Rev. W. Hinnebusch
Reminds 146 Seniors
Of Bachelor’s Duties

Very Rev. President Slavin Invests 1948 Class With Caps and Gowns
In Harkins Hall Auditorium

Admonishing the 146 Seniors to "reflect upon the duties and obligations," as well as the rights and privileges, the dignities and honors, which will be theirs as holders of bachelor’s degrees, the Rev. William A. Hinnebusch, O.P., Ph.D. (Oxon), traced the history and symbolism of their caps and gowns for academic attire, in a special address after the official investiture by the Very Rev. Robert J. Slavin, O.P., President, in Harkins Hall auditorium last Friday morning.

"In human affairs, rights and privileges are conferred that a duty or an obligation may more surely be carried out," he reminded his audience. "Rights and privileges exist only that duties may be fulfilled."

The white of the cap, the blue of the philosophy, the yellow-gold of the sciences, combined with the white of Providence College, signify the light which comes from possession of the truth—the light which you, as Catholic graduates, must carry into the dark by-ways of the world," Father Hinnebusch concluded.

Father Slavin officially invested with cap and gown each member of the 1948 class. The Rev. Vincent C. Dow, O.P., Dean of Studies, and the Rev. Terence S. Piro, S.T.L., Dean of Students, watched the investiture.

"The re-enforcement of the home as the center of social life was the theme of the Rev. Charles H. McKennan address last Sunday night as he delivered the fourth in a series of Lenten lectures in the Harkins Hall Auditorium.

Father McKennan said the widespread movement of children toward commercialized entertainment has eaten into the domestic life and introduced a spirit of aloofness between parents and their children.

He went on to say that we all need relaxation. It is good for us physically, mentally and spiritually. "Play, he said, causes selflessness and familiarity and engenders a real sense of sharing.

Father McKennan said that parents should encourage their children to bring their friends home. "It will help them to be comfortable with their friends," he said.

A LIVING ORGANISM

The characteristics that distinguish a living organism from a non-living one are nutrition, growth, and multiplication. With that thought in mind let us draw an analogy for a moment, as we apply it to Providence College as an organism. Does the Dominican institution conducted by the followers of St. Dominic, whose white woolen tunics have graced the stage of learning in unbroken succession since the thirteenth century, meet the requirements for a living organism? Let us see.

Nutrition, in a logical sense, can be considered as a survival of knowledge which provides food for thought. Providence College, through the medium of its courses in the five fields of human endeavor, is, in a strict sense, a fountainhead of knowledge. Moreover, it is the Religion and Thomistic philosophy taught at the College that integrate and illuminate the intellect of man, thus affording him a guiding principle in his search for the essential truths.

That Providence College is continually expanding intellectually and is growing physically no one can deny. In 1919, seventy years ago, the College enrolled at the Col- lege of the Sacred Roman Rota. Spain, too, has honored him with membership in the Superior Council for Scientific Research. An accomplished linguist, an intellectual leader, and professor of philosophy. The following year he entered the Pontifical Angelicum—which is the international Studium of the Holy See—and professor of Canon Law in the Pontifical Academy of the Vaticano.

In quick succession he became the Dean of the Sacred Roman Rota. In 1930, he was made the Rector Magnificus of the Pontifical Sacred Roman Rota, a position which he held until his death.

The Most Reverend Emmanuel Suarez

The Most Reverend Emmanuel Suarez, Master General of the Order of Preachers, seventy-ninth successor of St. Dominic, was born November 5, 1895, in Herias, near Osiedo, Spain. At the age of eighteen years he joined the Dominicans. A thorough student of Latin and Greek, he was educated at the College of the Sacred Roman Rota in Rome, Italy, where he was ordained priest in June 1919. After he had specialized in Canon Law and his thesis De Remotio Par- chrhod was immediately recognized as a classic in the field.

In 1924-25, he was named Vice Rector of the University of Oregon and professor of philosophy. The following year he became Apollinaire Director in both civil and canon law. It was then that his superiors called him to the pro- fessorship of Canon Law in the Pontifical Angelicum—which is the International Studium of the Order. In quick succession he became the Dean of Canon Law, the Rector Magnificus of the Sacred Roman Rota, and the Prior of the Dominican house in Rome.

In September, 1946, Father Suarez was elected to the exalted position he now holds. Besides his responsibilities as the Dean of the Sacred Roman Rota, he is also a Consultant to the Holy Office and of numerous Congregations of the Church, Synodal Judge of the Vicar- rate of Rome, and Pro-Federal of the Bond at the Pontifical Angelicum. Suarez has been a member of the Superior Council for Scientific Research. An accomplished linguist, an intellectual leader, and professor of philosophy, he is an eminently Catholic man and to the Church and to the Order have been inestimable.

What Do You Think?

What Prompts You to Seek En- trance Into Providence College?

C. J. McCarthy (Freshman).

It was something that was brought up by a small group of students. Pierre Conway, O.P., that I decided to enter P. C. He sent me an applica-
tion form and I decided to accept.

Art Kranach (Freshman).

The thought of entering a small school appealed to me more than atten-
ancing a large university in my home-
town, New York City. Also, here at P. C. the work is more demanding than at a larger college.

"Slim" McEneaney (Freshman).

When I got out of the service I wasn't sure that I could make a go of it in college. My brother is an alumnus of Providence College and I thought of going there where I knew that they gave you a sound education. That's why I decided to apply. My study habits are very good and I think I will turn out well.

Patrick Bulley (Freshman).

I was very interested in the courses and there are two very prosperous and hopeful of doctors. They received their pre-med training at Providence College and I think it was good for the good for the good.

Flying Friars Plan Purchase Of Plane

The Flying Club of Providence College will complete negotiations this week for the purchase of a spin-proof Cessna airplane. The club members are also starting a drive to secure funds by the selling of subscriptions on a thousand dollar raffle.

The Rev. Walter Macaugh, O. P., moderator, announced that the club has already affiliated itself with the Association of Northeastern College Flying Clubs. This organization will, in its headquarters at Yale University coordinate the activities of the respective five member colleges in arranging flying meets and other activities.

The members expect to enter competition at these meets. A cup, composed of excellence in sport landings, paper strafing and bombing is awarded the highest scoring club. Amherst College is the present holder of the trophy.

It is planned to start flights and instruction as soon as the plane arrives next week. Several of the club members already have their commercial licenses, one has a student license and six who have logged up the necessary hours have only to be checked out by the C. A. A. inspector for their instructor's certificates.

The flying club members who are known as the "Flying Friars" have elected Fran Maguire, president; Joseph Lombardo, vice-president, and Tom Reilly, secretary. The members have already formed the "Flying Friars Football Club," under the patronage of the College. It is planned to start flights and instructor's training at the Club's headquarters at Yale University, concurrent with the activities of the twenty-five member colleges in arranging flying meets and other activities.

Desperate Friars Succumb To inspired Browns, 70-64

A vastly improved Brown quieted closed its season last Saturday with a hard fought 70-64 victory over the Fighting Friars of P.C. Brown exhibited an attack in the first half that left many fans wondering if this
displays easily defeated in their first meeting. P.C. staged a thrilling rally in the closing minutes, but inconstant whistle blowing caused their attempt to fall short.

Before a near capacity crowd, Brown’s rather badly battered Bear, having had anything but a good sea-
son, and going into the game with everything to gain and nothing to lose, leveled off on our hustling Friars and bled them into submission, 70-64.

Kenny Provost gave Brown a very secure first half as he threw in 20 big points. He had scored first for Brown on a fine shot as he swept into the bucket. ‘’Kitty’’ Killian bailed out the Friars up the closest they came all night as he knocked the count at 19-all with a layup. Provost and Corner took over again and widened the gap to 20-14, before the vigorous and seemingly omnipresent St. George pushed in two electrifying baskets and a foul throw to cut down Brown’s lead, 23-19. But the Friars were break-
ing away consistently, with Provost be-
ated beautifully. 

In a half time ceremony, Ernie Corner was presented the George ‘‘Woody’’ Grimshaw trophy as Brown’s outstanding basketball player. How-
ever, in the second half of the contest Corner was removed with a shoulder injury.

Exceptionally alert play near the end resulted in a total of 42 personal fouls being called. Twenty-six against P.C., and sixteen against Brown. I

Friars Favored Over Clark in At Worcester

Boasting a record of 11 wins and 9 losses, the Friars will invade Worcester tonight to take on the Crusaders of Clark University with the hope of nipping their season record. Clark has had rather a poor season, dropping decisions to A.I.C., Assumption, and New Britain State Teachers College. They have a fine play-making backcourt in A. I. C., allowing them a chance of copping their season's finale. Clark college has beaten most of the teams which have a distinct height advantage. In view of the fact that the Pioneers have had rather a poor season, dropping four games this season, the Friars are heavily favored.

Pioneers have a fine lineup of young men who have been playing basketball for over a year. They have been working hard and are improving with each game. Their lineup consists of Killian, g-g; Vasil DiPalma, f-f; Kaufman Garcia, g-g; Foley Pellegrino, f-f; Davidson Mooney, g-i; Sleuman. Tonight's possible lineups: Pioneers--CLARK--W. R. Chase, member of first team ever to play basketball, tossing ball opening the Memorial Field House at Springfield Feb. 18, 1948. The Providence College Debating Society and Dartmouth College, members of the A. I. C. "Douglas" Division, conquered the Crusaders in a 25-17 victory.

Harpers Eliminate Conquerors, 25-17

By VIN CLARK, '51

In a low-scoring defensive game, the Crusaders of Clark University were conquered by the "Dorn" Division champions, the Conquerors, by a 25-17 count. Harp's recorded their first two-pointer at the three minute mark, and this was made 1-4 1/2 minutes later with a set-shot from the outer circle a few seconds later. The Harp's held the Conquerors at the two minute mark when Beatty flapped one from outside the arc. A moment later McEvoy found the score with a beautiful hook-shot.

The mark of the Harps stee a pass and went all the way to make it 6-4. After Beatty flapped it in a charity too, Arzoomanian hooked one over his head to give the Harps an 8-5 half-time lead.

As the second half started, the contest became faster and rougher. In a mad scramble under the Harp basket, Vanagi tappd a goal, and at the one minute mark Kauffman made it 8-8 with a free toss. Boyle put the Harps in the lead with an 11-8 Kauffman and Vangi tapped in a goal, forcing the Harps to make 11-11.

Boyle put the Harps in the lead with an 11-8 Kauffman and Vangi tapped in a goal, forcing the Harps to make 11-11.

Arthur knocked the count and the moment later Vanagi was in the box in a shot to put the Conquerors in the lead for the first and last time. The Harp's netted two goals and Arzoomanian one, while Beatty was again successful at the free throw line, making it 19-16.

As the Conqueror time, the harps tapped in three quick buckets and held the losers to one foul shot to end the scoring at 25-17.

Capt. Fred Sowa and Art Weinberg of the Friar Vanity were the guest reference for this season. This represented the Harp's second win after defeat from the Aces a week ago.

The men in the Aces lineups scored on points, pace, dribble, generally conduct, objectivity and argumentation.

The next match with Boston College is tentatively scheduled for April. The Aces have three more matches and only lost one, and that was to Dartmouth.

The Providence Debating Society which is under the direction of the 25th Century Party, was also defeated in their first match last year, but finished out the season with a record of three wins, two defeats and one tie, defeating Rutgers University twice, "The College of Vermont, and St. Peter's College of New Jersey.

They were beaten by St. Peters and by the John Marshall Law School of New York City, the last match with Boston Hall of Orange, New Jersey.

A recording machine was in operation at the debate and Fother Began believes that the replaying of the arguments will present a most valuable and informative value to the debaters in their next match. Many points, he said, which go unvoiced in a contest, are clearly revealed when the records are played. The Providence College Debating Society is a part of the Rhode Island "World Affairs Week." Meetings will take place at the Providence College of Education, the John Marshall Law School, and the Rhode Island College of Education.

In current American literature tour, his first after nearly three continuous years as correspondent and broadcaster in Europe, Mr. Jordan is telling a factual story of conditions on the continent as he has observed them. He is particularly concerned with "the threatened moral collapse" of which, he asserts, the world now faces along with "martial catastrophes."

Prior to his present assignment as Central European correspondent and representative of both the National Broadcasting Company and the National Welfare Conference Service, Mr. Jordan was for ten years continental European correspondent and sub-sequently religious editor for NBS, with which he has been affiliated since 1931.

Author of the book, "Beyond All Fronts," he is the recent recipient of the Signum Fidei Medal of the Balle Brethren's "Fighting Catholic school" and recipient of a national headmasters' award this "season" at a radio-commentator include: addresses of Pope Pius XI, Pius XII, and various popes. Mr. Jordan, after citing his personal experiences in support of this conference, will point out how, internationally, especially Catholics, can realize "their present-day duty in the international field."

"From the first moment of assuming the post of Master General, His Distinguished Paternity has altered the role of the Order of Preachers in the intellectual life of the world." In requesting that Father McDermott confer the honorary degree of Doctor of Laws on the Master General, Father Deve said:

"Providence College seeks to honor you, not so much for having attained high office in the Church, for those gifts of leadership and administration which have justified your being chosen Eightieth Master General of the Order of Preachers, rather we honor those inner qualities which shine through your outward deeds, your dedication, without reservation, to a great cause: the conviction and acclaim of your exposition of the Holy Gospel: your penetrating scholarship and lucid learning; and your fervent devotion to the highest Truth."
