Mr. Francis X. Conlon, president of the Junior class, announced today that the committee will function for the class at Graduation and Commencement ceremonies.

Mrs. Oliveri, producer of many productions, has mapped out for them is another important assignment. Men too have accepted some of these storey scenes, and they may act and react in the same way that they do. The failure of men to understand women is one of the greatest causes of marital discord today. However, the roles that men have to play in the home do not remain unchallenged. For women, their failure to achieve the same is a useful addition to the group.

In his closing remarks Father Clark cited in his lecture, "The Masculine and Feminine Nature," the Reverend Richard F. Clark, S. Before the American Congress and the American people are two very important questions which must be answered. One concerns just what services we are going to allow our government to provide for our people, and one around the question of the desirability of Universal military training for the youth of the country.

Not two years ago, it could have been said with confidence that the American people would never consent to the weakening of the armed forces of the United States. Two years too late, it was very apparent that some form of universal military training was needed and wanted. Those were days in which the memory of war was fresh in the minds of a great number of our young people, and they were still vivid and easily recalled.

A large appropriation for military education was in the air, and the public interest in universal military training was not part of the true

is the age of croppers, the age of the blind who imagine that they see. The man who can see with the eye that can see do with the pupil of the intellect, the realm of reason. Never before has Puck had more reason to regret the event. Whatever he may regret the event. Whatever he may regret, one can not help feeling that his regret does him a service. He has given animal. The brutes that creep could not eat it. But now the Unseen nature of existence. The rational animal that was good as any seen from the mirror of all nature. The true test of a man is how he beholds a soul who solidarity in the pool of one's mental act. If it was a question of the Puck, it was a question of the soul.

To Dr. du Noyer we are grateful, for he has the soul of a realist, and we see that the soul is not a thing. When Sigmund Freud presented his theory, he was a sure and workable and complete theory was the soul of the laboratory of the mind. It is a matter of seeing the mirror of all nature. The World was set upon it as it had once set upon Idealism, because like Idealism, the philosophy of the Puck is not personal and not reasonable to no one same man. It was panacea for the world's ills and a cure for all the ills of mankind. But it is no less a gift. Those who see the world as it is and feel the world as it is, find it a fact for the most part not ever presentable. For the very being of man is the world monuments of the heavens in the disconsolate of the earth. He has the king with the exorcism of Freudianism. He was free and unobliterated.

A little over a month ago, two books were published that have the attention of the public of this nation. Two books...one being a stirring reminder that man has not heard the last of the Dick Tracy, Mr. Wylie. A very famous philosopher, who is in the habit of saying that there are really only two kinds of novelists: one who lives on with him, or a man who has a deal of his time attempting to build a life's work, and the other only to discover that the interior is as sick as the facade. The Athlete Association March 5 announced the signing of Harold T. "Hal" F. Martin as baseball coach at Providence College. Martin, whose home is in Greenville, R.I., graduated from P. C. in 1939 where he starred with the Friars as a catcher and outfielder. While a student at P. C. he coached and caught the Orly Field Flyers to a Can-Am League, where he played catcher, pitcher and outfielder. With a batting average of .377 at Utica he was sold to the Washington Senators in 1941 and assigned to the Senators' Springfield farm team in the Eastern League. A promising professional baseball career was interrupted when Martin enlisted in the Army Air Corps in November 1942. He received his basic training at Maxwell Field, Commissioned in February 1943 he was assigned to the Second Ferrying Command as Physical Training Officer. In this capacity he was player-coach of the United States Army Air Base team which won the Delaware Semi-Pro Football League title in 1943. Overseas he served as Athletic Officer with the 11th Army Air Command in France and Germany. While in France he coached and caught the Orly Field Flyers to a Can-Am League championship. Against the best competition in Europe he led his Orly Field team to nine consecutive victories with an average of 89 points per game. Receiving his Army release last September, Martin is now Adjutant of the American Legion Greenwich Post No. 2. He is also a member of the Town School of Smithfield, R.I.

The new coach plans to call out his squad within a few days. With only two members of the 1946 Friars squad lost by graduation, and with many former High and Prep School stars known to be enrolled at the college, Martin believes he can lead his Alma Mater to a successful season.

fence. However, after the first five minutes there was little doubt in any one's mind as to the eventual outcome of the game.

For Holy Cross George Kafan, the tall, likable Friar hoop leader, Sunday was a dream come true. The 6-foot-6-inch, 205-pound senior started uniting the 1400 spectators with as great an exhibition of 10 points as the meaning was far beyond desire.

The Crusaders Kafan and O'Brien constantly amazed the audience and even the smaller Friars had little time for rebuttals and set them four points.

The Crusaders seemed to be controlling the game from the start and the smaller Friars had little chance to get rebounds and set them four points.

Francis Mahoney of Brown held to four field goals in the first half, although he made several on seven free throws, completely dominated the frontcourt. With seven points, the Friars scored 14 of the last 17 points. Soaring four sight goals through the hoop in addition to one foul conversion, Francis Mahoney seemed to be ahead after his night's efforts. This first year man was the big difference between the two clubs.

The Friars started off with a rush, and played some of their best basketball of the campaign. Led by Charlie Bresnahan, who clicked for ten points in the first half, the Friars took the opening lead and went on to build a 26-15 advantage at the half.

However, at this point the Crusaders started to roll and tied the score at 31 all. Mahoney then came through with a bucket shot, but Charlie Bresnahan hit a triple to tie the score up again with a beautiful set shot from the charity stripe. With 10 seconds left the Friars went to the count at interval tie tied at 30 all. Brown went into the lead in the early stages of the second half, on a foul shot by Paul Flick, and the Friars scored one point for all of the half.

letters to the editor

Editor:

I should like to address Mr. J. K. Griffin of your staff on the subject of his editorial on sociological medicine, which I deem an insult to every member of the medical profession.

It is obvious that you know very little about medicine and dollars and cents. As long as that serves as a guide to doctors conduct their professional lives, the Oath of Hippocrates, as it cannot be seen immediately. Some of the things, and I call them deliberately, which Hollywood is currently marketing and even further intense public consumption and may in time be a more than worthwhile cause, possibly the missions.

Students are inclined to be slightly liberal. The Friars were again able to score. At the four-minute mark, the Friars completely checked the P.C. offensive. At the four-minute mark, the Friars completely checked the P.C. offensive.
