mullaney, as he alternated teams in (Continued on Page 7)

Gorman The Great

Gorman The Great

Dec. 13, Boston, Mass.
Inspired by a pre-game pep talk
by their No. 1 fan. Fr. Schneider,
who reminded the boys of they
precious victory over Brown, one
year previous, and stirred by the
memory of the tragic death of Father
Ahern, who was stricken while watching the game a nent un Providences
ing the game a nent un Providences ing the game, a pent up Providence College sextet shook the rafters of the Boston Garden with a stunning 5-4 overtime upset win over the 54 overtime upset win over the eastern N.C.A.A. representative of a year ago, and generally rated No. 2 in New England this year, namely the Crimson of Harvard. It was indeed fitting that a doubtful player for that game, Rod Gorman, showed what it is to have heart, as he scored three goals including the winner, despite a bothersome leg. Rod had an added incentive, as did Mike McDonough, who played sixty-four minutes of brilliant hockey, and goalie Phill Crawford, who turned in a com-Phil Crawford, who turned in a com-mendable job, all come from the Bos ton area and were performing before many of their own friends

Following a two goal explosion by the Crimson at the start of the game Crawford replaced Ed Hornstein in the nets and held Harvard scoreless. In the middle frame Lou LaFontaine In the middle frame Lou Larontaine blasted home one of his patented line shots from the blue line, and Gorman netted his first, helped out by Ed Monahan, but the Johnnies tallied twice and held a comfortable 4-2 margin. But in the final chapter, the storm clouds, which had been gather-ing over the Harvard cage, crupted and not even a brilliant exhibition by the Crimson's All American net minder Chuck Flynn could restrain the irrepressible Friars. Gorman and Monahan scored to send the game into sudden death overtime, when at the 4:51 mark of the overtime session Gorman, skating in from his left wing, blasted it past goalie Flynn and sent the crowd into hysteria. Bob Cleary turned in a brilliant scoring effort in a losing cause. What a story

Poison Ivy

That is the term we like to call the Friars in general, and Ed Mona-han in particular, as the Rondeaumen turned in their second upset win in a row coming from behind to scalp the Dartmouth Indians in a Granite State clash 8-4. Monahan, who is usually tough on the Eli of Yale, proved just as tough for Ed Jerimiah's ivy league redmen, as he paced the attack with four goals. It was indeed a sweet win for Coach Rondeau over his alma mater and former coach.

Victory Express Derailed

The Friars current win streak game to an abrupt end as they dropped a 6-2 verdict to a speedy R.P.I. six on the latter's home ice. Renssalaer packed just a little too much power

Back in action following the holi-day break, the Friars traveled here to take part in their first tournament. In the opening round they drew the B.U. Terriers for a Boston Arena

P.C. found the very aggressive Bos-ton sextet too much to cope with and made so many mistakes that going into the final minutes of the s stanza they were trailing 7-3. At the eighteen minute mark in a face off at center ice between Jack (irresis-tible force) Murphy of B.U., and Rod (immovable object) Gorman of the Black and White and what gave was just about the worst riot in re-cent years in New England college bockey history.

Murphy thought he was slashed by Gorman and started high sticking and pushing, and pretty soon the boys were pushing, and prevey soon the boys were trading blows. In the attempts to break it up by their respective team-mates, a full scale war broke out which the referees failed to handle, and in which police supervision was necessary. The Friars bowed to the necessary. The Friars bowed to the plea of their coach, while their op-ponents were not so eager to cease hostilities. Gorman was bleeding from the nose, while goalie Ed Horn-stein was accidently kicked by Mur-phy's skate and suffered a cut over the eye. When the ice was cleared of sticks and gloves, Gorman, Hornstein, and Ray Blanchette were ejected from the contest, while three members of the Terriers were expelled Phil Crawford replaced Hornstein in the Providence nets, and the Red and White scored at ease against the ailing goalie and rolled up a lop-sided 14-3 triumph. John Caruthers, a Canadian youth, and an all-tourney performer scored four goals for the

A Valiant Effort

Lynn, Mass., Dec. 27.

The Friars sufficiently recovered to travel to this north shore city, where they met with Dalhousie University from Nova Scotia. Paul Sainato's unassisted first period tal-ly was the Rondeaumen's first score, ly was the Rondeaumen's first score, and following another pair of un-assisted efforts by Lou LaFontaine and Sainato, the Black and White held a 3-2 lead at the end of the second frame. In the final chapter, Hornstein was cut again and had to retire, and Sophomore Bob Magner was pressed into action. Magner had been sidelined all season with a bad

The Friars played brilliant hockey, and goals by Bernie McCrink, who broke his scoring slump, and Monahan forced the Canadians to come from behind and tie the score in the dying seconds of the game. The dying seconds of the game. The visitors, who were fast on skates, but slow on rules, won it 6-5 in 7:42 of the overtime. Itwas a good, clean, hard fought contest.

Jumbo-Friar

Paced by three straight goals by red hot Paul Sainato, the Friars jumped off to a fast lead over high

Rifle Team Divides Last Two Meets

The prospects of a perfect holiday for the members of the rifle team were marred just before the vacation by a loss at the hands of the Coast Guard Academy.

Although the defeat was nothing to

ashamed of, since C.G. has ruled the rifle ranges for years, it was rather frustrating to the previously un-

After a long ride to New London, the marksmen sharpened up their sights by zeroing in. Then the shells started flying, and a nip 'n' tuck battle ensued. At the end of the first relay (the first relay consists of the first three men for each team) the Friars led by five points. The second relay saw the Guardsmen 30 four points up. Eventually, the third relay was com-pleted, and the score remained close as the targets were scored. When the smoke cleared the C.G. had a victory 1397 to 1390, but the Friars had made impressive showing to the still reating Admirals.

The top men for P.C. were Al Shunney, Joe Stapleton, Dave Harrington, George Foley and Jack Morrissey. These were the men whose scores counted, but they received both team and moral support from John Janitz. Gerry Farley, Art Carr and Phil

a little more enjoyable as they re-turned to the home grounds and topped the Jesuit institution from Boston, better known as B.C. The score was a little-off for the sharp-shooters after a long layoff, but it was more than enough to clip the Eagles. The final tabulation showed P.C. 1363,

The Friars' high man was Joe Stapleton with a 282 score. He was closely followed by Janitz, Foley, Harrington and Morrissey. The win brought the Friars' season mark to 2 and 1, with a 4 and 1 league record. The standings go like this

	Won	Lost	P.C
ale	. 4	0	1.00
J.S.C.G.A.	3	0	1.00
rovidence	4	1	.80
onnecticut	2	2	.50
thode Island	2	2	.50
rown	1	1	.50
larvard	1	1	.50
loston College	1	2	.333
Vorcester Poly	- 0	2	.000
loston University	0	3	.00
rinity	0	4	000

The Friars' next opponent will be against a tough B. U. team. Despite their poor record they have giver some stiff competition to Yale and UConn and lost to URI by a single

Tedesco . . .

(Continued from Page 6) and out of the contest. Tirico was member of the starting five and Tedesco was a member of the second unit. Frank O'Connell, from the Hawks was the game's individual high scorer of the contest with a total of

Home Twice This Week

This week the Friars play two games both of them on their home court and both of them against Springcourt and both of them against Spring-field teams. Tomight they are hosts to AIC and on Friday they host Springfield. Then the Friars get another breather, if that's what exams are referred to, until they engage Georgetown on the 28th of January in Alumni Hall.

ATHLETIC NOTICE

Providence Business Leaders Take Part In Conversations With New England Colleges Fund

with Providence busi-about the work of The New England College Fund, Inc.

The group which begins visits tomorrow will be speaking for twenty-two independent New England colleges. These colleges, including Providence College, formed the Fund to provide a simple and effective means for business and industry to extend aid to higher education. The group's first corporate gift came from Providence just two years ago. The Fund has since been the channel for distributing to its member colleges almost a quarter of a million dollars in con-tributions from business.

The president of the Fund this year is Charles F. Phillips, President of Bates College. According to President Phillips, the Fund hopes to be receiving at least a half a million dollars annually from business and in-dustry within a few years.

He pointed out that similar gro of colleges in Indiana and Ohio had already achieved this goal. President Phillips added, "I am happy to say that many corporations have already found that the Fund offers an attractive means of assisting non-tax-sup ported higher education here in Nev England, for a single gift helps of the twenty-two member colleges. For many businesses, the Fund has sharply reduced the difficulties of determining how the corporate educational dollar is to be spent. For others, this college federation has pro-Har-win efficiently present plans of aid to ea to ucation."

Charles W. Cole, President of An herst, pointed out that "The basic problem for the colleges is to make up the difference between the actual cost of education and the amount which our colleges receive from fees and endowments. The Fund provides

Pyramid Players To Hold Meeting On February 2

The Pyramid Players of Provi-dence College have scheduled the first meeting of the new semester for February 2, in room 300 at 7:15 p.m. On the agenda are several teresting items. A discussion of the Spring Musical by the authors is planned. A Lenten Play selection will be announced, and committees will be formed. This will be the first Lenten production of the Players in

It is hoped that a speaker will be able to address the meeting. It will be on some phase of the technical

President Richard McCarthy sending out a call for new members. Although this is highly irregular, he felt that many people would like to join the Players after their last sucessful production.

Plans for the annual banquet will be formulated, and the possibility of forming a committee to make plans will be discussed.

Officers of nine New England in-dependent liberal arts and sciences this responsibility with the friends colleges will begin a two-day series of

He stressed the fact that the college He stressed the lact that the college officials hope not only to bring about greater understanding of the pur-poses of The New England College Fund, but also to give businessmen a better idea of the problems which all independent colleges are facing

The following college administrators The following college administrators will take part in the two-day visit. Edward H. Turner of Colby, Rev. Bernard G. Holmes, O.S.B., of St. Anselm's, A. Howard Mencely of Wheaton, Paul Connolly of Providence, Gilbert R. Tanis of Dartmouth, Miss Natalie Hoty of Smith, Edward H. Pendergast of Emmanuel, Mr. Joseph S. Vahey of Regis, and Mr. John B. Annett of Bates.

In addition to the above, the colleges which organized and benefit from the Fund are Boston College, Clark, Connecticut College, Fairfield, Holy Cross, Middlebury College, Rad-cliffe, St. Michael's, Tufts, Wellesley, Wesleyan and Williams.

Raymond H. Trott, President, Rhode Raymond H. Trott, President, Roode sland Hospital Trust Company, Henry D. Sharpe, Jr., President, Brown & Sharpe Manufacturing Company and Thomas F. Gilbane, President, Gil-bane Building Company, are members of the Fund's Business and Industry

Workshop Planned For February 12 By Religious Group

The Religious Interest Group, part of the P. C. chapter of the N. F. C. C. S., is formulating plans for a renal workshop, Sunday, February The workshop will be made up 12. The workshop will be made up of panel discussions and round-table talks. The Liturgy section of the group is planning to show a movie on the Mass. Paul Quinn, Senior Delegate, is in charge of the day's activities; Joseph Salvatore is sesting him. At the workshop will assisting him. At the workshop will be representatives of all the Catholic

Agua Friars In Shipshape

From the general appearance the swimming workouts at Wansku Pool. P. C. should be well represented by its swimming club this year. Most of the team has seen previous action in high school while the rest are spirited novices. The schedule for the 1956 season is as follows: East Providence, St. George's, Holy Cross, and Quonset. All of these meets will take place in February except the one with East Providence. Great things are expected this year from our Aqua

Nebulous . . .

(Continued from Page 2) Providence College for the best New Haven clash against Yale. record against small colleges last . A welcome sight is the telephone booth in Alumni Hall. But since a booth was recently removed from Aquinas Hall, it appears that the Telephone Company merely "robbed Peter to pay Paul." (One booth isn't enough anyway). . . . It's too bad that a room as large as the general exercise room is being used to house the coat racks in between basketball games. . . . Through the years there has been much talk of a college mascot. Polls have been taken, plans have been made, but in the end it seems that all efforts are fruitless. The big problem seems to be the caring of the mascot in the summer. Until this problem is solved, it might be nice to have a mascot which could be folded up and put in moth balls for the summer. (No feeding expense either.) . . . That new voice you may hear over radio station WPRO most weekdays between 5:15 p.m. and sign-off (12:05 a.m.), belongs to none other than Providence College's own Gerry Terpenning . There appears to be a definite lack of school spirit on this campus. Too many students feel that school spirit consists simply of cheering at a basketball game. (Some don't even do that.) It would be more correct to say that school spirit is the love a person has for his school, expressed through his actions according to his talents. Certainly each student has at least one talent. It would be horrible to think that so many had no love for their school.
