Parking Violations To Be Handled By Bursar's Office

Beginning Monday, January 14, parking violations will be cleared through the office of the Bursar, the administration announced Monday. The Rev. Charles V. Fennell, O.P., Bursar, will impose and collect the fine.

Fr. Fennell told a Cewt reporter that the fines would depend on the individual students and on the nature and number of his previous violations. He also said that he is looking for cooperation of the students body in alleviating the parking problem.

"Restricted areas are established to provide ready access to all parts of the campus for those who have legitimate business at the college and in cases of emergency," Fr. Fennell also declared. Students must not park in these areas.

The following are the parking regulations:

1. No parking in the circular drive in front of Harkins Hall.

The Student Congress has recently promul- 
gated an announcement informing the student body that two scheduled events of any 
organization, whether meetings, dances, or oth-
er events will be held, remain on the bulletin 
board.

The appeal for postponements will be held 
responsible, and if circumstances are suf-
ficiently compelling, the Congress may with- 

The Owl is in complete agreement with 
this action. Too often a club, territorial or 
other organization will use this too readily 
or some other relatively important event to coincide with an 
event of importance to the College. The College's 
confusion and discomfort benef-

in line with this new policy the Owl an-
noncer will no longer publish events unless they have been cleared in the prescribed manner. We must hope Congress and will co-operate with them on 
this matter in any way possible.

To The Freshmen

The Owl has learned from very reliable 
sources that the freshmen dorms held a 
crowd of course at their student rests, 
desire of course, a single slate of candidates to be entered in the 
coming Freshman elections.

We hasten to add that we are not opposed to 
a legitimate organization of dorm fresh-
men; and, in fact, it has always been the past. What we can add here is that irregular 
activities whether they be for social or 
intellectual purposes.

Pre-election caucuses, however, are un-
coming college students because they place the 
elections on a level which the candidates are 
other than their ability but rather on their caste in a particular society. College 
students are not a club, and if a se-
ction by such a system is illegitimate and not open to all, so are they have been taught in the classrooms.

Pre-election caucuses are detrimental to 
school spirit, as they cause unnecessary 
immunity among the day boys and the dorm 
students; the elections, instead of uniting the 
class under its chosen leaders, may lead to 
the forging of a curtain of unfriendliness be-
tween the two groups. The ultimate result is 
that the freshman may spend four years at 
Providence College and associate only with those 
whom he has known since the day he came.

The freshmen, perhaps, can be excused on 
this occasion for they might plead ignorance 
by their youth, but others of you in the 
oratory have run the same excuse, but not 
their part it requires growth of intelligence and a distorted School Spirit.

To all the freshmen the Owl advises: first, 
that you vote for the people you like, but you vote for whom you think is the most quali-
fied. Of course, we know from past experience, will ensure a successful year for the 
freshman class.

Even stronger disciplinary action will have to be taken as violations become re-
peated. We sincerely hope the situation does not reach that point.

 Literary Column: "Thos. Mann's 'The Holy Sinner' Called Great Disappointment"

By Henry Griffin

In the estimation of this reader, Thomas Mann's latest novel, The Holy Sinner, is a disappointment. Both from the standpoint of subject-matter and of artistic treat-
ment, the novel is a failure. The literary tradition within which the novel is written is that of "The Magicians" and "Death in Venice.

The plot, which is based on a series of events along these lines: The twin children of a well-known family are in love with each other, commit the crime of suicide; and the story of their 
child is then conceived. Then, in a fit of 
remorse, they confide the nature of their 
affair to a confidant who then passes on the 
news to the whole family, who, in spite of 
their anger, continue to love the father of the 
children, and which, at that time is being 
held in the newspapers, is the neighborhood

instances I think that Mr. Mann has failed to 
achieve his ultimate purpose.

Our years here have inured us to the

students talking in the corridors.

We raise our voices in protest time 
again as students continue to affect the same 
meaningless activities. There is a

And now, the parking situation has 
so bad that control of violations has had to 
be transferred to the bursar, who promises to 
lette out heavy fines.

Are students aware of these rules 
which in reality are practically drilled into 
their heads? Or don't they care to obey them? It is a mystery to us.

DaySchoolTertians To Meet Thursday

A new group of Tertians comprised of students of the day school will hold its first meeting on Thursday, January 16, at 7:30 p.m. in Aquinas Hall. The meeting is open to any and all students superiors themselves residing in Aquinas Hall, regardless of whether or not they wish to be enrolled.

For the convenience of all students of the day school, it was found necessary to establish various groups of Tertians because of varying curricular programs. There is an evening session every Friday at 7:30 p.m. for the students who remain at home, and an afternoon session once every two weeks, on Tuesday or Thursday from 1 to 2 p.m., primarily for off-campus students; and finally another evening beginning this Thursday, for students residing in or near Aquinas Hall.

Since the meetings last only one hour, it has been found impossible to select one hour, or even a day, adaptable to the academic program of all the students equally. Consequently, if another group would prefer meeting on a Monday, Wednesday, or Friday, because of inability to as- sist at the sessions already scheduled, a meeting time different from those already established would be deeply appreciated by the Director.

The Tertian movement is a religious or- ganization comprised exclusively of laymen, without social or academic objectives. As such, Christian gentlemen according to the rules governing the clergy. One of the first groups to form was the Dominican Order. There are no dues, nor obligations. All students are invited to attend an meeting at any time, and are welcome to drop in and enjoy an hour of edification and inspiration.

The MCAT consists of tests of general academic ability, a test on understanding of modern society, and an achievement test in science. According to ETS, no special preparation other than a review of science sub- jects is necessary. All questions are of the objective type.

Application forms and a Bulletin of information are available at all public and private schools from the American Medical Association. The applicant may also contact the registrar of the college of his choice to obtain an application form. Completed applications must reach the ETS office not later than February 15, 1963, 1964, and November 15, 1965.

Following Mr. Murphy's report the assembly was attended by a number of students having inquiries on any point of any projects regarding their problems.

With Groener (15), Wray (15) and Clegg (15) leading the way, the War- Wick Club scored another easy victory in drawing Senior Chemistry, 69 to 29. Eason and Desire were tops for the losers with 8 points apiece.

Freshman Physics muddled the Wason Music quintet, 37 to 35, in a hard-fought game Bless (16) and Ferr- ran (2) paced the yearlings' attack while Morley (12), McCarthy (10), and Walsh (16) stood out in a losing cause.

Quirk's 18 points added to more than half the opposing Junior Business total as Ironmen won 84 to 50. The Jr. Business' pace- makers were in the persons of Sweeney (11) and Jagielica (4).

In two other closely contested games, the Senior Chemists played both roles— that of winner and loser. In their second outing of the week, the combined efforts of Eaton (15) and Markowski (15) largely propelled those of McIntyre (14) and Welsh (4) with the Chemistry five coming out on top over Counsellors, 32 to 23.

Their third game saw the Se. Chems downed by Senior Chemistry, 21, despite the fine efforts of Markow- ski (9) and Eaton (4). Sweeney (15) and McGuire (3) paced the winners.

Freshman Aces I continued to lead the 11:30 Division by virtue of a 61 to 50 victory over Senior Business Harrison (16), Barlow (12) and Dolberry (12) and Meloreci (12) led the high-powered Freshmen with Archambault (10), Hogan (12) and Walt (15) playing well for the losers.

In staying with the 12:30 Division pace-makers, the Providence quintet, with Dube (14), Haggerty (10) and Toland (10) leading the scoring parade, defeated Counsellors 39 to 23.

The pinnacle of the indoor track season will be reached this Saturday for the New England fans when they are offered the chance to see the greatest names in the track game at the Knights of Columbus Meet in Boston Garden. No other meet in the state's enthusiasm be offered an opportunity to see the likes of Fred Will, Parson Bob Richardson, etc., but they will also be given a chance to see Providence's esteemed relayers in action.

Providence's relay mile relay team will square off against B. U., Boston and Maine at 9:45 while the two mile takes Yale and W. I. T. earlier in the evening (8:30). The Friars will probably be using the same lineup as they did in Washington (Lousier, D. Tiernan, R. Tiernan, and Lopes) along with two others to complete the squad.

Since the indoor season is still young little is known of the opposition. However, B. U. relayers, in their day away from the snow haven been plodding both in the one and two mile by Harvard.

Our Friar relay squads are cooking out of town. Janus' (L. J. O'Connell, M. L. O'Connell and J. N. O'Connell and J. N. O'Connell) probably are the strongest in the country.

Leading the one mile victory over the University of Virginia, Richmond University and LaSalle were Dick Tiernan, Paul Methf, Frank Luasser and Bob Tiernan. In the two mile, Chris Lohner, Frank Luasser, Bob Tiernan and Dick Johnson triumphed over LaSalle, Virginia Tech and St. Joseph's (Phila.).

In the mile Dick Tiernan started for the Friars and stayed close to the leader. Paul Metzler took off on the top spurt and from there on the Crowds were never "headless". Lassier gained a few more yards and Bob Tiernan, running anchorman, kept the Friars in front, although he was pressed closely by John Manning of LaSalle. The time for the mile was 3:38.1.

The two mile proved almost as pleasing for the 5000 people who crowded into the arena. Chris Lohner started for P.C. and put them off on the "right foot" by gaining the lead. Frank Luasser and Bob Tiernan remained the lead for the Friars but the rest of the field was never too far behind. "Pug" Johnson, running anchorman, kept the rest of the pack at his heels for the remainder of the race as he ran to victory.
