Delta Epsilon Sigma Inducts 40 Seniors Into Honor Society

With the induction of forty seniors into Delta Epsilon Sigma, national scholastic honor society for students of Catholic colleges and universities, President Thomas Newman presided over the Providence College Theta chapter's first meeting as an active campus organization and will eventually participate in Student Congress affairs and social activities. Previous inductions had taken place at the end of the school year leaving the chapter no opportunity to function on campus as a student group.

Besides going to the seniors in the 10th category, gold keys and rolls of membership in the Theta chapter were presented to the Rev. Bernard McCarthy, O.P., vice-president for administration, and President Bridle, 27, administrator of the Department of Employment Security in the State of Rhode Island. These awards were made by Thomas Newman, chapter president, assisted by Francis Fenny, vice-president, and Theodore Curtis, Jr., secretary-treasurer.

John J. Harrington and William H. Flummer, both seniors from Providence, were elected president and vice-president, respectively, for the coming year. Curtis will continue his duties as vice-president for the honor society, OP. Registrar and past national vice-president, William F. Broderick, is the Rev. Daniel M. Callahan, O.P., vice-president for the honor society.

The College Glee Club will report at 10:15 Sunday morning at which time they will rehearse with the N.B.C. engineers and the representatives from the National Broadcasting Company.

The Glee Club will report at 10:15 Sunday morning at which time they will rehearse with the N.B.C. engineers and the representatives from the National Broadcasting Company and will broadcast "Songs from New England Colleges." The program will originate from the Aquinas Hall Lounge and will include music provided by the students of the Providence College Choral Society and the Providence College on the weekly series of concerts for" Songs from New England Colleges." The Glee Club will report at 10:15 Sunday morning at which time they will rehearse with the N.B.C. engineers and the representatives from the National Broadcasting Company and will broadcast "Songs from New England Colleges." The program will originate from the Aquinas Hall Lounge and will include music provided by the students of the Providence College Choral Society and the Providence College on the weekly series of concerts for "Songs from New England Colleges."

Under the direction of Rev. Leo S. Cannon, O.P., the Glee Club has chosen the following program for next Sunday's broadcast, as follows: Providence: "Sebellus," Song of the Warrior, by Offenbach; "Rhapsody in Blue," by Gershwin; "Chantey," Wellesley; "If I Loved You," by Verdi; "I Got Shoes," by Cohn; "Liebestraum," by Chopin; "South Pacific," "Michael Healy will be heard over WBZ, Boston; WJAR, Providence; WCSH, Portland, Maine; and WOR, New York.

The program will be heard over the following stations: WBE, Boston; WRRA, Springfield; WTC, Hartford; WJAR, Providence; WCSS, Portland, Maine; and WOR, New York.

In an attempt to make the poll as scientific as possible the number of individuals sampled was set at 172 students. Those opposed, in most cases, did not believe the ballot was not a legitimate vote. The survey also brought out that the freshmen and sophomores class believed they will not be bound by the ROTC unit being set up at the college.

Another surprise, though not so unexpected considering the lack of positive information, was the lack of enrollment data for 1962-63. Of the 172 students polled, favored it but only on the condition that it be the last resort to enrolling them to graduate. Those who opposed, in most cases, did not believe the ballot was a legitimate vote. The survey also brought out that the freshmen and sophomores class believed they will not be bound by the ROTC unit being set up at the college.

Drury Elected Prexy By Eight Votes In Freshmen Elections

Peter F. Drury, Jamestown, R. I., was elected president of the freshman class by a plurality of eight votes over his nearest opponent, Richard V. Horne, Pawtucket, in the election conducted last Thursday. Others elected were: vice-president, Stephen C. Lalane, Dorechester, Mass.; treasurer, William F. Broderick, Riverside, R. I.; secretary, Thomas Toscano, Westerly, R. I.

Drury, a resident of Donnelly Hall, is a member of the Friar freshman basketball team and was on the football, baseball, and basketball team while attending De Sales High in Newport.

Delaney is also a resident of Donnelly Hall.

Broderick, a day student, is a member of the Providence Club, P.I.O. in the Flying Club, and a member of the Debating Society. He is an Edwardian major. Toscano, a student in the Arts course, was on the basketball team, Westerly High School, member of the student Congress, and a member of the French club.

Following is a rundown of the total votes assigned to each candidate:

Drury—84; Horne—82; Petteruti—64; Lawrence—62; Petteruti—63; Messier—56; sandals—34; Mruk—45; Jarvis—27; Brunt—18; secretary—Brodie—76; Delaney—93; Horne—81; Mruk—45; Messier—61; Lawrence—17; Sand—31; Petteruti—31; Lawrence, 17; Sughan—6.

The program was heard over the following stations: WBE, Boston; WBZ, Springfield; WTC, Hartford; WJAR, Providence; WCSS, Portland, Maine; and WOR, New York.

AAC Proposal Favors Students

As a result of a favorable action by the Senate, an amendment was added to the resolution made by the Association of American Colleges, which was held last Friday in Room 306 of Harkins Hall.

A new ruling applies to students who have already been called for pre-induction physical examinations. The new ruling states that, regardless of draft: a. students may enlist in any service during the two months before the final month of the spring term. They would be allowed to finish out the college year before being summoned to active duty. The new ruling applies to students who have already been called for pre-induction physical examination, as well as those who have not.

An exception made by the foregoing formula was the senior class, whose representation was limited to 172 students. The questions include four on the student's scholastic future, three on foreign affairs, two on personal habits, and one on favor of military service.

The most sharply divided and most provocative result of the poll was on the question of foreign policy. The Administration's global policy was supported by 52%; 28% were for Taft; 26%; Hoover, 21%; while 18% were undecided. Out of 93 freshmen and sophomores Taft was supported by 35; Truman, 26; Hoover, 22. The Juniors and seniors, however, approved Truman's policy by nearly three to one.

Another surprise, though not so unexpected considering the lack of positive information, was the lack of enrollment data for 1962-63. Of the 172 students polled, favored it but only on the condition that it be the last resort to enrolling them to graduate. Those who opposed, in most cases, did not believe the ballot was a legitimate vote. The survey also brought out that the freshmen and sophomores class believed they will not be bound by the ROTC unit being set up at the college.

Regarding the possibility of a triennium, 95% of those polled favored it but only on the condition that it be the last resort to enrolling them to graduate. Those who opposed, in most cases, did not believe the ballot was a legitimate vote. The survey also brought out that the freshmen and sophomores class believed they will not be bound by the ROTC unit being set up at the college.

American writers have an idea that the French writers have a great gift for realism. But they don't. All the French writers, of course, have a gift for realism, but they have another gift for the opposite ideal. They have a gift for the non-reality, for the unreal, for the dream, for the spirit of the unreal.

Examinations don't prove anything. Everybody knows that. Why, anyone who put in fifteen minutes a day could do as well as some of those fellows who think they're smart. Fifteen minutes a day is no milk, it's all nonsense anyway. Who wants to know what happened a hundred years ago? We want what temperature water freezes. Who? They don't prove a thing. Not a thing.

It's all very well for those professors to sit around and talk about examinations. But let somebody ask them some for a change. They have examinations, and what side of the desk a fellow is on. With the book right in front of them, too. But they let him have it anyway.

Everything was going so well. Day in, day out, same old same old. It was pleasant, that's what. Wasn't like. But what hap-

Soliology

What an awful time of year. Why, oh why, do there have to be examinations? We could be so happy without them. Its so little to ask, really. Just to let alone, without hav-

ing to answer a lot of embarrassing questions. What would it be like if instead of Winston Churchill, or George Bernard Shaw, or Brown-

ing, or Virginia Woolf. What about what? What about

Cuddy won't be aiming merely for a semester begins next month. However, even slightly. To make certain of believe they can relax or let down, R. I. State last Thursday, but neither collect themselves after their sad per-yard two weeks ago. When P. C. in-81-64 pasting handed them by the a note of "sweet revenge" prevailing better record when his team meets St. A's will have the same tall and way mark in the schedule this pre-exam week with two tough games on tap. Tonight, the Friars take on St. Anselm's of Man- way Durkin's rebounding and shooting from the one-point lead the Cuddymen were one-point cut their time by 16 seconds from one of the two feature 1- mile relays of the evening. Despite a determined team effort, they came in fourth. Fordham's very good time of 3:26.4 gave them a first place. The Coales-men were clicked in 3 minutes and 26 seconds, the fastest time for any New England college team in the meet. Chris Lohner, Bill Newman, Bob Digas and Gerry Ahl placed third in a freshman mile relay race with Ford- ham and Holy Cross. The Rams of Fordham broke the tape in a very fast 3:26.4. John McMullen in the hurdles, Dan Walsh in the 50 yard dash and Tony Vetrin in the pole vault did not gain the finals in their respective events.

Aquinas Friars 45—Newport 47

Friday evening.

Friar Folio

JUST FOR THE RECORD

For the record let us look at a few of the statistics of the Rhode Island game. The Friars led 27-30 at halftime, and with 5½ minutes to go in the game the Rams had the advantage by 16 points. During that short space of time the Cuddymen played an exciting game of the season. It was that ability to come back after being down that makes a championship club. As we all know, the score when the final buzzer sounded was 45-62. In the overtime period P. C. scored 6 points to the Rams 3 markers. With the one-point lead the Cuddymen were able to keep possession of the ball for the last two minutes, and that was the ball game. Look out Holy Cross!

TODAY . .

It is quite evident from Thursday's game with Rhode at the Auditorium that the Fighting Friars—who really merit the title—are contenders for any basketball team in New England. And this evening the Cuddymen are get-ting the opportunity to prove what they have established themselves. The Hawks of St. Anselm's come to do battle with Providence at Mount Pleasant. Should the Friars win tonight, it would average a previous setback ad-ministered by St. A's in Manchester, N. H., earlier in the season. On the basis of the Rhode Island game, it looks like they are going to do just that.

LAST CALL . .

Other common demands that seniors retire at the finish of the first semes- ter and this is our final effort in sports writing, we would like to take the opportunity to thank a faithful and efficient sports staff — John Saleses, Charlie Entwistle, Gil Cip-rano, and Phil Griffin. Thanks also to Walt Little, CORL, cameraman, whose candid have graced these pages during the year.

Give to the March of Dimes, Janu- ary 15-21.
Social events were held by both Senior and Junior Veridames over the past week. On Friday night the younger group sponsored a dance in the Harkins Hall Student Lounge, while on Sunday afternoon the senior group gave their annual musicale-tea in the Harkins Hall Student Lounge. Tomaso comprised the committee for singing the "Prologue" from "Pagiucchi," and the musicale, which featured the Vocal Art Society of Rhode Island, was featured soloist. Mrs. Anna M. Cottam presided at the Friday evening social. Featured were Misses Louise Garvey, Jean Hanaway, Ann Flanagan, and Eva De Tomaso comprised the committee for the Friday evening social. Featured was Hal Corcoran's orchestra.

**Tea, Dance Marks Veridames Weekend**
For the convenience of those seniors who were unable to attend the first series of Round Table placement conferences held January 17 and 18, more of these informative discussions will be held the week of February 5. Mr. Timlin, placement director, announced today.

Mr. Timlin also stated that the next conferences, which are intended to aid seniors in securing interviews with prospective employers, will be held late in the morning.

The Placement Director also declared that this time of year holds the best opportunities for job hunting and that the senior's chances get fewer as the summer approaches. He also remarked that summer is the poorest time for job-hunting.

March of Dimes campaign ends January 31st. Give today.

Overseas Service Program Performed Herculean Task

By Andrew W. Gelfuso, '52

Last year P. C. joined the National Federation of Catholic College Students. This is the fifth of a series of articles describing the work of the Federation. This article deals with the fund raising aspects of the Overseas Service Program. Further information may be obtained from campus OSP Chairman Edward T. Kennedy, SI, or the Student Congress office.

Probably the most urgent and meritorious task undertaken by the National Federation of Catholic College Students is that of aiding countless thousands of Catholic student displaced persons in Europe. The Herculean task comes under the heading "Overseas Service Program."

In the past three years, thanks to the generous support of Catholic colleges throughout the United States and the able direction of the student OSP leaders, three-quarters of a million dollars worth of food, supplies, and scholarships has been distributed in sixteen countries of Europe and Asia.

Last year P. C. attempted to raise its share by such activities as a tag day, and a large penny jar in the cafeteria (Ed. note—lately the jar has been notably devoid of a large amount of coins). It is used to rebuild housing facilities and chapels as well as for food, clothing, and books.

**Combial Commitment**
The OSP has a twofold aspect. Besides the demand for helping the needy prompted by Christian charity, there is also the practical purpose of helping to combat the Communist menace which is gaining at the foundations of free society.

Catholicism is a vital force behind the western European struggle to remain outside the Soviet orbit. It is engaged in an earnest endeavor to arouse Europeans out of the lethargy into which they have fallen as a result of World War II.

Overseas Service Program is designed to aid the Church in this struggle. Through its financial aid students are enabled to carry on in colleges and universities, and more Catholic-trained leaders are available to help set the world back to normal.

**Contributions Lag**
Although World War II has been over for more than five years, the D.P. problem is still far from being solved. In one camp alone in Munich there are 40,000 persons living in conditions that would make a shanty town like a New York estate by comparison. People like these are helped by the relief program.

Unfortunately, during the past year, contributions by the colleges have dwindled to a dangerously low point. Here on campus, chairman Edward T. Kennedy, SI, and his OSP committee have been hard at work in their fight to keep alive student interest in the affair. They are the men who plan the school's part in the organization.

At the present time OSP has nine projects which it hopes to carry through. These projects range from an allocation of funds for student scholarships in Tokyo to supporting students in dormitories in Munich. Officials are confident that they can renew interest in these under takings and carry on by the theme of the Overseas Service Program—Peace Through Christ.

**SPENT $46,000,000 IN 12 YEARS**
Bills for polio patient care alone have consumed $46,000,000 in March of Dimes funds since the establishment of the National Foundation for Infantile Paralysis in 1938.

Classification

Vets 35; non-vets 152; n.a. 4.

Dorm students 71; day hops 100; n.a. 1.

Army 89; science 81; n.a. 2.

Class of '31, '32, '36, '53, '40, '54, '45; special students 1. (n.a. means no answer.)

Questions

1. Do you expect to be back in college next fall?
   Yes 67, no 25, don’t know 48.

2. Do you think war with Russia will come this year?
   Yes 25, no 106, don’t know 41.

3. Should we get out of Korea?
   Yes 86, no 92, don’t know 17.

4. Do you believe that studying and (or) drinking been the same, more or less since the Korean crisis?
   Yes 34, no 95, don’t know 25.

5. Have you put in the same, more or less time studying since the Korean crisis?
   Yes 34, no 95, don’t know 25.

6. Do you favor a trimester program?
   Yes 62, no 60, don’t know 6.

7. If you had your choice what branch of the military force would you like to serve in?
   Army 32, navy 38, marines 8, air force 61, coast guard 22, others 13.

Comments

The following are a few of the more choice comments which were written on the survey sheets.

"War is inevitable with Russia, but we should pull our troops out of Europe." 
"The whole war is a waste of time." 
"Unless England, France and Germany show a little more cooperation we would pull our troops out of Europe." 
"Don’t get panicky, take things as they come! People need to be more mature to die.
