The third issue of the Alenmic, the College literary quarterly, went to press last Friday and should be ready for distribution to the Student Body sometime during the middle of next week. This number promises to be a big one, but quality has not been sacrificed for quantity.

Featured in the March number will be "A Way of Understanding," a short story by George Eagle, '50, which pierces the thin veil of glamour surrounding the out-of-towner's conception of life in New York. Although he has found it necessary to resign his position as Associate Editor, the Staff is understandably happy that George has seen fit to continue writing; for his work would be an asset to any publication.

Raymond D'Antonio, '31, whose "La Giuliana" in the last issue was well received, will present to the readers of the Alenmic another interesting short story, "The Idol of Beauty." "Diane wasn't a pretty girl, in fact, one could not truthfully call her homely; she was ugly." What happens to Diane when she discovers a statue of Aphasia in the home of her employer, Mr. Wyndham, makes a fascinating tale.

Paul Flarcagne, '32, once again exercises his critical and analytical talents, reviewing "Distinction," and "Hypermetritis." Of the latter it must be said, however, that the little is the most difficult part of the poem.

Mike Hartung, '32, satirizes into the pages of the Alenmic for the first time in the coming issue with three impressions, "Hurricanes Withee," "Depurture," and "Strange Ship." and quotes the lines "I am the love is the sea, and he writes about it and in it for men to see, a clear, penetrating style.

The first affair is in what members of both clubs have indicated will be an annual series. Dancing will be from 9 p.m. to 1 a.m. Approximately two hundred couples are expected. Tickets are being printed and will soon be distributed to club members. The joint committee has extended an invitation to all friends and alumni of P.C.

The Kent County Club, one of the oldest off-campus regional groups at the college, and the Cranston Club, one of the newest and most active, decided to combine efforts as a result of their individual winter informals. Both dances were held in Warwick and were highly successful, receiving support from both clubs.

What went before:

John Doe, the hero of the story, got in some trouble, which nobody knows about. He's got no friends now because of what he did the last semester. A lot has happened since then, but the main thing is that the climate changed now, the trial. Now, read to the end.

John: My boy, you're in trouble.

Marion: Remember, John, you're under oath. You owe me the truth. As head of the Student Council, I will hold you out if you own up to everything. You plead guilty.

John: I'm afraid from the beginning. The cards are stacked.

Marion: Now, go on. While in or out of the classrooms, you have any inkling of what your efforts would culminate in? Did you know, in other words, what you were doing?

John: In class, I'm listening and writing. Outside I'm reading and writing. On Sunday, I go to the show with the girl.

Marion: Did you at any time think you were right to do what you did?

John: I always study hard but I thought I could have a chance.

Marion: Then you admit you aimed for that.

What's the use. I'll admit it. Here's how it happened. When my card came up, I opened the envelope. Then I start at the top of the card and go to the bottom. I read like this: A in theology. A in biology. A in sociology. I start at the top of the card and go to finish John and the story.

Marion: But you have done to put yourself out?

John: No, I thought I might have a chance for it.

Marion: Did you at any time think you might have a chance for it.

John: No, I thought I might have a chance for it.

Marion: I declare no verdict and clearly and distinctly exactly what P.C. is for.

ANOTHER FEATHER IN HIS CAP . . .

There is a favorite college song whose title is "Lafayette When We Were Pups." It's a song that evokes fond memories of the past. But for Bill Lynch of Providence College, it has a special meaning.

"It's the song that we've sung for the past 30 years," said Lynch. "It's the song that we've sung at our football games, our basketball games, and even our track meets."

Lynch has been a part of the Providence College track team for the past three years, and he has helped them achieve many successes. He explained that one of the reasons he enjoys singing the song is because it represents the spirit of Providence College.

"It's a song that we're proud to sing," said Lynch. "It's a song that represents the pride and spirit of our university."
La Salle II Intramural Champions of the School

By CHARLIE SAKANY

The La Salle Club of P. C. copped the Intramural Basketball Championship by drawing the Woonsocket Club in a hard fought game, 50-36.

Palczak started the ball rolling for the La Salle quintet by scoring with a push shot in the opening minutes. For the next few minutes the scoring was nearly even, but with 7 minutes remaining to be played in the first half, a field goal and a free throw by Littlefield gave the champs an 11-9 lead. In the remaining minutes of this period the best efforts of Woonsocket produced only 3 points, while La Salle, scoring effectively, collected 11.

The half ended with Woonsocket in the dust, 22-11.

Early in the second period the underdogs made their bid for victory. They pressed their adversaries at every chance and for a couple of minutes the offensive onslaught of La Salle was stopped. Simmons dropped in three quick goals for Woonsocket, but La Salle's scoring effectiveness, collecting many rebounds from both boards.

This game featured some standouts, notably, Littlefield, Dryer and Cot- tam. Littlefield was the difference in this contest. His fine defensive play was nearly at will in these last minutes. The game ended with the La Salle Five beginning a freeze. The La Salle Club of P. C. copped the Intramural Basketball Championship by drawing the Woonsocket Club in a hard fought game, 50-36.
