Antonio Prince Will Address French Club

Students Invited to Hear Noted Lawyer Monday Afternoon

Pursuing its program of inviting guest speakers to address its members in French, La Pleiade, undergraduate French Club, has announced that Antonio Prince LLD., former State Treasurer and present Postmaster of Woonsocket, will speak on the French contribution to American culture Monday afternoon at 2:45 in the Old Auditorium.

An acknowledged leader in movement for the survival of French culture in this country and Canada, Prince was awarded an honorary degree in law last June by the Papa University of the Oblate Fathers in Ottawa, Ontario. In the citation, it was stated that the degree was grant-ed "for his personal merit, his devotion and his influence as head of the regional committee of the Second ongress of the French Language last year and as President of the As sociation d'Education of the State of Rhode Island, founded the day after the great congress held in Quebec."

Born in Edmonton

Mr. Prince was born in Edmonton Alberta, in 1894 in a family rich in tradition and famous personalities, all staunch defenders of the rights of French Catholics in the Canadian provinces. As a student, Mr. Prince attended schools administered by the Congregation of the Brothers of the Christian Schools, of which an uncle is one of the most highly reputed members in Canada. After complet-ing his studies at Ste-Marie-de-Beauce and the College of Mont-Saint-Louis, he proceeded to the Jesuit College of Ste-Marie in Montreal, Georgetown University and the University of Washington, where he specialized in accounting and law

After several years on a number of dian and American newspapers he became secretary to Representative Jeremiah E. O'Connell, now presiding justice of the Superior Court of Rhode Island. In 1932 he was elected State Treasurer of this state and in 1934 was reelected. In 1936 he accepted the position of Postmaster of the city of ocket, R. I., a post which he still holds

Family Well Known

Mr. Prince's father, the late Antonio Prince, a lawyer, was a founder of the city of Edmonton, today the metropolis of Northwestern Canada, and was a celebrated defender of the privileges of French Canadians in the new provinces. In the families of both Lailberte, are many distinguished members of the French Canadian clergy, past and present. Amongothers are Mgr. Langevin, a pioneer of French education in the western provinces: Mgr. Paul Eugene Roy, founder of the French Language Congress, and Archbishop of Quebec; and Mgr Camille Roy, president of the Second Congress of the French Language held two years ago

At the meeting Monday afternoon, Mr. Prince will be introduced by Lionel J. Landry '40. Attendance at

Annual P.C. Musical Has 100 In Cast, to Close Sunday

"Ready, Aim, Friar," fourth annual musical comedy written, directed and acted entirely by the students of Providence College, tonight enters its fourth performance, having already been hailed as one of the best productions ever to be sponsored by the Pyramid Players, College dramatic organization.

Rhode Islanders had a preview of this year's edition of the original student musical when the principals in the show broadcast exerpts and dialogue over Station WJAR last Sunday afternoon. The show opened Tuesday evening in Harkins Hall and will close with a sixth consecutive performance Sunday evening.

100 Participate

About 100 students have worked ac ively in the production, the script of which was created by Norman J. Carignan and Robert C. Healey, both seniors. Two dancing choruses, a glee club, and a student dance orchestra support the main cast. The principals are: Joseph A. Wade, Thomas J. Farrell. '41. William H. Cunningham, '39, Robert Dunn, Francis E. Mullen, '39, John F. Gibbons, '41, and Robert Richmond, '42.

Music for the show was composed by Raymond Pettine, '39, William H. Cunningham, '39, John Davey, '39, Ken Cayton, '42, and Karl Keuhner, '40. Lyrics are by Cunningham. Pettine, and Healey.

Lively Plot

The plot, which is livened by a prossion of hilarious incidents, including an imitation Munich Conference oldfish swallowing incident, a realistic air raid, shows what hapns when the mythical Prominence College comes under the authority of

Comes a time in the life of evers ist if anyone should ask why) when he is asked to plug a few events here and there. We're no exception so this week's column is full of plugs. But stick wid us and let's get the dirty work over

Plug 1-Soph Skating Party-Just bring out the better side of the to bring out picture, the floor isn't quite as hard afraid to fall and fall hard. Dame rumor, one of our informers, reports that several of the boys have been practicing up for the night of the party but practice evidently doesn't do them much good and they're still eating from the mantel. What fools we mortals be!

Plug 2-The Junior Prom-Bids on sale—Price five iron men. Nuff said but we gotta say more. The band sounds pretty good to us judging from their record on the cafnickelodeon but since we're far from being a connoisseur of music don't take our word for it; see for yourself on your own nickel. If memory serves us correctly, the trombonist in Paul Whiteman's band, when said band in town, claimed that Miller would have one of the top bands in the country at this time next year Time will tell all.

Plug No. 3-Cheer Contest-Ha. Ha read a couple of the entered by mail and, confidentally the outsider's concept of a cheer about as clear as London on a foggy day. At the rate we're going, by the time the contest ends we should be able to get a good song from the cheers submitted. That's just the way some of the cheers line up. Doesn anyone want a free season ticket to next year's home games?

Musicomedy Jottings-The comedy opened Tuesday night and from reports out front the show is one of the best yet. The script is undoubtedly better than last year's and the Can-Can dance of the football players is even better than the renowned dance of the Sprites. Cigarette girl Jim Leo brings down the house with "Cigars, cigarettes, and chewing gum." Better get it on the line boys and hop up tonight or tomorrow for the show

well for the locals chances for the important games just ahead. Tomorrow they will make the annual Fitton Field, Worcester meet thte Holy Cross Crusaders, always a dangerous foe. This year Coach Jack Barry of the Purple is with only a paucity of experienced material at his disposal, but with a strong defensive club headed by Providence's Red Durand and a capable twirler in the person of Bill Klarnick, the Cross will make a reputable opponent for any college nine in this sector.

Dartmouth, Bates, and Rhode Island State will be taken on in that order next week, the first two to be played at home while the State game is listed to go on at Kingston. Ordinarily three games in one week would offer some cause for worry but with four capable starting pitchers ready for action it will be the opposition that will do the worrying.

Press Box Splinters

Joey Archibald finally gained the recognition of the National Boxing Association as the featherweight ruler of the world when he decisioned Leo Rodak of Chicago fifteen rounds the other night at the Auditorium. Tim Ferrick, the third man in the ring who called the turn, was snowed under with protests from the Rodak camp and a host of local sport writers who were of the opinion that the Chicagoan's watchful waiting policy should have been rewarded with the decision. Lucky it was for the clear-minded fight fan that there were some out-of-town scribes on hand to witness the set-to for they seemed to be the only ones to see the bout as it was really fought. Such noted men as Eddie Brietz of the Associated Press and Nat Fleischer, Editor of the Ring magazine stated that Archibald, through his willingness to force the fight throughout, should have won for

Incidentally Potera is of Polish and not of Italian parentage. Standing five-feet-nine and scaling 170 pounds the Warren Sophomore can justly be termed a "find" Hugh Devore's. Granted he was capable hard-driving wingman both at La Salle and on the freshman club, but it wasn't until the past campaign under the exacting tu-torship of Hughie that Potera truly reached the heights. He uses a knee motion all his own and his explosive charge knocks the precision out of any interference attempting to circle his extremity. This coupled with his remarkable durability should carry the genial Cas to even greater conquests during the next

Providence Renews Tradi-tional Struggle With Cross at Worcester

Two exacting tests, which may very well determine Providence College's ultimate position in the 1939 Eastern intercollegiate baseball race, are in order for the Friars tomorrow and next Monday. The powerful Purple of Holy Cross, which invariably holds a prominent place in the college diamond politics in this section of the untry, plays host to the Black and White on the morrow at Worcester. Monday's encounter will find the locals pitted against the Dartmouth Indians in a contest which will mark the Friars' first home game.

Cambridge, Mass.—(ACP)—A new drive by scientists against the totalitarian states has been announced by the Cambridge branch of the American Association of Scientific Workers who have declared a boycott agains German-manufactured scientific apparatus and supplies.

Representing the scientists of Har-vard University, Massachusetts Institute of Technology and other colleges and universities in this area, the local chapter of the association is now planning to seek the support of other scientific groups for the boycott move

Leaders of the drive pointed out that the U. S. last year imported approximately \$10,000,000 worth of scientific equipment, cameras and chemicals from the Reich.
