GLEE CLUB CLUB DRAWS CAPACITY CROWD
AT NEWTON COLLEGE CONCERT

The Providence College Glee Club sang to a capacity audience last Sunday afternoon at Newton College of the Sacred Heart. In its first joint concert of the year the Glee Club did a very creditable job of music and gave promise of what should be a most successful season.

The concert was held in the Newton College auditorium, a hall of remarkable acoustical quality and included a wide variety of numbers ranging from the religious Vesl Jens to the very popular "Some Enchanted Evening" from South Pacific.

As the audience left the hall many were overheard remarking on the splendid offerings of Lionel Oviera, F. C. 's freshman baritone soloist who received an ovation after singing "Aria" from "From Aria" from Paganini by Leoncavallo with great effect and stage presence.

The Reverend Leo S. Cannon, O. P., directed the P. C. Glee Club and afterwards received the congratulations of many of those present, including representatives of the Monastic Chemical Club, which also donated five dollars, and Chris. Mohr of the Panhellenic Association, who made for the club's annual collection.

The Junior Class of Providence College was privileged to hear an address by Richard J. Hayes, librarian of the National Library of Dublin on Friday, Dec. 1. Dr. Hayes is in this country at the present time in search of documents either public or private, which relate to the history of Ireland, of the emigration of Irish people from Ireland to the United States, and of the history of Irish-Americans, which links the latterday history of the two countries.

Dr. Hayes told of how he conceived the idea of collecting all possible data pertaining to Irish history, by micro-combing existing documents, in August of 1939, when the outbreak of hostilities threatened the destruction of Irish records in Ireland and Europe. Fortunately all the records, with the exception of some valuable mss. in London, came through the war unmolested. But their survival was due to mere chance. 'I am not satisfied and I am sure you are not satisfied that we should take the risk again," Dr. Hayes told his audience.

The earlier records of Irish Civilization are very voluminous, usually in Latin. Those of the 14th to 16th centuries are either Gaelic or Hiberno-Norman, the latter written in Latin or in Norman French. Nearly all the Gaelic records have been microfilmed. Most of the 16th century on most of these talks, the gathering will assemble in the chapel of Aquinas Hall. The day's activities will close with entertainment in the lounge of Aquinas Hall.

ON-CAMPUS DANCE FEATURES
STAN MOORE AND ORCHESTRA

Students were making last minute preparation this week for the Friar's Club Formal Dance set for Friday evening in Harkins Hall. The dance, which will take place after Christmas vacation and the only on-campus formal dance during the school year, will be held from eight-thirty to twelve.

The Providence College Friars Club set for the past several years, has been a popular social function and this year the occasion is expected to be more cheerful than that of the late Glenn Miller.

Although the final word has yet to be received from the sponsors for the affair, Decorations Chairman Howard Mandel, O. P., says that "we will offer something novel, yet keeping with the spirit of the college and the Friars. The decorations will be decorated, and colorful wall trimmings will add to the overall cheerfulness of the affair.

Although a majority of the boys in the Friars Club plan to attend, there will still remain some for those students who have already purchased their bids. Which is three dollars, their $2.50 donation to the Friars Club member or at the rotunda. Co-Chairman Roger Jackson urges an early return by those who have not already done so.

In connection, Chairman Connolly reminded those students who for some reason did not make a contribution of this territory to do so as there may do at any time.

At the time of the banquet, Chairman Connolly said, the jar in the cafeteria wherein they may make their contributions.

Cemetery Blessing

On Tuesday, December 6, at 8:30 p.m., according to an announcement by Vincent T. Ansell, president of the club, Mr. Rocha, who will speak on "Some Economic Characteristics of Puerto Rico", has become well acquainted with this U. S. territory academically by studies in the Romance Language Department in the Graduate School of Columbia University from which he received his Masters and Doctorate by several St. John's Island. During these visits, due to his fluent knowledge of Spanish, Mr. Rocha has had the pleasure of obtaining an insight into the customs and the mind of the population in which it might be impossible to see the average Virginian.

At the meeting, refreshments will be served.

Mr. Rocha to Speak

To Ship and Scales

Mr. Gregory F. Rocha, Jr., '44, of the Graduate School, will speak on Ship and Scales club members and alumni at Antonius Hall on Tuesday, December 6, at 8:30 p.m., according to an announcement by Vincent T. Ansell, president of the club. Mr. Rocha, who will speak on "Some Economic Characteristics of Puerto Rico", has become well acquainted with this U. S. territory academically by studies in the Romance Language Department in the Graduate School of Columbia University from which he received his Masters and Doctorate by several St. John's Island. Assembly Speaker

placing Office in Request to Seniors

Seniors unable to attend the first Placement Office conference are urged to be present at the next one to be held Wednesday, December 19, in the Rotunda at 8:30 p.m. There is limited to 20 persons, seniors who plan to attend are requested to fill out cards now available in the Bursars office, room 207.

The response to the first conference was a very good. About forty seniors attended the discussions conducted by Mr. Maurine Timlin, college placement director.

The purpose of the conference is to start seniors thinking about the future and to help them realize the possibility of unemployment after graduation.

At the meetings the seniors are asked to fill out a personal data sheet and the placement office requests the information relative to future employment.

Another conference is scheduled for December 13 and several will be held after Christmas vacation.

ACKNOWLEDGMENT

The Overseas Service Program which gains the services of the P. C. Glee Club under the direction of the Rev. Leo S. Cannon, O. P., for the benefit of the college, has given last night for the O. S. P. F.

Monument on Page 6

into the fields of history, philosophy, science, and literature before narrowing himself to a specialized field of endeavor.

The movement is gratifying to note in this day and age where the proponents of naturalism, modernism, or what have you attempted to supercede the supernatural values with the natural, thereby practically sanctioning the elimination of the Supreme Good from our lives.

Our Catholic schools and colleges, it is also gratifying to note, have always maintained that specialization is necessary as a secondary subject of education, and that the prime consideration must be accorded to the education of the "whole man". For, as our administrators here say, "Catholic education, which considers human existence in relation to eternity, goes beyond the natural order and teaches the student to live according to the higher principles of supernatural existence, so that his present life may bring him to the enjoyment of everlasting happiness, where, in alone is found human perfection."

This consideration of the ultimate end of man was flagrantly lacking in the aforementioned editorial on naturalism, for Fians X justly and soundly exists, the man will not be completely whole, for, as Fians X so clearly points out in his encyclical on education, "the accident through which the philosophy of the man and his present life may bring him to the enjoyment of everlasting happiness, where, in alone is found human perfection."

AS I SEE IT

by MARTIN HAGEN, '34

In my last column, I stressed that Communism should not be outlawed in the United States. I still hold to that view, and I still insist, that Communism should be fought in the open. I do not maintain that the outlaws of Communism should be totally ineffective. As I see it, the Communists are an invisible foe. As Mr. McGrath told the Statler Hotel in Boston, the number one man. "Mr. McGrath, requests the student body to join in prayer with the man who was created, it is clear that there can be no true education which is not wholly directed to man's last end . . . there can be no ideally perfect education which is not Christian education."

WE BEGIN THE WEEK

by WILLIAM PILLMER, '32

When we say that something is significant we mean that its function is to point beyond itself to what should be. Communism should not be outlawed. Paul Blandard, in his book Amer- can Freedom and Catholic Power, concerned with signs and their inter- pretations. Mr. Blandard would per- haps like to think of him as a pol- itician who has the insensitive task of teaching children of a strong, minded woman that her actions are such as to be condemned in the public in- terest, a curtailment of their civil lib- erties. The insensibility of the modern meta-phor would appear to be: no profes- sional services were sought, the doctor's vision has been seriously im- paired by the consumption of his own profession. Where he was no- named was one of Aunt Minnie's at- tacks of indigestion.

In addition to its entertainment value, the book does signify some- thing: the message, projecting and re-education by an ad- joined psycho-therapist to the end that the student must have the right to adjust to the normalcy of its secular environment. A mystic exaltation of secular society is involved; it is the desire to save humanity from the "narcosis, and re-education by an ad- joined psycho-therapist to the end that the student must have the right to adjust to the normalcy of its secular environment. Tertiaries To Hold Meeting On Sunday

The regular monthly meeting of the Order of St. Dominic will be held at Aquinas Chapel, Sunday afternoon, Dec. 11, 1949 at 2:30 p.m. A short discussion on the rule and a question and answer period will follow in the lounge. The name of the place will also be announced at the meeting. The officers wish to extend a cordial invitation to the brethren to attend this meeting.

DONATE TO O. S. P.

The Friars Club and the Fall River Club each voted recently to donate five dollars to the O. S. P. (Overseas Service Program) thereby setting the pace and example for the other college organizations on and off the campus. All other groups, it is expected by the Student Congress, will vote similar donations for the fund.

"P.C. Looks Forward To Athletic Future"

At a recent meeting of the Providence Gridiron Club, Rev. Robert J. Slavin, O.P., President of Providence College, made the statement that Providence College "is looking forward to an atomic future, beginning with the construction of a new gymnasium. I hope to announce soon that its start is an actual thing."

In the same vein is the following announcement from the Chaplain's office. According to Father McKenna, the building of the new gymnasium can be hastened if the student body will cooperate by selling the chance books which were recently distributed. Time has been lost with too few of the past few years know how financially successful this endeavor has been, especially in the last two years. There is no reason why it should not be possible to surpass all previous efforts this year. Providence College needs a gymnasium. Everyone here appreciates that need. If all do their part we can have a gymnasium in the near future.

"Santa's Frolic Is Howling Success"

"Not slick, not snow, now howling gale" stops the Junior Veridames of Providence College. Last Friday night's informal weather did not stop some 160 dancers from attending the club's annual informal dance in the Student's Lounge of Harkins Hall. The Leonard Brothers provided their usual brand of good dance music. Crepe streamers, and silvered letters proclaiming "Santa's Frolic" constituted the interior decorations; while the icy night added further to the seasonal theme. Again, sorry to say, the young ladies outnumbered the gentleman in attendance. Weather considered, the dance was a success. A new feature was added to the familiar routine, with the presentation of door prizes, ear rings for the winning lady, and cuff links for the lucky gentleman.

Newport County Club Holds Dance, Supper

The Newport County Club held a dance and a buffet supper in Middletown town hall Nov. 26. Also at the affair the club's raffle was run off. Winner of first prize, a portable radio, was L. H. Hockenberry of Baldwin Hill, Newport, R. I. General chairman of the affair was Walter E. McNally; he was assisted ably by Thomas J. Hyde, '30, club president; and other officers. December also saw a luncheon and the dining room was arranged by M-aller A. Sullivan, '31, Hask Jones, '31, Frank Dwyer, '31, Walter McNally, '31, Stanley S. Smith, '31, Dorothy R. Sanborn, '31, Andrew R. Connelly, '31, Harry Sullivan, '31, Joy Lynch, '31, and Aucsen, '31. The music was furnished by Joseph Laflit, '31, Ray Garcia, '31, Roger Austin, '31, and Daniel Hughes, '31. The Rev. Paul M. James, O.C.S., moderator of the club, assisted the committee.

Pictures of the meeting were taken by Edward Brack, '38, The Photo President, for use in the Veritas, the school Yearbook.
FRIARS WIN OPENER, PLAY FAIRFIELD TONIGHT

By Dave Connors, Jr.

THE COWL, WEDNESDAY, DECEMBER 7, 1949

SPORTS PANORAMA

By Donnors, Jr.

ONE WON...

Although Providence College played and won the opener on the 28 game schedule for the Friars looked far from impressive against Assumption College last Saturday night. The Friars gave the impression that they were struggling for every point. Against Assumption this should not have been the case since the Wolf Pack were beaten by the Friars in their first meeting.

It was very definite to observers that the players were very tight. There was little freedom of movement in their motions and when those two elements are missing a team is in for a rough night. And that was the case Saturday. Perhaps the nervousness evidently displayed was a result of opening game jitters. There is no other reason.

The players had the shots, the fast break was working, and on many occasions the play patterns unfolded to perfection. However the players would get under the hoop and then the ball would go every place but through the nets. The Friars, especially after seeing some of their earlier practice scrimmage, are a much better club that they showed Saturday and it wouldn't surprise me a bit to see them come into their own tonight. And, again, it is no other reason.

One of the amazing things about basketball is that one team can be so far ahead in the final score and be so far behind in attendance. I don't have any figures but I would say that it was at least 500 to 1000. However the Friars gave their best game performance in P.C. basketball history, at least for a home opener. The Friars after tonight's contest will be facing Fairfield with a home game flat lighter night with America International College at Springfield and then cautionary Hoop League Starts Play

The current Intramural basketball season opened last week with the Providence Club taking on the Bedford Club. 49-33 the victors, all scoring 13 and HI, respectively * • *

The current Intramural basketball season opened last week with the Rhode Island Auditors. Of course A.C. and Boston College could spell that possibility, but it was B.C. in the Boston Garden. The Friars have been warming up at the Springfield Garden. State and the Friars will be here at their best against these teams since they have had the unexpected next week.

THRILLER

The game between Southern Methodist and Notre Dame was not described as thriller. It was a great basketball game, especially in the second half. coach Cuddy has placed it on the schedule to prove to the players that they could not do no wrong. A team that made 20 baskets was one that left a great deal to be desired. Coach Harrington, who is 6'6", was one of the outstanding factors for his team's victory. Harrington, who is 6'6", was one of the outstanding factors for his team's victory.

Dear Editor:

In reply to the person who signed his name as 'Baggy-britches' in the last edition of the COWL, I would wager that this person would spend quite a lot of time and effort dressing himself, were he attending any one of the numerous dances that take place either at the college or in various sections of the city. Yes, I am quite sure that he'd have his best coat on, cleaned and pressed; a dazzling tie; maybe a hat; his hair slicked down and the rest.

I am also certain that our 'Seven-

dollar a month' friend was reg-

ulation dressed when he stood in-

spect in the shoes, one of the numerous dances that this person attended. He certainly was dressed when he stood in inspection in the service. Yet, when asked to wear a tie and coat to class, (nothing was said about newly-creased pants), he feels insulted and thinks himself burdened with a great injus-

ticy.

Pants, he feels insulted and thinks

sary to tell college students to 'shut up.' But I am convinced that here, very unfortunately, it is quite neces-

sary. It is time that something be done for the bonafide college man.

—An irate sophomore

3. Students with Bachelor's degree

will be at a disadvantage in application.
Carolan Club Holds Two Social Events

The Carolan Club in its series of social activities sponsored on December 5th presented a showing of the popular movie to its members. Main feature was Angel on My Shoulder with Paul Muni, Claude Rains, and Anne Baxter. The co-feature was Father Burke, with Joseph Comerford, chairman of the Carolan Club Social Committee, in charge of the recent movie.

Hayes . . .

It is difficult to collect since they exist in one or two copies only. "When you have collected all the documents," said Dr. Hayes, "You have refurbished a nation's memory. For fifteen hundred years a thread of interest in the spiritual and intellectual has run through the fabric of Irish History. For the sake of that thread alone the reconstruction of Irish civilization is of interest to Europe and America in this material age."

A special grant is made by the Irish government each year to further the job of collecting these Irish manuscripts but it is an interesting pursuit. Hayes, "You have refurbished a nation's memory. For fifteen hundred years a thread of interest in the spiritual and intellectual has run through the fabric of Irish History. For the sake of that thread alone the reconstruction of Irish civilization is of interest to Europe and America in this material age."

The Carolan Club will meet tonight at 7:30 at the Shoal Point Steak House, Lake Tiogue, Coventry, it has been announced by George E. Fuerter, Jr., 70, club president, and Raymond Levesque, 50, co-chairman of the social committee. All members are urged to attend. An important business session will highlight the meeting and final preparations will be made for the coming Holiday Party. Tickets for the affair will be distributed.

Plans for the informal Christmas dance to be held Tuesday, December 27, at the Valley Ledgemont Country Club, New London Avenue, on the Warwick-West Warwick city line, were formulated at a club meeting held November 23 at Eddie's Cafe, in Warwick. A new member from Warwick, James Daniel, 53, joined the club at this time.

President Forcier, commenting on the Holiday Frolic, said: "All Kent County undergraduates and alumni of Providence College are welcome. Music will be by Bob Duchesneau and his Orchestra." Noting that there are at least over one hundred P. C. graduates in Kent County, he added that "many prominent alumni are expected to attend."

I wish I were a kangaroo. I wish I were a kangaroo.

Mr. George W. Potter, editorial writer and critic on the Providence Journal staff, accompanied Dr. Hayes to a nearby college. Mr. Potter, who has recently returned from Ireland, is the author of that excellent series of articles entitled As Irish Pilgrimage, which were published in The Evening Bulletin.

Kent County Club To Meet Tonight
