Many Innovations To Feature Junior Promenade

At Work In The P. C. Medical Research Laboratory

Pictured above and to the right are members of the Providence College Medical Research Laboratory with some of the equipment purchased with last year's Damon Runyon Memorial Fund grant. Above, left: Dr. William M. Stokes is working with a new precision scale. Above, right: Dr. Stokes is placing equipment in the radioactive hood which contains high vacuum Grignard apparatus. Below, left: The Rev. Frederick C. Hickey, O.P., director of the lab, checks the indicator on a new Geiger counter.

College Given \$10,600 Runyon Memorial Research Grant

By Joseph Ungaro

For the second straight year the Medical Research laboratory of Providence College has been awarded a grant for cancer research by the Damon Runyon Memorial Fund.

At ceremonies held last Wednesday morning in the medical laboratory in Albertus Magnus Hall, a check for \$10,600 was presented to the Rev. Frederick C. Hickey, O.P., director of the lab. The check was signed by Dan Parker, Walter Winchell and Arthur Coffrey, trustees and directors of the Runyon Fund.

The research lab, which was started in May, 1950, in cooperation with St. Joseph's Hospital, is engaged in the study of the uptake and retention of various substances in the human and animal body.

The aim of the project, Father (Continued on Page 2)

Rondeau Is Named Coach Of Informal Friar Hockey Team

Dick Rondeau of this city was appointed coach of the Friars informal hockey team this morning. Rondeau who is known as one of the top college players of all times began his puck career at Hope High in 1937 and continued it at Mount St. Charles after transferring there. He later matriculated at Dartmouth College where he rose to national prominence.

As a collegian Dick amassed a total of 221 points, 119 goals and 97 assists during his four year tenure. During this time the Indians ran up a string (Continued on Page 2)

OSP Raffle Drive To Be Intensified, Chairmen Announce

A final push will be given the cash raffle being conducted through April 30 for the benefit of the Overseas Service Program, according to co-chairmen Joseph Andrews and Charles Schlegel. Tickets are available from members of the OSP and National Federation of Catholic College Student committees, Student Congress members, and several other students. The drive benefits needy students abroad, by supplying to the extent permitted by available funds necessary food, clothing, centers, medicine, and books.

Prizes being offered by the local committee are \$25.00, \$10.00 and \$5.00, for chances selling at 10c a piece, three for 25c, and one book of twelve for \$1.00. The co-chairmen have said they expect an irreducible minimum of 25c from each member of the student body.

Caps, Gowns To Be Distributed Tuesday

Caps and gowns will be distributed to Seniors in Harkins Hall Auditorium next Tuesday, April 29, from 10:00 a.m. until 1 p.m., it was announced yesterday by Kenneth McGreevey, head of the Cap and Gown committee.

The rental for all except veterans is \$3.00, which must be paid on receipt of the caps and gowns. Veterans do not have to pay.

SECOND TALK SUNDAY

The Rev. Robert J. Slavin, O.P., president of Providence College, will have for the topic of his second speech on his series of talks on the Catholic Hour, "Studying the Student." Father's speeches are broadcast locally over WJAR. Broadcasting outlet for the National Broadcasting Company.

Congress Officer Elections Will Be Held Next Monday

Elections for the Student Congress officers will be held next Monday, April 28, between the hours of 9 a.m. and 1:30 p.m., in the rear of Harkins Hall.

The slate of candidates will be selected from the list of class representatives elected several weeks ago. Since students will not be given time off to visit the polls, it is suggested that they make it a point to stop by Harkins in their free time.

Competing for next year's presidency will be Jim Marshall and Robert Deasy. The vice president will be chosen from a slate of Roger Aubin and Richard Fontaine. Lou Gomer, Phil Doherty, and William Broderick will battle for the position of secretary, while Harold Higgins and Leonard Riley of the freshman will campaign for election to the post of treasurer.

All prospective officers presented their platforms at sessions this morning, and their active campaigns will be waged from now until next Monday.

PC Will Be Host To Science Meetings

Providence College plays host on Saturday, April 26, to the Natural Science Groups of the New England Section of the National Catholic Educational Association.

The Very Reverend Robert J. Slavin, O.P., president of Providence College, will deliver the address of welcome to the representatives of the 25 member colleges at 10:30 a.m. in the auditorium of the Albertus Magnus Science Building.

The principal speaker will be Sister Mary Urban, Cullen, O.P., Ph.D., chairman of Biology at Albertus Magnus College, New Haven. Sister Mary Urban, a well-known geneticist, will deliver a talk on "The Impact of the Work of Father Gregor Mendel upon Scientific Thought."

Reverend James W. Hackett, O.P., of the Providence College Chemistry department, is Chairman of the Natural Sciences Section of the N. C. E. A. Spring meeting. Other groups will meet the same day in member colleges throughout New England.

Mooney Music Will Feature Annual Social Highlight

This Friday night the members of the junior class will swing to the pleasant strains of Art Mooney's orchestra as this year's social highlight, the Junior Prom, gets under way at 9:00 at the Sheraton-Biltmore Hotel Ballroom.

Those planning to attend this year's affair will be the recipients of many innovations brought on by this year's Junior Prom committee. In order to remind you of these new revisions, let us go back to the beginning of the year, around election time. The Junior class elected as their officers for the year the Clover-Leaf party composed of William Conway, president, Charles Schlegel, vice-president; Al Lamy, secretary, and Edward Coleman, treasurer. This party committee, "equal representation for all," in selecting a junior prom committee and the newly elected officers did as they had promised and selected the committee on a regional basis from the clubs organized on the campus.

Next in line was the selection of an orchestra. It was a bit ironic that the Clover Leaf party selected Art Mooney's orchestra, who became famous for his playing of Four Leaf Clover.

Probably the most radical change in the series of events was the selection of a favor. This year instead of giving the ladies a piece of costume jewelry, as has been the custom in the past, they will receive a stuffed replica of Friar Boy IV, the College Mascot. The animal was designed especially for the junior prom and has since been adopted by the manufacturer for general sale.

This year's prom queen is being selected by pictures. Many pictures of the junior class members' dates have been submitted to the queen committee and from these, five finalists will be selected by a local model agency. The five finalists will be distinguished at the dance by white satin banners designating them as candidates. After the prom queen is chosen, elaborate coronation ceremonies will take place. These include presentation of a souvenir trophy, being crowned with a wreath of flowers and the wearing of a red velvet robe during her reign as queen. The four remaining candidates will reign as the queen's ladies-in-waiting.

This year's promenade will have a parking lot reserved for them. Those (Continued on Page 2)

Tickets For Musical On Sale Next Week

Tickets for the Pyramid Players' musical extravaganza, "Poiled Again," will go on sale next Tuesday at the table in front of the bulletin board in the rotunda.

Each student will receive a complimentary ticket, which will be distributed by the Rev. John B. Larsen, O.P., the Players' adviser. In addition students and faculty may purchase an unlimited number of tickets at half-price, fifty cents. General admission tickets will also go on sale next week.

Rehearsals for the musical were held during the vacation period. The musical is scheduled to be held the nights of May 13, 14, 15, and 17 in Harkins Hall Auditorium, with a matinee to be held the last date.

Editorial The True Spirit

The true spirit of Providence College students will be put to the test next Monday. On that day all undergraduates will have the dual responsibility of voting in the Student Congress officer elections, and of voting for the best qualified men.

Maybe because you voted in the election for representatives to the congress you think that you have done your duty. You have NOT! Only half of it is completed, for no group is stronger than its leaders. The congress for the past three years has carried an excellent record for itself. That it will continue to do so is up to you.

Martinen Open Season Tomorrow Against Bates At Hendricken Field

Mullins Is Starting Twirler

By Phil Griffin

Fireballer Bill Mullins takes the hill in the Providence College innaugural tomorrow afternoon against the Bates Bobcats at Hendricken Field. Bill McKeeon is Coach Martin's tentative choice for the pitching assignment against Assumption Sunday. McKeeon has been bothered by shoulder trouble throughout the spring and has yet to revert to his 31 form. But news crops up from the middle of the infield. Dutchy Ducharme, who was to lead off for the Friars, injured his shoulder and is out for an indefinite period. Dutchy is quick around the keystone sack and possesses the Stanky-like quality of getting on base, by hook or by crook. Freshman Jerry Romberg will replace the incapacitated veteran in the batting order.

The Bobcats promise to be as ferocious as tigers. In six-foot-five-inch fast baller Larry Quinby and a left-handed curve baller named McCaulliffe, they have the nucleus of an outstanding mound corps. Mr. Martin figures his Friars will face the slants of McCaulliffe, who is fresh from a two-hit victory in his last outing.

All this points to a very rugged baptism for the P. C. nine. The left-handed batter has the percentages with him in his efforts to keep his club on the undefeated trail. He faces a Providence lineup that is almost top-heavy with lefthanded hitters. Five of the eight regulars take their cut from the first base side of the plate.

Here the way the win will line up. Romberg will lead off at second base. The kid shows plenty of promise, but he naturally is green when it comes to college ball. He figures to hold up his end, though. Beaver Power, a slugger, will bat second and guard the hot corner. Don McDonald will exhibit his slick fielding at first base and bat third. Bill hawk Dick Duigan will bat cleanup.

But the hitting power doesn't cease there. Duigan will crop the plate more than once this season with center fielder Bob Greiner following him in the batting order along with right fielder Buzz Barry and Howie McGuinness. The Friar captain figures to be his usual brilliant self at shortstop.

Bill Quinn will be eighth, but this is a duplicate of the situation in Brooklyn where Carl Furillo is at the tail end of the order. In other words, P. C. has power where it is sorely missed on so many occasions.

"Mighty Mo" is the logical choice for the opener. Mullins is the only hurler with real experience on the staff, and big Bill was the bellwether of last year's staff. The hurler will have home figures to give the Bobcats plenty of trouble with his scorching fast ball.

FATHER ENGLISH ON TV

The Rev. Adrian T. English, O.P., professor of history, will give the next four talks in P.C.'s television program, "The American Idea, Yesterday and Today," which is heard every Thursday night from 7:15 to 7:30 over WJAR-TV.

Sherman Appointed Assistant Track And Field Mentor

Frank Sherman, former track and field coach of the University of R. I. freshman track team, has been appointed assistant track and field coach at Providence College. Mr. Sherman, a resident of Providence, also has coached at Central, East Providence, and South Kingston high schools. He is the brother of Art Sherman, a star pole-vaulter at the University of R. I., and was an exceptional track man himself, not long ago. In the words of Coach Harry Costes, "Frank is doing a terrific job out there with the boys." Coach Sherman has asked that any student, whether freshman, sophomore, junior, or senior, who has any desire to participate in the field events, come out and see him or Coach Costes.

'Merton' Goes On Tonight

The Pyramid Players will present an arena theater production of "Merton of the Movies" tonight in Harkins Hall lounge. Admission is free for the comedy, which will start at 8:15.

"Merton of the Movies," a Broadway success of the 30's, was written by the famous team of George S. Kaufman and Marc Connelly. It centers around the adventures of a movie-truck grocery clerk from one-horse midwestern town, who goes to Hollywood and through a strange set of circumstances doesn't do too badly there.

IMPORTANT MEETING
All members of the Camera Club are requested to attend a very important meeting of the club to be held in the COWL Office, Wednesday evening at 7:30. Plans for the field trip and photo show will be discussed. A trip will be held afterwards to the Providence JOURNAL photo display at the Rhode Island School of Design.

Research . . .

(Continued from Page 1)

Hickey said, "is to obtain a more complete knowledge of the mechanics of normal growth. This, we hope, will show in what way the uncontrolled growth we call cancer is different and this difference then might open the way toward the reestablishment of normal controls."

Radioactive carbon shipped in lead containers from the "atomic pile" at Oak Ridge, Tennessee, is used by Father Hickey and his associates, Dr. William A. Fish and Dr. William M. Stokes, to trace the metabolism of food. "This is possible," Father Hickey said, since carbon is a constituent of practically all food substances. A fraction of whose carbon atoms have been replaced by radioactive carbon, can be traced through its many changes as it becomes incorporated into living tissue."

Another phase of the research is the treatment of hyperthyroid conditions and cancer thyroids by means of radioactive iodine. The radioactive iodine, which is mixed with distilled water in an "atomic cocktail" has been used successfully at St. Joseph's Hospital in the diagnosis and treatment of thyroid diseases or to treat cancers that have spread to distant parts of the body from a parent growth in the thyroid gland.

Over 60 patients, Father Hickey said, have been cured or placed on the road to recovery by the radioactive iodine treatment. In some cases, he said, it has made possible an operation which cured the person but which would have been impossible without the "atomic cocktail" treatment. An article on this phase of the program was recently published in the Rhode Island Medical Journal.

Fr. Schneider Grets New Hockey Coach

The Rev. Herman D. Schneider, O.P., assistant athletic director, greets Dick Bondeau, former Dartmouth hockey star, who has been appointed coach of the Friar informal hockey team.

Friars Lose ECIAC Title To Seton Hall

By John Salasos

Last Friday and Saturday at Newark, N. J., Providence College, the defending champs, lost their title in the Eastern Catholic Intercollegiate Athletic Conference.

Seton Hall, the host at this event called the Seton Hall Relay, proved to be an impolite host by winning two relays, both of which P. C. won last year. The Seton Hall men won the one-mile relay in which the Friars placed second. Iowa College was third. The time was 3:23.8 for this event. Providence College was also second in the two-mile relay which Seton Hall won in 8:05. Le Moyne was third in this relay. In the ECIAC, mile relay P. C. ended up in third place behind Morgan State, whose time was 3:20.3 and Fordham which placed second.

Four Providence College trackmen went up to Roxbury, Mass., on April 17, and ran in the three-mile novice class road race. Herb Waters placed 6th, Gene Coyle 8th, and Connie Sullivan 9th. This gave P. C. 21 points and a tie for the trophy. However, since a man from the other team tied with P. C. came in first, the other team was declared the winner as prescribed by a rule in the A.A.U.

One week from today Providence College will participate in a dual meet with Brown at Aldrich Field.

Fr. Fiekers To Talk At Phi Chi Banquet

The Rev. Bernard A. Fiekers, S.J., chairman of chemistry at the College of the Holy Cross, Worcester, will address the members of the Phi Chi Club when the group attends its annual banquet at Oates Tavern, North Providence, Tuesday evening, April 29. It was announced yesterday by Joseph F. O'Brien, '52, president, Father Fiekers will speak on "Words and Science." Members of the science faculty have also been invited to attend the affair which is sponsored by the students majoring in chemistry, mathematics or physics.

New Coach . . .

(Continued from Page 1)

of 41 straight conquest and laid claim to the national title in 1942. The apex of Bondeau's career was reached in his final college game against Middlebury when he notched 12 goals and 21 assists to topple all existing marks for individual scoring in one game.

Dick's coaching dates back to his undergraduate days at Dartmouth when he was appointed player-coach in his junior year to take over for Eddie Jeremiah who entered the navy.

After graduating Dick served a hitch in the Marines. He appeared to have a bright postwar future as a hockey player with the Bruins until he broke his neck while recuperating in a service rest camp after having participated in the Iwo Jima landing.

Shortly after receiving his discharge from the Marines, Dick was signed as coach of the newly formed Holy Cross sextet on December 18, 1946. The Crusaders, at that time, had decided to go in for big time hockey but they had to eliminate their ice team the following winter when the city of Worcester failed to build the proposed arena and traveling back and forth to the Boston Area became too difficult.

Since that time Dick has had many offers to coach college teams, one of them being Army; but he has declined all of these offers because of business reasons. In recent years his puck activities have been confined to refereeing college games.

Prom . . .

(Continued from Page 1)

who will attend, have received stickers which are to be displayed on the car. This will entitle the person to a reduced rate at the parking lot.

During intermission the Providence College Clee Club will entertain those in attendance with a few renditions. Junior Class President, William Conway, announced Monday that all the members of the Junior Prom committee and the class officers are paying for their expenses as was promised by the class officers. He also said that the sale of bids promises to make this year's Junior Prom one of the best ever.

Junior Prom . . .

the ideal way to start any evening is to enjoy dinner in the Georgian Room. Plan to have your date stay at the Crown Hotel.
