

Friars Clash With Strong Bruin Nine

Play Five Games in Six Days,
Face Brown Tomorrow, St.
John's on Sunday

KWASNIEWSKI HURLS

New Hampshire, Dartmouth and
Lowell Tech Play Host to
Travelling P. C. Nine

Coach Art Quirk's Black and White diamond forces, aiming to keep Providence College baseball fortunes unimpaired, are faced with the task of meeting five rivals in six days. Starting tomorrow the Friars will oppose Brown, St. John's, University of New Hampshire, Dartmouth, and Lowell Textile in that order. The only day on which the Smith Hillers will be inactive from competitive competition during this time will be Monday.

Of prime importance in these five tilts is the Brown encounter. This game, which revives one of the oldest series in Providence College athletic annals, marks the third of the 1938 championship contests for the collegiate title of Rhode Island.

Contender For State Crown
The Friars will enter this fray as the chief contender for the state diadem, having turned back the Rhode Island State College aggregation, which conquered the Bears. Providence has yet to taste the bitterness of defeat, for, besides holding a victory over an intrastate rival, the Black and White is credited with wins in four other games in which they have competed this year.

Brown is far stronger than generally believed. The 6-0 defeat pinned on them by Rhode Island State does not serve as a barometer of the Bruins' chances of annexing the intrastate crown. The Bears battled the Rams to a deadlock for seven frames before running into trouble.

In their second start of the present campaign, Brown dropped a 6-5 verdict to the fast-stepping Boston College Eagles. Holy Cross, Amherst, and Yale, their next three foes, fell before the onslaught of the heavy Bruin artillery by 14-8, 10-3, and 15-8 counts, respectively. Following these tilts the Bears suffered two setbacks, a 5-2 defeat at the hands of Cross in a return engagement, and a 4-3 loss administered by the Dartmouth College nine in their most recent encounter.

Devaney on Mound
Coach Jack Kelleher will probably call on Vin Devaney, his veteran hurler, to silence the Friars' heavy hitters. The ace right hander, whose masterful pitching enabled Brown to score an upset win over Holy Cross, has started on the hill for the Bears on three occasions. Although the Crusader game is the only contest in which he went the entire route, Devaney has yet to be handed a setback.

If Devaney starts, the Bruins will be fielding a team consisting of seven veterans and two sophomores. The

N. E. Scientists Meet in Annual Conclave Here

Rev. Francis S. Tobin, S.J., Boston College Physics Head, Presides

On April 30, Providence College was host to the Sixth Annual District meeting of the Catholic Round Table of Sciences. Approximately 150 delegates, representing 25 New England colleges, attended the one-day conference.

After the delegates were welcomed by the Very Rev. John J. Dillon, O.P., President of Providence College, at a luncheon, a general convocation was held. Scientific papers were read here by the Rev. Jeremiah T. Fitzgerald, O.P., of the College Chemistry department on "The Integration of Science", George A. Kenny, of the College Biology department, on "Research in Small Colleges", and by Daniel M. Lilly, also of the College Biology department on "Opportunities for Research in the Summer." Miss Hazel Gillespie, Ph.D., of the Biology department of Albertus Magnus College read a paper on "Commercial Research."

A meeting of the scientists was then conducted by the Rev. John A. Tobin, S.J., head of the department of Physics at Boston College and secretary of the Catholic Round Table of Scientists. After the session the delegates were taken on a tour of the College Laboratories.

Crazy Collegians Crown Queen; Hold Maypole Dance on Ball Field

First P. C. May Day Celebration
Precedes H. C. Victory;
Boosts Spirit

Hilarity was the order of the day last Wednesday, when the students of the College cast dignity to the winds, and, stimulated by the custom of neighboring all-girl colleges, crowned William Cunningham Queen of the May, and conducted a mad and merry dance around the Maypole, which was erected near first base on Hendicken Field.

But there was much more to the impressive ceremony than the "crowning" episode. Maypole bearers, heralds, crown bearers, maids in waiting, members of the daisy chain, in fact, an entire entourage escorted the comely "queen" to the site of the coronation. At the "throne" an awe-inspiring spectacle provided the back-

One hundred and twenty-five seniors were invested with graduation caps and gowns at ceremonies Monday morning in Harkins Hall. The seniors then participated in the dedication of the class tree on the campus beside Harkins Hall.

The day began at 9 a.m. in the auditorium with a mass said by the Rev. Jeremiah T. Fitzgerald, O. P., attended by the entire student body. After the mass the seniors received the academic robes from the hands of the Very Rev. John J. Dillon, O. P., President, and the Rev. Arthur H. Chandler, O. P., Dean of Studies.

Fr. Dillon then delivered the traditional Cap and Gown Day address to the seniors. The seniors marched to the campus for the dedication of the class tree. Thomas F. Sheehan, of Brooklyn, a ranking member of the class of '38, gave the speech dedicating the class tree. Following Sheehan's address the seniors returned to the auditorium, where Father Chandler announced the list of 21 honor graduates.

Formal Procession
The procession into the auditorium for the mass was led by Joseph E. Isacco, Albert A. Ahearn and Eugene J. McElroy, junior vice president and treasurer, carried the American and Providence College flags. Class Marshals Daniel F. Murphy, junior president, and Robert C. Healey, junior secretary, came after the flag bearers. Thomas F. Sheehan, the Tree speaker, and Thomas W. Durnin, senior secretary; Father Chandler and T. Casey Moher, senior vice president; and Father Dillon and George V. O'Brien, senior president, paired in that order followed Father Fitzgerald, accompanied by acolytes Lloyd W. Mahler of Jersey City and Matthew J. Scullion, of Lyndhurst, N.J., immediately preceded the prospective graduates who entered the auditorium with their academic robes resting on their arms. Father Dillon told the seniors that they would soon enter a "topsy-turvy" world, and explained the present general confusion to be the result of a

Junior Boxing Bouts Tonight In Auditorium

Wrestling Matches Featured on
Program; Registrar's Card
Admits Students

A capacity crowd is expected to witness the annual Boxing Tournament tonight in Harkins Hall. Five boxing bouts and three wrestling matches comprise the card drawn up for the affair by Charles McElroy, chairman of the committee, and his assistants, Paul Morin and William Tully. The first bout will get under way at 8 o'clock.

As an added attraction, McElroy has arranged for a special boxing bout between two comely lassies whose identity will remain shrouded in secrecy until they are introduced from the ring. McElroy informs us that they are regarded as the two leading female leather tossers in the business and a brisk and interesting fight can be anticipated.

Students will be admitted upon presentation of their class registration cards at the door. All others will be admitted by tickets which are being distributed only by the Juniors.

Appropriate medals will be awarded to both winners and the losers. All wrestling matches will be limited to ten minutes.

Battle Royal
Al Martocchio, who has participated in previous tournaments, has replaced Fred Gabriele as Pete Iaccarino's opponent in a last minute change. The curtain raiser will bring together Irving Jacobson and Bill Ferland, a couple of fast stepping, stiff punching lightweight. A battle royal featuring Ben Polak, Les Burdige and "Gig" Pariseau will wind up the evening's entertainment. No holds will be barred in this match.

The Cavanagh-Bedard and the Guglielmo-Lopes fights and the Barnini-Mezewski wrestling match have aroused more than the usual amount of interest. Lopes is the only newcomer, the other three having taken part in the bouts for the past few years. Both bouts are expected to be close and interesting with the boys staging clever exhibitions of boxing. Barnini and Mezewski, recognized as two of the leading amateur wrestlers in this sector, will resume hostilities where they left off last year in what is regarded as one of the most thrilling matches ever staged at Harkins Hall.

Reynolds Timer
"Happy" Stanley, well known entertainer, will be the master of ceremonies. The timer will be Charles Reynolds, former Providence pitcher and at present Chief of the Rhode Island Division of Athletics; while the judges will be Coach Art Quirk and John "Duke" Farley, former prize fighter manager and promoter and at present assistant to Charles Reynolds.

Jr. Promenade At Biltmore On Monday

Large Attendance is Expected for
Year's Most Brilliant Social
Event

SHAW WILL PLAY

Thirty-Minute Broadcast On
Columbia Network Is
Planned

Swing will be king on next Monday night as Providence College students and their friends dance to the rhythm of Artie Shaw and his orchestra at the Junior Promenade in the Biltmore Hotel ballroom. Dancing will be enjoyed from nine until two.

One of the features of the evening's program will be a thirty-minute broadcast of the music for the affair. Artie, his clarinet and his orchestra, will probably take to the air at 11:00 p.m., and may play some of the popular tunes from the recent Providence College musical comedy success "Friar Away". Several stations on the Columbia System will carry the program to the out-of-state listeners.

Grand March Highlight
The Grand March will be held directly after intermission. Norman J. Carignan, '39, has offered to direct the procession and it is expected that the March will be a highlight of the Prom. Galety will be the keynote of the annual affair as the Juniors and their friends follow the musical pace as set by the King of the Clarinet and his boys. Always a colorful occasion, this year's Prom is doubly significant because it is the climatic event of the first Junior Week Program ever to be held at the College.

Shaw's Swing Band
The Prom Committee expects Artie Shaw and the orchestra to make history at the Prom. The swing artist and his merry men have been touring the East playing collegiate dates at New York University, Wellesley, Boston College, and Pembroke, along with several others. Tomorrow night Artie and the lads will oppose Tommy Dorsey in the Swing Battle of the Century at Dartmouth College. Tickets for the Prom will remain on sale until Monday afternoon, in the rotunda of Harkins Hall. Last minute purchases of bids may also be made at the door on Monday night. Students who have availed themselves of the installment plan of payment for the Prom bids have been asked by the committee to make their final payments before the office in the rotunda is closed.

Gold Locket Praised
Students have been loud in their praise of the attractive heart-shaped gold locket which was selected as the favor for the dance. The new satin finish has been the subject of much favorable comment.

The committee for the dance includes: James J. Gallogly, chairman; J. Lawrence Hall, Joseph Martellino, Joseph Baldwin, Edward Burke, and the class officers, Daniel F. Murphy, Albert A. Ahearn, Robert C. Healey, and Eugene J. McElroy, Jr.

SOPHS CANCEL PLANS FOR CLASS HOLIDAY

Due to the many conflicting events which are to take place between now and the end of the semester, plans for the Sophomore Class Day, which was to have been featured by either a dance or outing, have been abandoned. The committee in charge of preparing the affair deemed this course wise in order not to jeopardize the success of other college functions.

THIS COLLEGIATE WORLD

(By Associated Collegiate Press)

This story's for you if you're one of those folks who are worried about the mounting national debt.

A University of Alabama economics teacher recently reported to one of his classes that the debt now stands at some \$37,558,369.963—and his statement inspired the school's chief doodler and one-man boom to the pencil and paper industry to stay up late one night to produce these fancies and figures:

If the debt were in one-dollar bills and if they were placed end-to-end, they would encircle the earth at the equator 145 times, or they could be used to make a bridge to the moon \$15 wide. If the currency were stacked 16 to the 16th of an inch, it would form a pile 1,181 feet high, higher than the Chrysler building. In area, these bills would cover 149.6 square miles.

But, more important, these bills do form one of the politicians' headaches that no back-slapping panacea will cure. And this isn't politics, either—just ask the politicians.

Spring vacations have always been mighty bothersome for college officials ever since the earliest days of our oldest institutions. Witness this edict passed by the Princeton University board back on Sept. 12, 1758: "Whereas, there is a peculiar Disposition in the Students to go home some Days or Weeks before the May Vacation and the President is Obligated to spend near half his time for almost a month before to hear a great Variety of Pleas and pretenses for that End; and often times half or more upon a Variety of Pretenses have got Liberty to go home before the time appointed which is attended with many Inconveniences; It is ordered that this Practice be prevented for the time to come, and that none be allowed to go home at that time unless by Reason of Sickness or some such extraordinary Occasion, and that no pretenses be made that a Horse is sent unless there be also a letter from the parents or Guardian to the President Signifying some extraordinary Reason for it. And that such Students Transcribe this Order and send it to their Parents or Guardians some months before the Vacation."

Cowl Editorials

BROWN FELL FOR IT

Among the world's greatest industries must be numbered that of spreading propaganda. Armies are engaged in the field, and they are industrious indeed. Billions of dollars are at work in the industry. The articles of sale offered for our consumption by it are often strange.

From Moscow, in the past year or two, has come perhaps the strangest article of all. The Communists have been trying to sell us Russia as a democratic nation. A strange democracy, this; one in the philosophy of which no room whatsoever is allowed for the fundamental elements of democracy, for freedom of worship, right of private ownership, representation for minorities, free press and schools.

The organization behind this salesmanship is extensive, efficient and well financed. The Rev. Dr. Joseph B. Code, eminent professor of history at Catholic University, publicly charged that the Spanish embassy received \$15,000,000 to conduct its campaign—and "its chief ally is the Communist Party of the United States." There is more than a little significance in the fact that the libel suit instituted by the embassy as a result of the charge was quickly and quietly dropped.

Of course, if the Communists can sell us their monster as a democracy, they will have done much to promote political and economic cooperation between the countries. At first glance, it would seem that the twin never shall meet. But the salesmen have accomplished but already. We have seen an example of this penetration recently on the campus of Brown University. David Landman, editor of the Daily Herald was quoted by the press as urging, at Brown's fourth annual peace demonstration, held April 27, that the democracies of the world, United States, England, France and RUSSIA, unite against the menace of Facism.

Eternal vigilance is truly the price of democracy. Moscow's propaganda machine, with its millions to spend, will succeed in selling us a fraudulent bill of goods unless we are vigilant.

COACH QUIRK'S REQUEST

Addressing the Junior banquet on the evening of the Holy Cross game, Coach Quirk commended the Friar supporters for their splendid showing of spontaneous spirit from the stands. But he asked expressly that this spontaneous enthusiasm be welded into an organized cheering section, so that it may be even more effective.

This first public request of our new Coach calls for immediate action. It is clearly up to the cheer leaders of last fall to start right in at the St. John's game Sunday; it is up to the students to band together under them.

Further, a section of the stands should be designated for both students and their guests, so that none will have occasion to remain apart from the main unit.

FRESHMAN WEEK

It is an obvious necessity that a lively and interesting program of social and athletic events should be planned for the early weeks of the fall semester to welcome and initiate next year's Freshmen to the varied activities of Providence College. If the members of the class of '42 are to become a spirited and cooperative group, an active and worthwhile unit of the college, they should receive something much more than a chilly welcome during their first days at college.

The most feasible plan at the present time seems to be for the officers of the Freshman, Sophomore and Junior classes to organize now, draw up a worthwhile program for a Freshman week next Fall and give full personal support to its success. A meeting of these class officers is planned for next week to decide upon this matter. It is hoped that the class officers will appreciate the need for a Freshman week next Fall and will cooperate fully to insure its success for the benefit of the arriving Freshmen and for the benefit of Providence College.

Uncle Peter Overlooks The Alumni

All you little alumni who thought you were going to beat Uncle Peter in the delightful game of lawn tennis on Alumni Day this year, are going to be sadly mistaken, because they ain't gonna be no tennis matches. Latest and official word is that the festivities will be held again at the Metacommet Club, where golf is the reigning (and if like last year, raining, also) passion.

Now don't start landing on the committee until you learn the facts. An endeavor was made to secure the Wannamoisett—spelling optional—but even Ed Doherty's switch of club membership wasn't enough to make them cancel a previous engagement. So the only thing left to do was go back to the Metacommet where if you don't play golf you can—well, what did you graduate for, if you don't?

Your correspondent, known far (Tommy) and abroad (Loy) as Uncle Peter, has been practicing up on his handicap and it looks like he is going to start out with a par 72. So that when that gross of 146 is posted, the handicap will bring him right down into the prize money range.

Congratulations are due Ed Conaty on the excellent Communion Breakfast that he chaired on last Sunday. He did a fine job, and those of us who are rapidly becoming venerable in the annals of Providence College admit that it was the best Communion breakfast put on by the alumni in quite some time. Ed leaves by plane for Cleveland tomorrow, to tell many assembled delegates just what the democrats are doing for the crippled children in the State of Rhode Island.

Speaking of conventions (remember when a lady couldn't smoke a cigar—

ette in public?)—Jim Dillon has just returned from New Orleans where he attended a water works convention. Jim reports that it's the water that puts the works to a convention. Uncle Pete always had the idea that it was the gingerale that made you sick.

Quotable Quotes

(By Associated Collegiate Press)

"It is not too much to say that forces playing on education from without, forces over which educators themselves have little or no direct control are making it necessary for educational institutions to redefine their goals." University of Chicago's Prof. Newton Edwards points an unwavering finger at one cause of what many call today's educational revolution.

"Any education which would seem to have as its slogan 'training in techniques which will prevent a sucker from getting a break' or 'training in techniques of friendliness that will

enable you to get the better of the other fellow simply falls without the pale of true education. It represents the lowest standards of our society and cannot but be condemned." Prof. A. B. Williamson, New York University, speaks his mind on a publicly popular phase of education.

"The universities are in the present juncture on the side of the scientific spirit and freedom of inquiry. Business will be well advised to welcome the dynamic force of education." University of Michigan's Dean C. E. Griffin calls on business to accept the aid of its best ally.

conflict "between two general schools, one of naturalism, the other of supernaturalism. The philosophers of the former regard life in this visible world as the only life in which we need concern ourselves; disciples of the latter, while concerned with this workaday world and the way we must live in it, view this life as a preparation for the next," he continued. Adding that "we have guided you according to the principles of supernatural thought which touches every phase of human endeavor," Father Dillon urged the prospective graduates to be "living endorsements of our system of education based on analysis of human nature and you will be a credit to the nation and the College."

"I guess you have to be particular about your cigarette, Mel. I've often wondered if Camels are different from other kinds?"

"Take it from me, Penn, any one-cigarette's as good as another talk is the bunk. There are a lot of angles to consider in smoking. Camel is the cigarette I know really agrees with me on all counts. My hat's off to 'em for real, natural mildness—the kind that doesn't get my nerves ragged—or make my throat raspy."

MEL KOONTZ and Penn Phillips got to talking on the subject of cigarettes. Like Mel Koontz, millions of people find what they want in Camels. One smoker tells another: "Camels agree with me!" Yes, those costlier tobaccos in Camels do make a difference!

"I know the kind of tobacco used for making your choice cigarettes," says Mr. Beckham Wright, who has spent 19 years growing tobacco, knows it from the ground up. "Camel got my choice grades last year—and many years back," he adds. "I'm talking facts when I say Camels are made from MORE EXPENSIVE TOBACCOES."

Mr. George Crumbaugh, another well-known planter, had a fine tobacco crop last year. "My best yet," he says. "And the Camel people bought all I ever got before, too. Naturally, Camel's the cigarette I smoke myself. Fact is, most planters favor Camels. So I know that Camels use finer tobaccos."

Mr. Cecil White, successful planter of Danville, Ky. "Like most planters around here, I sold the best of my last crop to the Camel people. And at the best prices. I stick to Camels and I know I'm smoking choice tobaccos."

Your Scowler is at the proverbial wits end as to what to dish out in the way of fish-tash and tomfoolery for the week, what with the Seniors getting begowned, the class tree getting be-sprinkled with loam, the fistic gladiators getting be-grogged, the May Queen getting be-cked, the honor men getting be-ranked, the photographers getting be-autiful pics, the Deans office getting be-cided, the cut-ups getting be-tered, the boarding students getting be-hind in their rent the pansies getting be-dewed, the Cap and Gown dance getting be-held, the daisies getting be-strewn, the Junior theatre party getting be-nighed, the Seniors' resources getting be-rett, the Scowler getting be-titled, and the Sophomore Class Day getting the berries. That's putting the bee in your bonnet.

Hoax of the week: After going to college for four years, you'd think that the Seniors would be observing but if they had taken a look at that tree, which looked like a miniature California redwood, they would have seen that someone put one over on them. Imagine a tree that size being only an infant, why it was tree-mendous.

Sign of Spring: Gabby-deen suits and dirty white shoes herald the arrival of spring, and polo shirts and flowery cravats make it doubly sure. As Dan Geary puts it, "They look like a breath of spring. Did zephyr see anything like it?"

Now that the last year men will soon be leaving to make their way in the topsy-turvy game of life, it seems meet and fitting to list a few which might prove valuable when the graduates are seeking positions.

1. On the outside of the door it says "Pull". Once inside, the inscription on the same door reads, "Push".
2. The boss may be an 'old bull' to the office force, but you still can't grab him by the horns and twist his neck.
3. Don't let the buzz of an angry voice scare you. A bee has a nasty sting, but it still gives the most honey.
4. If someone tells you that the boss is a peppery fellow, it might be well to garnish him with oil.

To help the Seniors further it might be well to give them a preview of the sort of questionnaire they might have to fill out before plucking a plumb.

1. What race are you? Do you believe in races. If so, pick the win.

Banquet Opens Junior Week

The first Junior Week program ever to be held at Providence College was inaugurated at a Stag Banquet for members of the class of 1939 in Harkins Hall on last Wednesday night. John A. McQueeny was chairman of the committee which arranged this initial event.

The evening's entertainment included after dinner speeches, some singing and dancing, and an informal "jam session" by the Junior Class orchestra. The Rev. Robert G. Quinn, O.P., faculty director of athletics, and Dr. Arthur Quirk, baseball mentor, complimented the class on its initiative and urged continued evidence of an "organized cooperation" in student support of athletic events. Other speakers included the Rev. Irving A. Georges, O.P., class moderator; Mal Brown, Friar athletic trainer; and Daniel F. Murphy, Jr., president of the class. Eugene J. McElroy, Jr., was toastmaster.

in planning your career

The science of the "new century" is still in its infancy. It is a most promising field for constructive thought and work. It calls for the best minds interested in health service careers.

Because of advancing standards, enrollment in Dental Schools in the United States has been reduced during the past thirteen years. Today there is one practicing dentist to approximately each 2,400 of population.

Marquette University Dental School is given the highest rating—A—by the Dental Educational Council of America. Its diplomas to graduates are recognized in all states. The close relationship of dental-medical study proves an advantage to students.

Entrance requirements: Two years in a recognized College of Liberal Arts with satisfactory credits in biology, organic chemistry, and physics.

BANQUET TUESDAY

Members of the "Friar Away" company will gather next Tuesday night at Izzi's Cafe in Pontiac to celebrate the success of last week's musical show. More than 100 who participated are expected to assemble for the banquet and the entertainment. Miss Margaret Nugent will show technicolor movies taken at performances of "If I were King" and "Friar Away" as part of the entertainment.

Reminiscences: "Our Joe" Baldwin with that far away look in his eyes, as he narrates of football victories for the team next year. Now it can be told . . . The story of the Woonsocket boys who rode home every night after rehearsal on their thumbs. The tip-off came on the night of dress rehearsal which ended at one-thirty. The boys were on the Douglas pike waiting for a ride until three-thirty . . . The kind driver that picked them up, left them three miles from home . . . No wonder that they didn't make the eight o'clock class. They were there for the nine however . . . All for the art . . . Among the things that you haven't noticed was the setting up of the sixth scene of the show . . . The flowers go to Tytila and stage crew for setting up the show in complete darkness. They took down the fourth and put up the sixth in the pitch dark and with no casualty . . . Did you know that Fredrick (call me Fritz) Domke was knocked cold the afternoon before the Friday night show . . . he came to just in time and lasted until the last curtain went down . . . The guy's got something as everybody who saw the game that afternoon and those that saw the show has said.

BOXING TOURNEY

The Junior Boxing Bouts (and don't forget those rasslin' tussles) are scheduled to start at eight o'clock in Harkins Hall tonight. Charlie McElroy, chairman of the committee, has lined up some very promising bouts. Most of the boys who are donning the leather mittens tonight are in the lighter weight classes, so the accent is expected to be on speed and boxing skill. They tell us there are a couple of very potent punchers ready to pour it on, however, so the tip is to be prepared for anything from left jabs to round-house rights. The bout between Ray Bedard and Joe Cavanagh is expected to provide an abundance of fist fireworks. So watch for that one.

The "anything goes" wind-up of the evening will be a wrestling battle royal featuring "Gig" Pariseau, Ben Polak and Les Burdge. These three footballers are right in the pink and really promise to show some of the careless abandon for life and limb that the professional grunt and groan artists display. The rehearsals have been going on for the past three weeks, so watch their faces and learn why those "Oscars" the movie stars get should really be given to guys like Danno O'Mahoney, Steve "Crusher" Casey and the remainder of Paul Bowser's troupe. And "Just Between Us," the lad who usually holds forth from this confidential stand, will be in for a very tough evening if he decides to accept the referee's job for this encounter. These boys aren't the least bit particular about clamping their pet holds on any one who happens to be in the immediate vicinity. Better carry a bat, Izzy.

Those of you who like your wrestling without the addition of vaudeville antics should appreciate the match between "Slip" Barnini and Dick Mezelewski. These lads, who provided the more spectacular thrills on last year's card, are rated as two of the leading amateur wrestlers in the East. Both are confident of scoring the winning fall so place your bets and be there to cheer your favorite on. The boys will appreciate that.

STATE BOWS

R. I. State finally had to give up an athletic victory to Providence College last Saturday. After those disastrous football and basketball clashes news of a 2 to 1 win over a good Ram nine was more than a little bit welcome in these parts. The defeat was George Hines' second in three starts against the Friars in the past two years. The ace of the Keaney coached team's hurling corps dropped one and won one from Providence last year.

HERE AND THERE

Speaking of baseball, that suit clean-up man Hal Martin is wearing must be symbolic. It certainly looks as though he had used it to sweep up the field. What's the story, Hal, do you believe in the old baseball player's superstition concerning a change of suits? If you keep slamming out those doubles, it won't make any difference what kind of a suit you're wearing. . . . That one hitter Amby Reynolds twirled against Naval last week wasn't anything unusual for the lanky hurler. In his high school days at West Haven, ambling Amby in 28 innings of chucking in his senior year sent 44 men back to the bench via the strikeout route, allowing three hits and walking one. Down Connecticut way he's being hailed as a second Bob Feller.

Friars Play Five Games in 6 Days

(Continued from Page 1)

pair of newcomers are Ed Pietrusza, third sacker, and Chuck Harkins, center fielder. Both these boys have performed well, and their punch at the plate is expected to be of great help to Coach Kelleher's forces in tomorrow's tilt.

Wright at first base, Danny Hicks at the middle station, Pietrusza at third base, and Bobby Brokaw at short will be in Brown's infield. The outer pastures will be patrolled by Captain Paul Welch, one of the ablest left fielders in Eastern collegiate ranks, Harkins, and Cad Arrendell or Larry Atwell, left to right. Brush or Hinckley will be behind the plate.

Kwasniewski Hurls

Coach Quirk will start Joe Kwasniewski, star sophomore chucker, in this all important game. Kwasniewski has started in two encounters, allowing only 11 hits and 1 run. The rest of the Friar lineup will remain intact.

On Sunday Providence will face St. John's in a return engagement at Hendricks Field. The Smith Hillers defeated the Saints in their first meeting, but the boys from Brooklyn have improved greatly since that affair. The Redmen scored an impressive 11-0 victory over City College of New York and last Monday battled New York U. to a 2-all tie in seventeen frames, the game being called because of darkness.

Tuesday the Black and White baseballers will journey to Durham for their engagement with the University of New Hampshire at Brackett Field. The Granite Staters' past performance slate is not very impressive, but they held a strong Harvard nine to a pair of tallies, losing 2-1.

Meet Dartmouth

Dartmouth College, the Friars' opponent on Wednesday, will play host to Coach Quirk's forces at Hanover. Either Johnny Litchfield, veteran speed-ball twirler, or Hal Wonslow, sophomore ace, will see service on the mound in this battle for the Indians. Thursday will find the Smith Hillers at Lowell where they come to grips with the Lowell Textile aggregation. This year Coach Rusty Yarnell has a better-than-average Textile ball club, and an interesting contest is anticipated.

Ploski, Fischer Spark Friar Attack; Power Hitting, Alert Defense Pave Way for Win

5TH WIN FOR LOCALS

Kwasniewski Shades Hines In Pitching Duel to Give P. C. Edge in State Series

The combination of the numerals three and one, spectacles and seniority, together with heads-up pitching and general all-round team excellence, once again mesmerized a powerful Holy Cross nine. Casey Moher, making his varsity debut, effectively handcuffed the hard-hitting Crusaders Wednesday at Hendricks Field, 10 to 3, to run up the undefeated Friars' victory count to five.

History repeated itself last Wednesday on Hendricks Field. Tom Moher, wearing the number thirty-one, Karl Sherry's thirteen reversed, toyed with the highly-heralded Crusader nine, conquerors of the Boston Red Sox, in big league style. Casey made them hit 'em where he wanted them and his support did the rest.

After two were out in the first inning Bill Moge dropped a double into right field and scored the Friars' first run a moment later when Durand threw Hal Martin's grounder wildly to first enabling the latter to reach second. Leo Ploski then lined a four-py wallop to left for two more runs. Three hits, two walks and two Crusader errors accounted for four more tallies in the third inning. The other three runs came in the seventh inning as a result of Leo Fischer's three-run homer over the right field fence scoring Moge and Ploski ahead of him.

The Purple bunched four hits and two walks in the third inning to push across their three runs of the game. Further scoring in this inning was prevented by the second double play of the game made by Moge to Ploski to Fischer.

On last Saturday Providence and Rhode Island State battled through one of the tightest diamond contests in the history of their competition as the Friars eked out a 2 to 1 win at Kingston behind the four-hit pitching of Joe Kwasniewski. Providence was held to seven bingles by George Hines, who after a shaky start kept the visitors scoreless.

The locals wasted little time in the matter of run scoring in the State contest as Ayvasian first up, doubled and scored on Captain "Wink" Crowley's single. The latter went to second on the throw home, stole third, and scampered across the plate with what proved to be the winning run on Durand's misplay.

Keaney Bests Morris; State Frosh Win, 3-1

Junior Keaney, who promises to become a menace to Friar teams in three sports, struck another blow for the cause of the R. I. State Blue and White yesterday afternoon, pitching three hit ball to down the Providence College yearlings, 3-1. It was the second defeat for the Friariets in three games.

Morris and Beilan were the battery for the Friar Cubs. The State Frosh made only seven hits off Morris, who was making his mound debut for the Friars, but the three runs they garnered were plenty to win behind Keaney's superb hurling.

Tennis Team Loses To Brown Netmen

The Providence College tennis team went down to defeat before the Brown team on Monday afternoon at the Thayer Street Tennis courts. The final score was 9 to 0 in favor of the Bruins.

On May 7, the Friars will meet the R. I. State netmen. Last year the Rams were the victors by a 7 to 2 margin. On May 9, and 10, the Friars will journey to Hartford, Conn., to compete in the New England Inter-collegiate tennis tourney while on May 11 they will be in Storrs, Conn., where they will meet the Connecticut State netmen. Connecticut won, 5 to 3, over the Friars in 1937.

The summary:

Singles

Leland (B) defeated McQueeney (P) 6-1, 6-0; Williams (B) defeated Haldredge (P) 6-1, 4-6, 7-5; Price (B) defeated Tully (P) 6-3, 6-3; Rice (B) defeated Scandon (P) 6-3, 6-0; Benn (B) defeated . . .

Doubles

Leland and Brown (B) defeated McQueeney and Scandon (P) 6-1, 4-1; Rice and Williams (B) defeated Sullivan and Tierney (P) 6-2, 4-1; Price and Benn (B) defeated Spinnor and Haldredge (P) 6-2, 6-2.

Frosh Nine Plays Four In Six Days

St. John's, B. C., Brown, and H. C. Provide Opposition For Yearlings

Four games in the next six days will test the true strength of the Providence College Freshmen baseball team. All four games are with highly rated teams and will all be played on Hendricks Field.

Tomorrow they will meet St. John's Prep of Danvers, Mass., on Monday they will have a chance to avenge their defeat at the hands of the Boston College Freshmen; Wednesday the Brown Cubs move in; and on Thursday the young Friars will entertain the Holy Cross Freshmen. Walter Morris, Amby Reynolds, and Steve Fallon will in all probability share the pitching duties.

Last Monday, the Freshmen lost their first game of the year to the Boston College Freshmen by the score 9 to 6. Steve Fallon, southpaw twirler, held his opponents to two hits while striking out twelve for seven innings. In the eighth Fallon lost control and gave up two walks and four hits. These coupled with two errors gave Boston College seven runs. Up until the fatal eighth the Friars were leading 6 to 2, but Boston's seven runs were enough to win the ball game.

Campus Club Holds Senior Reception

Leadership in Cheering Brings Results Wednesday Afternoon

Inaugurating a new feature of its yearly schedule of activities, the Campus Club feted the senior members of the group at an informal stag banquet in Harkins Hall last Tuesday evening.

An impromptu address by each senior formed the basis of the evening's speaking program. The talks stressed the need of a more articulate school spirit, and the importance of the resident student's part in engendering such a spirit.

As a result of the talks, it was voted to have the members of the organization form a united group as a core for a cheering section at Wednesday's game with Holy Cross. In connection with the move for better cheering, the Club arranged to have the words to *Friar Away*, new fight song from the 1938 musical comedy, and the Alma Mater song, printed and distributed to students at the game.

(This move by the Campus Club, the effect of which was markedly noticeable at Wednesday's game, is a long step forward towards a better show of spirit at the College. The Cowl hopes that the Campus Club will not relax its leadership in the games to come, and that it will receive the utmost cooperation from the student body, regular cheer leaders (where are they?) and the Athletic Department.—Ed. Note.)

HANLEY LAUDS U. S. SYSTEM TO ALUMNI

Dr. James L. Hanley, superintendent of Providence schools, spoke before members of the Providence College alumni association at a Communion breakfast held Sunday in the Narragansett Hotel. Prior to the breakfast the alumni heard Mass and received Communion in the College chapel.

Urging his listeners to lead "a reformation and regeneration of the world along moral lines", Dr. Hanley said

"No system, in spite of its weaknesses, ever presented the freedom, the opportunities, the recognition of the sanctity of the individual, that we have in America. It is up to you who influence the destiny of America, to lead to a better world for future generations."
