**DRIVE TO HAVE DUAL PURPOSE: GROTTO PROPOSED GYMNASIUM**

Plans for the annual Penny Sale were announced yesterday by Rev. Charles P. McNappa, O.P., Chaplain of Providence College Colleague Building Fund and will be divided equally between the War Memorial Grotto and the proposed new gymnasium. The first prize will be a $1,000 award, the second prize a new Chevrolet de luxe sedan, and the third prize will be a Stromberg-Carlson Telechron FM-AM Radio photograph combination. The drawing will be held at the Rhode Island Auditorium, Thursday, February 9, 1949.

A gymnasium is an imperative need on the campus. The college has been attempting to raise sufficient funds during the past few years and something over $250,000 has been collected. Now, with the possibility of construction in the near future, it is hoped that much more can be added to the fund. The Penny Sale is an effort in that direction. Since this is a matter of interest to all, it should also be a genuine incentive for the students to sell the tickets that will be given to them within the next few days.

During the summer months extensive improvements were made at the farm. New railway leading to the underground were constructed and existing wells were extended to each side. The mound was landscaped and a reserve of shrubs about sixty of which was planted near the top, while at the bottom of the mound, a large reserve of shrubs and flowers was planted in similar shrubs. At the present time a magnificent rose wreath on a memorial screen, is being erected along the back and sides of the mound. In this screen four large plaques depict the shields of the Army, Navy, Air Corps, and the National Guard. In the improvements have given the Grotto a new highlight and will add beauty and comfort. A heavy indebtedness resulting to be cleared by the present drive.

**SEASON TICKETS**

Season Tickets for the series of R. E. Philharmonic Concerts may be obtained for $25, including tax. Subscription blanks remaining may be obtained from the O'Brien Office.

---

**Billy Makes a Sale**

William "Billy the Kid" Clark, popular cafeteria attendant, sells a pupil to John C. Began, '50, the sale place book last Saturday, Poppy Day.

---

## Candidate Class Officers

**Senior Class Officers**

**Littlefield Chosen Delegate To A.C.A.I.**

William Littlefield, a Senior from Johnston, R.I., was chosen as student delegate to the 54th Annual Congress of American Industry, Dec. 7 and 8 as the guest of the National Association of Manufacturers. Littlefield will not only represent Providence College at the Congress but also the state of Rhode Island. He will be one of the forty-nine student delegates representing all the states and the District of Columbia.

According to Earl Bunting, managing director of the N.A.I., the Congress annually attracts some 3,000 outstanding businessmen and industrialists and serves to focus attention on national and world problems the United States faces today.

Following the three-day meeting, each student will be given the opportunity of submitting an essay in appraisal of the convention. The essays will be reviewed by committees and the most outstanding of these essays will be awarded to the students.

At the conclusion of the convention, the essays will be returned to the students. The names of the subject-matter fields represented will be announced.

---

**Tickets On Sale For Farmer's Festival**

Attention Seniors: Tickets are now being sold for the Farmer's Festival which will be held Friday night, Nov. 18, in Harkins Hall. A booth will be set up in the rotunda of Harkins Hall for the benefit of those who wish to purchase tickets. Chairman of the dance, Robert S. McInerny, '50, from Central Falls, R.I., said in reference to tickets, "Get your ticket as soon as possible since the supply is limited."

The dance committee for the Farm-er's Festival includes in addition to Chairman Morin, Paul Berard, Paul Dorney, Edward Potock, Robert Maenner, and William Ealsan. Members of the advertising committee are: Dorothy 'O'Day, Robert Flynn, Ernest Strack and Edward Leonard. Thomas McNamara and John Lucas will handle the lighting effects. The decoration committee includes Maurice Freeland, John Fagan and Gerald Cadorette.

Seniors may obtain tickets from the above men and also from members of the ticket committee. Albert Cram, Joseph Mitchell, Gerald Rogers, William Silva, Leonard Money, Arthur Hoy, John Lonergan and Edward Lynch are members of the ticket committee.

The Rev. Edward P. Doyle, O.P., moderator of the Senior class, is chair- man for the dance.

---

**Teaching Exams**

Candidates for teacher-training and regular teaching positions in the Providence public schools must present their qualifications in terms of the results of the National Teacher Examinations. Application should be made to Vincent A. McKeever, Examiner, National Committee on Teacher Examination, Department of Public Schools, 20 Summer Street, Providence 2, Rhode Island, on or before December 10, 1949. Candidates are also rated in training and experience and personal fitness. Information concerning these will be furnished on request, or when applications are filed.

Teaching in the Providence public schools is regarded as the equivalent of two years of teaching experience, which is the minimum for initial candidates. Training teachers are paid at the annual rate of $1,000 for the first term of the training year, during which time their teaching is under the direction of a critic-supervisor. For the second term, they are paid at the annual rate of $240 and serve as temporary teachers in regular assignments. Those who complete the training reasonably well, are then eligible for appointment as a teacher.

Teaching opportunities in Providence of the present time, as in most cities, are mainly in the elementary grades—kindergarten through grade 6. However, there is a distinct possibility that secondary school openings may come in the near future, at which time every consideration will be given to those candidates who are qualified for teaching in the higher grades.

While it would be desirable, it is not required, that candidates who majored in the field of education or more specifically, in the field of elementary education. Graduates of liberal arts courses may make application. It would be well for any student majoring in education to take the National Teacher Examinations since many cities and states in the country require the examinations before application for teaching can be made.

---

**Teaching Opportunities in Providence**

**Teaching Opportunities for Providence College Graduates**

The Providence College was the first New England College to be admitted to membership on the College Examination Board at the War Memorial Grotto in San Francisco, and will be held at the Biltmore Hotel in New York City, Adjourned on "The New American College, Building membership, in the American College Examination Board."

Entrance Exams Must Be Taken By Class of 1954

Providence College was the first New England College to be admitted to membership on the College Examination Board at the War Memorial Grotto on Friday, April 30, at 11:00 a.m. If the weather does not permit the outdoor Mass, then it will be held at the Students' Chapel, Aquinas Hall.

The Graduate Record Examination will be taken by all Seniors on Dec. 2 and 3 as a condition for graduation. The examination is a degree require-ment. According to the Office of the Dean of Studies, morning and after-noon sessions will be held, on Friday, Dec. 2. A morning session only will be held on Saturday, Dec. 3.

Eight tests of achievement which cover broadly the content of the under-graduate curriculum in colleges of arts and science comprise the Profile Tests, the original series of general tests. This series includes tests in Mathematics, Physics, Chemistry, Biological Science, Social Studies, History, Government, Economics, Philosophy, Literature, Fine Arts, and Vocal Factor. The names of the subject-matter tests indicate their content. The Vocal Factor is designed to measure accuracy of expression in word and music.

The Profile Tests were designed originally to assist in the appraisal of the educational background of prospective graduate students. While this continues to be the most common use of these tests, they have also been found helpful, in both undergraduate and graduate colleges, as educational measures for guidance, and for selection of students.

The Tests of general education in-clude tests in General Mathematics, Physical Science, Biological Science, Social Studies, Literature, Art, Ef-fectiveness of Expression and Vocabulary.

The Tests of General Education em-ploy questions based largely on prob-lems and reading passages from the subject-matter fields represented. The Tests of general education include tests in General Mathematics, Physical Science, Biological Science, Social Studies, Literature, Art, Effectiveness of Expression and Vocabulary.

Penni Sale

Our tireless, energetic Chaplain is about to launch another Cowl Sale drive, which, it is hoped, will clear all remaining debts outstanding on the Grotto, and enable the Administration to proceed with construction of a gymnasium.

The climax of last year's overwhelming success is still fresh in our minds—the eager thousands of loyal friends of the College tensely awaiting the final draw of the major prizes, packed in to the rafters; the laughter and cheers of the winners; the joyous outbursts of the hard-working hundreds of student workers who conducted their exciting jobs with dignity and dispatch; the myriad of valuable gifts, thanks mainly to the generosity of our benefactors—it was a night never to be forgotten. It's the kind of night we expect to see again come next February.

Last year's pinnacle of achievement can not only be equaled, but it can be surpassed. The determining factors deem it probable: Our student body has increased since last year—more students, more stores, more tickets sold; thegrim materialists in our midst now have something tangible to work for—no feeble or flimsy excuses this year for not helping out; we have gained valuable experience in the handling of mammoth drives. Everything points to success.

When the drive starts let's make it all-out. Let's join forces with Chaplain and drive hard until the ultimate success of the Penny Sale. In so doing we shall have not only an internationally admired Grotto and a magnificent hall for future athletic activities, but also a greater Providence College.

Armistice Day

Thirty-one years ago this Friday an armistice was concluded between the Allies and the Central Powers which brought World War I to an end. The war which would 'make the world safe for democracy' was over.

As we celebrate Armistice Day this Friday it would be well to ponder the fact that practically within one generation, two great conflicts have torn the world, the last of greater devastation than the first. And now all signs point to a third war which promises to rival the second in destructiveness.

What can we do? Whatever such a situation must exist. Why is it that while the world cries for peace, there must be preparation for war? Let there be an armistice, we say, and let all nations cast aside the idea of war and come to an armistice without preparation for the next. Let all nations overthrow militarism and try to live according to the principles of the United States and the United States_smile and form a concrete blue, Communist may on the face of it be acceptable.

Due to space limitations, I cannot continue. As I see it, Mr. X is under the false impression that the State of Communism can be stopped, and that the American is completely indifferent to the atrocities of the nations and the United States united and form a concrete blue, Communist may on the face of it be acceptable.

Q. What other fault do you see?
A. The Church is completely indifferent to the atrocities of the nations and the United States united and form a concrete blue, Communist may on the face of it be acceptable.

Q. What basic fault do you find in American society?
A. The American has too much optimism and too little in the way of preparation for war. It would be wise to have a greater Providence College.

Q. Would you please be more specific?
A. For instance, alcoholism, prostitution and homosexuals are very common in New York City. The police should realize the gravity of this problem and do something about it. In Norway, there are people who would be arrested and sent to institutions for treatment.

Q. What other fault do you see?
A. The Church is completely indifferent to the atrocities of the nations and the United States united and form a concrete blue, Communist may on the face of it be acceptable.

Q. How do you think that the tide of Communism can be stopped?
A. If the Western European nations and the United States united and form a concrete blue, Communist may on the face of it be acceptable.

Q. Is this your first visit to the United States?
A. We despise Communism and its false philosophy. Communist propaganda is prevalent in Norway, but it is not as strong as in America. The American is completely indifferent to the atrocities of the nations and the United States united and form a concrete blue, Communist may on the face of it be acceptable.

Q. What do you think of the United States?
A. The American has too much optimism and too little in the way of preparation for war. It would be wise to have a greater Providence College.

Q. What is your opinion of American foreign policy?
A. The American has too much optimism and too little in the way of preparation for war. It would be wise to have a greater Providence College.
Two Hundred at Carolan Club's Autumn Festival

Two orchestras, The Leonard Brothers and The Harmony Ensemble, provided music for the dancing of 100 couples at the Autumn Festival of The Carolan Club at Aquinas Hall Saturday night.

The Autumn Festival was the initial social venture of the Carolan Club for the 1949-50 social season. Weekly dances are planned by the resident students during the winter months.

College Writer's Contest Opened

The fourth annual College Writers' Short Story Contest has just been announced by TOMORROW Magazine. First prize is $200, second, $100. Manuscripts will be judged by Clarence R. Harbert of Boston, director of the insurance service for the Veterans Administration in New England.

"Some veterans may find all or part of their share of the forthcoming special dividend payment on National Service Life Insurance policies will be subject to deduction for funds owed to the government by the veteran, according to a statement by Clarence R. Harbert, director of the insurance service for the Veterans Administration in New England.

"A considerable number of veterans are now repaying indebtedness due to the government by the veterans, according to Mr. Harbert."

Kent County Club To Hold Meeting

Members of the Kent County Club have announced the holding of the 1949-50 school year Thursday, Nov. 10 in Warwick. The announcement that arrangements for the pre-holiday concourse have been completed was made by Robert A. Flynn, '50, and Robert LeVonne, '50, chairman of the social committee.

The gathering, scheduled to take place at The Forge, on Forge Road, Warwick, in keeping with the club's policy of meeting in various sections of Kent County, is planned as a tribute to members who live in the East Greenwich-Warwick area. Residents of the Pawtuxet Valley are to form a "modern" film of Major Square West Warwick. For purposes of orientation, co-chairman Flynn explained that, due to provincial causes, The Forge is more familiar as Skirty's, an amusement center. The gathering will conclude depending on phonetic or orthographic preferences.

It was added that students may therefore, drive to the Forge of their own choosing.

A business session will be first on the agenda, with plans for the annual commission membership to discuss future social events to be discussed.

"Refreshments appropriate to the occasion will be served," the chairman have announced. Flynn and Seabourn further added. Reservations for entertainment have not yet been received, but that, at least, it is expected to be spontaneous.

All P. C. men from Coventry, East Greenwich, Warwick, West Greenwich, and surrounding areas are cordially invited to join the club. The officers, besides the above named co-chairman of the social committee, are: George E. Forcier, Jr., '50, president; Bernard Archambault, '51, vice president; Joseph C. Andrews, '52, secretary; Victor Ellison, '52, treasurer. Guy Geoffroy, '52, chairman of the publicity committee; and Ross McKanna, '50, and William F. Varri, Jr., '52, members of the executive committee. The Rev. Joseph M. Sherrer, O.P., is moderator of the club.

Providence, R. I.
MEETING

There will be a meeting of the Cowl Sports Staff Monday afternoon, in the Cowl of
fire in Donnelly Hall at 1 o'clock. Any men interested in trying
out for the staff are asked to be present at this meeting.

Freshman Athletic Books Available

The athletic ticket books are now available for the Frosh in the athletic office. These books admitting
the bearer to the P. C. athletic contests scheduled for the 1949-50 season will be given out only to those
students who have bursar's bills.

The Froshmen can pick up their books between the hours of nine and
five at the athletic office. Many of the upperclass students will re-
quire their books yet. It should be noted that no student will be
admitted to any of the P. C. home contests if he has not received
one of the tickets in these books.

The first basketball game is only a week away, and the first tryouts for the team will be
held next week from tickets will be distributed to these books. All students who have not picked
up their books by date are asked to do so immediately.

Living day. Either team could topple the boys of Lucky James. It's a good
time for either team to take a look at Army meets Penn Saturday and the
Quakers althoughdisabled in their last out against the Owls may go all the way and take the Black Knights from
Penn's cup. But the Owls can take a shot at the Oklahoma Sooners Sat-
day and then they can take on the rest of the way. This corner's hour special
this week is the boys of Don Funris to upset the Sooners.

California fans will have one big one left and that against Stanford a week from Saturday. It looks like Lynn Wat-
ford is going to have his second bowl team in two years as the win-
ner of this game will be the host in the Rose Bowl.

All of which leaves Notre Dame. Everybody wants to beat Notre Dame which is everybody that wants to play
the Irish. They have four games left: North Carolina in the Yankee Stadium Saturday, Iowa, Southern Cali-
fornia, and Southern Methodist. All will be aiming for the big upset as the Irish are the only team in the
end of the season just about everyone expected that Notre Dame has the finest football coach in the history of
the game.

TAYLOR, McMULLEN RUN ONE, TWO
BROWN FACES P. C. TOMORROW

By John Salesse '52

This year, Hal Martin, coach of the Providence College freshman basketball
team has talent. He has such prospects as Bob Pragerdurt 4''4" and
Dixon Pott 6'4". The greating at
lack or fast break that was used last
year will be slowed down a bit in or-
der that the taller men may be worked into play more easily. "Beaver" Powers may be the perfect choices for play-maker.

Good News

The Providence College harriers made an unsuccessful bid to
glean their first win of the cross country campaign Monday, as
they received a sound 19:36 beating at the hands of Boston Col-
lege. Taylor, of B. C., was the
individual winner as he covered
the 3 mile course in the very
broad time of 16:04. John Mc-
mullen gained a second place for Providence, but only the one
man to finish ahead of any Bos-
ton runner.

Taylor grabbed an early lead and
maintained a fast pace throughout the race. McMullen waged a
larying battle to overtake the Eagle speedster, but had to be satisfied
with second place. The remaining

Frosh harriers were simply out-
classed. Kelly, of Boston College
was close behind McMullen through-
out the race, and finished in third place.

Tomorrow afternoon at Hendricken Field Providence will face Brown, in a
combination track and cross country meet. Both the Varsity and Froshman
squads will run cross country against the Brown, and in addition competi-
tion will be held in the mile relay, sprint relay and hurdles. Brown's mile relay team has been
successful in the previous attempts to the Providence College mile relay. Soon competition is expected in the spring track and hurdles.

The results of the cross country meet with Boston College follows:

1.—Taylor, Boston
2.—Kellly, Boston
3.—McDonnell, Boston
4.—Armstrong, Brown
5.—Cushing, Boston
6.—Babcock, Brown
7.—Duba, Brown
8.—Armstrong, Brown
9.—Gurney, P. C.
10.—Marlow, P. C.
11.—Sherry, P. C.
12.—McConnell, P. C.
13.—Rockwell, P. C.
14.—Kilbide, P. C.
Time: 15:58.

Cranston Club Will Meet Thurs. Night

The newly-formed Cranston Club whose object is to promote social and civic interest between Providence College and Cranston will hold their monthly meeting in the lounge in Aquinas Hall on the 28th. Officers of the Cranston Club are: President John Fagan, '50; Vice-President Edward Campbell, '31; Secretary James O'Dea, '70; and Treasurer James Kinnane, '51. Moderator is the Rev. Ambrose P. Schneider.

The fact that Communities have overthrown China does not necessarily mean that the people have become Communists”, said the Rev. Bernard Gabriel Schneider, O.P., when he addressed Russian-American Relations students and allied students in Inter- national Relations recently on the topic, “An American Peeks Behind the Bamboo Curtain.” Father Schneider mentioned the fact that there are 450-500 million people in China of which perhaps three million are Communists and about 3.5 million are Catholic.

Father Schneider, speaking from the experience gained from years as a priest in China, mentioned the fact that Chiang Kai Shek was a bulwark against Communism in China and that he would never compromise with them. On the subject of the one time Ambassador to China, Patrick Hurley, Father Schneider told of the time he went to visit the Ambassador. Not knowing how to address a priest, Hurley greeted Father Schneider with "Good afternoon, your Grace."

As to the work of the Church in China, Father Schneider said that Catholics are taking care of approximately 35,000 orphans in China. When a Catholic missionary comes to China he does not necessarily think of starting an orphanage but pretty soon he finds so many children left on his doorstep or in the Church that an orphanage just springs up as a matter of course.

Father Schneider's record in China is long and distinguished. He went to China in 1929 with the Rev. James Luke Devine, a graduate of Providence College who was captured by Chinese Communists and martyred for the Faith in 1947. From 1930-32, he was Rector of a Preparatory Seminary in China. He was Spiritual Director of the American Dominicans' Novitiate during their refugee days of the Japanese occupation of China from 1943-44. In 1944, Father Schneider was assigned to the French fathers in charge for Chinese refugees in Kweichow Province in 1944. He has been Secretary of the Office of the Apostolic Delegate from the French fathers in China since 1945. He was Director of the Chinese Catholic Medical Service during the war, and Founder and Organizer of the National Chinese Catholic Welfare Service in Shanghai and Nanking.

Father Schneider was Pastor of St. Louis Bertrand Church, Catholic Mission, Putehing, Fukien Province. He is now Assistant Director of the American Dominican Foreign Missions in New York City. N. Y.

Major Ed Wall, Harvard, 40 - Flying Executive U. S. Air Force

Born in Newark, N. J., he moved to Boston at an early age, graduated from the public Latin high school in 1936, entered Harvard the same year, and majored in economics and government.

"Active on the campus" he played football, earned his letter on the boxing team. He held part-time in a variety of jobs from hoozer to baby sitter, received his AB degree in 1940.

He enrolled in Harvard Law School, left at the beginning of the war to become an Aviation Cadet. In December, 1941, he won his pilot's wings, received a Reserve commission as Second Lieutenant. Now, he is confident about his future and security. As a pilot and senior Rolling Air Force Base, D. C., Major Ed Wall is a typical U. S. Air Force flying executive - with a challenging career.

Air Force officer procurement teams are scouring colleges and universities to explain these opportunities. Watch for one of these scouts - or fill out the form at your nearest Air Force Base, roll recruiting stations, or by writing to the Chief of the U. S. Air Force, Attention: Aviation Cadet Branch, Washington, D. C.

ONLY THE BEST CAN BE AVIATION CADETS!
**List Contributions to Student Relief**

New York, N. Y.—Students in American Catholic colleges contributed $23,241 to the 1948-49 Student Relief Campaign, sponsored by the National Federation of Catholic College Students, according to figures released in September by Miss Ethel Dignan, executive director of the campaign. The amount was raised by students representing 174 Catholic colleges in the United States, the Philippines, China, Africa, India, and in foreign countries that were devastated during World War II.

In comparison with other Catholic colleges in operation, Providence College last year contributed $354.80. In the previous session, this college contributed $8,300; (Loyola University, Chicago, $8,231; Manhattan College, New York, $8,211; and Boston College, $6,807; and Boston College, $6,211.

“The University of Oslo will again hold a summer session for American and Canadian students who have completed at least their sophomore year in any accredited college or university. The exact dates for the six weeks’ session are not yet final. It is believed, however, that the opening date will be some time during the first week in June and the closing date some time during the first week in August.

The University will provide lectors and guarantees the educational standards of the courses. All classes will be conducted in English, and an American dean of students will be in the three previous sessions, be included on the administrative staff. Courses of study include:

a) A General Survey of Norwegian Culture for all students.

b) The Humanities—selected courses in Norwegian History, Language, Literature and the Arts.

c) Social Studies—special courses conducted by University professors and representatives of the Government in various phases of the Norwegian political and social sciences and economics.

Six semester-hours may be earned during the six weeks’ course.

All students are expected to complete the assignments and take the examinations in each class in which they enroll; whether they intend to transfer credits or not. The University of Oslo will issue a certificate to each student who satisfies properly the University’s School course.

The University is on the list of foreign institutions approved by the United States Veterans’ Administration. Therefore, according to the educational benefits from the G.I. Bill I should consult their local Veterans’ Administrator for necessary application procedures for such benefits.

The University is prepared to house 200 students at the Blinder Students’ Hall and about 50 in private homes in Oslo. Classes will be held at the University’s new Science Building, also sponsored by the National Federation of Catholic College Students.

In addition to afternoon field trips and museum visits there will be guided weekend excursions to places of scenic and cultural interest.

**Plan 1950 Session At Oslo University**

Of the gross figure, Miss Dignan stated, $19,750.82 was received in cash, while $1,578 pounds of food, clothing, and books, valued at $182. 356, made up the remainder.

The 1948-49 Student Relief Campaign for $23,241 was started September 14, on most of the nation’s Catholic colleges. A letter from this campaign, from the Rev. Richard J. Cushing, D.D., Archbishop of Boston, is as follows:

"I PASS THE WORD ALONG TO MY FANS AND FRIENDS . . .

CHESTERFIELDS ARE MILD.

IT’S MY CIGARETTE!"

"THE COWL, WEDNESDAY, NOVEMBER 9, 1949

**Sr. Record Exam...**

(Continued from Page 1)

Though these tests hold the student responsible for a substantial background of knowledge, they are, for the most part, free from a demand for detailed factual information. The tests are designed to provide measures of general ability, and have been used widely at the undergraduate and graduate levels.
