If any senior finds himself unable to pay by Saturday, he must make arrangements at the booth as to when he will pay.

The favor is on display on the Harkins Hall Bulletin Board.

Election ballots can be handed in that time but it is to be preferred to have them in beforehand if possible.

President Addresses R. I. Chemistry Clubs

Stressing that the interpretation of facts, just the facts themselves, is the criterion of knowledge, Very Rev. Robert J. Show, O.P., President, opened the Fifth Annual Rhode Island Intercollegiate Science Conference of Chemistry Clubs in Albertus Magnus Hall last Wednesday evening.

Some sixty representatives heard brief lectures by Mr. Martin Garvey, Jr., President of the Research and Development Laboratory, Pawtucket, on "Chemistry and Industry;" Dr. William Stiles, Providence College, "The Chemist and Research;" Dr. Harold Stace, Brown University, "Graduate School Opportunities in Chemistry;" and Dr. Margaret Parks, University of Maine, "The Development of the Chemist Teaching."

Joseph P. Fanion, President, announced that the Providence Society for the Civic Club, which sponsored the conference welcomed the group to Providence College last Wednesday evening.

Joseph, Kelly, 32, was chairman of the Providence Civic Club, which sponsored the conference welcomed the group to Providence College last Wednesday evening.

Zoo Hour Neors

In lieu of our time-honored practice of highlighting only the good side of the news, we reluctantly report to you that final exams are only on the way, and we shall not perturb some of you to discover that on Wednesday of next week all corners of Providence will be under one of the celebrated question and answer sessions. For you, we are sure, will be slightly on the uneasy side.

The ones who are not worried about it are those whose final exams are in the eight hour of the day. But we cannot help you to call the rest of the best of us all by one of the uneasy side.

But what about the ones that have not been so assiduous, the ones for whom each passing day seems to bring us one step closer to dooms day ever closer. From now on in the morning classes, every student will scramble to stuff into their noggins all the matrimony of the semester. And, what's more, all of this will have been crammed into the emptied cranium in a week's time.

To We Meet Again

In three short weeks Providence College will merely be a memory to the seniors. What type of a memory it will be depends on each student's location at the end of the year. Many of you will be in school. But it might be recommended that each student remember that he gave this school an added dimension to his life and that it is nothing to be shrugged off. Try and forget that the stories you've encountered here, that memories are uniting the days of joy and felicity.

For everyone is a bit of a sentimentalist, otherwise he would not be human; it is only a matter of the degree of sentimentality. Therefore, when you feel the sweats and the tears welling up in your eyes, Providence, remember the happy times, remember the friends you have made, remember the opportunities to meet, remember your Catholic teachings and last of all remember your school. You are leaving a part of yourself on you depend the growth of the school. Undoubtedly you have friends who will continue in your place and you have also seen the need for expansion. Being an alumnus, you will have the chance to help rectify the situation.

If you become active in the alumni association, you will be playing an important part in the future of Providence College. You will help yourself by continuing to foster those friendships that first sprang up in Providence and, in addition, you will have had the opportunity to meet and make new friends. Your support will help to further the cause of Providence College.

To the Cowl moderator, the Rev. Paul M. James, O.P., we extend our gratitude for his untiring work and sincere cooperation in our behalf.

To the alumni, we express our heartfelt thanks for a job well done. We have enjoyed being part of this year's class, but we were always extremely grateful when the stories were written when things were uncertain. To the Cowl, we extend our gratitude for its efficient service to the school and its cooperation in the preparation of this issue.

To our staff members, we extend our heartfelt thanks for a job well done. We have enjoyed working with you, but we are always grateful when the stories are written.

To the Cowl moderator, we extend our gratitude for his untiring work and sincere cooperation in our behalf.

Congress Accomplishes Much But Much More Left To Be Done

Joseph Quinton and James Marshall

An examination of the records of the 72nd Congress reveals that there is much hope for the future of the country. The Congress has passed some legislation that is of great importance and that is likely to have a lasting effect on the country. However, there is still much work to be done.

One of the most significant pieces of legislation passed by the Congress was the civil rights bill. This bill was passed with the support of the majority of the members of the House and Senate. The bill was a significant step forward in the struggle for civil rights and was an important victory for the civil rights movement.

Another important piece of legislation passed by the Congress was the tax reform bill. This bill was a significant step forward in the effort to make the tax system more fair and to reduce income inequality. The bill was a significant victory for the tax reform movement.

The Congress also passed several other important pieces of legislation, including the Medicare Act, the Education Act, and the Housing Act. These bills were all significant victories for the respective movements and were important steps forward in the effort to address the country's most pressing problems.

Despite the accomplishments of the Congress, there is still much work to be done. The country is facing a number of important issues, including the economy, the environment, and national security. These issues will require the attention of the Congress and the support of the American people if they are to be addressed effectively.

There is also much work to be done in the realm of legislation. The Congress has only passed a fraction of the legislation that is needed to address the country's most pressing problems. The Congress must continue to work to pass legislation that is in the best interests of the American people.

In conclusion, the Congress has accomplished much in the 72nd Congress, but much more remains to be done. The American people must continue to support their representatives and encourage them to pass legislation that is in the best interests of the country.
**R. O. T. C. Notes**

**Musical**

(Continued from Page 1)  the end, to the delight of all but the villain.

Worthy of mention in the accompaniment provided by George Melman.

Some of the songs are excellent, while others are disappointing. "You Should Never Be Too Fabulous," sung by Miss Bottom and Miss Abbott, topped all in this reviewer’s opinion. "I Lost My Chance," another duet presented by Connelly and Miss Bottom, was also excellent.

Some of the special effects sparkled, notably an artistic buildup induced by "Spaghetti." The setting, designed and executed by George Hyland, Kelly, the Rev. Edward L. Hunt, O.F.P., the Rev. John L. Loomer, O.P., moderator of the Pyramidal Players, and Joseph Boyd, stage manager, were excellent.

Last, but not least, the chorus, composed of Misses Eisley, Walter Zajac, John Bowers, Bob Elliott, George Lawrence, John Balkin, Mary McFarland, Pat Army, Constance Houlton, Mary Capell, Maureen Murphy, Mary Geoghan, and Harriet Holf, was excellent.

If you have not yet seen "Pauly Again," by all means do so. If you do not find this reviewer’s opinion, you’ll be sorry.

**Fr. Slavin Shows Enemies Of Truth**

"Never perhaps in history have men known so much and been sure of so little," the Very Rev. Robert J. Slavin, O.F.P., declared in the fourth of his addresses in the Catholic Hour series.

Talking on "Education and Society," Father Slavin said "Freedom or religion means freedom in the church to learn and to teach. . . . The command of Christ, ‘Go forth and teach all nations’ cannot be abandoned to the government or to some other agency which is neutral in religion and which approaches human problems from a secular point of view."

"Because she (the Church) received the commission from her Divine Founder to go forth and teach and be-cause she possesses in her sacred institutions and in her organization the divine means to make her teaching effective."

Father Slavin said, the Church must be equal to the task, make use of her powers, and forever teach the peoples of the world: "The teacher who tells whence we came, whither we go, the why of life and who speaks with confidence, courage and authority is badly needed by men."

Next week, the title of Father Sla- vin’s talk will be, "Government, Re-ligion, and Education." The program may be heard locally over WJAR each Sunday from 2 to 3:30 p.m.

Friars Meet Brown, H.C., B.C., This Week

Martin Sandler

The Providence College varsity baseball squad, victorious in five of its first seven games, opens the toughest week of this season's campaign tomorrow when it meets arch-rival Brown University at Hendrickson Field this afternoon. The Brown, current Ivy League leaders, should prove to be the strongest club that the Friars have faced this season. Led by their hand-hitting secondary basemen, Bob McConnell, and bolstered by a strong pitching staff headed by capable Ken Moffett, Brown has been rolling along in great style this season.

However, the Friars have been moving in equally brilliant fashion. Should Howie McGuinness, Buzz Barry, Ed Ryder, and company continue to hit the ball at the second pace, the Friars should have their biggest victory of the season. Coach Hal Martin will start either Carl Buniva or Freddie O'Neill. Both have pitched excellent baseball this season, Buniva holding a shut out victory over St. Anselm and O'Neill picking up a second win in relief over Connecticut.

The Friars will continue their tough schedule on Saturday when they travel to Worcester to face the always-tough Holy Cross Crusaders. This game should be a real pitcher's battle with Bill Mullins going for the Friars and curve-ballening Ronnie Perry scheduled to start for the Crusaders.

Taking no breather, the Friars return to Hendrickson Field on Sunday when they travel to the Brown College Eagles. Hal Martin's boys will be out to aver a heart-breaking 6-4 loss at the hands of the Eagles earlier this year.

All in all, it should be quite a week. However, if the Friars continue to play the sound ball they have displayed thus far this season, they could conceivably come up with three big victories.

BUNIVA, O'NEILL Gain Victories

Martin Sandler

Displaying the same brand of extremely brilliant baseball that they have shown all season long, the Providence College varsity baseball squad picked up two more victories last week.

Last Wednesday at Hendrickson Field the Friars pulled a big upset by knocking off Connecticut University 8-7 in a real thriller. The Huskies, Yankee Conference leaders, jumped on starter Bill Mullins for a big 4-0 lead in the first two innings. However, in the bottom of the fourth, the Friars got to Lou Comfort for three marksmen, utilizing the Darms with timely hits by Howie McGuinness and Buzz Barry.

Connecticut made it 6-3 in the fifth picking up two more runs, off relief pitcher Pete Drzyzla. At this point, coach Hal Martin brought in Fred O'Neill and the strong righthander closed off a really serious rally. Fred held the Huskies hit-less to gain his second win.

The score remained 6-3 until the seventh inning when the Friars tied it up with three big blows. Feature of the inning was a two-run single by 300 foot home run by Don MacDonald.

The score remained at 6-3 until the ninth inning when the Friars took it by a 9-6 margin. Feature of the inning was a two-run single by Bill Mullins and a grand slam by 330 foot home run by Don MacDonald.

J. Paul Sheedy Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

Phil Griffin

Statistically minded soul that I am, I am sure the world does not believe that the boy is still batting .500, with fourteen hits in twenty-five trips. This was prior to the Brown game. The Friar captain, nearly flawless in the field, has been getting on base with astounding regularity. Howie's "daily double" performance is the deciding factor in the Friars' success to date. Long may he reign.

Fred has produced in equally spectacular fashion. In two relief appearances he has given up only eight hits in 11 2/3 innings and has picked up two victories. His latest outing involved a brilliant performance against potent Connecticut. In six innings against the Huskies, the Whitehorse sophomore was very stingy with his throws, allowing the visitors only three. If anyone ever deserved the "duke", Fred did last Wednesday afternoon. On the basis of his two performances, it appears that John Frederick O'Neill has a fine future under the Black and White banner. After that top handler-of-pitchers, Bill Quinn, found out that his thumb wasn't nearly as tough as a baseball, (Continued on Page 5)

Coatesmen Lose To Jumbos To Run In Intercollegiates

John Sainio

During the past week, P. C.'s track squad has competed in two dual meets and another open competition.

Tuft's track squad overcame the Providence College team last Saturday at Medford. The Jumbos enjoyed a few double winners and their advantage in the weights to build up a score of 81-54. P. C. men did well, but they did not have the depth to win enough points for a team victory.

On Saturday a large group from the team travelled to Webster, Mass. and competed in the Order of Ahepa meet. This annual event, sponsored by the Greek national society, proved to be a real field day for the Coastmen.

## Schlimm's 1000 Points Top Sports Highlight Of Season

This fall, Schlimm will be a rather futile attempt to review the 1951-52 season. In a span of eight months, or as many events occurred, too many men have sparkled, too many Providence College teams have gone to the post to give adequate coverage, to mention them all in a narrative such as this. But, here we go anyway.

Way back in October Friday Bob opened his first fall season as Friar coach, and our cross country team opened its second season in fine style by winning Boston College at Franklin Park, 17-46. It was a forecast of things to come. The hill-and-dales proved well nigh invincible in dual meets, winning eight of them. They gave us an overdue victory over other titles, too, before the woodford lanes saw the last of these hardy athletes who perform with little acclimatization.

Harry Coakley's job won the ECIAI meet in third place in the Eastern Championships. They were co-favorites going into that one. Highlights were Providence's first victory over Rhode Island and the 20-40 steeplechase of Brown. Hat off to Harry's boys. They were a real power in their field.

We were already looking forward to the Thanksgiving vacation when the high school coaches assured us that freshmen would be eligible for varsity sports. Harry Coakley, Vin Cuddy, and Hal Allman informed we would use any capable freshman on their varsity team, and all were true to their word.

The basketball call was issued last week and the score was Oct. 30, 1951, and in the same issue it was announced that P. C. was to have a rifle team. It was even after that we were greeted with the pleasant news that the Baptist and Black&White would be starting up in the fall. So far, we've seen nothing but basketball, the new coach, C. E. Gerber, and the old coach, E. S. Gerber.

The basketball season started in fine style when they joued into the big time against Brown and Army. Not long ago Bond, longtime Portmouth brillian, was signed as coach of this up-and-coming aggregation. Howie McGuinness, who knocks them down at short during the baseball season, did the same in the Providence cage. The McAlister brothers, Ed and Joe, and the pre-eminent among the standouts on the Auditorium line.

The basketball schedule was published. Twenty-one games long it was, and before the shooting over the pre-season was fourteen. Jim Frost forced cancellation of the Colby game.

There were too many highlights to mention all of them, but a few merit notice. Bad news wasn't long in arriving. Bobby Moran, who subsequently scored a record total of 389 points, injured his eye and missed the first two games. Tommy Bauer, filling in for the injured sophomore, led P. C. to a victory over tough Brown. Brown stormed the locals 67-32. Would that never have been broken? Holy Cross went away, but we were unfortunate, enough to catch the Crusaders on a "hot" night. Probably would have beaten any team on the schedule, but it was Cross, with such a performance.

Clark University opened Dart Weekend and festivities with an amazing 54-48 victory. Bobby Moran had the eye of the nation's sensational early season soul shaking. He scored 35 out of his first 40. Ready to see the series, running the Friars off the four down at Kingston, P. C. Pedge Springfield on the heels of the other titans, too, before the woodford lanes saw the last of these hardy athletes who perform with little acclimatization.

**Things looked dark indeed. Then out of Mr. Quinlan's shadow stepped a lad who would forever be known as Eddie Ryder, fielder and hitter supreme.**

Eddie Ryder had always been omnipresent behind the plate, but his hitting was a question mark. It took him time, but still in the batting batting, hitting, and his fielding would turn Jim Whitehead. Ryder, by no means a "thirsty" hitter. Most of his clubs have been line drives, and his base hit and doubles in many occasions Unbelievable...
By Bob Finneran

This being the last official issue of the Cowl for the current year and with the school year fast coming to a close, let's reflect back and see what has happened here on the campus during the past few months. It might also be well to take a quick peek at a few world events which were history during our academic year.

As we returned to the campus in September, the trace talks in Korea were four months old and we were still fighting there. We welcomed a freshman class of 351. The ROTC Transportation Corps had made its debut on the campus with 502 enlisted in it.

Most Rev. Russell J. McInerney, Bishop of Providence, celebrated the Mass of the Holy Ghost at the Grotto on October 2nd and the school year was under way.

As usual the first week in October found the campus a seat of political activity with all the office seekers staging strenuous campaigns. The sophomore class elected Peter Drury as their president with Thomas Tuca- nas, vice-president; Richard Haven- son, secretary, and Henry McQuerry, treasurer.

The junior class elected the entire "Clove Leaf Party," consisting of Wil- liam Conway, president; Charles Schlegel, vice-president; Alfred Lamy, secretary, and Edward Coleman, treasurer. The election of an entire party was somewhat of an innovation in school politics. The senior class took the laurels for the most vigorous campaign of all the activities of the year.

Major General Charles Helmick, accompanied by Colonel Moss, visited with the Very Rev. Robert J. Slavin, O.P., when the General reviewed the ROTC unit early in the year.

The Cowl conducted a survey to find out what the students thought would be the candidates for President. General Eisenhower topped Senator Taft for the Republican nomination and also President Truman for the Presidency.

The first social function was the Canzan Club's annual Autumn Festival. A more atomic air raid character- ized November's entrance. Several of the students took part in the drill setting as casualties for the various Civilian Defense units here in Rhode Island.

Major General Charles Helmick visited and reviewed the ROTC unit and commended its fine progress after such a short time in operation.

The Very Rev. Robert J. Slavin, O.P., President of the College, was the recipient of the highest Dominican Degree, Master and Doctor of Sacred Theology. He was conferred upon him on the morning of December 12th here at the College.

The annual Friers Fernald was held at the Auditorium of Harkins Hall where Vin Capone supplied the music.

A minor conflagration in the Business Building caused a little excitement just before we left for Christmas Vacation.

The second intercollegiate dance and the radio concert by the Glee Club on the "Songs from New England" in January.

The world kept its eyes on Kurt "Kai" Way Par! Callan as his ship was wrecked in a storm in the mid-Atlantic and he refused to leave the derelict vessel until it finally sank.

Archbishop Richard J. Cushing, archbishop of Boston, invited intercollegiates' program marked our return here of the faculty to give a series of lectures in Boston.

A slight pause was observed at the end of the month while we prepared for the on-coming exams.

In March we took to television as we initiated a series of lectures on SIR-A-TV. Rev. Joseph U. Bergkamp, O.P., was the first speaker.

The sixth annual marriage forum was presented to overflow audiences during the five meetings which were held.

Art Mooney was the selection of the juniors for the Prom. The New Hampshire primaries were conducted and "Ex" and "Taff" have been running neck and neck ever since.

March was an eventful month but it only paved the way for an even more active April. We started off right away by giving much needed blood to the Red Cross for our servicemen in Korea.

The Very Rev. Robert J. Slavin, O.P., was chosen to succeed the Right Reverend Fulton Sheen on the Catholic Hour program, broadcast from coast to coast.

We had our annual retreat and then departed for our Easter Vacation. During April, President Harry S. Truman announced that he would not be a candidate for re-election. Later in the month he seized the steel industry preventing a strike and it also prompted court action.

After returning from our vacation the annual Junior Prom was held at the Sheraton-Biltmore. Among the many innovations instituted at this year's annual affair was the new favor, that being a stuffed replica of Friar Boy IV, the College Dalmation mascot.

The College received a $10,000 Damon-Huayan Cancer Fund Grant in cancer research in this important field. Robert Deasy was elected president of the Student Congress for the coming year.

There are a few events left during the month of May. The year is just about over. One of the events is the first Military Ball to be held one week from tonight at the Sheraton-Biltmore.

The 54th year of Providence College has seen plenty of action. Let's hope that next year will be even better.

Be Happy—GO LUCKY!

When classmates 'burn' a cigarette, They always come to me, Because they know I smoke the best— That's L.S./M.F.T.
