Second NFCCS Debate Meet Set For P. C.

Plans for the second annual New England NFCCS debating tournament were announced today by Joseph Quinton, chairman of the organizing committee.

Invitations to the two-day affair, scheduled for March 28 and 29, have already been accepted by both the men's and women's teams. The tournament will be held on the national debating topic: Resolved, that the Federal Government should adopt a permanent program of price and wage controls.

Among the schools accepting are Hofstra, New College's first in the last year of the tournament, Boston College, and St. Anselm's College. The schools will serve as judges for the tournament.

A banquet Saturday evening, at which awards for the top team and for the best speakers will be presented, will complete the affair. A lecture will comprise the entertainment.

Why A Parking Problem?

The top photo displays one of the principal causes of the parking problem on campus. Since early in the year, one of the results of this problem is seen. 6018 is forced to park outside the lines of the marked spaces, thus creating a further bottleneck.

Second NFCCS Debate Meet Set For P. C.

Pope's Allocution On Marriage Is Discussed By Father Kenny

Speaking at the second session of the sixth annual Providence College Marriage Forum, the Rev. J. H. Kenny, O.F.M., declared last Sunday night that Pope Pius XII's recent Allocution on marriage was not something new but merely a re-emphasis of the Church's doctrine that the moral values of married life must be respected and upheld.

Father Kenny, a member of the Providence College faculty, spoke to a overflow gathering in the auditorium of Albertus Magnus Hall that the Allocution was an admonition to the faithful, a summary of Catholic doctrine on marriage.

He also stated that the emphasis in the Allocution was on the natural law of marriage and all that it entails. "Marriage is a way of life, an institution natural to human beings," he said. "It is important that we remember that the primary end of marriage is the procreation of children." The secondary end—the mutual love and support—is not superior nor equal to the primary, but subordinate, he added.

Marriage is a result of a contract, and to be valid must be full and absolute consent, he stated. "By reason of the contract, there is the begetting of certain rights and duties over the body of the other. These rights, he said, are to beget children, to foster love, and to satisfy the sexual appetite.

Father Kenny also pointed out four conclusions in regard to the use of the rhythm theory. They are: 1) a married couple may make use of the days of natural sterility; 2) a married couple may use the days of natural sterility if sufficient and secure moral reasons are present; 3) for a married couple (Continued on Page 6)

Hoopsters To Begin Play In NC Tourism Saturday Or Sunday

By Jim Marshall

In an exclusive interview with this reporter, late yesterday afternoon, the Rev. John F. Leo, O.P., director of the New England Invitational Tournament, announced that Providence College will be one of the participating teams in the tournament to be held next Saturday or Sunday. However, Mr. Thomas was unable to tell what team the Friars will play since the draw will be held Thursday. The teams will be divided into the 12-team tournament. The first place team in each of the six pools will be determined by monetary purse, and the last place team in each of the six pools will be determined by points scored, regardless of team standing.

Pope's Allocution On Marriage Is Discussed By Father Kenny

Biochemistry Chief To Speak Here

The chief of the biochemistry section of the U. S. Public Health Service, Dr. J. E. Greenstein, will be the featured speaker at the March meeting of the Rhode Island section of the American Chemical Society to be held Friday evening in the auditorium of Albertus Magnus Hall.

Dr. Greenstein was an alumnus of the University of Texas and is the director of the biochemistry program at the Federal Health, will talk on "Enzyme Chemical Approaches in Experimental Cancer Research."

A graduate of Polytechnic Institute of Brooklyn, Greenstein received his Ph. D. at Brown University in 1938. He was National Research Council Fellow at Harvard University from 1939-41 and at Kaiser Wilhelm Institute, Dresden, Germany, in 1952-54. Dr. Greenstein also taught for six years at Harvard University.

Dr. Greenstein has been associated with the National Cancer Institute, Institute of Medicine, and the U. S. Public Health Service.

The meeting will be preceded by a social hour, beginning at 6:30 p.m. and an informal dinner at 7:30 p.m. at Aquinas Hall.

To Award New Debate Prize This Year

The first presentation of the Leonard Award, which will be given annually to the outstanding student or scholar in the field of political science, will be made this year. The Rev. Robert J. Servat O.P., president, announced yesterday. The Leonard Award, which is to be the last in a series of prizes that have been established by the college, will be administered by the newly formed Leonard Foundation.

The highly prized Leonard Foundation, which will then present the money to the recipient.

The selection will be made in April and the actual presentation of the award will be made in May. The exact amount of the award is unknown at this time. It will depend upon how much interest has been raised by Father Leonard's in- vestigations.

Predicts Fight Over Ideas

"At least you and I can expect lots of heated discussion over the polytechnic and political ideas that they have been brought to us over the past several years. But we have to fight it out in one in which we can purchase friends from the other side. We are always fighting for the honor of the baronets of the Soviet Union.

America, he pointed out, despite being a third world country, has been fighting for the position of world leadership. "This is due to the strength of its economy and political power," he said. "The battle we have to fight is not with one in which we can purchase friends from the other side. We are always fighting for the honor of the baronets of the Soviet Union.

Aubin Announces Queen Contest

Roger Aubin, chairman of the committee in charge of the Queen contest, announced yesterday that the contest for selection of the queen will be held on May 1.

Only juniors are eligible to submit a picture to the committee. The contest is open to juniors only. Each contestant must have a clear shot and a glass print, which must be submitted no later than April 21 with one of the special forms, which will be provided by the committee. The entrant must sign his name, date of birth, and height and weight.

From these pictures, the best five, which will be picked by the committee, will be the contestants for the Friday, May 21 edition of the "Catholic Voice." During the contest, the five women will be chosen Queen. Her identity will remain secret until the evening of the contest, at which time four candidates will be chosen by the Queen-at-Law-in-Waiting. The junior eves recruiting the five finalists will have the vote of their bids refunded.
On World Affairs Week

A forcible reminder that the process of education does, but should not, end at the formal level of formal education is presented by the currently staged World Affairs Week. The emphasis placed on this event by the World Affairs Council of Rhode Island, recognizes the fact that because of the commanding place the United States holds in world affairs, the responsibility also falls on us, as a small nation, to help the American people to learn the duties and responsibilities as world citizens. 

A variety of lectures and forums are scheduled, by the council, giving our citizens an unparallel opportunity to gain an in-depth level of thinking to the status of well informed citizens.

When we see even presidential candidates preaching doctrines of neo-isolationism, ignoring the challenges of world affairs, one might ask if there is need of presenting the true story. It is hoped that in the process of presenting the speeches of some of our politicians-turned-statesmen they would attempt it. Only if the day dawns when the welfare of the world is the main concern of political party, can this type of thinking be combatted.

As college students, we should not feel it unnecessary to join in the program. The speakers who are in the state for the last two forums of supplement studies we have already had. They have the latest information. Therefore, if we conform to it, it is in one in which no one can be too well educated.

The World Affairs Council of Rhode Island, whose program is necessary in the world today.

The Musical Calls

In a very short time the Pyramid Players will issue a call for tryouts for their annual musical revue. The revue is scheduled for a presentation in the month of June, both for the seniors and the juniors of the Freshman and Junior classes. As the Jewish Community is not to present a musical of their own, the Pyramid Players are left in a position of free action. It is the intention of the Pyramid Players to present a musical of an original nature, which promises to be the best musical represented on campus this year.

As the musical is a form of entertainment that is enjoyed by all, we hope that all students will come and enjoy the show.

The Sharks and Flats

Art Mooney's Return To P.C. Hailed

As Excellent Committee Selection

By Jim Wille

It seems that just about this time every year, no sooner than the last sun rises for the Junior Prom. This year the orchestra will be serenading us, making it easier to climb the stairs than ever before. Today, this serenade is heard over the radio, as well as in the halls, and is experienced as a psychological fact.

The woodwind band, which a few years ago could have had a way with an orchestra, this year is known for its smoothness and ability to carry a tune.

Looking over the last big band, I can see the growth of the band. The band has been attached to the yearly program, and has grown in size and efficiency. The band has been trained in the art of playing under the direction of the band instructor, Mr. C. D. Moore.

A recent photograph was taken in Lowell, Massachusetts, and shows the band in its present form. The band has gone through a period of growth and development, and is now ready to present a first-class performance.

The band's success is due to the leadership of Mr. Moore, who has always been interested in the development of the band. He has given the band the time and effort necessary to make it a success.

The band has been able to maintain its high standards of performance, and has been able to attract new members to the organization. This is due in large part to the efforts of Mr. Moore, who has always been interested in the development of the band.
Fr. McBrien Cites Threat Of Atheism At Kent Breakfast

"Atheism may strike the death blow to all that is good in life," the Rev. Thomas H. McBrien, O.P., assistant provincial of the Province of St. Thomas Aquinas, warned the third annual Kent County Club Communion Breakfast held in East Greenwich on March 6. "The social order in which we live, the moral order, the religious order; all of these are threatened by the spread of the atheistic philosophy."

McBrien cited recent examples of atheism in the news, including the recent death of a man who was arrested for practicing witchcraft in England. "This is not just a theoretical problem," he said. "It is a practical problem that we face every day." He encouraged those present to "remain true to our faith and to work to prevent the spread of atheism in our society."

By Phil Griffin

While the weavers of the Green are doing so to St. Patrick's Day, the baseball hopefuls of Providence College will do honor to Abner Doubleday out on Hendrickson Field in Coach Hal Martin's first out in the third season of the impending season. Prior to the open air season Mr. Martin will hold a meeting for all candidates in room 300 tomorrow at 1:30. That's Thursday, March 13, room 300, Hacklin Hall for anyone who wants to try out for the Friar baseball team.

Opening day for the Black and White will be April 24 when they meet a strong Bates club. The Bobcats boast an outstanding hurler in big Larry Quinby, who was also the pitcher of their basketball team. This strong Maine outfit will be the first of a long line of rugger combats that this first will face before the 52 season is history. The list includes Seton Hall, Springfield, Brown, Holy Cross, R.U., A.I.C., University of Connecticut, and the best and a fine crop of New England ball teams.

Mr. Martin is looking upon this rough slate somewhat optimistically. He figures and rightly so, that a steady diet of strong competition will make his boys the sharpest players when the season is up. It may be a little tough on the pitching staff to run day after day, but if things shape up right the mound corps should be more than a match for the hitters.

Topping a schedule that includes no "breakers" and Mr. Martin says he's not the least afraid of 'em will be Springfield, last year's New England NCAA representatives; Holy Cross, who is probably going under the tutelage of Jack Barst, former Athletic Director of the College; and the veteran combination; traditional R.U. American, International, who was strong enough to bell the cat last year; Brown, who, while probably bowing down to a few leopards in New England; and Seton Hall, about the only New England representative that can be counted on.

So, it's a general meeting tomorrow, with the first out door work our concern for the first week, your future Magills and Magillies report to Mr. Martin in room 109. It's expected looking for a right handed power hitter, or batters, so if there's any Ralph, and in the crowd there is, report.

Friar Scoring

What a blessed thing it is that nature, when she invents, manufactured and patented her authors, contrary to outcries out of the chip that were left.

Quintet Wins Victory In 4 Years Ending Bears Jinx

"I'm very happy. The boys played a great game." Thus Mr. Vin Cuddy summed up Saturday night's big win over Brown which Providence College scored, 8-4. It was the first Friar victory over the Bears in four years and the score they ran up was the highest in the history of the series.

Vin got all his seniors into the act against the Bruins, playing their body in the last few minutes, and their performance was strictly to their credit. Jim Schillinn, Jerry Lembo, Ray Korbstein, Ronnie Gagnon, and Tom Basner all got numbers after their names were posted in the box score, with Gagnon's seven points in the last couple of minutes being the most spectacular combination.

Schillinn recived via the foul route late in the game while the bats paid off in four of the last six innings of basketball with a standing ovation. Before he committed his foul, personal idol, Jim had run up 19 points with his phenomenal pivot shot, and certainly earned the plaudits of the fans. The other starting senior, Ray Korbstein, didn't have one of his higher scoring nights, but he took only a few shots and he made the important ones count. Ray, as has been his custom in past games, ran all the way and was valuable as a play maker.

Lembo played as well as we ever see him. The little man was a regular Jesse James, stirring the Brains' fast break on several occasions with his well-timed darts of the all important ones. Brown's only show was in the last stages of the game.

Bauer and Gagnon also found the scoring touch. Tommy with one of his patented one-handers, while Ronnie countered with a single, all from the free-throw. Bauer also shoes defense.

Friar Boy had plenty of daylight between him and the Brown Bear when the game ended, but might have been out of sight had Bob Prendergast not a few more assists from Lady Blak Big Bob found the range early but couldn't make his shots fall. Bobby Moran also had difficulty along the outside line but both boys hustled all the way and contributed their mark- ers when the chips were down. Hank McQuenergy and Tom Mullins wore the playmaker's mantle and it was a perfect fit.

It was a long drought, and for a while in the first quarter it looked like it might continue, but thanks to the hustle of the Friars and the skillful managing of the game by Mr. Cuddy, the rains finally came.

--Griffin

Jim Schillinn received added laurels when he was chosen for honorable mention on Collier's District One All-Star squad. Along with the Collier's award he was chosen in a poll conducted by Buster Beehy of Holy Cross as one of the top ten New England basketball players in Catholic College. As he might be expected, eight of the ten players were from Holy Cross and Boston College.

For the current year the total is now 322 points with the National Catholic Tourney still to be included. His total for three years of varsity ball has now reached a record high of 1,010 tallies.

J.V. Finish Season With 10-10 Record

By Martin Sandler

Despite a long scoreless effort, the Providence College Junior Varsity closed its 1952 season with an 8-2 defeat to the hot red-hot Brown Freshmen quintet.

Bill Quinn (20), Jack Keating (18) and Ed Ryder (10) kept the Friars close on the Cubs heels right down to the final gun.

Thus Hal Martin's boys wound up the season with a very respectable 10 and 10 record. Considering the rapid improvement the club made during the final games, the season was very encouraging. It must be remembered that the primary aim of the Jayvee squad is not to compile a good record but to prepare the players for varsity competition.

Bill Quinn, Ed Ryder, and Charlie Aquaviva were the big scorers for the year but they were aided greatly by Jack Keating, Bob O'Connell, and Ray Gordon who turned in many strong performances.

Friars And Dunnes Continue Rivalry In 3 Game Playoff

Last night Providence's hockey team began the next two out of three series with another 1-0 win to determine the winner of the play-offs. We are unable to report the results of last night's game because of our early deadline. Because the area's were not cut off for the week, the remaining two games of the play-offs will be held one next week.

Both Providence and Dunne's ended up in a tie for first place, in regular league play, with Dunne's winning eight, two losses and two ties. The Friars had a practice session last Sunday and it is expected that they will be at top strength for the Dunne's meeting. Dunne's started the season with only a fair club but due to many additions in their roster they will prove to be a formidable one for the Friars.

The last outing for the Friars was against Army up at the 'Point' where they turned in a fine effort although they lost in the shootout of a 6-4 count. If the Friars display the type of ball that they played against Army they should make it "rough" for Dunne's.

Father Schneider has reiterated time and again that one of the greatest assets that the hockey squad posses is their ability to play "hot" no matter how rough the going gets the team never give up. This attribute displayed by Army when the Friars met a vastly superior team but played as well as ever. In fact the Friars led in the contest until the final minute when the Army scored a larger risk (the largest in the country: and the long periods took their toll and the final score was 6-4 Army over the Friars.

An undiminished spirit the Friars posses an abundance of fine material. In Howie McGuiness they possess one of the best goalies in this section. To back up Howie are such stalwarts as The Alcorn brothers, Army, Patrice, Wally, Petie, Durville, Riley, and the rest. With one more game of play under their "belts" the season should be ready for bigger things next year.

The Friar hockey team also boasts of two of the top scorers in the Ama- teur League. Jim Schillinn and Army and Bob Petie. Army leads the scoring parade with 24 points and Petie is third place with 18 points.

**ROTC Notes**

**Railroad Club Started**

The first meeting for Railroad Club interested in model railroads, was held in room 221 of Harkins Hall. Approximately ten prospective members, with a few more who gave their names but were unable to attend, were present. Thus, all present were officially charter members.

The overall plan of this new club will be to provide Transportation Corps Cadets with railroading information and hours of pleasure in operating and demonstrating their own scale-model railroad.

Paul Boivin was appointed temporary chairman, and William Broderick, Martin Cowley, and Richard Sheridan, were charged to draft the organization's constitution. A meeting will be held Thursday, March 12, to ratify this constitution prior to its submission to the Student Congress. The club's officers will be elected some time in April.

A limited amount of memberships are still available to those technically inclined. Further information will be given once the officers have been elected. In the meantime, all interested are instructed to watch the Harkins Hall bulletin board for "open" position information.

**Seniors Offered OCS Information**

Non-veteran seniors who have not been accepted for graduate attendance may apply for the three-month curriculum at any military training fields which have been designated as critical, are inevitably subject to receive a letter of "Greetings from the President." compliments of the local draft board. Several members of the senior class here at Providence College have recently sought information pertaining to the Officer Candidate Program Colonel Roy P. Muss, TC, President of Military Science and Tactics, will be glad to discuss the Army OCS, Marine Corps OCS, or the Air Force Aviation Officer program for navigators, aircraft observers and pilots, with seniors interested in obtaining an officer's commission, at the Military Science office, Room 203, Albertus Magnus Hall.

Seniors are reminded to note that this is not a recruiting service and shall not demand the department attempt to effect the student advice. This is strictly information.

**Committee Named**

The Providence College ROTC will hold its Military Ball in the Sheraton-Biltmore Hotel on May 21. The chairman of the various committees were appointed last week. They are: ticket committee, R. C. Fontaine; entertainment committee, R. M. Dolan; entertainment committee, R. J. Harrison; reception committee, J. J. Durante; decoration committee, P. E. Burke.

The entertainment committee will select upon an orchestra in a few weeks.

**Veritas Is Progressing**

The Veritas office announce this week that progress on the yearbook is advancing rapidly. The cover is nearly completed. The senior section is fully completed and is now on the hands of the printer. The club section is still being developed and as soon as the basketball season is over the sports section will be finished.

The office announced, however, that Patrons are still needed, who

**Tournament**

Continued from Page 1

Blissow has each entry to over 200 points for the season.

If the Friars happen to draw teams they will be in for a tough battle and Coach Cuddy believes that the Friars will make it rough for any team they face if they play the kind of ball that they showed on Saturday. Cuddy feels the Brown encounter was the finest game the squad has played this year.

St. Francis of Brooklyn, one of the N. Y. powerhouse, has defeated such teams as Fordham, Manhattan, Loyola, CCNY and Connecticut. Marquette, a team that is new to NIT competiton, has victories over Rawlings Green, Notre Dame and Michigan and has played many of the top teams in the West. Marquette has lost to Bradley twice but both games were close decisions.

Mr. Thomas also announced that there will be no consolation games; if a team loses they are eliminated from the tourney. The final game of the tournament will be played on Sunday, March 22.

**Veritas Is Progressing**

**Arts I Or Providence Faces Delta Tau Delta Thursday**

By John J. Balleses

Freshman Arts I and Providence will continue their playoff series today in order to find out which team will represent Providence College in the annual clash between Brown intramural champs and the Friars representative. The contest between the two schools will take place at Marvel Gym tomorrow afternoon.

The Bears representative was defeated in a close battle between George House and Delta Tau Delta last Monday afternoon when the Delta boys came out on top in an overtime contest. The score by the 42 to 40 Paring Delta Tau Delta was Krueger with 16 tallies.

Freshman Arts I, after losing the first playoff game, defeated Sophomore Business in the second and third games to win the 11:30 division title. In the second playoff game the Friars tied the series with a 34-32 victory. The evening was well distributed on both teams but Harrington played exceptionally well for the winners and McPherson and Moran were tops for the losers. On Wednesday the aggrieved freshmen, led by Reynolds (11) and Tartaglina (9), clinched the title with a 50-38 win. Pettinelli led the losers with nineteen points.

In the 12:30 division a very low scoring team controlled only eight field goals brought the championship to the Providence, who

**Be Happy-Go-Lucky!**

In a cigarette, taste makes the difference — and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellower, more enjoyable taste of a Lucky . . . for two important reasons. First, L.S./M.F.T.-Lucky Strike means fine tobacco . . . fine, mild tobacco that tastes better. Second, Luckies are made to taste better — improved best—made of all five principal brands. So for a Lucky, Enjoy the cigarette that tastes better! Be Happy—Go-Lucky! Buy a carton today!

**L.S./M.F.T.-Lucky Strike Means Fine Tobacco**

When politicians say yes and say no, I just stick with what luckies do, 'Cause luckies always go my way.

Were it left to be decided whether we should have a government with newspapers or newspapers without government, 1 would not hesitate a moment to prefer the latter.
Death Of Fr. Level Is Mourned At P. C.
The Rev. Ferdinand G. Level, O.P., member of the romance language department here for twenty years, died Saturday in New Haven, where he had served as chaplain at Albertus Magnus College since 1936. "Pere" as he was affectionately known on both campuses, was born in France in 1910. Ordained a Dominican in 1932, he spent the next fourteen years at the college of Bato- lomeo De Lasamos. Because of his French citizenship he was called back to France upon the outbreak of World War I and served in the trenches for four years.
In recognition of this service he was made a chevalier of the French Legion of Honor in impressive ceremonies at Providence in 1937.
A quote from the Albertus Magnus newspaper "The Silver Horn," asking prayers for his recovery reveals the affection with which he was held on that campus as well as on the P.C. campus.

Marriage . . .
(Continued from Page 1)
The Rev. Charles M. McKenna, O.P. college chaplain, will give the third lecture in the five-week series next Sunday night at 7:30 p.m., in the auditorium of Albertus Magnus Hall. He will talk on "Courtship and Chas-ity."

World Affairs . . .
(Continued from Page 1)
Larison has come into American life not due to atheism but rather because we have separated.
"This spiritual gap in our present spiritual defense must be filled by a deepening of our religious life and by more earnest cooperation between all religious men," he said. "Material power and material strength are in- finitely nothing in comparison with the power of the spirit."
"Catholics, with their historic faith, the wisdom of the Church, the assurance of Divine Guidance have a special responsibility to lead America to a spiritual and religious renewal," he said.
