Student Loan Fund Proposed
By Rep. Lilly At SC Meeting

Two proposals, one concern- ing a student loan fund, the other, concerning permanent plasticized identification cards for PC students, have been brought before Congress at student congress meetings. The student loan fund was proposed by junior biscuit, Rep. Lilly. The proposed plan would authorize the Student Congress to set aside two hundred and fifty dollars at the start of next semester. Students would be allowed to borrow up to twenty-five dollars, and the money borrowed would become due to the Congress in two or three weeks.

Juniors Voice Much Discontent
With Balfour Ring Replacements

In a recent poll of juniors, it was disclosed that there is much discontent concerning their business dealings with the Balfour Company. The question was put to them: "What do you think of this second ring and what do you have to say about the Balfour Company?"

About 50% of the people interviewed had complaints. Some of the complaints were the following:

William Riley—"I received a chipped stone in this second ring—not extensive, but still chipped. I would not recom-

Under the proposed plan, a board set up by the Congress would consider the application of the student applying for the loan. The student would have to show how he intended to repay the loan to the board on the application. The board would probably consist of one representative from each class. No interest would have to be paid on the loan. If the loan were not repaid on the date it became due, there would be a tax of twenty percent added on to the loan. Seniors who are in the last semester would not be eligible to secure a loan.

Fresh Pres. Urges Ticket Sale
To Counteract Possible Apathy
"Whether it's because of apathy or lack of funds, the freshmen have not shown the interest in Freshman Weekend that is expected of a class this size," was the comment of Fred Lombardi, president of the freshman class in regard to the sale of tickets for the upcoming Freshman Weekend.

The bids for the weekend to be held May 5, 6, 7 have been on sale both in Alumni Hall cafeteria during the 10-20 break and during the meal hours at Raymond Hall. The $18 fee for the weekend is not an excessively large one and should be easily accessible to the majority of the students, especially the day-hops who will not have the added expense of providing a hotel room for their weekend guests according to Lombardi.

The committee for the weekend, headed by cochairmen Frank Smith and Robert Cher- ney, have arranged a weekend that should prove to be both entertaining and comparatively cheap.

Both of the two weekend dances will be semi-formal. The Friday night affair will be held at "The Farm," with music provided by Bunny Perry's Orchestra, while the Saturday night dance will feature Tony Ab- bott's Orchestra and will be

ELECTIONS
POSTPONED
Due to the death of the Rev. Robert J. Slavin, O.P., President of Providence College, the election of class and Student Congress officers has been put off until next week. The speeches also have been put off until next Tuesday afternoon.
Federal Aid Stirs Domestic Dispute

By Pete White

Federal aid to education is perhaps the most controversial issue that confronts the citizens and lawmakers of the United States. Recent arguments, both pro and con, have aroused considerable interest in both political and religious spheres.

Various studies have shown that federal aid to education is necessary for public schools. These schools are financed by private funds, usually tuition, contributions, and endowments.

There is no doubt that federal aid would have, in the future years, duplicated the immense strides already taken by the College during the span of his stewardship.

The President's chair will, of course, not long remain empty, and we look forward to the achievements of an eminently capable successor. Yet one could not be more ill-advised than to envy the new man in his efforts to discharge the duties of the presidency with the same singular success. We cannot but wonder whether, in the death of Robert J. Slavin, our diplomas have not lost a touch of their potential lustre.

In The Cowl's case, Father Slavin will always be remembered as one who, although not invariably in agreement with our standpoint, always accorded us the fullest respect and support of their position.

What's brave, what's noble, even in agreement with our standpoint, is that to use tax funds to assist the schools, it also calls for as-,

THE PROVIDENCE COLLEGE GLEE CLUB

Junior Weekend Committee Urges Immediate Ticket Sale

By Bob Cicilino

The Junior Weekend starts off with the biggest social event since the Sun Francisco earthquake—the Junior Prom. It will be held at the luxurious King Philip Ballroom, famous for the Cosmopolitan Plumbers Convention of 1942. Ralph Flanagan, who really isn't left-handed, and his student will give the music, starting at 9 p.m.

The Committee to Improve Our Neighborhoods voted in favor of slow dancing at the Prom, so a good roll-on-large banjo-playing will be necessary to ward off any unpleasantries, such as the Australian free-style disease. At a meeting held last Tuesday night, members of the various committees voiced approval of black tuxedoes as the attire for the night.

Reasons: tradition; uniformity; its easier to keep a black tuxedo black than it is to keep a white tuxedo white; and those who would want to see white tuxedos might be mistaken for waiters or busboys or Fred Smythe.

The Non-Floral Committee, since its functions are rather limited, has been absorbed into the Queen Committee, which will provide flowers for the queen and her court.

Doctor Stone

Here May 8

Doctor Frederick L. Stone, assistant chief of the Division of Medical Science, National Institute of Health, will address the student body on Monday, May 8, at 7:30 p.m. in Albertus Magnus auditorium.

Doctor Stone's topic will be "Science, Excellence and the Democratic Society."

After obtaining a B.S., from Middlebury College in 1907, Doctor Stone received his Ph.D. in biology at the University of Rochester in 1908. Since that time he has been connected and vitally interested in the N.I.H. program.

Father Hickey, Director of the Science Honors Program, mentioned that pre-medical students will be especially interested in the lecture. Opportunities for federal grants in support of fellowships for medical students will be explained by Doctor Stone.

Fashion Show

The Veridians of Providence College will hold their nineteenth annual Fashion Show in Raymond Hall, next Saturday at 1:30 p.m. Mrs. Thomas A. Egan is chairman of the event; Mrs. William A. McDermott is co-chairman.

According to the Rev. Ed-ward A. McDermott, O.P., moderator of the Veridians, all mothers and friends of students are cordially invited to attend this event.

THE PROVIDENCE COLLEGE GLEE CLUB Concert To Be Held Saturday

The Providence College Glee Club will hold a joint concert this Saturday with St. Joseph College of Hartford, Connecticut at Harrington Auditorium. Admission to the concert, which is free, will be according to the guests and activity book tickets number four for students. Fr. Louis C. Cannon, O.P., director of the Glee Club, said that this combined concert has been arranged because of great interest engendered here by the club's recent successful spring tour.

Business Seeks Higher Degrees

(CIN) — Colleges with an eye on a doubling since the business world might do well to give added consideration to the possibilities of acquiring an advanced degree. As the demand for holders of master's and doctor's degrees increases, holders of advanced degrees are already finding far more attractive job opportunities than the older in the late 20's and early 30's.

Meanwhile, many personnel directors expect the bachelor's degree to begin to carry less and less weight in the employment market.

During the academic year 1960-61, the number of doctorate figures are available, 385,151 bachelors degrees were awarded, an increase of 32 percent over five years earlier. The rate of increase for advanced degrees is growing much more slowly.

In the same five-year period, the number of master's degrees awarded rose to 69,497, an increase of only 18 percent. The number of doctorates awarded showed only a practically negligible increase of four percent, reaching a level of 3,826.

Among academic categories highest in demand by industry, business administration and behavioral sciences rank first, with the humanities trailing far behind.

“Everyone pays lip service to a liberal arts education, but when it comes to selections, management likes to get the ‘ready made’ graduate,” according to Gilbert W. Hunter, a personnel man at Pittsburgh’s Mellon Bank. Hunter’s statement was typical of those encountered by the Wall Street Journal in a survey undertaken several months ago.

Stag Or Drag Dance Planned By NCO

The Non-Commissioned Officers Association, Company K-12, Pershing Rifles, is sponsoring a stag or drag Dance on Friday, April 28, 1961.

The affair will be held at Oates Tavern, 1195 Douglas Ave. North Providence. Tickets are $1.25 per couple and can be obtained from any of the Pershing Rifle members.

The dance will be from 8:00 p.m. to 1:00 a.m. Dressed in strictest drag. This ROTC club cordially invites the students to attend.

Rev. Stephen Virgilius To Offer Greek Mass

A Mass in the Byzantine Liturgy sponsored by the Theta Chapter Delta Epsilon Sigma, National Honor Society, will be presented at 11:00 a.m. and 5:00 p.m., May 20, at 7:00 p.m. in St. Joseph's Chapel.

Reverend Stephen Virgilius will celebrate the Mass. A choir of the Rhode Island Ecumenical Council in Rome will accompany the liturgical reading.

Employed by five million Eastern Catholic Christians, this rite includes several interesting features.

The sign of the cross is made as usual, but with the right shoulder and then to the left. As a sign of belief in the Trinity, the tips of the thumb, index, and middle finger are held together. The remaining two fingers are closed over the hand, and the sign is made as usual. The sign is repeated three times.

John Horley, 41, president of D.E.S. at Providence College, announced that the affair is open to the public.
Editorially Speaking

Conduct...

Providence College men are supposed to be students and gentlemen at all times. While we are not questioning the fact that they are students, there are some people who are shocked upon finding the fact that they are gentlemen. These people are the student nurses and the administrators of Rhode Island Island Hospital’s Nursing School.

Ungentlemanly conduct by students from this College at that famous Rhode Island Hospital affairs has been causing a number of aspiring nurses to ask, “What type of people go to that college anyway?”

We wish we could tell them, but due to the individual personalities of each PC student, it is impossible.

As the situation now stands, unless the Providence College men improve their standards of conduct they will not be welcome at the social affairs at the Hospital. If, however, they choose to improve their gentlemanly standards then we ask that for the good of the College’s reputation and the reputation of their fellow students that they remain away from these social affairs.

We hope that the student nurses and administrators of Rhode Island Hospital Nursing School will accept the apology of the Cowl for the poor conduct on the part of the women students and we sincerely trust that the strained relations will soon be ameliorated.

A Poor Showing...

The casual visitor to Harkins Hall must be rather shocked at the festoon of paper garlands and campaign signs in the foyer of the College’s supposed architectural show-place—the Rotunda.

Appropriately, the gentle prod exerted by a cartoon appearing in one of the fall issues of The Cowl didn’t help matters much for the past few months have seen only a crystal bludgeon of post material.

Club and campus group officials are irked when they find a sign or notice important to their members hidden from sight by a garish election poster or trampled on by a thousand feet after someone thoughtlessly “borrowed” a thumb-tack.

Stringent rules should be set up governing the bulletin boards, and penalties assessed for infractions. But there is an impression that the College administration is not interested in the student body to keep the College presentable.

Prudence, Please...

With elections postponed until next week due to the sudden demise of the President, The Cowl wishes to exhort students of Providence College—that is those students whose right to vote is not cancelled by the lack of a Student Congress activity card—to vote with prudence.

What makes a prudent and wise class officer? That is difficult to decide.

It seems however that any elected representative should possess the qualities of tact and perseverance necessary to complete and present a successful program. A student should definitely not be one of those students whose only claim to fame is a promise unfilled or one who has professed apathy in the past as regards class functions.

Whom should you select? Try to pick out of the roster of eligible candidates one who you honestly feel will do the best job. Let only the qualifications of the nominee sway your decision. All too often you hear a student enrolled in the Southeastern Dental College, who lives in his floor, or “I voted for Bill because I attended high school with him.”

Do be sure however to exercise your right to vote—those of you who will be permitted by the SC to exercise this privilege.

— THE COWL —

HAPPINESS CAN’T BUY MONEY

With tuition costs spiraling ever upward, more and more undergraduates are investigating the student loan plan. If you are one who is considering the “Learn Now, Pay Later” system, you would do well first to study the case of Leonid Sigalska.

Leonid, the son of an wealthy Strasenbried family, lived the high life. Idaho, had his heart set on going to college, but his father, alas, could not afford to send him. Leonid applied for a Regent’s Scholarship, but after waiting very rapidly—two words an hour—and before he could finish the first page of his test the Regents had closed their brief cases cleverly and gone home.

Besides the Regent’s Scholarship, but he had, alas, only a single athletic skill—a trick on his chin—and this, alas, aroused only passing enthusiasm among the coaches.

And then, humbug, Leonid learned of the student loan plan: he could borrow money for his tuition and repay it in easy monthly installments after he left school.

Happily Leonid enrolled in the Southeastern Dental College of Woodland and Restoration Drama and happily began a college career that grew more happy year by year. Indeed, he became a rather popular student in his senior year because Leonid met a good named Salina T. Nen with hair like beaten gold and eyes like two squirts of Lake Louise. Love gripped them in their biggest pixels and they were betrothed on the Eve of St. Agnes.

Happily they made plans to be married the day after commencement—plans, alas, that never were to come to fruition because Leonid, alas, learned that Salina, like himself, was in college on a student loan, which meant that he had not only to repay his own loan when he left school but also Salina’s, and the job, alas, that was waiting for Leonid after graduation at the Boise Racoon Works simply did not pay enough, alas, to cover both their loans, plus rent and food and clothing.

Sick at heart, Leonid and Salina sat down and hit Marlboro Cigarettes and tried to find an answer to their problem—and, sure enough, they did! I do not know whether or not Marlboro Cigarettes helped them find an answer, all I know is that Marlboro taste good and look good, and when things close in and a feller needs a friend and the world is black as the pit from pole to pole, it is a heap of comfort there. We used to put a good name Salina T. Nen with hair like beaten gold and eyes like two squirts of Lake Louise. Love gripped them in their biggest pixels and they were betrothed on the Eve of St. Agnes.

Fr. Slavin . . .

(Continued from Page 1)

John Hurley, President of DES, said that "the campus is pretty empty with Father Slavin gone, it's like the feeling you get after losing a close game or flunking a big test. We both came from the same city, Boston, and I feel that he ranks with the top men that Boston ever turned out. It's not going to be much of a graduation without having him presenting the diplomas."

Federal Aid...

(Continued from Page 2)

...that we must look for, or our future leaders.

Finally, there is the “double taxation issue.” Catholic parents pay taxes to support public schools and also taxation to send their children to Church schools. It is maintained that it would be unfair to ask these parents to pay higher taxes for an education program from which their children would receive no benefits.

Opposition to Federal Aid

Opposing the Catholic stand on a federal aid program are leading Protestant and Jewish bodies. They hold that this would weaken the public school system, and that educational fragmentation of education in parochial schools will be a consequence of aiding such schools. They also feel that cultural schisms would be the result if a large proportion of children are educated in separate religious schools, and that this would impair the strength of our country.

Some religious bodies, other than the Catholic Church, maintain limited school systems. Opponents to federal aid maintains that the consequences of aiding parochial schools would be a “fragmentation of education in the United States which would weaken the public school system.”

They also feel that cultural schisms will be the result if a large proportion of children are educated in separate religious schools and that this schism would impair the strength of our country.

Junior Weekend to Feature Boatride And Jazz Concert...

(Continued from Page 1)

bers of the Weekend are rather skeptical about the weather, and because Buie Sawyer will be needing the boat in order to be rescued from behind Chinese Red lines, this plan has been formulated into the program of events.

Dress for the entire day is casual, meaning, of course, that Bermuda shorts, levis, knickers, grass skirts, butterfly nets, and Kellogg All-Bran box tops are permissible apparel.

Sunday morning, a Mass will be celebrated at 10 o'clock either at the Grotto or in St. Joseph's Chapel. Following this, the cafeteria in Alumni Hall will be the scene of a typically tasty Murphy breakfast, consisting of dilled apricots and fried avocadoes simmered in bear grease.

The Speaker's Committee for the breakfast has been indeed fortunate in securing the services of Rev. John F. Cunningham, O.P., after being plagued with the suggestion of using Elmer Gantry.

Sunday afternoon from 1 to 4 a jazz concert will be held, outdoors if the weather is right, at Francis Farms in Rehoboth. Final confirmation of this site will be made this week. This is the dark horse of all the events and could surprise as the best of the entire weekend. It has at the reins Ed Drew and his Charleston Jazz band plus Dutch Lee and his group, both of which will be cracking the whip to bring home the most money.

Tickets are still being sold in both cafeterias but, to insure the mailing of invitations to dates, the juniors are urged to buy them now. For further information call or write your congressman.

Maps will be provided for all off-campus locations.

Funeral Mass To Be Held At Cathedral Tomorrow

The body of the Very Reverend President of Providence College was received yesterday afternoon at 4 p.m. in Aquinas Lounge. It lay in state in the lounge from 4 p.m. and will lie in state today in Aquinas Lounge from 8 a.m. to 10 p.m.

Fellow members of the Dominican Order will chant the Office of the Dead for the deceased president this evening at 8 p.m. Student and Dominican canons are keeping constant watch over the body.

The funeral of the College President will be held tomorrow morning at 9 a.m. from Aquinas Lounge at Providence College. The Most Reverend Russell J. McVinney, D.D., bishop of the Diocese of Rhode Island as well as from Rabbi Abraham Chill representing the Jewish people of the state.

Fellow educators from all colleges in the state paid tribute to the president of Providence College.

Robert Oppel, President of the Student Congress, announced that he expected many members of the student body to attend the funeral services tomorrow morning in the Cathedral.

NATIONAL INVITATIONAL PARTY

5 Acres Nite Club

WATERMAN AVENUE, EAST PROVIDENCE

EVERY FRIDAY 9 - 1:00 A.M.

PROPER DRESS
12 More Students Selected By N.I.H.

The head of the National Institutes of Health program at Providence College, Father Frederick C. Hickey, O.P., has announced that twelve candidates have been selected to follow the concentration next September.

Acceptance has been granted to eleven incoming freshmen and one present frosh. Paul C. Adlaf, chemistry major, '64, was chosen along with the high school seniors. Two students are from the Providence area, while the rest come from as far away as Tennessee. Chemistry and physics are of great interest to the group.

These twelve, selected on the basis of outstanding scholastic ability from sixty top notch candidates, will follow the N.I.H. program initiated last year.

Courses are highly concentrated and technical. The last years of study are devoted mainly to research.

During this coming summer, three PC juniors and one senior will conduct research at the College as part of the program.

According to Father Hickey, the experiment has proven quite successful thus far.

"At times students have found the program too demanding, but on the whole, great enthusiasm still prevails," stated Fr. Hickey.

Eagles . . .

Continued from Page 10:

A scratch infield single by Tom Murphy in the sixth and a solidly lined single in the ninth were the only offensive advances by the Friars.

A tight, accidental, stray fastball by Robinson, the winning hurler, smashed Ray Choiniere. Choiniere was removed to the hospital where he remained for several days.

Sloppy fielding on the losing part gave the BC five runs in the seventh and eighth stanzas.

 Singles off losing pitcher, Hodgkins, by Kiltroy and DePelcis (his 4th of the game), a throwing error, a single by Skinny Graham, and a sacrifice fly by Chevalier resulted in three more BC runs.

Student Congress . . .

(Continued from Page 1)

The loan program has been successful at URI, Brown, and Barrington. The University of Rhode Island has had considerable success with their loan program. According to reliable sources at URI, the fund loses only three loans in every one thousand made.

The second plan has to do with identification cards for PC students. These plasticized cards would carry the student's name and would replace other identification cards distributed by the College offices. The plan calls for the pictures of the students to be taken during the registration period of the Fall semester.

Light up an L&M, and answer these questions.

Then compare your answers with those of 1,383 other college students (at bottom of page).

Question #1: In your opinion, who is the greatest living American?

Answer: ____________________________

Question #2: Should the college curriculum, taking note of the growing importance of science, require more science courses for non-science majors than at present?

Answer: Yes ______ No ______

Question #3: When you kiss your date, do you close your eyes?

Answer: Close my eyes ______ Don't close my eyes ______ Can't remember ______

Question #4: In your opinion, which of the following types of filters gives the best connotation of purity? (Check one)

Answer: A filter which is white inside and is wrapped in colored paper ______

A filter which is dyed a color and is wrapped in white paper ______

A filter which is white inside and out ______

The L&M Campus Opinion poll was taken at over 200 colleges where L&M has student representatives, and may not be a statistically random selection of all undergraduate schools.
cause they can play the infield as well as the outfield.

Barry Nicholas will start at third, Joe Evans at short, Nick Mezzanotte at second, and Al Izzi at first. This comprises an all junior infield. Except for Izzi's .315 average last year, the others in the infield batted below .265.

Mezzanotte, Nicholas, and Evans are spray type hitters while Izzi likes to aim at the short right field fence. Ray Choiniere, a soph with a .226 average last year, will be used mainly in relief. Rounding out the squad is fireballer Bill Canning. Canning's trademark is the overpowering fast ball, which he augments with a fine curve.

On the mound, Coach Nahigian will use five pitchers: three are veterans and two are first year varsity men. Spearheading the lefties will be Jim Hodgkins, who had a 2-3 record last year, relies on an assortment of curves. Another lefty in Bill Rogers, a soph who has a fine fast ball.

Righthanders Mike Trodden, Bill Canning, and Ronnie Doane will also twirl for the Black and White. Trodden, 3-4 last year, counts on an assortment of curves and a fast ball to get opposing batters at bay, a senior, will be used mainly in relief. Hodgkins, who had a .383 average last year, will call the signals from behind the plate. Choiniere, a long ball hitter, hits with good power. Jim Healey, a senior, will back Choiniere up. Last year Jim batted .333. Bob Souza will be used as a utility infielder.

Barney Madden's
Notes From The
SPORTSDESK

RAY CHONIERE, the keg-shaped sophomore who has been the starting catcher on the varsity baseball team so far this year, has been taking it easy up at Our Lady of Fatima Hospital since the botched ninth inning of Saturday's game.

Ray, who is noted for the stand-up doubles which he hits to the most distant reaches of Hendrickson Field, was flattened (figuratively as well as the outfield) while Izzi likes to aim at the short right field fence. Except for Izzi's .315 average last year, will be used mainly in relief. Rounding out the squad is fireballer Bill Canning. Canning's trademark is the overpowering fast ball, which he augments with a fine curve.

But as he rolled over for the result of this tete-a-tete maneuver, he found out what happens when an immovable object (himself) meets an irresistible force (himself). He spent quite a bit of time on his knees in front of the ear.

What he lacks in sheer speed, Jim Healey, a senior, will be used mainly in relief. Rounding out the squad is fireballer Bill Canning. Canning's trademark is the overpowering fast ball, which he augments with a fine curve.

THE FORMER ALL-STATER from Warwick High School is not exactly a shrinking violet on the basepaths he makes up a pretty consistent speed. However, the loss of Ray Choiniere for the next few games will hurt us a bit."

If Nahigian continues to receive the robust hitting which he has been receiving for the last few games, and if the defense tightens up a bit, it would seem that he will be reward-

ed with his first winning season as PC baseball mentor.

Eagles Defeat Friars; P.C. Relinquishes Lead

Ed Pellegreni's power packed Boston College baseball team made a strong comeback in the middle innings and overcame the Providence College Crusaders to win going away 11-6 at Hendrick Field on April 22.

The Eagles, rated as the top college team in the East, took advantage of 13 singles, 10 walks, 4 PC errors, and stout relief chucking, while raising its unbeaten record to four games.

Charlie Bunker, a clever left handed curve baller, was the victim, a 5 hit tally in the second and third innings. In the second, Joe Evans drew a walk on a 3-2 delivery and advanced to third when Bill Canning knocked in a run on a wild pitch.

Frank Fazziano singled. The opposition's initial marker came into left to push PC ahead 1-0.

However, Evans collided with Barry Nicholas to make a double in the third. Barry Dugas (P) defeated Pete Grogan (M) 4-3.

After a 2-0 duel in the third, the Crusaders of Holy Cross scored in the fourth inning. The Eagles tied the contest 2-2 in the fifth inning and fired near perfect ball. The game, the action was dominated by the visitors.

Richie Kiley, a tough left handed swinger, took a trip to the first sack with aid of a base on balls, a single and a sacrifice play in the sixth inning. The opposition's initial marker came when Canning cut loose with a wild pitch, allowing a run to score. Gus Gann and Chuck Chevalier. Joe Evans received a free ticket to first.

Nahigian Looks Forward To A Successful Season

"It's a little too early to tell, but I think we should improve over last season's record." Those were the words of PC baseball coach, Alex Nahigian, who is now in his second year.

Mr. Nahigian came to Providence last season after a very successful tenure at Tolman High in Pawtucket where he directed his club to five league championships and six state titles. He is active in coaching, serving as an assistant football coach at Brown University and as a physical education instructor at Tolman.

Despite his primary interest, nearly lies in baseball, a sport he is qualified to coach. He captained the Holy Cross baseball team as a senior in 1942 and led the Crusaders to the Eastern Collegiate title. Alex also played pro baseball for six years in the New England league where he once hit 305 and also in the Elks Circleville league for a while as an outfielder.

Mr. Nahigian feels his playing days at Holy Cross under the recently deceased Jack Barry has been an invaluable aid to his coaching. He considered Barry "The Old Master" and held the BC roster in high esteem. Alex has remembered the many hints and principles which Barry taught him and Nahigian has applied them well throughout his coaching career as his record indicates.

Many Veterans To Lead Friars; Augmented By Fine Sophomores

This season's Providence College baseball prospects are good as the Friars, with 13 returning lettermen and five sophomores, have hopes of bettering last year's 6-7 record.

From right to left field, coach Alex Nahigian will select Capt. Cafferella, Pete Muro, and Dennis Guimires. In right field, Cafferella, who batted 200 last year, has a fine batting eye with a shrewd sense of the game, as he has the ability to put the ball out of the park.

The Friars have Pete Muro, 244 avg. last year in center field. Joe Murphy, who hit 225 for the Friars in '60, will back up Muro. Muro, a Senior, has right handed while Murphy, a left handed batter, has speed and a strong throwing arm.

In left field, Denny Guimares will be on the prowl. Denny (Continued on Page 5)

PC FIRST BASEMAN AL EZZI (22) makes the long stretch to nail a BC player at first in last Saturday's game.

Bob Bamberger Takes Race; Blejwas Finishes Close Second

Providence College's Bob Bamberger and Stan Blejwas made a personal duel of the Roxbury Road Race, held in Roxbury, Mass., April 19.

Over the last 600 yards of the race Bamberger and Blejwas ran within yards of each other, with the former leading.

Blejwas was overtaken to overtake his teammate, but "Rambi" was equal to the task and finished three yards ahead of Stan.

Bamberger finished the race in 15.14 while Blejwas covered the course in 15.17.

Two other PC runners finished in the race. John Hamilton capped the ninth spot in 17.12 and George Kneckel took 19th place in 18.00.

The course loops of the race were from various Athletic Clubs and College, Roxbury helped the runners to get started and to some other events commemorating Patriot's Day.

Coach Harry Coates has plans of running the race the next year by chance of the Roxbury Road race and the 170th anniversary of the American Revolution.
