Father Quirk Notes Advantages Of Less Expensive Automobiles

The Reverend Charles B. Quirk O.P., Head of the Economics Department and chairman of the Fordham-Syracuse Council of Industrial Relations at Providence College, last Sunday evening opened a series of lecture for the vocations institute series, stated that the United States needs a cheaper American-made automobile to bring the country's present depressed economy to the reach of the ordinary people. "One thing that will help us pull out of this recession," Father Quirk said, "is a good $1,000 car. The glamourized car of $3,500 is out of the reach of the ordinary people." Putting this car on the market would cost the auto industry over a billion dollars, including rustling and all promotion costs. Father went on to say, but public demand for such a car would provide a real boost to employment woes in the automobile and allied industries.

Later Father Quirk gave his opinion that no real depression is apparent in the foreseeable future. He warned that a birth rate which is bound to open vast new markets which are plagued by production in anticipation of demand. Another reason is the government's continuous in spending money for the country's defense, and the development of possible public works programs.

Next Sunday, March 2, at 8 p.m., the Reverend Thomas J. Shanley, O.P., will discuss "Federal Reserve Monetary controls" at the second of the six weekly lectures given in Alum­ni Hall's Guild Room. The schedule continues:

March 2: Full Employment Act of 1946—Mr. Frank O'Brien
March 9: "The Problems of Plant Location"—Mr. Joseph Proctor
March 16: "The Full Employment Act of 1946"—Mr. Frank O'Brien
March 23: "The Problems of Plant Location"—Mr. Joseph Proctor

The lectures, open to the public, are sponsored by the Labor Management Guild of the United States. Father Quirk serving as moderator.

The Providence College Carolan Club is now completing plans for its first Family Car­noon Breakfast, scheduled for Sunday, March 2, 1958. The event will be a pre-registration program which will consist of an informal interview of each stu­dent by the head of the depart­ment in which he plans to concentrate.

The breakfast is programmed at 10:00 a.m. Sunday or im­mediately following the 10:00 o'clock Masses in Aquinas and St. Joseph's Chapels.

This is the first year that the Carolan Club has sponsored a family breakfast, inviting mothers, fathers, and sisters in the past the more tradi­tional father and son break­fasts and the professors of the department.

The change is a result of the success of last year's breakfast, at which 45 families were present. This activity will give the fam­ilies of students a chance to become acquainted with the college, its faculty, and the families of other students.

It is the intention of the Carolan Club to give the family a clear view of the campus life of the resident student, the courses he is taking, his con­dince, and recreation in a Catholic environment.

Pre-registrations will be available for confessions from 9:30 to 10:00. After the breakfast, the family will be allowed to visit the rooms and recreational facili­ties of students.

To publicize this event, the Carolan Club sent a letter of invitation to the parents of each resident student, and if present response was received, the breakfast will be successful from that aspect.

New Posts Announced, Associates Are Chosen For Department Heads

In the eight-round debate tournament, Rev. John D. Skalok, O.P., P. C.'s debate di­rector, served as judge of each of the eight contests. Aquinas League at 7:15 P.M. Rev. John P. Reid, O.P. will continue his lecture on "Car­olins Members Will Have Family Breakfast Mar. 2

Aquinas Society Meeting Tonight

Continuing the present series of informal discussion, the weekly meeting of the Aquinas Society will take place this evening in the hall of the Catholic Society. The topic of the evening will be "Protestant Thought." All members of the student body are invited.

Attain Daily Mass

In an effort to aid students and faculty, and allay the problems of fall registration, Rev. Joseph L. Lennon, O.P., Dean of Studies has instituted a pre-registration program which will consist of an informal interview of each stu­dent by the head of the depart­ment in which he plans to concentrate.

During the interview, which will be called by each depart­ment, the head will consider the student's previous academic record, the student's major, and the student's choice of major. The interview will be concluded by an informal discussion of the student's academic plans.

The change is a result of the success of last year's breakfast, at which 45 families were present. This activity will give the fam­ilies of students a chance to become acquainted with the college, its faculty, and the families of other students.

It is the intention of the Carolan Club to give the family a clear view of the campus life of the resident student, the courses he is taking, his con­dince, and recreation in a Catholic environment.

Preregistration continues for candidates who have been accepted for the fall semester.

Barristers To Conclude Hectic Debating Month

Nine colleges participated in the third annual Dartmouth College Invitational De­bate Tournament held at the Hanover, New Hampshire campus last Friday and Saturday. Representing Providence Col­lege were Thomas O'Hern and Robert Ope' both '61.

Each team defended alter­nately the affirmative and the negative position of the national debate topic: Resolved that the requirement of membership in a labor organization as a condition of employment should be illegal.

The Barrister combination succeeded in two of four attempts: wins were scored over the Uni­versity of Massachusetts and Wesleyan; the University of Vermont and M.I.T. disproved the P.C. affirmative case. The affirmative's argument was presented by Tufts were decisively presented by the defense. In spite of the 3-8 final score, William Murphy will be available for confessions from 9:30 to 10:00. After the breakfast, the family will be allowed to visit the rooms and recreational facili­ties of students.

To publicize this event, the Carolan Club sent a letter of invitation to the parents of each resident student, and if present response was received, the breakfast will be successful from that aspect.

Harry Speaks . . .

Over the weekend a dinner signaling the start of the Demo­
cratic Party’s 1968 campaign was held at the nation’s capital. The event was also staged in honor of former President Harry S. Truman, who, as the principal speaker, blamed the present administration’s method of handling the government.

Republican Quick to Answer

In his double-barreled attack Mr. Truman blamed the Eisen­
hower Administration for the present state of recession in the country and also for the loss of confidence which the United States has sustained abroad. He stated that the existing crisis was brought on by what he termed “five years of economic mis­rule.”

Twice defeated presidential candidate Adlai Stevenson, also
lowered the boom on the Republicans. He accused the admin­
istration of “alarming and unshakable.”

The Republican party was quick to answer the pointed criticism, and it produced a counter attack that denied completely the accusations made by Mr. Truman and Stevenson. The G.O.P. referred to the assault as “cynical, demagogic, reckless, un­true,” and termed the speech “false.”

Whatever the outcome may be, it will be interesting to see whether the Republicans can clear their names.

Wild Campaign Ahead

Some of the changes made by the Democrats bear justifica­
tions. Although the Republicans, according to party procedure, answered the speeches promptly, and their reactions were slightly exaggerated. They appear to have gone overboard in acting offended by Mr. Tri­
man’s words. In the past, they have shown much restraint in their ac­
ductions, but the ruffled attitude which they exemplified this time seems out of proportion to the speeches significance. Or­
chard, the Republican candidate, has indicated that the Republi­cans are frightened of the possible effect Mr. Truman’s words will have on the American people.

The outcome may be uncertain, but it is certain that many of the voters will find many charges and counter-charges made, and it should keep political leaders and politicians working furiously.

Title: The Cowl, February 26, 1958

Today’s Great Leader . . .

The lot of a moderator, like that of a policeman, is not a happy one; but as a policeman, if he does his job well, he will experience great satisfaction from it. It is his business to keep order, and his success is measured by the number of times that he can prevent disorder.

The COWL, however, is unique in that its every mistake is printed for every­
to see. (It might be added that the Pyramid Play­
ers, too, have their failings paraded for the public, and the COWL sympathizes with the difficulties that they face and respect the accomplishments they have achieved in spite of them.) Every week the COWL’s errors of omission and commission are clear to everybody on the campus. Every student at the College is ready and willing to judge the COWL at length, on his own terms, upon the subject while having a cup of coffee in the cafeteria. When he is asked to write them down for publication he is not required to do so. He has no power to make a decision, but the willingness of more and more responsibility, must be a source of satisfaction; just as surely as he sees the mea­
sures they take, the unnecessary trouble they get into, the way they fumble for a decision must be an equal source of exasperation.

Most of this is done quietly and does not attract the attention of the College as a whole. The COWL, however, is unique in that its every mistake is printed for everyone to see. (It might be added that the Pyramid Players, too, have their failings paraded for the public, and the COWL sympathizes with the difficulties that they face and respect the accomplishments they have achieved in spite of them.) Every week the COWL’s errors of omission and commission are clear to everybody on the campus.  butter
Dear Sir:

I understand your conception should like to direct this letter to the Student Body rather than the Cowl. And I would like to re-em- phasize that each and all students read the article published in the February 23th issue of Life magazine entitled “The Educational Crisis: The Crisis of Life.”

I, at the University of Connecticut, am one of the many who have read the article and have been greatly disturbed by its points. I am writing this letter in order to express my views as to the way in which the article has been presented.

Over the years, I have found that individuals who are planning to enter the academic world are often influenced by the opinions of Life magazine. This magazine, I believe, has a great deal of influence on the way in which students think and act. For this reason, it is important that we should have a proper understanding of the problems that are discussed in the article.

Thank you.

Sincerely,

[Signature]

N.F.C.C.S.

Dear Sir:

In the last issue of the Cowl, I was very much interested in the article by Mr. V.B. on the topic of drill. I think that this is a very important issue, and I hope that the Cowl will continue to publish articles on this subject.

Dear Sir:

I am writing this letter in response to the article published in the Cowl on the topic of drill. I understand that you are planning to publish an article on this subject, and I would like to voice my own opinions on the matter.

Dear Sir:

I have just read the article published in the Cowl on the topic of drill, and I must say that I was very disappointed. I believe that the article is biased and that it does not present a fair view of the issue.

Thank you.

Sincerely,

[Signature]

N.F.C.C.S.
THERE CARRIED PROVIDENCE PENNANT: Above are the members of P.C.'s basketball team, which concludes the 1957-58 season Saturday night against Boston College. Kneeling left to right are: Pete Schenkel, Ed Martin, Capt. Ed Donohue, Ken Clements, and Leo Willens. In the second row left to right are: Frank Tircio, Wally DiMasi, Alex Roberts (now out of school), Dick Resso, and Jim Swartz. Left to right in the last row are Richie Whelan, Johnny Woods, and Lionel Jenkins. Missing from the picture is Roger Cannestrari.

Four Freshmen Given Best Chances for Varsity Team

Johnny Egan, Tommy Guimares, Tim Moyaunahan, and Rich Holzheimer are given the best chance of making next year's varsity basketball team. At least, that's the opinion of Providence's young mentor Joe Mullaney, who coaches the Frosh this year.

None, however, bring to variance more than Moyaunahan, who at 6'3" is not tall by varsity standards. Allen said that Egan is a sure bet to make the grade next year and is looked upon as a possible candidate to help the Suburban. Allen pointed out that although lacking in height, Moyaunahan should work well with the members of the varsity, who will return to the court next season.

Guimares, one of the most improved players on the current frosh team, has as his chief asset his speed. Moyaunahan and Holzheimer could aid the club with their shooting, but neither could offer the much needed height.

Allen, who took over the assistant's spot when Ernie Calvano switched to U.B.I., is quite proud of his first team at P. C. He is particularly high on his hustle, which is a big factor in their 13-6 record to date.

The frosh squad has had to give the height advantage to their opponents in almost every game this season, and on many occasions it has been costly. In their most recent loss against Springfield, for example, the Providence College has played host to the Rhode Island Basketball Tournament. The first time in 15 years, the games are not obtainable at the college, but may only be purchased at the schools of tournament teams.

Friar Frosh Downed By Springfield

After Springfield College's freshmen basketball team had put away P. C.'s Frosh club, last Saturday afternoon, the Frosh didn't shrink at the sight of the big, strong team that is noted for its fast style of play. The Frosh didn't even have to give the height advantage to the Springflelders, who are the three best, but Central Falls and Dorchester keep pulling a few upsets since they are capable of playing some good basketball.

It is the general opinion of many that the frosh teams are in the tourney that the class A Suburban entry will have a bright future, and if so, then Westerly is that team.

This is the second time that

Harvard Six Tops P. C.

The Providence College hockey team dropped the .500 mark for the first time this season as they yielded to an outstanding Harvard University aggregate by a score of 6-1 in Cambridge Saturday night.

Led by wing Bob McVey, the victorious Cantabs scored twice in the opening stanza and just about put the contest away. McVey, a Hamden, Conn., product, played brilliantly throughout the game and countered for the three of the Harvard goals.

Ray Blanchette's goal at 4:53 of the first period was the lone Friar score of the night. Assisting the senior defencemen on the score were George (Puppy) Ginell and Gil Dominique.

The loss left the Friar record at 9-3-1, as it was the second defeat dealt them by Harvard, whose record was upped to 15-9 by the triumph.

Earlier the Cantabs vanquished P. C. here by a score of 9-3.

Coach Tom Eccleston's six, which concluded its year's activity last night in an Auditorium tilt with Brown University, played without the services of star player Joe Barile, who was nursing an eye infection on Saturday. Barile did not make the trip with the team.

Turning in a good effort for the losers against Harvard was junior goalie Jim Tooney, who kicked out 35 shots on goal.

Sailing Group To Meet Tonight

There will be a very important meeting of the Sailing Club tonight at 7:13 in room 47 at the Plantation Club. The six-person schedule will be announced at this meeting and assignments made for skippers and crews. All members must be present or contacts of the club to officiate if they wish to compete in this sports.

The spring schedule will include meets at the Coast Guard Academy in New London, the Newbridge School, the Newport Interscholastic Regatta, and the Sailing Club in recent years.

All members are urged to attend this meeting and any and all men desiring to join the club are also welcome. Special freshman races have been scheduled and there is a need for freshmen with previous racing experience.

Jim Tooney

Friar Shooters Defeat UConn

The Providence College rifle team, beaten only once this year, takes part in the Southern Group championship this Saturday at the Coast Guard Academy. All teams in the Southern Group will participate. In their last outing the shooting of Sgt. Lawson defeated the University of Connecticut by a score of 1405 to 1391. The plus-1400 showing was the first such performance by the Friar this season.

Here is the individual breakdown for the Providence club against U. Conn: Desormeaux—269, Harrison—265, Shoney—252, Flanagan—279, Baker—274.

For the first time in two years, Providence has fielded a freshman team. In their last appearance the Frosh downed the Portsmouth Priory 879-867. Here is the individual breakdown of scoring for P. C. in that match: Albro—185, Murphy—177, Bailey—169, Auchin—137, McLaughlin—175, Rodgers—162, Benso—172.
Dribblers Take 4 Point Decisions From Springfield, Siena Teams Over Weekend

Providence College's basketball team collected wins 17 and 18 over the weekend by topping Springfield College and Siena College on successive days. Both were away games and decided by Len Wilkens was high man for the Friars Sunday against Siena, with 19 points, including two important foul shots in the closing minutes. Jim Swartz and Lionel Jenkins also played important roles in the rally which brought P. C. the victory in the dying minutes of the game.

In the closing minutes, Jim Swartz and neither team making a substitution at the halftime, with dying minutes of the game. Brought P. C. the victory in the important roles in the rally which Lionel Jenkins also played, two important foul shots in the game.

Friars Go Ahead, With three and one half minutes left in the ball game, Providence had five players in double figures, led by Dick Slaybaugh, who paced the Indians with 15 points, scored on 4 of 7 attempts from the floor and 3 of 4 from the foul line for 12 points and he also pulled down 13 points and also pulled down 14 rebounds. Ed Donohue was high man for the Friars with 14 points. He replaced Jim Swartz early in the first half and sparked P. C. for the rest of the game.

Providence had five players in double figures, led by Dick Slaybaugh, whose neat jump shot was virtually unstoppable midway in the second half. Slaybaugh, who scored 12 points in Springfield's 74-61 win here last month, finished up with 28 points. Providence didn't play a bad game, in fact, the local dribblers were matching baskets with the rest of the game.

Three in Double Figures

Providence had three players in double figures. In addition to Wilkens, who led the team with 19, Wally DiMaio had 14 and Swartz collected 13.

Siena had four men in double figures. Jack Weaver was high with 19, Dave Colbert with 17, Pat Martone had 11 and John Obermayer collected 10.

Defeat Springfield

In Saturday's game against Springfield, Providence won 63-59. Dick Bessette was high man for the Friars with 14 points. He replaced Jim Swartz early in the first half and sparked P. C. for the rest of the game.

Providence had five players in double figures, led by Dick Slaybaugh, whose neat jump shot was virtually unstoppable midway in the second half. Lester Lanin, Prom Band Leader, Renown For Musical Background

By Pete Gibbons

Providing the music for the gala Junior Prom will be none other than Lester Lanin. The 46 year old ex-drummer and his society band are booked for social events of the United States.

Lester Lanin is just one of a family possessing a high degree of musical talent. His father was also a noted drummer and he has seven brothers, four of whom are also involved in the music business.

Lester started his musical profession as a drummer at the age of 16 when his brothers formed their first orchestra, La Nin. Six of the brothers are drummers, along with a few others. Concerning his unmarried status — Mr. Lanin feels he is entirely too busy to remedy (his situation if ever he can get away from other people's weddings long enough to pursue one for himself.

Locked Until 1963

Because Lester's music is so popular, his presence has been requested, along with his society band, at a majority of the best balls in the United States. During the past year these included social events of the Astors, Chryslers, du Ponts, Fords, Rockefellers, and Vanderbilts. His organization also provided the music for the Grace Kelly-Prince Rainier Engagement Party and the Tiffany Gala Junior Prom.

Lester is booked for 1962 and 1963, ready the date of December 26. He had turned down another 253 engagements, his organization to have more than two hundred engagements in one orchestra. Thus to be efficient Mr. Lanin upholds 983 simple reason it is essential for him to maintain more than one organization. This demand is so great that it is not unusual for his organization to have more than two hundred engagements in the vicinity of the Studebaker Congress board. The box will be there from March 3 to March 21.

The only information to be submitted with the picture is the name of the girl. If any other information is given, the girl will be disqualified.

3. The selection of the five finalists will be made by the Queen Committee co-chairmen.

The Queen will be selected on the evening of the Prom by Lester Lanin.

(Continued on Page 8)
Letters...  
(Continued from Page 3) the overall appeal of the COWL is uppermost in our minds.

The trouble, Mr. M.W., is that the COWL does not have a sufficient number of writers or assistants. Out of a student body of over 1700, the COWL is, in truth, "put out" by half a dozen students. The ability or talent to write material of the nature which you have suggested is here, but few students are willing to volunteer same. Unless more students contribute their efforts to the betterment of the COWL, it is not possible to bring to the readers articles of the nature described. Such an inadequate number cannot do it and maintain their scholastic standing at the same time. We, too, are students.

In short, we need workers. We have asked for them and they have not come forth. How about you?—Ed.)

To The Editor. I would like to make a few comments on the 11:30 lunch period. It seems a lot of regimentation is coming to pass during this period. One can no longer sit and relax after finishing one's lunch, but is immediately rushed out. There may be some reasons for this, however the only ones I can think of are either to make room for the next period or to get as many students as possible up to the library. As to the first, most of the students who do come to lunch at the second period do not come in until 12:35, this leaves plenty of time for the other students to clear out and also plenty of time for the staff to clear the tables. To the second, there is an old adage: "All work and no play..."

Not only does this matter in convenience, the student, it also seems to be an inconvenience on the part of the concessions in the caf. It stands to reason that if the caf is full there are more people to spend money on cokes, ice cream, candy, etc. It does not seem fair that the one time during the day for relaxation should be taken from the student body.

R.H.

The Dean Speaks

(Continued from Page 2) more than that of an intelligent human being. Baffled and confused, such a person persists in his stereotyped behavior. Effort may be great, but results, small. It has not dawned on him that only retrials with understanding, which in turn add further understanding, promote development of mental or motor skills. Drill ceases to be dull, one-rat, and discouraging when accompanied by progressive insight. With growth in comprehension comes increase in mastery.

In any event, many skills and habits cannot be gained without practice. But practice itself may be baffling, incidental and accidental; or it may be intelligent, formal and planned.

Drill ceases to be dull, one-rat, and discouraging when accompanied by progressive insight. With growth in comprehension comes increase in mastery.

Where there's a Man... there's a Marlboro

Mild-burning Marlboro combines a prized recipe (created in Richmond, Virginia) of the world's great tobaccos with a cellulose acetate filter of consistent dependability. You get big friendly flavor with all the mildness a man could ask for.

Marlboro

A long white ash means good tobacco and a mild smoke.

The "filter flower" of cellulose acetate (modern effective filter material) in just one Marlboro Selectrate Filter.

Registration...

(Continued from Page 1) at the administration in the scheduling of classes. By obtaining an accurate list of the students in each concentration, and the various subjects they are planning to take, it is hoped that some of the difficulties encountered in full registration will be avoided.

This newly ordained procedure will also give each departmental head a greater opportunity to become acquainted with the students in his concentration, and will facilitate the solution of individual problems.

The cigarette designed for men who smoke...
Lanin . . .
(Continued from Page 6)
But as you know Mr. Lanin is to appear in person at our function April 25. This took a great deal of work by our fine class. Especially since Lester Lanin has been hired for some affairs for the astounding cost of $15,000. Without the tremendous help of Mike Stanzler, the owner and manager of Rhodes-on-the-Pawtuxet, our efforts would probably have been to no avail. We owe them a great deal of thanks to the wonderful job Mr. Stanzler did in contracting and making this possible. Thus the Junior class salutes and thanks Mr. Stanzler in a very sincere way.

One thing to remember is that Lester Lanin’s music is 
eminenly danceable—and it is distinctive. It is so danceable that teachers throughout the country frequently use it as the model for the fox trot or one step. Mr. Lanin plays to the mood of his dancers—he plays without a break, changing tem­po and pace as the evenings pleasure may require. With this type of an arrangement the evening is bound to be a success, and that’s why Lester Lanin is such a hit.

The Junior class has procured the best for you in Mr. Lanin and his orchestra. It is an ob­ligation for each and every stu­dent of the Junior class to see that this is a success. This function should, and will be, with your cooperation—one of the greatest affairs in the his­tory of the school . . . be there and enjoy yourself!

Congress . . .
(Continued from Page 6)

.. (Continued from Page 6) alarmingly alarmed at the unac­customed crowds and further efforts to display it had to be abandoned. Current indications are that Friar adherents will now be obliged to await the baseball season when a cere­monial welcoming of the new mayor is planned.

Recent deliberations of the Student Congress included a plan for the presentation of Blue Army Lenten Films to the student body. If approved, the showing of the inspirational films seems likely to take place during the assembly period on Tuesdays. Also under consider­ation is an investigation into the plans of additional recreational facilities for day students. At present these are limited to the two ping pong tables in the Alumni Hall lounge.

Dulan noted that Jim Cooney represented Providence Col­lege at the Student Congress portion of the NFCCS Conven­tion held at St. Joseph's Col­lege last Saturday. The dele­gates discussed the interrela­tion of students and stu­dent government. The Woon­socket Club likewise drew men­tion as the Congress president lauded the organization for its efforts in behalf of the Mardi Gras and its stage production.

Sophomore Class
There will be a meeting of the sophomore class Tuesday evening, March 4, at 7:00 p.m. Definite plans for the coming weekend will be discussed and all committee members are urged to be present with written re­ports concerning their activities since the last meeting. All members of the class are in­vited to attend, especially those with any ideas that will benefit the weekend.

Sticklers!
WHAT WILL
LUCKIES BE IN THE
SPACE AGE?
(SEE PARAGRAPH BELOW)

25TH CENTURY SPACESHIPS? They may have wall-to-wall gravity, wide-screen radar and pine-scented oxygen. But one thing’s sure—they’ll be loaded with Luckies! After all, what on earth (or off) tastes better than a Lucky? So when man makes his splash in the Big Dipper, Luckies will be a Stellar Seller! (It’s universal knowledge that you can’t beat fine, light, good-tasting tobacco that’s toasted even better.) But don’t put off till the 25th century what you can do today. Try Luckies right now!

STUDENTS! MAKE $25
Do you like to shirk work? Here’s some easy money—start Stickling! We’ll pay $25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyning answers. Both words must have the same number of syllables. (Don’t do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe Lucky, Box 67A, Mount Vernon, N. Y.

LIGHT UP A light SMOKE-LIGHT UP A LUCKY!
