'Uncle Tom's Cabana' Goes Into Final Rehearsals

New Dance Numbers Will Be Featured In Comedy To Be Held

By Ira T. Williams, Jr., '41

"Uncle Tom's Cabana", 1941 Pyramid Players Musical Comedy has entered its final stage of rehearsals, it was announced this week by Thomas J. Farrell, '41, production manager. In the near future, a complete rehearsal of the entire first act will be held with all principals and dancers as well as the chorus and the orchestra on hand.

The new dance numbers which will be featured in the comedy have been completed and arranged with musical accompaniment by Ken Cayton, '42, musical director. A novel number fashioned after the Rockettes of Radio City is the opening dance of the chorus and is one of the most intricate numbers ever produced at Providence College. A Hat Dance performed by members of the ensemble and a Toreador number by Anthony Ricci, '41, also are features of the program. Thomas O'Connell, '44, will be the star of a ballet ensemble which will be crowned with his acrobatic interpretation of the ballet. Larry Simonds is dance director for the comedy. This is his sixth year of directing the "chorines" for the Pyramid Players.

Songs selected for the show include "Yoo Hoo", "You Cast Your Spell Over Me", "I Live In a Dream World", "It Must Be You", "My Name Is Gaucho", "Conchita", and "My Story of Love". Four of these were written by Cayton himself and the other student writers are Edward Garrity, '41, and Charles Sommers, '43. "Yoo Hoo" a swing number and "You Cast Your Spell Over Me" a ballad, are already being rehearsed by the thirteen-piece orchestra. "I Live in a Dream World" is a slow ballet while "Conchita" and "My Name is Gaucho" are rumbas. "It Must Be You" and "My Story of Love" are ballads. Several other Spanish numbers are in production but are, at present, unnamed. Orchestral arrangements for the Comedy were written by Donald McDonald, '44 and Edward Gershoff.

With the script written by Francis Stadnicki, '43, this year's show is the

Prom Patrons Are Announced

Patrons and patronesses for the Junior Prom to be held in the grand ballroom of the Biltmore Hotel on May 28 were announced yesterday. They are, His Excellency, J. Howard McGrath and Mrs. McGrath, Mayor Dennis J. Roberts, Dr. Daniel J. O'Neill, Dr. and Mrs. Arthur L. Quirk, Prof. and Mrs. John J. Hanley, Prof. and Mrs. George A. Kenny, Prof. John W. Moroney, Prof. John D. Murphy, Mr. Louis C. FitzGerald, Mr. and Mrs. Earl T. Dugan and Mr. and Mrs. Charles N. Jackson.

Music for dancing which will be from 9:00 p.m. to 2:00 a.m. will be furnished by Larry Clinton, "The Old Dipsy Doodler" and his orchestra. A white kid makeup bag bearing the seal of the college stamped in gold has been selected as the favor.

One of the novel aspects of the Prom will be the crowning of a queen. Amid befitting pomp and ceremony, the queen will receive a gold loving cup shortly after the grand march.

Diamond Squad Starts Season

By Tom Gilfillan

The Providence College baseball squad, with 29 candidates reporting, held its first practice session last Tuesday on Hendricken Field. The Friars are being guided by Hugh Maguire, former Hope high mentor, who is filling in for Coach Artie Quirk, now recuperating from pneumonia.

Headed by Capt. Art Clarkin, veteran third sacker, the present Friar squad comprises three catchers, five pitchers, 13 infielders, and 10 outfielders.

Only one pitcher of last year's team is available. The varsity holdover is Amby Reynolds, a fire-baller. Reynolds will be aided by Lou Sibbio and Dick Mahoney, Charlie Harrington and George O'Reilly, stars of the 1940 freshman combine.

The catching department, which will in all probability be the strongest department of play, is made up of Johnny Yockers, Joe Moore and Bob Reilly. The latter two divided the receiving duties from the freshmen of last campaign.

PHOTOGRAPHY CLUB

A lecture on Personal Photography was featured at the monthly meeting of the College Camera Club on Thursday evening at 7:30 in Harkins Hall. The interest and value of keeping a personal autobiography of snapshots was discussed. Slides were shown which illustrated the salient points developed in the lecture.

R. Alan Niles, president, announced that a salon would be held next month at which the photographic works of the members will be exhibited. Every member was urged to have at least one print on display at the salon.

It was announced that the last meeting of the year will be held on May 8. Photographic Papers and Their Properties will be the lecture on that date.

Conscription Hoax Causes Sudden Uproar at College

Majority of Students Are Duped By April Fool Story In Previous Issue

By F. J. M.

April first has come and gone and the Cowl staff is finally coming out of its risible convulsions brought about by witnessing the consternation of the student body when they scanned the headlines of the college weekly last Friday.

For those who knew of the joke before-hand, it was really very amusing to watch the boys snatch the "Cowls." 'Twas indeed a lesson in practical psychology, and a good example of grape-vine communication. Scarcely three minutes after The Cowl appeared, the news had reached the library and all the savants crowded out to get the news. The interim between periods saw the halls crowded with gasping freshmen and sophs. "They can't do this to me," was the most frequent comment. "They got us after all," and "What'll I do, what'll I do," were recanted by the underclassmen as they went about in a daze. Others gathered in groups shouting out their invectives against their prospective slaughterers. The

KENT COUNTY CLUB

The Kent County Club of the College held its first annual dinner on Tuesday evening in the "400 Club" in Natick. Principal speakers for the evening were Very Rev. John J. Dillon, O.P., and Rev. Jeremiah T. Fitzgerald, O.P., president and vice-president of the College, respectively.

Addressing the gathering of more than fifty students, Father Dillon urged them not to fear to ask for draft deferment, as our national safety is dependent on educated men.

Toastmaster for the evening was E. Gerald O'Brien. He was assisted by the following committee: Harry F. McKanna, Eugene T. Martin and Larry Lamb. The moving picture "A Camera Visit to Providence College" was shown by Louis FitzGerald, College Publicity Director.

Devoremen to Encounter Franklin and Marshall On September 27

The Devoremen are scheduled for their first home appearance on the evening of October 22nd or 25th when Rhode Island State's Rams will furnish the opposition. Cranston Stadium, the usual neutral scene of Friar-Ram encounters will probably be the scene again, although this is as yet undecided.

Prior to the State game, the Friars will have played four road contests, starting with Franklin & Marshall at Lancaster, Pennsylvania, on September 27th. F. & M. is the only newcomer on the schedule. The season's last game will be a renewal of relationships with Xavier College on November 20th at Cincinnati.

Springfield's Gymnasts will be guests at Hendricken Field on November 1st in the other home game.

Larry Clinton Sees Trend Away From Violent Swing

Composer of 'Reverie' and 'Our Love' to Feature Sweet Music At Prom

Swing is advancing!

In the future there will be less noise and more beauty, less stomping and more lift, according to Larry Clinton, whose orchestra has been chosen for the Annual Junior Prom to be held in the Hotel Biltmore on Monday, April 28.

The composer who started America stomping to the rhythm of the "Dipsy Doodle" says that swing has come a long way since that day over twenty years ago when a blind Negro, known only as "Stale Bread," was supposed to have played the first swing on the streets of New Orleans.

"While hot swing gets the publicity, while clever novelties come and go," says Clinton, "the young people still continue to be fond of the sweet melodies. It was rough house dancing when swing first struck, but now the

boys and girls are getting to dancing rather than throwing themselves around. It is swing—not sling!"

Aviators Training At Catholic Univ.

Having turned out one class of 13 students who now possess licenses as civilian airplane pilots, Dean A. J. Scullen of the School of Engineering and Architecture, at the Catholic University of America, now has a new class of 20 undergoing intensive instruction to qualify for flying wings. The course in civilian pilot training is authorized by the Civil Aeronautics Authority of the Federal Government and includes a ground instruction as well as actual flying. The students taking the special studies will complete their training by the end of June.

The Civil Aeronautics instruction is not a military course, but will help national defense by making easier entrance into military air schools, by virtue of producing men who have flying experience. As with the last class, actual flight training and the auxiliary ground courses are taken simultaneously. The flying lessons are given at Queens Chapel Airport, not far from the University. They involve about 35 hours of flying, 15 solo. The ground courses are held at Catholic University with Henry L. Knight of the Civil Aeronautics Authority as instructor. Here the students learn navigation and meteorology, along with civil air regulations.

Danger of Internal Corruption Cited

Strengthening of moral fiber hand in hand with military preparedness and not hatred for dictators should be the real approach to national defense, the Rt. Rev. Msgr. Fulton J. Sheen, of the Catholic University of America, declared last night in his address over the "Catholic Hour."

The "Catholic Hour" is broadcast over the Red network of the National Broadcasting Company through Station WEAJ, New York, and is produced by the National Council of Catholic Men.

"America has no need of stressing the danger from without—our press, cinema, radio, and government are of one voice in warning us against dictators," Monsignor Sheen said. "But it is the duty of those interested in God and morality and peace to emphasize a less popular theme—and a more needed one—the danger from within. "Our present temper is to assume that our hatred for 66 2-3 per cent of cruel dictators can provide the discipline, order, and authority essential for the preservation of a nation. It is the purpose of this broadcast to challenge that mood and to suggest that a strengthening of our moral fiber must go hand in hand with military preparedness. History, Scripture and nature all come to us freighted with

COLLEGE WEEK

By Joseph P. Giblin, '43 EXCHANGE EDITOR.

The Brown Daily Herald celebrated its Golden Anniversary with a twenty-two page issue. Included in the issue was a reproduction of the first edition. Only suspension of daily appearance was during the World War period.

The Very Rev. Dr. Emmet Riley, President of Carroll College, was inducted into the Blackfoot Indian Tribe as "Chief Low Horn" in a spectacular ceremony held on the campus in Helena, Montana.

Both Boston College and Pembroke selected Red Nichols and his orchestra to play for their respective Junior proms. Brown Juniors chose Tony Pastor, calling his aggregation "the outstanding band of the year."

The Connecticut College News noted an increase of 28 sick cases over last year as the campus infirmary announced that flu and pneumonia had figured greatly in the 363 cases handled so far this year.

More than 300 students graduated on March 19 from the College of San Juan de Letran, Manila, P. I. Final exams began for all students on March 15. Plans were announced for the next school year which begins in June by The Letran News, campus weekly.

Students of Clark University picked Glenn Miller and his orchestra as their favorite orchestra in a poll conducted by the Scarlet, undergraduate weekly.

When the Junior Prom Queen at Gettysburg College was sent to the hospital with appendicitis shortly before the affair was to take place, all looked dark. However, Band Leader Will Hudson saved the day by crowning her in her hospital room.

Officer and Chaplain

The Rev. Frederick C. Foley, O.P., assistant dean, who has been appointed Officer and Chaplain of the Providence College Alumni Association. Father Foley was a member of the Class of 1927.

Alumni News

The Board of Governors of the Providence College Alumni Association is very happy to announce to the alumni at large the appointment, by the President of Providence College, of a new Faculty Member, who will serve both as Officer and as Chaplain of the Alumni group.

To those members and there are not so many—who need a formal introduction to the new appointee, we are honored and privileged to present: The Reverend Frederick C. Foley, O.P., M.A., of the Class of 1927. Born in Lowell, Massachusetts, he was ordained to the priesthood in 1932. In 1934, after completing his graduate studies at the Catholic University of America, he was assigned to Providence College as Head of the Department and Professor of Religion. In the Fall of 1936, he was advanced to the administrative office of Assistant Dean of Providence College, and to the position of Vicar to the Superior of the Community of Dominican Fathers. As an Alumni Officer he should aid spiritually and materially in invigorating the relations between the Association and the College.

To those members of the past six classes, we say simply: Father Foley. With the same cordial friendliness, generous cooperative spirit, and quiet priestly dignity, he will continue in his new role, to greet, to assist, and to guide you.

We want all of you to give Father Foley, our new Spiritual Director and Faculty Member of the Board of Governors, a friendly handshake and an encouraging word of welcome at the Communion Breakfast in May!

Communion Breakfast Committee Named

At the Alumni business meeting President John E. Farrell, '26, named Charles E. Shea, '32, of Pawtucket, to serve as chairman of the committee which is to arrange for the annual Communion breakfast of the Association. Plans for this important event this year call for the celebration of Mass at the chapel in Aquinas Hall on Sunday, May 18, followed by breakfast in the student dining hall.

The committee named to aid Chairman Shea in making arrangements is as follows: Edmund J. Kelly, '23, of Providence; Joseph A. Russo, '24, of Hughesdale; James P. McVay, '25, of Pawtucket; John J. Mulhern, '26, of Providence; T. Russell McGrath, '27, of Providence; Walter T. Dromgool, '28, of Warwick; Joseph L. Breen, '29, of Providence; Robert L. Smith, '30, of Pawtucket; Dr. John L. Baeszler, '31, of Providence; William H. Davy, '32, of Providence; Charles J. Hill, '33, of Woonsocket; Frank J. Reavey, '34, of Cranston; James A. McManus, '35, of Pawtucket; Robert H. Lachapelle, '36, of Pawtucket; Thomas M. Fogarty, '37, of Providence; Vincent T. Aniello, '38, of Providence; Thomas F. Healey, '38, of Providence, and Davitt F. Carroll, '40, of Providence.

Here and There With the Alumni Thomas H. Bride, '27, recently served as one of the examiners in employment service ratings in New Hampshire, and for his work won the commendation of Governor Robert O. Blood. . . . Bride is ranked as one of the leading authorities on employment service, compensation rulings, and civil service in New England, and public rumor has him slated as the next civil service director of Rhode Island. . . . Certainly no finer choice could be made. . . . Louis C. FitzGerald, '34, is receiving congratulations on the announcement of his engagement of marriage. . . . Members of the Association will be pleased to hear that Arthur L. Quirk, '30, is making a splendid recovery from his pneumonia attack, and will soon be able to take over the baseball work of the Friar varsity squad. . . . Hugh P. Maguire, '31, is serving as coach pro-tempore pending the return of Quirk to service. . . . From Roseland, N. J., comes the happy announcement of a future candidate for Friar baseball teams with the birth of a son, John, Jr., to Mr. and Mrs. J. Victor Lynch, '38.

With the Class of 1928

It is Doctor C. P. Bruno, now, and the residence is Bristol, R. I. . . . Steve Fanning is now Town Clerk in Cumberland. . . . Doctor Bill Flynn, one time baseball star, is now a successful dentist in New Haven. . . . And up in Woonsocket Paul J. McNally is following in his father's steps as one of the leading dentists of the Northern City. . . . Tom Harding is City Engineer in Pawtucket, having been re-appointed to the office this year. . . . Edward McLaughlin, whose baseball feats on Hendricken Field are epics, is now heading the mathematics department at Classical High School. . . . Charles Murphy is manager of the local branch of the Home Life Insurance Company.

Checking the Twenty-Niners

Your editor hears regularly from Heck Allen, one of the truly "alls" of all-time. The athletic feats of Heck will remain as marks never to be attained by any Friar athlete as far as we can figure. Heck is now making a splendid recovery from his illness, and is living at Petersburg, N. Y. . . . Joe Breen continues to hold a top spot as one of the best informed local lawyers on compensation and labor laws in the State, having a fine background as the result of his experience as head of the legal staff of the State Labor Department several years ago. . . . Gerry Dillon is affiliated with his father in the tailoring business in New York City, and living in Jackson Heights, according to our last reports. . . . Harold Nelson is one of the top men in the State Civil Service, serving as chief of the division of classification. (Continued on Page 3)

What Do You Think?

By Max Knickerbocker and Raymond Flynn

The Question: Do you approve of the seizure by the United States of Axis vessels?

Robert E. Pollitt, Sophomore, Philosophy.

No. By this act the United States has committed a flagrant violation of its neutrality and has committed itself to outward aggression against the axis. This is but another and a further step toward actual involvement in the European conflict.

James T. Maguire, Sophomore, Philosophy.

Yes. I approve of this act because these ships were definitely found to be sabotaged by their crews. We were merely protecting our own interests. I believe that by this seizure we are keeping the war from our shores.

Charles Zeftel, Sophomore, Pre-Med.

Yes. We are justified in such a seizure because, should we become involved in this war soon, these vessels would have proven to be a source of danger. Furthermore I think we are also justified in that we are thereby aiding those nations whom we have said we would aid. I advocate turning these seized ships over to Britain and her allies immediately.

Mario F. Pires, Sophomore, Pre-Med.

Yes. According to the 1917 law by which this seizure was allowed and which has never been repealed we are justified, since there is proof that sabotage had been attempted. It is not at all uncertain that these ships were to be sunk in an attempt to handicap our defense efforts.

Thomas McDonald, Junior, Education.

No. This act by a professedly non-belligerent nation is against a fundamental principle of international law. It is simply another step toward active participation in the present conflagration. In addition, such an act carried out by the command of one man, without the advice of Congress, is anything but democratic.

Joseph Conway, Sophomore, Education.

No. As a future 'Bundle for Britain' who will probably get to England aboard one of these ships, I deplore the seizure. This is a pretty poor time for invocation of the mouldy law of angary—just another gesture of belligerence on our part.

John H. Davitt, Freshman, Education.

No. This is an overt act of war. The excuse that the Axis violated the Anti-espionage act of 1917, is hardly justifiable. Basically the act is an open violation of international law. Because the law has existed for 22 years, does not make it impeccable or just; it was framed in a time of hatred and short-sightedness; and it is being executed while the country is in the same frame of mind. By this act and like acts, we have thrown away our New World, our splendid isolation, our geographical advantage of three to one against all aggressors, and our separate political religion.

Richard A. Danilowicz, Freshman, Education.

No. Since this government is supposed to be a non-belligerent, we have no right to encroach upon the rights of the German and Italian governments by seizing their ships. How would the American people feel, if the German and Italian governments were to seize our ships?

John Affleck, Sophomore, Arts.

Yes, I approve of the seizure as a (Continued on Page 4)

The COLLEGIATE WORLD

(By Associated Collegiate Press)

Joseph J. Romoda, an instructor in the school of education at Syracuse University, wasn't very busy the other day. So he sat down, reached for his sharpest mathematical pencil and came up with these staggering observations about the draft lottery: "The 9,000 different serial numbers might have been drawn in billions and billions of different combinations. The approximate possible number of combinations is something like 33 followed by 31,680 zeros.

"If your handwriting is such that you write about six numbers to an inch, you would need to lay down a twelfth of a mile of paper in order to get the figure written. That figure would be about once and a half as long as a football field."

Palpating paragraphs from The Tower at Catholic University:

Things became so slack at the post-office that all the regulars and superintendents were laid off and they even considered laying off the football players.

M. P. H. used to mean miles per hour before Ann Sheridan.

THE SPORTS DIAL

FRIARS DEPEND TO GREAT EXTENT ON SOPHOMORE PROSPECTS

With whimsical New England weather running true to form, baseball preparations hereabouts have been hindered considerably. Our own Friars, with only two practice sessions behind them and approximately 12 days in which to round into shape before their first encounter, have plenty of work cut out for them. The short period of time for preparations, together with the fact that there are only five lettermen available, makes the task of sharpening the Friars for competition a difficult job.

As matters shape up at present, it appears that the success of the current wearers of the Black and White depends very much on their defensive ability and on the expected offensive punch from the stars of last year's freshman squad. Aside from Pitcher Joe Kwasniewski, who was graduated last June, there was not one .300 hitter on the 1940 varsity combine.

CAPABLE HITTERS COME UP FROM 1940 FROSH

However, the freshmen of last campaign had six capable hitters, and all are on hand for service. Heading this sextet is Outfielder Ed Lee with an impressive .450. Then come George O'Reilly, a pitcher, who batted .400; Chet Zabek, an outfielder, .391; Vin Eldred, outfielder, .357; Bob Reilly, catcher, .353, and Jim Wilkins, a first sacker, with .304.

LONG AMBY REYNOLDS IS NO. 1 TWIRLER

The pitching situation, despite the fact that there is only one hold-over from last season's four-man mound corps, is rather encouraging. Amby Reynolds, a veteran of two campaigns, who won four and lost two in 1940, can be counted on to win a good share of games. Reynolds possesses a fast ball that is as good as any Providence College twirler has ever been able to boast. Senior Jim Padden, who was absent from school last year and who pitched and played the outfield for the Friars of two seasons ago, and Junior Lou Sibbio are also mound prospects.

Coming up from the freshman ranks are Pitchers George O'Reilly, who won two games and lost none; Charlie Harrington, one-game winner, and Dick Mahoney, who triumphed twice and was defeated once. An impressive note in the performances of these three hurlers is the number of strikeouts they registered. Mahoney fanned 23 men in 15 innings, Harrington wiffed 16 in 24 frames, and O'Reilly struck out 15 in 13 1/3 cantos.

Independent laboratory findings as to Camels and the four other largest-selling brands tested—the four brands that most smokers who are not Camel "fans" now use—show that Camels give you less nicotine in the smoke. And, the smoke's the thing!

But that's only the start of the story! Camel brings you the extra mildness, extra coolness, extra flavor, and extra smoking of slower-burning costlier tobaccos. Get Camels your next pack.

Dealers feature Camels at attractive carton prices. Why not get a carton—for economy and convenience?

HOT AFTER HISTORY!

It's Donahue of Pathé who follows the news the world over with camera . . . with CAMELS!

He's off again for more of those exclusive pictures you see in the newsreels. Below, you see how Bob Donahue gets exclusive "extras" in his smoking. He smokes Camels, of course. Only Camels give you those "extras" of slower-burning costlier tobaccos in a matchless blend.

CAMEL'S SLOWER WAY OF BURNING IS ACES FOR MY KIND OF SMOKING. EXTRA MILDNESS AND A FLAVOR THAT ALWAYS HITS THE SPOT

"I'LL TELL YOU," said Bob when he got his picture taken (above), "I smoke a good bit in my job. And my cigarette has to be more than mild—it has to be extra mild. Camel is the one brand I've found that gives me extra mildness and at the same time a flavor that doesn't go flat on my taste."

Make Camels your next cigarette purchase. Smoke out the facts for yourself. Enjoy that famous Camel flavor to the full with the pleasing knowledge that you're getting extra mildness, extra coolness, and the scientific assurance of extra freedom from nicotine in the smoke. And—the smoke's the thing!

By burning 25% slower than the average of the 4 other largest-selling brands tested— slower than any of them— Camels also give you a smoking plus equal, on the average, to

protective measure for our security. Since the United States has definitely taken a stand of opposition to the Axis Powers, it is necessary to protect our selves from reprisals by them. Experience has told us that we have more to fear from 5th Column activities by these nations than from any outward act such as invasion or bombings.

PLAYERS

seventh annual Musical Comedy sponsored by the Pyramid Players. The first was "Nancy", produced in 1925. It was not until eleven years later that the next show appeared. It was the "Student Quints" and was followed by "Soup and Fish" in 1937. In 1938 "Friar Away" was produced and in 1939 the show was "Ready, Aim, Friar". Last year's show was entitled "He and Sheba".

Members of the cast this year include Thomas Farrell, Thomas McBrien, Charles McGovern, Patrick Brannon, Donald Cronin, and Ira T. Williams, Jr., all seniors; Raymond Curry, Robert Dunn, Thomas Cahir, and Joseph McLaughlin all juniors; Francis Stadnicki and Fred Fay of the sophomore class and Richard Danilowicz, Patrick Tracey and Thomas O'Connell freshmen.

E. Gerald O'Brien, '41 is business manager of the Players and is assisted by Francis X. McCarthy, '41, Edward Healy, '43 and Thomas Gilfillan, '42. Kenneth Cayton, '42 is musical director and Kenneth McGovern, '41 is stage manager.

took top place on the hit parade for many weeks with his modern arrangements of Debussy's "Reverie" and "Our Love," both leaning toward the sweet side. Clinton's "My Reverie" made more in royalties than its original composer made for all his famous musical compositions.

Famous for his melodic arrangements of America's sweeter music, Larry gets seven times as many requests from the younger set for "Star Dust," "My Reverie," "Deep Purple," and "Our Love" as he does for such classic swing tunes as "Dipsy Doodle," "Abba Babba" and "Satan Takes a Holiday."

Following the precedent set by previous prom bands, the "Dipsy Doodler" will feature numbers from the forthcoming Musical Comedy in his appearance here.

essity last year, may go back to the initial sack, his first love. Other first sackers are Leo Leddy, Jim Clifford and Jim Wilkins.

Leading the second-base candidates are Carl Toti and George Barbarito. A merry battle appears to be in the offing for the outfield berths.

The candidates:

Catchers—Joe Moore, Bob Reilly, John Yockers.

Pitchers—Ambrose Reynolds, Lou Sibbio, George O'Reilly, Dick Mahoney and Charlie Harrington.

First Basemen—Leo Leddy, Jim Clifford, Bob Harrison, Jim Wilkins.

Second Basemen—George Barbarito, Carl Toti, Paul Rylander.

Shortstops—Jack Keenan, Ed Braecq.

Third Basemen—Capt. Art Clarkin, Beryl Sacks, Jim Brownell.

Outfielders—Vin Eldred, Chet Zabeck, Jim Padden, George Avery, Nick Cariglia, Sam Kusnitz, Paul L'Esperance, Ray Roy, George Terrace.

DANGER CITED

a warning that the graver danger facing individuals and nations is from within rather than from without.

"In rebuking the Pharisses who were over-concerned with externals our Divine Lord said that the things that come into a man from the outside do not defile him, but the things which proceed out of the mouth, come forth from the heart, and those things defile a man. (Matthew, 15:19). And we might add that since they defile a man they must also defile a nation. Defeat springs less from invasion than from corruption."

A writer states that castor oil was rediscovered after being lost for 3000 years. The finder, we presume, does not wish his name to be made public.

Just Grand!

Officer (to couple in parked car)—Don't you see that sign, "Fine for parking"?

Driver—Yes, officer, I see it, and heartily agree with it.

COMPETITION KEEN FOR ALL POSTS

With veteran Johnny Yockers and Sophomores Joe Moore and Reilly on hand for the catching assignment, that post is well taken care of. Other members of last year's varsity, who are vying for berths, are Bob Harrison, first-string outfielder in 1940; George Barbarito and Carl Toti, a pair of good defensive second sackers; Jack Keenan, a shortstop; Capt. Art Clarkin, who appears to be a fixture at third, and Outfielders George Avery, Ray Roy, and Johnny Lee.

Just what the opening lineup will be is hard to say at the present time. So keen is the competition for the various posts that it appears that not until shortly before the initial game will a starting nine be definite.

The British barmaid was a flirt, and when the corporal went out to buy a paper she pursed her lips invitingly and leaned over the bar towards the shy young private.

Putting her face against his, she whispered: "Now's your chance, darling."

The private looked around the empty room.

"So it is," he remarked; and promptly drank the corporal's beer.
