The Providence College will hold its annual Penny Sale at the Rhode Island Auditorium Thursday night. Rev. Charles H. McKenna, O.P., has announced that this year’s arrangement will be made considerably different from last year, to take care of the greater number of people expected to attend this year’s affair.

The Rhode Island Auditorium has a usual seating capacity of 8,000 which will be increased to 9,500 by 1,500 thousand seats placed on the floor of the auditorium surrounding the platform. Loudspeakers in the lobby will carry the announcements from the stage to the section of the crowds in the lobby. Extra facilities for the seating and the selling of tickets in the lobbies have been arranged.

The platform will be arranged in the same manner as it was last year except that there will be much larger this year, and which will have windows in it through which it will be possible to see the ticket stubs being thoroughly mixed before each drawing.

Seven hundred workers will be on hand to sell tickets and distribute prizes. There will be one hundred more prizes this year than last year, which will be distributed instead of last year’s six. In order to facilitate the sale of tickets, cables have been strung from the highest tiers to the platform on which has been placed the stock of ticket stubs in each individual series from every part of the auditorium to the central platform. The first three prizes this year will be a $5000 cash award, a $2500 watch, and a $1000 leather luggage, and many others.

The rules governing the entertainment will be provided by the members of the Providence College Glee Club and its director.

Colleges To Sponsor Six Lenten Lectures

"Getting instructed on the Sacrament" will be the first of six weekly lectures composing the Fourth Annual Lenten course on Courtship and Marriage," starting Sunday, February 26. The course is sponsored by the Social Catholic Division and the Office of the Chaplain of Providence College; the lectures will be held Sunday evenings at 7:30 o’clock in the auditorium, Albertus Magnus Hall. The Rev. William R. Clark, O.P., will act as chairman.

"All students and friends of students," Fr. Clark said, "are invited to attend these lectures." Sessions will consist of a half-hour talk and a question period. There will be no admission charge.

Armstrong To Play At Carolan Club’s Dorm Week-End

The annual Dorm Week-End of the Carolan Club will be held February 16, 17, and 18, with a diversified program planned to make this the finest "Week-end" yet held on the campus. Gerry Cratty, ’50, chairman of the Social Committee, announced today that Jack Armstrong’s Orchestra has been engaged to provide music for dancing in the lounge of Aquinas Hall. For those who are more enthusiastic in the theatrical arts, the Martin Hancoch Company has been engaged to provide the music of the faster tempo in the Penguin Room.

Dancing will follow the dinner, Friday evening, served by Mr. Joseph Murphy and his dietary staff.

Saturday afternoon the Rev. Adrian T. English, O.P., will conduct a Black- tivist Lecture for the students and guests in the lounge of Aquinas Hall. The subject of the lecture will be "The Contemporary Catholic." Tea will be served in the lounge.

Saturday evening the Brown-P.C. basketball game will be of paramount importance on the agenda of the busy week-end. This game will be played at the Brown campus. A limited number of tickets have been reserved for the Regis-P.C. Glee Club Concert which will be held at the hall of the Shriver-Biltmore on the following day.

From the large advance sale of bids, President Charles Hayden, ’30, foresees the largest crowd in years to attend these lectures. Sessions will consist of a half-hour talk and a question period. There will be no admission charge.

More Workers Needed

Fr. McKenna is still in need of workers for the Penny Sale and has requested that as many as possible give their services this year. He has announced that it is imperative that there be at least seven hundred workers at the Rhode Island Auditorium on Thursday night, Feb. 9. If you want to see the 1968 Penny Sale as a success as the last one, it is requested that you sign up as a worker at the return booth in the rotunda.

In order to do battle, the man who possesses the most powerful weapon, naturally follows, will emerge from battle victorious. A current example of this concept is easily seen in the feversish race for arms' supremacy in the world today. The potentiality of this race will result in but one Destruction.

Conjoined with this race to doom, rages an intellectual battle of idea against idea, the materialistic principles of Marx versus all Godliness. We Cath-olics can no longer ignore this issue. The enemy is upon us and we must prepare to do battle. Now! before 'the slimy, treacherous tentacles of red atheism can completely destroy our freedom and cast us into the ignomy of utter slavery and bitter persecution.

For our weapon we do not choose arrow, pistol, A-Bomb, or, for that matter, even the hellish H-Bomb. Rather we select a far more potent weapon. We lost divinely emanating rays are powerful and searching enough to embrace every man, woman, and child in the world. We choose the Holy Rosary.

Our Lady clearly pointed out at Fatima, and persisted again at Lapa, that the Rosary must be recited daily by everyone in order to obtain peace for the world, in order to combat Communism, in order to bring Russia back to the one, true Faith. The great saints of the Church lend credence to her words... to homage is as agreeable to Jesus and His divine Mother as the fervent recitation of the Rosary... the Hail Mary puts the devil to flight... you shall recite the Rosary as often as you are able.

At Providence College we have done the Catholic thing. Through the intercession of the divine Mother, the divine weapon has been placed in our hands. We must now plan our strategy: to give their hearts wholly and without reservation tomorrow, on the occasion of the Pilgrim Virgin visitation, to the Most Immaculate Heart of Mary. Then let the 420,753 Catholics in the Diocese of Rhode Island pledge to recite a daily Rosary. If the remaining states follow suit, then 26,718-343 Rosaries will be recited daily. Within a year's time nearly 10 billion Rosaries will have been recited in the United States alone!

Such a powerhouse of prayer, such a glorious manifestation of Catholic faith and action, such a divinely-inspired strategy surely will be pleasing to Our Lady and, in turn, will invoke the mercy of God Himself. Unless man with all the effects of his civilization destroys himself first, the Rosary remains then the only logical means toward the attainment of world harmony according to the principles laid down by Christ. Will you heed the words of Fatima and join the Prayer crusade? Or will you, too, turn away?

OH, THOSE EXAMS

Whew! What a relief! What a relief to have mid-year exams over and done with. The ordeal was over, that nobody can deny. But now comes the midnight oil expedited in the heated last minute rush to cram 'things to be remembered' for the next exam must have amounted to untold thousands of gallons. Agreed then, the exams were tough. But we worked our socks off and didn't miss a beat. But, hold on to your hats, here comes the joker: the worst is yet to come! Mental anguish caused by worrying over exams is as nothing compared to the uncertainty regarding the results of them. The question now stands: Will we pass, or will we not? We plead for a hasty verdict; we're running out of finger-nails.
1949: Realization

Penny Sale Highlights

Last year's Penny Sale at the Rhode Island Auditorium was the most successful affair ever held at the Auditorium.

The crowd which attended last year's affair was the largest ever assembled at the Auditorium. An estimated 18,000 people crowded into the area which normally seats 5,400. Traffic was tied up from Randall Square in Providence to Pawtucket. The lobby of the Auditorium was packed and many people were turned away in the Auditorium itself. It was almost impossible for the ticket sellers to get through some sections of the crowd, which was packed ten rows deep. However, in spite of the congestion the crowd was very orderly and very responsive to requests from the platform.

Workers were identified by red and white sashes marked with numbers. This year workers will be assigned five different jobs, the job of each to be designated by the color of the sash being worn. The colors will be: red, white and gold; royal blue; and pearl gray. This year's sashes will be made of satin and will be reserved for other uses during state occasions at Providence College.

Members of the Junior Veridames handled ticket and money checking and sold tickets in the lobby. This year members of the alumni will assist members of the student body and members of the Junior Veridames during the Penny Sale.

**Penance, Rosary, Devotion Demand of Fatima Vision**

One day in the spring of 1917 three little sheep herders took their sheep to the pasture land near the Portuguese village of Fatima. The children, Lucia, aged 9, her cousin Francis, aged 8, and his sister Jacinta, aged 6, followed their usual routine and began to play. They had placed only a short while when a strong wind shook the trees and above them a radiant light appeared. The wind ceased and they were suddenly aware that among the trees was a lady dressed in white, shedding rays of light more brilliant than the sun. She appeared monthly after that, from May 13 to October 6, six times in all. Each time she sternly warned the visionaries of penance, urging them over and over to pray the Rosary. . . .

**Pray the Rosary**

A year later, on May 13, 1917, the children were tending their sheep in almost the same spot, when suddenly a brilliant flash of light appeared in the East. This time it was a lady dressed in white, shedding rays of light more brilliant than the sun. She appeared monthly after that, from May 13 to October 6, six times in all. Each time she sternly warned the visionaries of penance, urging them over and over to pray the Rosary. . . .

**Vision of Hell**

During the July apparition the Mother of God showed the children a terrifying vision of Hell and told them: "You have seen Hell, where the souls of poor sinners go. To save them God wishes to establish throughout the whole world devotion to my Immaculate Heart. If people do what I tell you, many souls will be saved and there will be peace. But if they do not stop offending God, more terrible war will break out . . . ."

**Conversion of Russia**

To prevent this I shall come to ask the consecration of Russia to my Immaculate Heart and the Communion of Reparation on the first Saturdays. If people heed my request, Russia will be converted and there will be peace. If not, she shall spread her errors throughout the world, promoting wars and the persecution of the Church. . . .

**ACT OF CONSECRATION**

O Mary, Virgin and most powerful Mother of Mercy, Queen of Heaven and Refuge of sinners, we consecrate ourselves today to thine Immaculate Heart. We consecrate to thee our very being and our whole life. All that we are, all that we love, all that we are. To thee we give our bodies, our hearts and souls, to thee we give our homes, our families, and our country. Mindful of this consecration, we now promise to imitate thee by the practice of Christian virtues, without regard for human respect. We resolve to receive Holy Communion on the first Saturday of every month when possible, and to offer daily five decades of the Rosary with all our sacrifices in the spirit of penance and reparation. Amen.

Mother of God Asks Daily Family Rosary To Strengthen Home

The power of the Rosary is unchallenged: it has saved individuals, families, nations, and the whole world through its powers. We are again asked to pray the Rosary, to bring peace to this chaos-torn world by the Lady of Fatima who said: "I am the Lady of the Rosary and I have come to bring to the faithful the way to amends their lives and ask pardon for their sins. They must not continue to offend Our Lord already so deeply offended. They must say the Rosary." And what a way to say the Rosary than with the family?

The Rosary has great power but the Family Rosary has even greater power. It unites the family, separating no one of the members, and it strengthens the family; it unites them in the most perfect manner. What is more true than the power of the Family Rosary as ascends to one voice when individuals as closely united in love as a family talk to God?

The Family Rosary, too, in a practical way is a bond of unity. It unites the family, separated so much of the time by the modern way of life. Father at work, mothers and sisters at school, children at school. It joins them. For a few short minutes, the family is in a bond of living prayer to God and His Mother. It broadens great love in the family and eliminates petty quarrels brought on by misunderstanding and vanity.

The Family Rosary, through the intercession of the Lady of Fatima, is a powerful weapon against worldliness and worldly doctrines which surround us. It has overcome the infamous teaching present everywhere on radio, television, newspapers, comic sheets, magazines, movies.

Sun-Miracle Witnesses

At last 75,000, including believers and non-believers, witnessed the awesome spectacle of the "sun-miracle" at Fatima, Portugal, on October 13, 1917, noon, solar time. The miracle was God's stamp of approval of the heavenly apparitions Our Lady granted to the three sheep herders.

Consecrate Thy Heart To Our Lady

PRAYER TO OUR LADY OF FATIMA

Queen of the Rosary, sweet Virgin of Fatima who hast deigned to appear in the land of Portugal and has brought peace to the world, both interior and exterior to that once so troubled country, we beg of thee to watch over our dear homeland and to assure its moral and spiritual revival.

Bring back peace to all nations of the world so that all, and our own nation in particular may be happy to call thee their Queen and the Queen of Peace. Amen.

Throngs Greet Pilgrim Statue In Rhode Island

Response to the visit of the famous Pilgrim Virgin Statue, which is in its second week of a six weeks' stay in the Diocese of Providence, has been overwhelming. In every church or institution where the Statue has been displayed, huge throngs have gathered to consecrate themselves to Our Lady of Fatima and the Rosary.

Nocturnal veneration, as will be held at the College this evening, was met with with overflow crowds wherever the Pilgrim Virgin has appeared.

At the closing of all Masses during the past two weeks, the clergy, religious, and laity have recited the Act of Consecration to the Immaculate Heart. Responses to pledges distributed two weeks ago along with the booklet, "Fatima and You," indicated the increased devotion Catholics and laity have recited the Rosary over radio station WEAN.

Above is shown the map prepared by the Oblate Fathers of Mary Immaculate to show principal points visited on the North American pilgrimage. Heavy line traces most recent stops; light line, those earlier after the statue entered the U. S. from Ottawa.

THE BEAUTIFUL LADY

The next day, as she had been told, she returned to the place. She knelt and started to recite the Holy Mary, but had recited only the words "full of grace" when she noticed that the vine was again moving. At once she saw a beautiful lady with hands clasped on her breast, a golden Rosary hanging in her right hand. Her dress was pure white and her feet were bare, resting on clouds which were about two feet from the ground. Her face, of indescribable beauty, was radiant, and she was smiling.

To Teresa she said, "Be faithful to come here, be it rain or shine." Then, when Teresa asked her who she was, she said, "I am thy Mother, My little one." Then she vanished.

On the next day at the same time Teresa went to the same spot. This time the Lady told her she wished the spot to be blessed the next day, and she also forbade Teresa to forget the incident of the fifteen days.

SECRET MESSAGE

At five o'clock on the afternoon of the next day, Carmel's Chaplain entered the enclosure and the Community followed him to the spot. The Lady, visible only to Teresa, appeared and said her rosary. In the message, "My daughters, I ask you, first, to believe in Me and keep this a deep secret among yourselves for the time being Sacred, love one another as true sisters. And third, come often to visit Me. Make this a sacred place and respect it. Gather the petals. My children, I bless you all!" Then the Lady vanished and in the place of the apparition there were rose petals scattered. The Chaplain proceeded to bless the spot, and gave a short talk to the Community, emphasizing the Lady's message.

At five o'clock on the same afternoon, Teresa went back to the spot. This time the Lady asked to have her statue placed at the spot and to have it made a place of prayer. On the next day she told Teresa to describe her to the Chaplain, for She wanted the statue to be as big as that of Our Lady of Lourdes that was in the cloister. She also directed that the Rosary be recited by the Community every afternoon for fifteen days. The following days the Lady and Teresa met each other at the same spot. She gave Teresa motherly advice, telling her to be chaste, humble, and simple; also to tell the Community to practice those virtues. One day the apparition asked from the Community an individual consecration of its members to the spirit of St. Grignon de Montfort.

WHAT I ASK HERE IS THE SAME AS I HAVE ASKED AT FATIMA... MOST OF MY PEOPLE DO NOT LISTEN AT ALL, OR THEY LISTEN A LITTLE WHILE AND THEN GO AWAY... WILL YOU LISTEN TO ME NOW?... OR WILL YOU, TOO, GO AWAY?

Pilgrim Virgin Itinerary

Above is shown the map prepared by the Oblate Fathers of Mary Immaculate to show principal points visited on the North American pilgrimage. Heavy line traces most recent stops; light line, those earlier after the statue entered the U. S. from Ottawa.

DO THIS FOR ME...

Pray: "Men must cease to offend the good God, already too much offended." Keep the Commandments of God and His Church, the performance of the duties of one's state in life.

Sacrifice: Give up everything that interferes with the keeping of the Commandments and the performance of duties of state in life.

Preparation: Go to Holy Communion on the first Saturday of the month.

The Daily Rosary: Recite the Rosary every day while thinking of the mysteries. Practice the devotion of the Five First Saturdays. It consists in: 1) Receiving Holy Communion on the first Saturday of May consecutively for five months (confession any time during the week before). 2) Reciting five decades of the Rosary that day, meditating briefly on the meaning of each mystery. 3) Meditating for fifteen minutes on the fifteen mysteries of the Rosary. Our Lady has promised to come to such a soul who fulfills this devotion in the hour of his death and aid him with the graces necessary for salvation.

Consecration: She wished all the faithful to consecrate themselves to Her Immaculate Heart.

Sister Mary Lucy

On September 12, 1948, at about five o'clock in the afternoon, Teresa, a Carmelite postulant was taking a walk in the garden of the Philippine convent at Lipa. Suddenly she noticed that a vine shook, although there was no wind at all. She approached the vine and heard a woman's voice that said: "Fear not, my child. The sister could not see anyone, but could only hear the voice.

Lipa: The Question

What do you want Me to do for you?

The Following Days the Lady and Teresa met each other at the same spot. She gave Teresa motherly advice, telling her to be chaste, humble, and simple; also to tell the Community to practice those virtues. One day the apparition asked from the Community an individual consecration of its members to the spirit of St. Grignon de Montfort.

INSTRUCTIONS TO SISTERS

On the last of the fifteen days, September 26, the Lady repeated her counsel to Teresa: "My children, you must love and obey your Mother Prioress. Tell your sisters to love one another as true sisters. To practice humility and simplicity, the virtues I love most. Tell them to love and obey their superiors and not to forget the things I ask. I shall not ask bigger things, from you as you expect, because you are My little ones. Do not forget to consecrate yourselves to Me in October. Be very good. I am MARY, MEDALLIST OF ALL GRACE, I shall always bless the Community, morning and evening." Then she disappeared.

On September 26 rose petals were strewn in the cells of the monastery. On October 3 they fell on the altar case. On November 11 they fell outside and were seen by some nuns. On the first Friday of November between noon and three o'clock.

FRIARS FACE BROWN IN QUEST OF 11TH WIN

P. C.'s AVERAGE TWO 1949 DEFEATS BRUNO MINUS MAHONEY WEAKENED

By Dick Beaulieu

The "acid test" for a good ball club is its ability to make a recovery after one or more serious setbacks. Vin Cuddy and his huskies are the ones in the process of doing just that.

With the season about half over, it might be a good idea to look back on some of the mistakes that were made. The Friars fell before the sting of the cudgel, the Crusaders racked up eight straight victories. Out of the cellar, the Crusaders reared their heads again, and with the Holy Cross, put a sharp end to that winning streak with a 36-10 skirmish for both teams.

The Friars are now preparing for the outdoor sea-son. Track coach Harry Coates before Hal Martin will be calling out league teams going into spring training with two one-sided wins over Fair-field University and San Anselm College. Saturday evening, Marvel Gym will be the site of the clash between Providence College and Brown, their traditional cross-town rivals. Let's hope that the last game's 70-57 defeat prove that they are on the comeback trail. Let's hope that the Friars show us in the right direction.

The Friars are definitely restricted to the basketball court. An important game of defense is the most important factor in each of these three losses. Their offensive role is not insignificant at all. The Friars averaged more than 70 points in the three contests, and we can see in that fact, the spirit of optimism. But the team proved that it was more than just the lack of the task of comeback, and went on to finish the season at the number three team in the nation.

Remembering events of the N.E.A.A.U. There will be no more legions of fans that prove that they are on the comeback trail. Let's remember that the Friars are in it for the long haul. The Friars are in it for the long haul. The Friars are in it for the long haul. The Friars are in it for the long haul. The Friars are in it for the long haul.

The newly formed Athletic Association is definitely going to have some influence in the coming season of this year.

A week ago Saturday night, the Friars rolled over the Edgewood Junior College quintet, 66-52, before a packed house in the Athletic Court. Providence College Institute Out-Door is due to be opened this year, one of the grand highlights of the athletic season of the Friars. The importance of this event cannot be overlooked.

With a quick glance into the future we find that basketball and outdoor track are not far behind in the Friars' schedule. The men's basketball team will be out to notch their 11th win of the year. The team will be back into action after a lay-off of two weeks to prime themselves for the State tournament. Winning this game would move the Friars one notch closer to the State title. Further information concerning this game will be forthcoming.

Father Rossi, '53  
The Holy Year which sanctions the stories, both true and apocryphal, of the entrances of Saint Peter's Basilica, is a unique occasion to climb the stairs leading to the Sistine Chapel, that of Saint John. As the pilgrim begins his visit to Saint Peter's Basilica, he will take a turn which takes him farther away from the beating heart of the city, where facing the sea is Saint Paul's Basilica. The pilgrim stops, looks at the front of the apsidal structure and in a mood of meditation walks in. He will find printed on its threshold: "Dolore dolore Gei" and as he moves closer to the main altar he will be able to feel a happiness of Paradise. Even this Basilica for the Holy Year gave a Ceremony in opening its doors, not only to Rome but to the entire world. From here we see our satisfied pilgrim walking the overflowing streets of Rome towards another of the outstanding Basilicas, Santa Maria Maggiore, of which the traditional name is "Saint Mary of the Snow." There he is able to see the relics of Pius V, Sisto V, Paul V, and splendid works of art. He walks out of this Basilica thinking back to his school days when in a classroom a devoted Father or his instructor patiently tried to plant into his brain the history behind the Roman Pools, which now comes very clearly into his mind.

Business Students Attend Conference

Rev. Edvin I. Masterson, O.F.P., president of the Providence College Glee Club, and Philip Cunningham, students at Providence College, will attend a conference on "Executive Officers of Religious" at the New York University School of Retailing on Friday, February 24. Dean Charles M. Edwards announced.

At the conference, which will be attended by more than one hundred student and faculty delegates from forty colleges and universities, conferences will be held on the opportunities for college graduates in religious retailing. Speakers at the panel and luncheon sessions will include prominent retailing executives, retailing professors, and recent graduates now employed in the retailing field.

During the morning meetings, the students will be given a visual presentation of the divisions of a department store and the variety of jobs in each division. Also included will be specific information on how to prepare and apply for positions in retailing. After the luncheon session in the Fifth Avenue Hotel, at which conference participants will be the guests of Bloomingdale Brothers, Inc., well-known buyers, they will be taken on a bus tour through mid-town Manhattan, the retailing center of the world. The day's activities will be concluded with a behind-the-scenes visit to a well-known New York department store and a fashion showing at a leading dress manufacturer.

Tell the sisters that I ask them to pray and they spread My devotion and they have my presence for those who do not believe. These things may now be realized. COWL STAFF CHANGES

At the mid-year COWL meeting held last week in Donnelly Hall, changes in the staff administration were made. These changes were necessitated by the resignation of several members, who, yearly, at this time, deliver their report of participation in the school publication.

Anthony Jacome, '51, took the helm as editor-in-chief, followed by Thomas Plumer, '51, and Thomas Sullivan, '52, who were appointed news editors. While Leonard Levin, '51, and Joseph Ursin, '52, were appointed as associate editors.

In the sports department, Robert Flanagan, '52, took the key position as Sports’ editor, and Norman Beausoleil, '51, was appointed as partially assistant editor. Anthony Jarzombek, '51, took on the key position in the sports’ department. April 28. Do you think it’s fair that the Prom Committee or the committee chairman should be the judges? We object for two reasons: 1. They are not qualified.

2. The choice of queen would be that of a few of the members of the committee and would not reflect the choice of the entire class.

They, the committee, would be apt to elect their own date; after all, the committee won’t be the only ones present at the dance prom. . . . Therefore, we suggest that a group of three of the Fathers be chosen to act as judges, namely, Father Bergkamp, Father Dittie, and Father Lennon, or any of the other Fathers who would be willing to act as judges. No photographs would be necessary. The judges would merely look around during the evening, and then at a specified time, the crowning would be made. This is the only way the electing could be done, fair and square.

I am sure the other members of the Junior Class will agree to this method.

Sincerely,
10 Junior Classmen.
