Park Rejected; Courts Become Parking Lots

The Very Rev. Vincent C. Dore, O.P., President of the College, has announced that a parking lot has been built between Aquinas and Stephen halls. Last Monday the old basketball court surface was wiped and connected to the faculty parking lot.

The thirteen square feet of the new lot are available to both faculty members and students. Specifics as to its use have not been announced.

Father Dore stated that the administration believed it would be wise to refurbish the basketball courts rather than to build a new parking area of the campus. He also stated that the idea of putting a lien between the two buildings was refused because the students are against any construction from Aquinas would walk over it and ruin it.

Battalion to March in Veterans Parade

It was disclosed by Cadet Col. David D. Pyle, that one battalion, the drill team, and the bands will parade in Providence area of the campus. It was also disclosed by Cadet Col. Russell that the cadet corps will make its high sense of responsibility and sacrifice, while sophomores feel that the freshmen are not wearing their beanies. "I feel that the policy of maintaining the high academic level that characterizes the fine display of the shipment of the Fountaine of the United Nations," the chairman of the IRC, Harold J. Fitzgerald, stated that "it would be quite advantageous for the student body to attend this lecture. I'm sure that it will be very enlightening for the students in regard to the extensive hate campaigns now being waged by extremist groups in the United States."

As a speaker, Mr. Hall has written both criticism and praise. His outspoken lectures have earned him many conservative publications to denounce him as "a professional smear artist." However, he has styled himself as "a campaigner against hate literature." His collection of hate literature is reputed to be the largest of its kind in the country.

The first page of his book "One World Under Attack," states that "Gordon Hall has

Freshmen, Sophs to Battle In 'Liberation War Games' at Alumni Hall

"We'll beat the pants off them!"—such was the general statement made by many freshmen and sophomores in regard to the upcoming "beanie-liberation" events to take place on Alumni Hall.

As the time for the high-spirited contest approaches, feelings are running high on both sides. Freshmen believe they will "stomp on" their opponents, while sophomores feel they will "completely destroy" the class of '68.

Sophomore Pete Nigri says "we will whip them within an inch of their lives," while freshman Ed Tinsworth states "we will drag them from one end of the field to the other."

On the contrary Leo McDonough and Harry Brent, both from the class of '65, believe that they have tradition on their sides. "Last year we took all three events. Why can't we do it again?"

"Because we have more to fight for," answers freshman Ray Miller. "The sophomores were up for this event last year and won. This year it is our turn."

Ironically enough, however, it is the sophomores who feel that they have the unity necessary to win. Charles Delaney humorously points out—"We have the best unity since the class of '23. We're all worked up because the freshmen are not wearing their beanies."

To this statement even many freshmen agree. Dick Wagner believes that "because the freshmen-sophomore wars halt this year, the freshmen have really not had enough"

(Continued on Page 3)

Gordon Hall Speaks On Anti-UN Groups

At 8 p.m. this evening, the International Relations Club of Providence College will present a lecture by Gordon Hall in the Guild Room of Alumni Hall.

The speech, which was sponsored by the IRC as part of its Observation of United Nations Day, will be entitled "Hate Groups Working Against the United Nations." The chairman of the IRC, Harold J. Fitzgerald, stated that "it would be quite advantageous for the student body to attend this lecture. I'm sure that it will be very enlightening for the students in regard to the extensive hate campaigns now being waged by extremist groups in the United States."

As a speaker, Mr. Hall has drawn both criticism and praise. His outspoken lectures have earned him many conservative publications to denounce him as "a professional smear artist." However, he has styled himself as "a campaigner against hate literature." His collection of hate literature is reputed to be the largest of its kind in the country.

The first page of his book "One World Under Attack," states that "Gordon Hall has

Father Forster Appointed Chairman of History Dept.

The Very Rev. Vincent C. Dore, O.P., President of the College, appointed the Rev. Cornelius F. Forster, O.P., as acting chairman of the history department last Monday. Father Forster succeeds the late Rev. Daniel F. Reilly, O.P., who died suddenly on October 5.

As a speaker, Mr. Hall has written both criticism and praise. His outspoken lectures have earned him many conservative publications to denounce him as "a professional smear artist." However, he has styled himself as "a campaigner against hate literature." His collection of hate literature is reputed to be the largest of its kind in the country.

Simons to Discuss Peace Corps Aims

Tomorrow, Mr. John Simons, Assistant Chief, Division of United Nations Information, Peace Corps, Washington, D. C., will visit the campus of Providence College. He will address the students and faculty in the Guild Room, D.C., in order to discuss the opportunities and needs of the Peace Corps.

Mr. Simons has been employed in educational work since 1947 when he started as Executive Secretary of the National Federation of Catholic College Students in Washington, D.C., he went on to become Associate Secretary of the International Student Service in Geneva, Switzerland. From December of 1949 to June of 1951, Mr. Simons was a tour director in Munich, Germany, for the United States Information Agency, serving in that capacity. He

resigned in 1956 to assist in the establishment of the Foundation for Youth and Student Affairs, doing research, travel, writing, and making legal arrangements for the Foundation, of which he became Assistant Executive Secretary in 1962. Mr. Simons has been with the Division of University Relations of the Peace Corps since May, 1961.

As a senior member of the staff of the Division of University Relations, Mr. Simons assists the Chief of the Division in making recommendations on projects, supplying information necessary for the implementation of projects, and furnishing the Division Chief with information and/or recommendations helpful in deciding

(Continued on Page 2)

FATHER FORSTER

In an interview with The Owl, Father Forster stated that he would "make every effort to maintain the high academic standards that Father Reilly and his predecessors established in the history department."

Father Forster agreed wholeheartedly with Father Reilly's rigid academic requirements, which demanded that students to place in the upper 1 or 2% of graduate examinations. "I feel, therefore, that the policy of constant supervision and consultations should be continued," observed Father Forster. "When a department becomes very large, there always is a danger that personal supervision will become too difficult. Father Reilly was an expert in carry on personal supervision of students."

The new head of the history department, in discussing the work of history majors, noted that the principal requisite for success is an extensive amount of outside reading. "There is no shortcut to a knowledge of history other than reading and more reading."

"Aside from the general cultural enrichment which the study of history provides, the history major can look forward to possible careers not only in teaching but also in law, in government, or in the field of journalism."

People to People. . .

"We Have the Scissors with the College Education"

3 Barbers

"The Journeyman" will appear on Saturday evenings, Nov. 11, at the East Providence High School Auditorium as part of the Student Congress Weekend.

People to People was established in 1956 by American students and citizens to encourage international students to take an active role in school and community life while they are in this country.

"The need for such a program is clear," said Dawson as he explained that there are over 70,000 international students in the United States who will return to their countries as leaders and that a favorable impression implimented here could promote the cause of world peace.

It was noted by Dawson that many of the international students were never given the opportunity to participate in community affairs; were forced into substandard housing because of lack of funds, and lacked the friendship of the American students with whom they associate.

The program was initiated on the University of Kansas campus and soon spread to other campuses of the Big Eight. It now has become a national movement.

A discussion period followed the address by Dawson. Representatives of each college discussed the possibilities of establishing the program on their campus. Representatives to the conference agreed to meet on Nov. 16, 1962 to discuss the creation of a state-wide People to People organization.

PC Radio Station
Resumes Broadcasting

"WDOM has returned to the air with good music on a daily basis at 4:00 on the dial," said station manager Stephon Kane earlier this morning when interviewed concerning the station's present status.

After more than a year of technical difficulties the radio station will again serve the campus with music, news, weather, and a special station exclusive. During the coming year WDOM will carry several of the freshman basketball games and selected varsity hockey games.

Concerning quality of the signal, Kane had this to say: "Unoubtedly there will be many who say that quality of the signal is not all that it should be. We at the station know this and are working to alleviate this condition."

Rev. Walter A. Martaugh, O.P., faculty moderator, expressed his satisfaction with the station's present status and said, "I would like to thank all those students who contributed their time and effort to putting the station back on the air."

Prof. Patrick Marshall went on to say that, "the support and patience and backing of the student body has been of great help to all of us here at the station."

Programming for this afternoon and every afternoon during the coming weeks will include: Music Afternoon from 2 until 5:30. Music Evening from 5:30 until 9, and Backgrounds in Sound from 9 until 11.

Jack Nolte, Tom Rogers and Chuck Lawand will host the shows today. During the rest of the week other WDOM DJs will do the hosts.

Now that the station is back on the air, a general meeting of all staff members has been scheduled by station manager Kane for next Monday at 7 p.m. in the office of the station.

Induction Ceremony
For New DES Members
Held Last Thursday

The induction of new members of the Theta Chapter of Delta Epsilon Sigma national honor society was conducted last Thursday, October 18, in Aquinas Hall. Lawrence Walsh, vice-president of the ceremony, the results of the election of officers for the 1962-63 academic year were announced. Francis Egan, a senior, was elected president, and John DePoe, a senior chemistry major, was named vice-president. Arthur Mattos and John McCarthy were elected senior members of the Executive Committee. While Peter Conen and Robert Walsh were elected junior members.

In addition all seniors were honored faculty members, selected for their outstanding contributions to intellectual life of the college. Inducted were: Rev. Daniel B. Patten, O.P., member of the faculty department and founder of the Aquinas College, Father J. Friedrichsen, a member of the political science department. The evening was delivered by Rev. John P. Reid, O.P., member of the Chemistry Department, who published prior to his untimely death; Rev. John F. Cunningham, O.P., member of the College's philosophy department, and was entitled: "Thomistic Thomism through the fog."

Fr. Cunningham's lecture dealt with the "true image of St. Thomas," then with the distorted image of Thomas and Thomism among modern thinkers, and finally contained suggestions for alleviating this distortion. (See Page 4 for excerpts.)

Fr. Forster
(Continued from Page 1)

history is indispensable for analyzing and interpreting current events," Father Forster concluded.

Father Forster is a native of New York City where he received his early education. He was graduated from Fordham University in 1941 and entered the School of Theology the same year. He was ordained in Washington, D.C., in 1946 and joined the Providence College faculty in 1949. Father Forster continued his graduate work at Catholic University where he received his masters of arts degree in 1951 and at Fordham University where he completed his studies for the degree of Doctor of Philosophy. Father Forster is currently the moderator of the Met Club.

NFCCS MEETING

Providence College Chapter of NFCCS will hold a meeting tonight at 7:30 p.m. in Aquinas Hall Lounge. Any student interested in joining or participating in the NFCCS program is encouraged to attend.

Friedemann, a member of the Student Congress, provided the program and said that he would like to discuss it with the International Relations Club of Providence College.

Rhode Island College, Brown University, the University of Rhode Island, Barrington College, Roger Williams Junior College, and Rhode Island School of Design also sent representatives to the conference.

Many Thomists Cloud True Image of Thomas

The following are excerpts from a speech given by Rev. John F. Cunningham, O.P., before the DES Honor So.

Father Cunningham begins his lecture by stating the fact that Thomism has been often ignored or misunderstood by much of the non-catholic intelligentsia in the twenty-first century, outlining some of the general misconceptions concerning this specifc philosphy.

Continuing, "I should like this evening to attempt answers to the question: What is the true image of St. Thomas? What is the reason for the distorted image so common today? And what should we do about it?"

Then follows some insights into Aquinas' character: "Aquinas was not the pure

Insurance Move...

This year Providence College's Student Congress is sponsoring a weekend for the whole school. It is too early to judge whether or not this will be a financial success, but such a venture reminds us of the unfortunate losses suffered by previous Congresses. Should a financial setback be suffered the Congress will play an ineffectual role on the campus again this year because it will not be able to finance the programs it has planned.

It is THE COWL suggestion then that SC open the Journeymen concert to the public and not limit it to those attending the weekend.

It's an insurance move which would help keep Congress in the black and thus keep it operating this year in its proper capacity.

Gordon Hall...

The International Relations Club tonight sponsors the appearance of Gordon Hall, self-styled "expert on extrem­

A Congenial Friar Leaves...

In another few weeks the Rev. James L. Dolan, O.P., of the philosophy department, will leave for the mission fields in South America. We hate to see him go.

Father Dolan has become the model for the Friars on the campus. He is always willing to talk to students on a variety of subjects including congenial Friar hall and boat rides. He possesses the quality of being able
to become familiar with the students and the time limits that respect for him as a priest and as a teacher.

With these qualities he can't help but do excellent work in his missionary activity. A man of Father Dolan's caliber possesses those qualities which brings a teacher closer to his students does not come along often. We are sorry that Providence College is losing him.

Many Thomists Cloud True Image of Thomas

The following are excerpts from a speech given by Rev. John F. Cunningham, O.P., before the DES Honor So.

Father Cunningham begins his lecture by stating the fact that Thomism has been often ignored or misunderstood by much of the non-catholic intelligentsia in the twenty-first century, outlining some of the general misconceptions concerning this specifc philosphy.

Students and student organizations in foreign countries are much more active politically and have greater influence than their counterparts here in the United States. This situation is a statement issued on October 15 by the Coordination of African Student Unions of Students (COSEC), which represents 20 African countries and includes 200 organizations in eight countries, including the United States National Student Association.

This statement, dealing with the present crisis in the Congo and the problem of Southern Rhodesia, claims that the United States is not doing enough to support the liberation movement there.

The Zimbabwe African People's Union (ZAPU) of Southern Rhodesia is a movement for liberation from white control and for independence from colonial domination. The ZAPU is a major political force in the white-controlled Southern Rhodesian government has publicly declared its support for the immediate release of all the African political leaders in Southern Rhodesia who have been arrested by the regime. This support has been echoed by the Big Brothers, a group of progressive leaders who have been arrested by the regime.

President Robert Graham has announced that the Providence College Guidance Organization will hold a Communion Breakfast on November 4. A Mass will be celebrated by the college's administration. The purpose of the Mass is to discuss and recognize the immediate need for the release of all prisoners in the Congo.

R.I. Opera Guild Presents Faust

It is gratifying to all who are interested in Providence College that the faculty is offering a wide range of courses and activities for students. The college has improved in recent years. But perhaps it is time now to consider whether the program of greater selectivity that has been applied to student applications for admission should also be applied to the faculty. Top-flight students will never go to a university that cannot point to a top-flight faculty.
NFCCS Inaugurates Visitation Program

"This is the first program of its kind in Providence College," said Francis X. Murphy, senior NFCCS delegate of Providence College, of the visiting workshop.

The visiting workshop is a program sponsored by NFCCS by which the students visit Negro families in their homes and have informal discussions on discrimination in housing and employment and of other related topics.

Currently this program is being spearheaded by a pilot group of students who, after becoming familiar with the program, will in turn lead other groups in this field until ultimately each College student will have had a chance to participate in this program. Robert Fiordella, Thomas Pyter, and Alan Noonan are in this pilot group.

Murphy also mentioned that a program in Industrial Peace at Manhattanville College of the Sacred Heart at Purchase, New York, on October 26 and 27 will be attended by representatives of the College chapter of NFCCS.

The visiting workshop is a program in Industrial Peace proposed by Dr. Krause.

Johannine Society Meeting Addressed by Noted Author

"Interfaith Movements in Europe" was the subject of a lecture given by Mr. Eric Kuehnelt-Leddihn, noted author and world traveler, to the members of the Johannine Society at their October 16 meeting.

Approximately 55 history club members attending heard the Austrian-born speaker discuss the possibility of church reunification in the European nations. In concentrating on ecclesiastical unification in Germany, Mr. Kuehnelt-Leddihn noted the cooperation in the last 100 years between the Lutheran and Roman Catholic churches, to the extent that both religion have shared glories of worship and have cooperated in the maintenance and operation of schools and seminaries.

He went on to say that the main problem in the way of re-unification is semantics. Enumerating this on this fact, Mr. Kuehnelt-Leddihn said that he prefers the term "Universal Christian" to that of "Roman Catholic" because his term does not tend to connotate the idea of papal supremacy, so long a source of provocation to Protestantists.

The second meeting of the Johannine Society will be held on November 27. Professor C. A. Robinson of Brown University, a classicist, will discuss "Greek Ideals In Art." Preceding the lecture, the membership will hold an election to fill the office of secretary.

Father Dolan Feted

Over 50 persons attended a farewell dinner last night at Oates Tavern for the Rev. James L. Dolan, O.P. Father Dolan is a member of the Providence College philosophy department. He is scheduled to depart from New York on November 10 for Peru.

Father Dolan, a native of Providence, attended La Salle Academy and received his bachelor of arts degree at Providence College in 1953. He earned his S.T.B. degree at the Dominican House of Studies in Washington, D. C, in 1959. Two years later he was awarded an S.T.L. He was ordained at St. Dominic's Church in Washington, D.C., in 1961. He came to Peru in 1961.

Father Dolan has been assigned to Chimbote, Peru, a missionary territory comprising some 3300 square miles to which the Dominicans have been assigned. Three other Dominicans are making the journey south with Father Dolan.

Alumni Mass Open to Seniors

Invitations have been extended to the class of '63 to attend the annual Communion Sunday of our Alumni Association. This is the first time that seniors have been invited to attend this event. "Not very many seniors have bought tickets and it would be thought well of, if they did," said Frank Marzoe, senior class agent.

Mass is scheduled for October 28 at 5:30 p.m. in St. Pius Church, which will be celebrated by the Very Rev. Vincent C. Dore, President of the College. Following the Mass, dinner is to be served in Ray mond Hall.

Rev. John Reid

Delivers Talk

“A Catholic may be a liberal or a conservative as long as his thinking is in harmony with the demands of his faith,” stated the Rev. John P. Reid, O.P., in his lecture titled “Liberal, Conservative and the Aquinian Society on October 17.

However, Father Reid emphasized that this harmony should not be taken for granted: “Without an intelligent understanding of papal social doctrine, you cannot think as informed Catholics on social questions, political or economic.”

Five propositions constituted the essence of Father Reid’s convictions concerning the problem of liberalism and conservatism:

(1) “The young Catholic has a serious obligation in conscience to acquaint himself with Catholic social doctrine.”

(2) “The authentic and authoritative teacher of Catholic social doctrine is the Pope.”

(3) “There is a solid core of Catholic social doctrine accessible in the writings of outstanding theologians and philosophers.”

(4) “The designations liberal and conservative are unmeritorious as descriptors of Catholic social doctrine.”

(5) “The term ‘moderate’ expresses a positive balance and prudence in judgment and decision, and secondarily, a protest against the imbalance and imprudence of extremes.”

Father Reid concluded that one should set as a Catholic moderate: liberal in the sense of being ‘progressive, concerned with the demands of social justice,’ and conservative in the sense of having ‘respect for tradition and for our own way of life.’

The Spike Shoe Club

The Spike Shoe Club will hold a meeting in Harkins Hall, Room 303, at 7 p.m. tonight.
Hockey . . .

who played brilliantly for the freshmen last year is also out along with Bob Traniakas, who is returning to school after being out a few years. "Since we haven't started scrimmaging yet, I don't know who will start," Eccleston said. "I'll have to see how all three play in the coming weeks and then make my decision. We play Bowdoin in two scrimmages after Thanksgiving and I should know where we stand by then."

"Larry Kish is the only certain starter on defense," said Eccleston, "and I have seven other boys fighting for the other spots. Right now it is wide open with Larry Keegan, Charlie McPhilips, Paul DeCarlo, Chet Gaffney, Dan Sullivan, Tom Fecteau and Joe Meldm all available."

"This is the roughest schedule we've ever had," said Eccleston, "we play all the biggest teams in the East with the exception of Harvard. We beat them 7-0 two years ago and since then they haven't scheduled a game with us. The fans however will have a chance to see good hockey this year since we play St. Lawrence, Clarkson and R.P.I. at home."

"I look for Brown to be one of our toughest games," he said, "since they haven't lost a man from last year's team and had a very strong freshman team." 

Flynn . . .

football, basketball, and baseball teams and was named to the All-State team in each sport. In 1958 he was named the Outstanding Boston Athlete, the first in that category. After a year at Newman Prep he entered PC in 1959. He is a political science major and hopes to go into government work after graduation.

Intramurals . . .

On Thursday, five games were played. The Ski Club sent the Boston Shamrocks reeling to their first defeat by decisively whipping them 27 to 0. The Providence Rollers evened their record by beating the Fall River Club 22 to 0. The Western Mass. Club continued undefeated by defeating the Boston Pats in a close match. The final score was 12 to 8. Joe Khray sparkled the Western Mass. Club by throwing two touchdowns passes.

On Friday, the Blackstone Valley Club was held to a 20-20 tie by the Kent Country Club. The History Club continued on the victory trail with a decisive 18 to 0 win over the Pit Club. In the final game, the New Bedford Club won their first game by shutting out the Massachusetts Club 21 to 0.

The Intramural Cross Country Race will be rescheduled for Tuesday, October 29th. Time of the race is 3:45 p.m. All contestants must report to the gym at 3:30 p.m.

NOTES FROM THE

SPORTSDESK

By William Joyce
Cowl Sports Editor

There seems to be a growing uneasiness on this campus as to the possibility of a "de-emphasis" in basketball. Many students cite the lack of appeal of secondary school basketball, boys playing elsewhere at PC in the past two years. Other students (and many times the same student) cite the lack of growth in physical facilities to handle "big-time" ball. It is highly unlikely, and probably ridiculous, to claim that there is or will be a de-emphasis in basketball for that matter, any other sport.

From a purely economic standpoint, the de-emphasis theory is refuted. Basketball is the only sport at PC which makes money. It is evident that basketball "carries" the other sports and to de-emphasize basketball would mean the necessity de-emphasis, or at least curtailment, of all the other sports.

The argument that accomplished ball players aren't emerging here is not due to de-emphasis. Efforts have been made and will continue to be made to land some of the top secondary school basketball players in the nation. The fact is that the athletic department has never having little success in "landing" these ball players whom they have been seeking. Whether or not this is due to a poor or insufficient recruiting program is impossible to tell, although it is doubtful that this is the case.

In recent years, especially this year's senior class, the de-emphasis theory is not unfounded there. It must be remembered that a player wants to go to a school where he knows he can play. While it may be small, the school such as Providence is riding on a wave of success, it is difficult to assure a ball player that he will play regularly or even frequently. This also is the primary reason for the "see-saw" effect of success in collegiate athletics.

To say that basketball is being de-emphasized because there has been no recruiting program has been highly successful. It must be remembered that a player wants to go to a school where he knows he can play. While it may be small, a school such as Providence is riding on a wave of success, it is difficult to assure a ball player that he will play regularly or even frequently. This also is the primary reason for the "see-saw" effect of success in collegiate athletics.

The point is this: rather than complain to the administration that the players aren't good enough (at the present time and in the near future the athletes at PC are good enough) all students should get behind the club and give it the solid support. Our teams represent PC and we are PC.

Richards clothes

Jerry De Maria, '64 is available to PC gentlemen on Thursday evening from 6:00 P.M. - 9:00 P.M. and on Saturdays from 9:00 A.M. - 6:00 P.M. Drop in, say hello, and look at the finest clothes ever designed, and priced for the collegian's pocketbook.

Flynn Pleased with Squad; Emphasizes Defensive Play
By George O'Brien

"The attitude of this year's team is the best that I've seen at PC," says Ray Flynn, captain of the Friar basketball team. In a recent interview, Flynn went on to say, "There is better spirit than ever before, and it has shown up in the practices thus far." Flynn feels that, on paper, this team is not as potentially good as last year's was. But with a lot of hard work and effort, this year's squad can do a better job.

CAPTAIN RAY FLYNN

Flynn emphasized that defense will play an important part in the Friar fortunes this year. "We have guys that can shoot and we're going to score well, but if the defense is poor, the other team will score more points and win."

When asked about his idea of a successful season, Ray said, "Of course I'd love to win, but some of our wins last year didn't mean that much." He agreed some of our wins last year didn't mean that much." He agreed some of our wins last year didn't mean that much."

"The Friary is for me to play offense, and effort, this year's squad can do a better job."

Six Frosh Tie: URI Defeated
The freshman ballies crushed the University of Rhode Island on Friday, November 19, as six members of the freshman team tied for first place and trounced the U.R.I. Frosh. Tied for first place were Brown, Foster, Fusco, Ruggeri and Riedman, who all finished the 2.9 mile course in the time of 15 minutes and 12.4 seconds.

On Tuesday, October 16, the Providence College freshman cross country team journeyed to Boston and defeated their Boston University counterparts by the score of 15-0. Leading the Friarlets across the finish line was Harry Brown, who completed the 2.9 mile course in the time of 14 minutes and 33 seconds. He was followed closely by Robert Fusco, Jerry Ruggeri, Jerry Riedman and Richard Duggan.

Coach Ray Hanlon was pleased with the performance of the team to date; however, he expects a tough meet with Boston College on Friday, October 30, on the P.C. campus. Coach Hanlon also added that the improvement of Patrick Gallagher and Joseph Curyla should add further balance to a strong team.

The freshmen bill and darters now have a record of five wins and one loss.

Intramural Fall Slate Highlighted by Football

The Intramural Tennis Tournament advanced into the second round last week. Paul Bento defeated Tom McCormack 6-3 and 62. Jack Gately bested Chuck Matthews. Kevin Flannan easily defeated Buck Painter in two matches 6-4 and 60. Lepore beat Mike Piarczyk 6-1 and 60. Dave McIntyre defeated Jerry O'Connell 7-5 and 6-4. There was no result in the Maroon and Brown.

Harriers Face Eagles Friday: BC Improved

Balance Decisive in Victory over Rams
"This Friday at four o'clock, PC faces Boston College in its toughest conference meet of the season," said Coach Ray Hanlon, who predicted that BC would edge the Eagles by one point last year.

The Providence mentor feels that Coach William Gilligan is fielding one of his more outstanding teams which has been bolstered by the addition of a good crop of sophomores, and which is led by Don Rossin.

"Once again it will require an all out team effort to maintain the thirty second balance that the squad achieved against URI last Friday," commented Mr. Hanlon.

Bill Land of Rams grabbed top place with a finishing time of 23.20, but Blewitt, Shamsan, Hamilton, Luzine, and Zimmerman of PC followed the leader over the finish line. Thus the score was 20-37.

Also Hanlon added that "It was a significant meet. They were well coached, possessing the same men from last year." He hopes to continue this trend against Boston College, and in the Quadrangle Meet with Syracuse, Fordham, and St. Bonaventure and Dayton. Coach Hanlon feels that the team can do as well as in the time of 14 minutes and 12.4 seconds.

Eccleston Sees Strong Offense; Defense Wrecked by Graduation

By Joe Reihing

Pucks began flying again last Wednesday as the Friar hockey team toook to the ice for the 1962-63 season led by Captain Lou Lamoriello. Although they've only been out for six days, Coach Ray Hanlon has an impressive record. In the Intramural League clash last Friday, the Friars defeated their opponents. Coach Hanlon also slated that defense will play an important part in the Friar fortunes this year.
