Freshmen Give up Beanies
After Defeating Sophomores
In All Traditional Contests

The freshman class liberated themselves from their beanies Monday night by topping all three of the events in the annual freshman-sophomore contest.

The class of '68 trumped over the sophos in the tug-of-war, volleyball, and basketball. The champs won the first pull of the tug-of-war in 4.5 seconds. The alleged 220 pound average of the sophomore line did not curtail the freshman as they went on to win the second pull.

The second event of the evening was volleyball. The final score was 21-13 in favor of the underclassmen. They jumped to an early three point lead followed by two sophomore tallies. The game then broke to an 8-3 lead for the freshman. Several hard serves brought the score to 13-8. The sophos held the lead and watched the freshman hammer to victory.

The third and final event of the evening was the basketball game. The frosh won 34-32. Both the new Guzman Hall, a three-story, split-level, "L" shaped residence covering 30 beds, and the new science building, the Edward J. Hickey Science Research Laboratory, are expected to be completed before the end of next summer, according to the Very Rev. Vincent C. Dore, O.P., President of Providence College.

The same program will be repeated on Sundays of those weeks at 11:30 a.m.

### A Swinging Affair

(See Page 4)

### Buffet-Mixer Planned by Junior Class:

Meeting for Weekend Plans is Tonight

The junior class held a class meeting last Wednesday and announced that plans for a buffet-mixer had been drawn up for Sunday.

- The mixer will be held from 4 p.m. to 9 p.m. and a buffet dinner will be served. The mixer will be held in the Edward J. Hickey Science Research Laboratory, with music provided by Ron Cullen, Al Engelken, Dick Ferrigno, Joe Hall, Debbi Healey, Harry Janoff, Paul Kehane, Joe Keough, Jim Chapelle, Mike LaPolla, Terry McCarthy, John Masley, Vin Netti, Bud O’Donnell and Friends.

### Third SC Autumn Festival Termed Success;

Throws Off Financial Jinx of Past Dances

The third annual Autumn Festival sponsored by the Student Congress at the King Phillip last Friday night threw off the financial jinx that haunted the previous Fall dances.

Construction Begun

On Two Buildings

Both the new Guzman Hall, which will house the students on campus who are studying for the Dominican priesthood, and the new science building, the Edward J. Hickey Science Research Laboratory, are expected to be completed before the end of next summer, according to the Very Rev. Vincent C. Dore, O.P., President of Providence College.

The new Guzman Hall, a three-story, split-level, "L" shaped residence costing approximately $600,000 is being constructed on property adjacent to Huxley Avenue and will face the road leading back to St. Joseph's Hall. Although architecturally the building will be ultra-modern, it will harmonize with other campus buildings.

The two upper stories of the structure will contain 30 bedrooms, housing approximately 88 students. Rooms and studies will also be provided for the four priests who will reside in the hall.

### Meeting for Weekend Plans Is Tonight

(See Page 4)
MEMO FROM THE EDITOR:

Each year Providence College grows a little—both in enrollment and in physical structure. This year, fortunately, was no exception; enrollment was raised several hundred; and construction of two new buildings was started.

But as PC grows, so also grows the number of students driving automobiles to campus. It is now evident that the present capacity of the parking facilities on this campus are no longer adequate to serve the faculty and student body.

It is a common sight now to see the streets neighboring Providence College filled with vehicles belonging to the students of the College.

Additional parking space is needed . . . but where? The face of the campus towards Eaton and River Streets would be a poor place for additional lots, since any alteration would mar the overall appearance of the campus.

There is, however, a fairly large area behind Raymond Hall. An extension of the blacktop into this field could serve as a parking area. It would be accessible from Huxley Avenue, and if another dormitory or classroom building is ever built in this area, the parking facilities would be convenient.

Another item for investigation on the part of the administration should be the number of spaces allotted for faculty members’ cars. It seems to us that there are far more spaces reserved than are actually needed.

Whatever plan is designed to alleviate the parking situation, it should be put into effect immediately. The need is pressing indeed.

National Fellowship Available to Seniors

Two national fellowship programs, the Woodrow Wilson National Fellowships and the Faribault Graduate Fellowships, are currently available to PC seniors. Both of the programs have as their goal a total of four academic years of study. Fellowship stipends depend on individual needs.

Current annual limits are: single, $1,500; married, $2,000, and $500 for each dependent child; this is added to the payment of all required tuition and fees. The Foundation grants 100 fellowships each year.

Waterbury Club Starts Activity

Election of officers for the 1961 season, as well as plans for forthcoming activities was discussed at a recent meeting of the Waterbury Club.

Retiring President Anthony Leonard turned over the presidential gavel to Maurice J. Maroney, unanimous choice of the members. A hope that Fresnzen would become enthusiastic members of the club was expressed by the outgoing president. Other officers include Robert C. Johnson, Vice President; William A. Stein, Secretary; and Ronald L. Brousseau, Treasurer.

During the coming year the club plans to sponsor a Christmas Dance for the students and Alumni. Also discussed were plans to boost the Treasury.

Rev. Daniel F. Reilly, O.P., is the moderator of the club.

Alumni Fêtes Fr. Dore At Testimonial Dinner

A sellsout crowd filled the grand ballroom of the Sheraton-Biltmore Hotel to overflowing at the testimonial dinner of the Very Rev. Vincent C. Dore, O.P., President of the College. The principal speaker for the affair which took place last Saturday was the Rev. C. Dore concluded that "after longrange, top-level educational planning on a state and regional-wide level, without breaking down the barriers of isolation we have erected, we will never see the fields of education, white for the harvest."

Greetings of the diocese were extended by the Most Rev. Russell S. McVey, D.D., Bishop of Providence. John A. Nota, 3rd, brought a message of congratulations from his father. The governor, who was unable to be present. Mayor Walter H. Reynolds of Providence represented the city. The Rev. Joseph L. Lenzon, O.P., Dean of the College, extended the greetings of the faculty.

The invocation was performed by the Rev. Charles V. Fennell, O.P., '28, while benediction was delivered by the Most Rev. F. Malone, D.D., '26, Auxiliary Bishop of Providence.

Father Dore was presented with a 1962 sedan by Alumni Association. President M. Joseph Higgins, '23, a past President of the Alumni Association served as toastmaster and was on-chairman of the affair with Joseph Lyons, '31.

RE Officer, the testimonial reception and dinner that be considered, after a fashion, an inauspicious dinner. In a deeper and much more realistic sense, it is a worthy tribute to the far name and prestige of Providence College.

After thanking the Alumni for making the testimonial the living reality that it is, Father Dore also expressed gratitude

Editorially Speaking

Liberal Philosophy . . .

Father Reid, the moderator of the Aquinas Society, is to be commended for his planned lecture series on "contemporary thought." Father Reid plans to hold discussions on such social philosophers as Freud, Lenin, Carolan Club movies? Won't they?

And this, in our opinion, is good. In an intellectual atmosphere characterized by the Thomistic or systematic approach, the average student is afforded little opportunity to study the works of other leading men in the field of philosophy. A PC grade is sometimes criticized or even ridiculed for his lack of even the most general familiarity with famous philosophic minds.

Well . . . now that the knowledge is here for the taking, a matter of several months will show how many students are interested enough to turn out for the lecture series. They will certainly be as worthwhile as Carolan Club movies? Won't they?

Worthwhile Proposal . . .

The proposal of United States Senator Thomas J. Dodd to establish a Thomistic studies institute at Providence College, the center of which would be a library of Thomistic literature, which would help combat "the cold dogma of Communism" should be well received in this College's academic circles.

The basic principle behind the establishment of the library, that is, to combat communism, is one of international importance and significance.

But the actual construction of such an institute is certainly beyond the present scope of PC's expansion program. Perhaps if the Institute were incorporated into the plans for the new library, PC's battle against Communism could progress much more quickly.

A Swinging Affair . . .

The Autumn Festival sponsored by the Student Congress was without a doubt a "swinging affair." Co-chairmen Bob Sauer, Frank Venice, and Joe Keough took what was perhaps the most focused all campus functions and turned it into both a social and financial success.

The previous Autumn Festivals were plagued by misfortunes such as bad weather, bad planning, and the lack of support of the PC student body. These misfortunes cost the Congress approximately $1800 over a two year period.

Although the co-chairmen had no control over the weather they did exercise their power to rid themselves of bad planning and, in turn got the support of the students. The constant efforts on the part of the co-chairmen resulted in both social and financial profit.

There is no doubt that this trio of Sauer, Venice, and Keough did a fine job in making the Autumn Festival the success that it was. Our congratulations are due Senator Dodd.

3. A girl likes to be taken to nice places.

By "nice" places I do not mean expensive places. A girl does not demand luxury. All she seeks is a place that is pleasant and gracious. The Tomb of the Unknown Soldier, for example. Or Mount Rushmore. Or the Taj Mahal. Or the Bureau of Weights and Measures. Find places like these to take your girl. In no circumstances must you take her to an oil-extracting plant.

4. A girl likes to be well-informed.

Come prepared with a few interesting facts that you can drop casually into the conversation. Like this: "Did you know, Snookiepuss, that when cattle, sheep, camels, goats, antelopes, and other members of the cud-chewing family get up, they always get up hind legs first?"

A girl, in fact everbody likes well-informed. If your girl is interested, be sure to carry a book or two with you. Be sure to carry a book or two with you.

This is certainly a vintage year for entertainment in the Providence area. Usually, if one lesser luminary makes a brief appearance, the season is deemed a success. Thus far this season, Providence has been graced with the appearance of Mantovani, Ferrante and Teicher, and the Boston Symphony Orchestra, and within the next two weeks, three of the hottest attractions in show business will be on local display: Judy Garland, the Kingston Trio, and Johnny Mathis.

Miss Garland, enjoying an amazing rebirth of popularity and rightly so, will do a one-night stand at Boston Garden, Friday night. It is doubtful whether this huge arena will either contain the crowds that will doubtlessly pour into it for her appearance, or recover from the effects of both her emotional experiences she put audiences through at the Palace, Carnegie Hall, and Newport. Those of you who have heard the trio before will also sense some intangible quality missing in their vocalizing. But time heals all wounds, and sooner or later we may become accustomed to this intruder in the mainstays, a cheap seat shouldn’t cost much more than a movie on a Saturday night, and it is a night out.

Then, if you’re really in the mood, Johnny Mathis and his entourage move into the Auditorium the following Friday, November 4. It should be interesting to see whether or not Mathis, adept as he may be at vocalizing. But time heals all wounds, and sooner or later we may become accustomed to this intrusion. In the meantime, a检查 your opinions against LM’s Campus Opinion Poll

- What’s better-fame or fortune?

- Do students prefer filter or non-filter cigarettes?

- Are students conservative or liberal?

- Would rather have $50,000-$100,000 yearly salary—and dignity

- Would rather have world recognition—and small financial rewards

Poor Weather Slows Dorm Basketball: Suds, Reptiles Deadlocked in Top Spot

Pete Kennedy, co-chairman of the Carolin Club's outdoor basketball league, announced Monday night that a meeting was held that night, to attempt to have the league games moved indoors to Alumni Hall.

Due to the unexpected cold weather, all games scheduled for Monday night had to be postponed. The remaining games will be conducted on the outdoor court, weather permitting, at the rear of Aquinas Hall.

With only ten games remaining to be played in the double elimination tournament, the winning aggregation will be known by the end of next week, at the latest.

At the present time, two upperclass teams, the Suds and the Reptiles, remain undefeated. The Suds are captained by Pete Murray while the Reptiles play behind Ed Quinn.

In order to reach the finals, each of the teams will have played a total of five games with a minimum of four victories and one loss. At this point, nine teams remain in competition, seven of which have suffered one defeat. Three teams have been eliminated after suffering dual losses.

FOR SALE
JAGUAR XK120-1956

British Blue, hard enamel lustre finish, convertible, 2 seater; all upholstery gray leather interior, rich blue thick floor carpeting, silver spoke wheels, 4 gear hand shift, a real fast car with speeds of 140 mph.

During the last month over $500 spent to completely renew this fine piece of machinery. It now has a new clutch, water pump, gasoline pump, new points and plugs, new front end, and new petrole lines. This car is in perfect, excellent condition, with hardly any mileage. The car is priced to sell quickly, $1250.00. It may be seen this Saturday at 184 Douglas Ave., Providence. Ask for Dr. Kibarian.

**Frosh Coaches Start Tryouts**

At six o’clock on Tuesday evening of this week Coach George Ducharme began practice sessions for the frosh hockey team. Coach Ducharme said that he intends to hold practice two mornings and one afternoon a week for the first month. Mr. Ducharme has had an opportunity to see only three of the boys in action but he is hopeful of securing all of the other players.

Last week he called a blackboard meeting at which only seven boys were able to attend but he hopes, nonetheless, that this year’s frosh hockey team will have a very successful season.

The freshman basketball team also has tryouts scheduled for this week. Coach Jim Swartz said that he hopes to have the team cut down to twelve by the end of the week. The freshman team will be supported by four outstanding high school athletes.

The frosh expected to lead this year’s edition of the Frosh leats are: Bob Kowalski, who at six feet, nine inches is the tallest of the four. He played his high school basketball at Smith Academy in Massachusetts. In addition to Kowalski, there are two boys by the name of Cox of Classical High School and Jim Ahern from Hope High. The fourth boy is Donald Conway who played ball in New York.

Coach Swartz has high hopes that these boys and the others who make the team will lead the freshman team to another fine year.

**“Good Year” – Hadnot**

“We’re ready to go this season,” said Captain-elect Jim Hadnot. “Barring injuries, we’ll have a great season.” Of course, you never know; but as far as I’m concerned, we’ll go a long way.”

Hadnot, a vital cog in the Frosh basketball ingenuity, should have his finest season. He is bolstered by top-drawer personnel which should take a lot of pressure off Jim’s shoulders. Last season, his 19.6 scoring average paced the club, and his total of 675 rebounds ranked him fifth in the nation. Record for “Jumbo Jim’s” ability is indicated by the fact that he has been named as first team All-America by a national publication.

Jimmie constantly working on his pivot moves, feels that the addition of soph Bob Daboll, Jim Stone, and John Thompson will add scoring power, more defensive strength, and certainly more depth to the team. Hadnot feels that this increase of depth plays an important role in the expected success of the club.

Commenting on the fact that the presence of two men 6’10” in the line-up may tend to slow the club down, Jim shrugged and said, “I don’t agree with that; think of our board strength anyway, you need the ball back fast.”

Jim feels that the schedule is a representative one, with Xavier, De Paul, San Francisco, and, of course, Holy Cross probably offering the toughest competition. The possibility of playing Cincinnati in the Holiday Festival intrigues Hadnot. “I’d sure like to play them,” he said, “a great team. I think that if we got the breaks, we could take them. As for Hope...”

**Frosh Nip Rims; Frosh Victorious**

Paced by Stan Blewjas, Dan Shanahan, and Tom Zimmerman, placing second, third and fourth respectively, the Providence College varsity harriers outpointed the University of Rhode Island, 26-29, last Friday. It was the team’s third straight victory under their new mentor, Ray Hanlon.

The meet was held under showery, windy, and cold conditions on the Providence College home course. These conditions did not temper Blewjas, who covered the 3-mile in 17:20. Shanahan followed him in 17:33. Hanlon placed in the line between the two later.

Still remaining undefeated, the Providence men have taken first in all of the frosh meets this year. Sophomore John Hamilton placed eighth, followed by Jim Harlow. Other frosh finishers were: Tom Souza, eighth; Bill Lavigne, twelfth; Mario Mazzarella, thirteenth; and George Knecht, fourteenth.

In the preceding meet, the PC frosh returned to the University of Rhode Island field but they have placed first in all of the frosh meets this year. Crossed the finish line first with a time of 11:51.6 for the 2.4-mile and placed second in 11:55.

The team has extended its record to three victories and no defeats, and it has great prospects for the future. Not only do they have John Demurs in Douglas and Smith, but also in Tom Darsey, Terry Leary, Pete Kowalski, and more. They have shown impressive running throughout the young season.

Because of the inclement weather, the spectators were at a minimum. This might have been an amiable excuse for this last meet but not for the rest of the season. The trend of few men to cheer on the team has been common in the past seasons and is present this year.

**intramural Football Contests**

**Display Spirited Competition; Senior Education Leads Loop**

The intramural football season swung into high gear with a full agenda of contests last week at Hertricken Field. The games were supervised by Pete Louthis, Director of Intramurals.

Holding the top spot in the league is Senior Education with a record of 3-0. Following in second place is Senior Business, who also are undefeated and are in third spot.

Tied for third are Math Education and the R.O.T.C. Marchons, both with one victory and one loss apiece. Next are the R.O.T.C. Flankers and the Metropolitan Club, with no defeats, and it has great prospects for the future. Not only do they have John Demurs in Douglas and Smith, but also in Tom Darsey, Terry Leary, Pete Kowalski, and more. They have shown impressive running throughout the young season.

In the preceding meet, the PC frosh returned to the University of Rhode Island field but they have placed first in all of the frosh meets this year. Crossed the finish line first with a time of 11:51.6 for the 2.4-mile and placed second in 11:55.

**Dorm Students Nip Prison Club; Win in Overtime Thriller, 60-59**

Providence College dorm students traveled to the maximum security section of the Adult Correctional Institution Columbus Day to face the Prison Club, with victories in their first two meet against URI. This was his third straight victory.

The meet was held under showery, windy, and cold conditions on the Providence College home course. These conditions did not temper Blewjas, who covered the 3-mile in 17:20. Shanahan followed him in 17:33. Hanlon placed in the line between the two later.
