In the last few weeks, House of Representatives committees have cut money out of virtually all student aid programs. Although the committee staffer reports that Stockman, director of the Office of Management and Budget, is going over education spending provisions of the omnibus bill passed provisionally last June. It is less than the student aid budget passed by the House last year. Ozer says, "because of inflation there has in fact been a 23 percent cut in federal funding (of college aid programs)."

An organization for dense people
Campus Digest News Service
A new group in California boasts all presidents and no members.

The group, Densa, was started by Jack Caanam. It is for dense people who are in need of community support. Densa members pay $10 for their membership and a monthly fee. Densa members meet monthly to discuss the problems associated with being dense, and to come up with solutions to problems. Discussions on locking the keys in the car are quite common among them.

And why all the presidents and no members? Simply because everyone voted for himself for president, says Caanam.

The Cowl extends its congratulations to the class of 1986 for its first meeting, and help are needed from the class.

New Draft Legislation
Giving credence to their earlier fears that forced Selective Service military registration would lead to a peacetime draft, student and anti-draft groups are voicing growing concern over Sen. Ernest Hollings' new proposal to establish a peacetime draft. Hollings says, "because everyone seems to come up with legislation to implement the draft," says Alice Robertson, liaison for the U.S. Student Association (USSA).

Hollings proposes that all men age 18-34 serve at least two years in the armed forces. Currently-enrolled college students would be allowed to finish their studies before being called up. Their time in the armed forces would range from one year to graduate before beginning active duty. Hollings introduced the bill "because he doesn't believe the *See Draft page 3..."
U.S. Marine Corps.

Recruitment at PC

On October 19-21, Marines from the Marine Corps' Officer Selection Office will be on campus to talk to people interested in military life. There are a number of programs available to college students who want to serve their country as officers in the Marine Corps.

The PLC (Platoon Leaders Course) is for students who want to serve in the Marine Corps as officers and to become Marine officers. The PLC offers students the opportunity to become Marine officers and to attend officer candidate school, which can lead to a commission in the Marine Corps.

Seminars for Undecided Majors

"What's your major?" is a frequently asked question around college campuses. Often the student who answers, "I'm undecided," or "I don't have one," experiences undue anxiety and a certain amount of quandary.

To ease this stress and provide undecided students with pertinent information, the Providence College Counseling and Career Planning Center is offering an Academic Career Seminar Series. The program is a forum in which interested freshmen and sophomores can meet with and hear faculty members and counselors outline the requirements of the various academic programs offered here at PC and career planning issues involved with each.

All sessions are held at 2:30 in '64 Hall. The seminars remaining in the series are as follows:

- Thursday, October 20 - Accounting, Management, Finance and Economics

Tuesday, October 25 - Public Administration, Latin American Studies, Sociology, Modern Languages and History.

Any questions pertaining to this seminar series should be directed to the Counseling and Career Planning Center.
Cliches do not get to be cliches for no reason. There is a way to describe a situation that everyone can understand. Right now there is a threat to Providence Street Smith St., at Pizza Garden, where the cliche about "bad apples" applies all too well.

Pizza Garden was a welcome addition to the PC scene when school opened in September. A civilized, aesthetically pleasing place where a person could actually drink out of a glass seemed like a good idea. Owners Dick and John have put into making the place a pleasure to visit.

The point of all this is to give Pizza Garden free advertising on the editorial page. In fact, it is merely incidentally that Pizza Garden is involved at all. But the sad fact is that a few students with "sticky" fingers are giving every Friar who visits Pizza Garden a bad name.

In the last two weeks, there has been an increase in the number of musical equipment stolen from "Knack!", who entertains at Pizza Garden. This is a disgrace, and a sad commentary on some of the students of PC.

Unfortunately, it is not the "same." "Theft" is the word that most accurately reflect on, but all of PC. "It's really scary," said Jimmy Connolly, "because it's only a few people who actually do it, but they are a lot of people. It's also a shame because John and Dick have really put a lot of effort into making this a nice place to go." Dick Beneduce also pointed out another aspect of the "cliche syndrome." "It's really "bad apples" both parties," said Beneduce, "and give me a better word to drink out of one of my glasses! Now only costs about 80 cents, but I lost my little change, that's a $125 week just walking out the door.

All this does not bode well for the future. Getting a $300 tape recorder stolen is bad enough. But two weeks later having a microphone cord sit with a knife and the 100 microphone taken is bound to leave a bad taste in the mouths of the faculty, the students, and the community.

This would be too bad. John and Dick have given PC students a place to go where they do not have to fear for their lives. Frriers should appreciate Murphy.

If PC does appreciate the efforts of John and Dick on our behalf, we should prove it. Leave the glasses on the tables, and keep an eye and ear open for those who may have respect for the property of others, and no concern for the reputations of their friends and school.

Rev. Jackson and '84

by Ted Hodgkinson

Recently there has been speculation that Jesse Jackson, a black civil rights leader and an active candidate of operation P.U.S.H. (People United To Save Humanity), and one time confidant of the late Dr. Martin Luther King, may be seeking the Democratic nomination in 1984. There has been debate within the Democratic Party as well as within the black community, regarding the viability of Jesse Jackson's candidacy at this time.

Supporters of Jackson claim that a black candidate would spark interest in the black community. His candidacy would attract many moderate voters for political offices at local, state, and federal levels. Jackson's candidacy would also draw attention to the black community's registration being conducted by citizens P.U.S.H. under the guidance of Jackson. Many civil rights leaders feel that a Jackson Presidential bid would draw attention to the poor civil rights record of the Reagan administration.

It would also force President Reagan to seriously think about the black vote in 1984 and what it means to the people who have on a possible election bid.

Finally, to the person(s) who actually asked the question: You have earned the contempt of everyone involved. You are not worthy to enjoy the privilege of being a part of the democratic process. You are "the good people of PC." You have taken all the effort that John and Dick have put into making the place a pleasure to visit and thrown it right back into their faces. Laugh if you like, but you cannot deny that your friends are your school.

To the Editor and the Class of '87, As the newly elected Student Congress for the Class of '87 we would like to extend our appreciation to you for your cooperation and patience during the campaign. Everyone was wonderful to us and the other candidates and your enthusiasm, shown by the high voter turnout, makes us even more eager to give all of us our all. We look forward to representing you this year and hope that you will feel free to come to us with any matter concerning the class.

Sincerely Yours,
John Chipman, president

John Cervone, rep.

Off Campus Dilemma

The solution is relatively simple, but highly controversial. Another big party should be planned, and away-retained by Student Congress, should be in attendance and will attract a great deal of student activity. Most likely, the party will attract a few from a confrontation.

I have witnessed Constitutional rights violated by police at one party, and know that the mere presence of police causes PC students to become defensive and over-cautious. This attitude on the part of many PC students arises from the fear of a PC student taking polarity and does not hesitate to intimidate the police.

The biggest problem contributing to the trouble is our school administration. Over at Brown the police are very careful when apprehending a student because they know that the school administration will support their actions. We cannot boast of having such strong support; especially since parties must be held off campus to evade severe anti-trip policies. The solution here is much more complex. Our representatives, busy flattering the administration in order to pass pet projects, must support the general will of the students and recognize that special acts and actions prove a need for change. Such support may cause the loss of a few partisanship, but will most likely benefit the general student body.

Robert Mercer Deruntz '84

P.C. Responds To Call

Dear P.C. Students:
I want to take this opportunity to say thank you for your overwhelming response to our call for help with various on-campus and off-campus flows from the Pastoral Council Office.

We are, of course, pleased with the response and thank everyone who has helped. However, as the election will continue, we will be seeking more help from you all in coming and pro­ posing freshmen.

Sincerely Yours,
John Chipman, president
John McCarthy, vice president

PAGE 4
The Price Of Peace

by Paul La Rue

To the Editor of The Cowl contained on the Commentary page which was rather depressing, but was also fairly ridiculous. The entire article is riddled with arguments that are half-truths, outright lies, or just totally irrelevant. Since there are so many myths to refute, each one has been disposed of. The remainder of Joe's essay is too long to list here; however, we will try to give the readers an idea of why Joe's arguments are wrong: fundamentally wrong. We did not have nuclear weapons to use in 1945; we were not going to use them in the war. It was not immoral. It's ordained by the Bible. Nuclear Weapons are Useless. Since Joe can never justify the use of nuclear weapons-the argument goes-why do we bother to have them? For the same reason that this nation has had a defense system since it's very beginning: to deter attack. Do you think your grandfathers had an insulating blank wall that they built up their Armed Forces because they wanted to kill as many Russians and British colonists as they could manage? No, obviously not. It was because they knew if we were recklessly defended some European nation, we would be appealed to us in a matter of weeks. All of our brave talk about freedom and democracy would have been blown out the window. The same principle is in use today. We do not have nuclear weapons because we want to incinerate millions of defenseless people. We have them because we have a policy of deterrence. We possess a deterrent. A bomb so that atom bombs on the other side are not used on us or our allies. The Soviets are extremely aggressive and would like to attack us. There is no way to dissuade them, only a deterrent that they may know if we were recklessly defended some European nation, we would be appealed to us in a matter of weeks. All of our brave talk about freedom and democracy would have been blown out the window.

The Final Solution. Joe argues that one may have to resort to force of arms to defend their interests. We did not have to resort to force of arms to defend our nation. We were not going to get involved in the war. It was not immoral. It's ordained by the Bible. It was not murder. A bomb so that atom bombs on the other side are not used on us or our allies. The Soviets are extremely aggressive and would like to attack us. There is no way to dissuade them, only a deterrent that they may know if we were recklessly defended some European nation, we would be appealed to us in a matter of weeks. All of our brave talk about freedom and democracy would have been blown out the window.

Skullucinations

Skull Defends American Values

Yeesh! He's back! Oh, God-thank you! Yes! He's back! The ultimate early-medieval fascist! The man who made Ronald Reagan look like a pal试图! I'll leave Richard. Richard and Paul Lukas, and vice versa. This is a comment on the philosophy of Richard. Calm down, Skull. C'mon, be gentlemanly, and let's not be personal. We've had this discussion before. If you happen to read this. And Lordy! What a comeback! Look at him. John B. Stikes and that other guy. "Stikes (out) Again." was the pinnacle of his career. For the man who has a sharp tongue. He comes off as a whiny little rightist hereonforth unknown to books and leftover libraries.

There are two possible sources of that vulgar display of intolerance we were exposed to last week. One theory holds that Joe's nastiness is a reaction against current Soviet aggressions. Like McCarthy during the cold war, these people see any group or person who criticizes the U.S. policy as "under the Soviet wing." If they were true, our freebeare escape a democracy would have long since the dust.

Skull believes that the pro-vacate penmanship of my literary colleague were fabrications of the tongue-in-check genre. Joe is probably having a wonderful laugh at theiatric reactions to his literary tirade. If it was tongue-in-cheek, one should remember the number of deaths yearly that result from the swallowing of one tongue. It's an exercise in question. Not a bad piece; the writer was giving a reply to "Name withheld by request." No threat or personal rebellion. In fact, we seem to be the only people that the letter was quite unwarrented. Thank you. skull. I think Skull has not further similarities with Joe. The reason that this nation has had a defense system since it's very beginning: to deter attack. Do you think your grandfathers had an insulating blank wall that they built up their Armed Forces because they wanted to kill as many Russians and British colonists as they could manage? No, obviously not. It was because they knew if we were recklessly defended some European nation, we would be appealed to us in a matter of weeks. All of our brave talk about freedom and democracy would have been blown out the window.

**STUDENT WEEKEND RETREAT**

**DEAR STUDENT:**

There will be a weekend retreat for PC Students on the weekend of November 4-5, 1983. The place for the retreat is Exeter, Rhode Island in a beautiful country setting with a lake, a small waterfall, and lots of countryside to explore. It'll be a nice change. We have leave on Friday evening and it will be late afternoon on Sunday. Beds are provided, but you will have to bring your own sheets or sleeping bag. Bring casual clothing and your own personal gear. It will be warm enough to swim, to try to, to have fun, to have some thoughts and friendship with your fellow students. It's cheap too—only $10.00 for the whole weekend. If you want to come and don’t have the money, feel free to ask. They don’t do a deposit or anything. Stop by the Chaplain’s Office and we’ll see what can be worked out. Don’t put it off. Take some time to with this chance to enjoy the countryside, and your fellow students. There is more information or details stop by the Chaplain’s Office, The Pastoral Council Office or the Office of Student Life.

**The Cowl, October 20, 1983**
Daumier Exhibit Opens At Brown University

In a special exhibition at Brown University's Bell Gallery, New England has an unprecedented chance to view one of the world's most extensive private collections of works by nineteenth-century French artist Honore Daumier. The exhibition, which has never been shown in the northeast, will run from October 22 to November 20. It includes over 200 works from the Armand Hammer Foundation collection, not only the lithographs for which Daumier is famous, but rarely seen important paintings, drawings, sculptures, etchings and wood engravings as well.

Daumier was one of the most prominent and prolific artists of his age. While he was best known for his biting political cartoons and sardonic caricatures of the legal, theatrical, and artistic worlds, he was also a committed painter and a gifted sculptor. His range of subject matter and technical skills was extraordinary. Criticized in the late nineteenth century for their rough, unfinished quality, Daumier's paintings are now seen as anticipating the work of Picasso, Matisse, and the expressionists in both France and Germany.

A staunch republican committed to economic, social and political equality, Daumier fought fiercely for freedom of speech and print. He was forced to translate his political cartoons into humorous, yet often biting, caricatures of the legal, social and economic scenes of the period. He was, according to one astute critic of the arts, Ben Vereen's performance in Pippin; his electifying success is the result of rare talent, mastery and discipline. It is precisely this winning combination that enables Vereen to undertake impressive musical, comedic and dramatic roles with equal finesse.

He appeared on Broadway in Sweet Charity, Jesus Christ Superstar and in the award-winning musical hit, Pippin. Vereen's performance in Pippin won him the prestigious Tony Award as well as the Drama Desk Award. Live audiences are his first love, and the magic he created on Broadway has provided the perfect springboard for his cabaret act, virtually a one-man show of magnetic song and dance.

Vereen's talent won him "Entertainer of the Year", "Rising Star" and "Song and Dance Star" awards in 1978, from the American Guild of Variety Artists. Vereen is the first simultaneous winner of these awards.

In addition to his accomplishments as an outstanding performer, Ben Vereen has been honored for his humanitarian activities. In 1978, he was the recipient of Israel's cultural award and in 1979 he received Israel's humanitarian award. For two consecutive years (1977 and 1978) the NAACP cited Ben with its prestigious image award. Most recently, he has been deeply involved with his duties as International Chairperson for the Sudden Infant Death Syndrome.

Tickets are $16.00, $13.50 and $10.00 and are available at the PPAC Box Office, 220 Weybosset Street, Providence, R.I. 02903. Visa and MasterCard holders may order by calling (401) 342-9075.

**Exhibit, continued from page 8**

Even the background has struggled in it with a man falling to his death, dragons eying their prey, and an enraged fire standing behind both. This is one way in which West differs from Copley. Copley's background is more serene. His background is a town and boats. Another portrait of this same time period is an impressionistic painting called Dr. William Potts Dewees(1833). Dr. Dewees typifies the romantic attitude of distinction, grandeur, and intellectual power while it preserves a softness which makes him likable. What makes this portrait appealing is the background in which books, a writing能得到，在一个文档中，一个特殊的机会是通过英国的贝尔画廊，新英格兰有史以来第一次有机会看到一个世界知名的私人收藏，不仅包括达米耶最著名的版画，而且还包括重要绘画、素描、雕塑、版画和木刻等。达米耶是19世纪法国最著名的艺术家之一，他的作品被广泛地批评和赞扬，他以其讽刺的漫画和对法律、社会和经济场景的滑稽讽刺而闻名。

达米耶是一个坚定的共和国主义，他致力于经济、社会和政治的平等。他对言论自由和出版自由进行了坚决的斗争。他被迫将其政治漫画翻译成幽默、但往往尖锐的讽刺漫画，这些漫画描绘了法律、社会和经济的场景。

达米耶的绘画作品现在被视为预示着毕加索、马蒂斯和表现主义者的作品。

达米耶的才华赢得了"最佳男演员"、"升起的明星"和"歌唱和舞蹈之星"在内的1978年美国歌剧院和舞剧奖。近年来，他以其在百老汇的职责为国际演出者，几乎是一个一个男人的演出，有歌唱、舞蹈和戏剧。

达米耶的才能赢得了"年度最佳表演奖"、"年度音乐奖"和"年度歌唱和舞蹈奖"。1977年和1978年，他连续两年(1977年和1978年)被全国有色人种协进会(NAACP)授予最佳形象奖。最近，他还深入参与了他的职责作为国际联席主席，为突然婴儿死亡综合症协会。
The Importance Of Being Earnest
Wilde’s Play Debuts
by Alice Roy

William Oscar’s The Importance Of Being Earnest, has been regarded as a masterpiece of brilliant comedy has been selected to open the theatre programs season at the Blackfriars Theatre. This ingenious musical play will open on Friday, October 23. During the first week (September 23 - October 23) performances will be held on Friday through Sunday, 8:00 p.m. on Saturday, 8:00 p.m. and on Sunday at 3:00 p.m. While the play is targeting to offer a scientific entertainment - to uphold the highest comedy levels as the “wit’s comedic play” in the English language.

this act of fraudulence are amusingly portrayed while these characters encourage others to be earnest to please their ladies.

First presented at the St. James Theatre in London on February 14, 1895, The Importance of Being Earnest was billed as “the trivial comedy for serious people.” It has since run through numerous occasions, in both America and England. In 1952, a successful motion picture version was also produced in England.

Although unlike the original production in 1895, the audience in the Lady in the audience was given a role, the PC presentation promises to give the audience an opportunity to enjoy a humorous take on the women’s lives.

The last is an unpopular technique among most college students, and it’s very likely that letters to your home and friends! Remember to not look too important a minimum to if you do find

Another bold tactic is to wait a couple of days before you check your mailbox daily. Unfortunately, my undying optimism has nearly vanished. I have discovered that a mailbox can also be a list of ways to successfully avoid embarrassment in the highly sophisticated times we live in. A good way to avoid opening empty mail is to send a couple of trips by your box and instruct the postman to leave it in your

Don’t Wait To See Bus Stop
by Kendra Bagosian

William Ing’s Bus Stop was performed Sunday, September 25 by the Trinity Square Repertory Company. The play’s dramatic work deals with the common themes of loneliness and communication. Inge, however, fails to use these themes as vehicles in developing the plot, and the first two acts seem unnecessarily long and dragged out. In the first act of the play, the audience is introduced to the characters, the atmosphere is set, and the themes become obvious; throughout the second act, nothing of any significance occurs.

Finally, just before the viewer falls asleep or leaves, the third act begins. This final act brings to the play the long-awaited climax, raises the themes to their highest potential, and brings about changes in the characters, allowing the audience to relate to them. Perhaps the reason that the audience does not like during the first or second intermission is the acting. Timothy Daly is convincingly the ignorant Bo Decker who characterizes himself with his statement, “I never thought a gal wouldn’t love me”; Amy Van Nestrad is fabulous as Charlie, a sad and sometimes sympathetic girl who has no hope of finding love in the grace Hoyland, owner of Grace’s Diner in Kansas City is superbly portrayed by Barbara Her. Once a week, twenty minutes long, loving Carl, who is magnificently portrayed by Rolf Brian, is true to the character. These characters add a touch of comedy that strongly enhances Inge’s work.

Prix Mineur as Dr. Gerald Lyman and David Kennedy as the sheriff! He also need be commended, although Kommer’s portrayal is certainly wanting for laugh. Through the character of Virgil Blessing, William Darmkoehler displays his wonderful ability as a supporting actor.

The only criticism of the acting is to be found with Bec- toria Lish as Elma Duckworth. Portraying a sixteen-year-old nunservant, studious high school girl, Lish over-dramatizes. No sixteen-year-old girl would allow anywhere near as much as Lish does. I also feel that a teenage girl would be hesitant about caring for a restaurant alone for a night. However, Lish fails to be realistic in her role. Reflecting on the acting, one realizes that credit must be given to Director George Martin for doing a wonderful job with his cast.

High praise must be given to Robert D. Soule for his excellent set design. The bus stop is Grace’s Diner, a dingy roadside restaurant in a small town and Soule recreated it beautifully.

Est in 1953, Soule has the correct prices on the menu with a hot dog costing twenty cents. The menu is complete with a choice between cold roast turkey sandwich selling for four dollars. In general, the menu is so realistic that the letter “C” is missing in the word “baco.

The next technique is to be employed in only the most ex- traordinary emergencies. If it’s real, it’s hard to get away with anything but a good excuse. Put the answers in writing, however, Lish fails to be realistic in her role. Reflecting on the acting, one realizes that credit must be given to Director George Martin for doing a wonderful job with his cast.

**ROT:'S "OCTOBER FTX"**

by Bill Lane

On Friday, October 1 at 6:30 AM, while most of the PC students were still slumbering (or enjoying their coffee and newspapers), 80 dedicated ROTC cadets were boarding a couple of transport vehicles to leave the PC campus for the weekend. Although this marked the beginning of the annual activity for many, to many people, for ROTC students it was a long awaited event. PC ROTC was engaged in its annual October Field Training Exercise (FTX), held this year at Camp Fogarty in East Greenwich, R.I. Participating in this training were the MS I (junior) and MSIV (senior) cadets. The primary purpose for this exercise was to give the "most highly motivated" he's ever seen here at PC.

Following training with the M16A1 Rifle, this cadet commented that in control to a large degree. Immediately, upon arriving at the camp, the training schedule became obvious. Under the direction of Cadet Battalion Commander Captain Michael Calvo, the company commanders took charge of their companies and proceeded to the classrooms. The first instruction was on Basic Rifle Marksmanship and actual firing on the rifle consisted of classroom instruction with the M16A1 Rifle. This training, consisting of classroom instruction and time on the rifle range. After adjusting the sights on their rifles, each cadet was allowed three, 10 round qualification firings.

ROTC cadets earning the commission.

It used to be dropping out of school; now it’s staying in. Getting good grades is a good thing (although showing that you want them is not yet in good form). Striving for success is okay and dressing well is definitely a plus. What’s that we’re asked students at P.C. to tell us what passes and fails on campus this fall — what’s “in” and what’s “out” of style? We took a survey by placing 50 questionnaires in random mailboxes and tallied the results. We found that achievement passes and aimlessness fails. Others that passed were keg parties, Yaz, Big Alice’s, R. S. B., Bread and Michael Jackson. On the other hand, the failures include Basic Writing as a senior, Brooke Shields, The National Enquirer, being laid back, purple (finally) and males who pile their ears. The Friar’s Club which is the most esteemed organization on campus had mixed results but on the whole didn’t fare very well; likewise with R.A. and Western Civilization.

Abbie Hoffman is at it again. Or still at it. Over a decade and a half after the traumatic, case-shaking Vietnam War when Hoffman earnestly began his political activism, he is teaching the nation, speaking at universities in order to, as he says, “shatter the complacency” of today’s college students.

It is no easy task to describe Hoffman today. What can he be called? Abbie Hoffman, father of Abbie Hoffman? Abbie Hoffman, ex-cabinet member of a revolution? Abbie Hoffman, revolutionist? Abbie Hoffman, Community Organizer? He has never been called that in a newspaper in my life,” he says.)

Abbie Hoffman is all of the above and more. The man has some 26,000 pages of FBI files written about him. There just isn’t much he can be called, good or bad, that hasn’t already been said by left-wingers, right-wingers, the FBI, and especially the press. For the record, we remember Abbie Hoffman as one of the most curious and often amusing "media manipulators" on it," Hoffman says.

An Appeal For Musicians And Singers:

Do you sing in the bath tub and long to be out there in the limelight? Are you an undiscovered musician?

Well, I don't know if we can help you get into the limelight, but we sure could use some help at the Sunday Liturgies. Although this is not exactly the beginning of the pop music revolution, we are looking for singers and people who play musical instruments. You can be a great singer, or do you have to be a virtuoso, and even if you don't speak Spanish, it doesn't matter to us. Perhaps you need an office on campus or a personal interview.

Or you could join with the music at the 11:30 A.M. or the 7:00 P.M. Masses on Sunday. Help us, help your fellow students, help yourself to self expression and to spiritual uplifting and fun too. Thanks.

Abbie Hoffman is a political activist, not an achieved life until he has finished graduate school.

Censorship: "To me, the most erotic part I could find in Catcher in the Rye is the part where the guy is squeezing pimples in front of a mirror."

Ronald Reagan: "Somebody once said 'Ignorance is strength.' Ronald Reagan must be as strong as a bull."

Peace: "Peace through strength is like making ice cream in a microwave."

Left-wingers: "The typical liberal is a black libertarian from Puerto Rico."

Cocaine: "Coke adds life — fifteen years to life, that is."

Clearly, many of Hoffman's philosophies are radical enough to make any true conservative pale. But he believed enough in his ideas to turn himself in to the FBI after hiding underground for seven years avoiding drug charges.

"We can kill, bathe with our own garden, and save our own river," he says. "Young people are not in the forefront of movements today. This is why I've come out of hiding to shatter your complacency, and to try to make tomorrow bet-

A bike-a-thon is planned for October 22, 1983, at B & B Cycle, and the person bringing in the most money in pledges will receive a 10-speed or BMX bike. The prizes are also an exciting part of the bike-a-thon. The rides bringing in the most money in pledges will win his/her choice of a 10-speed or BMX bike. The sponsor with the second most money in pledges will receive a $50.00 gift certificate redeemable at B & B Cycle, and the person with the third highest amount in pledges will receive albums and concert tickets courtesy of WHJY.

Participants bringing in pledges of $75.00 or more will receive a barrel tote bag; riders with $50.00 or more will receive a special edition B & B Cycle/WHJY bike-a-thon "TT" shirt and those with $25.00 or more will receive a St. Jude's Hospital "TT" shirt.

The days activities will begin at 8:30 a.m. with registration and safety inspection until 10:30 a.m. The ride will begin promptly at 10:30 a.m. and will run until all riders have completed the twenty-mile course. There is no time limit on completing this course.

The afternoon will be wrapped up with a staff party which will begin after we have cleaned the park.

Anyone interested in riding or helping with this event can contact WHJY at 438-6110 or B & B Cycle at 725-2820. Sponsor sheets are now available at the Information Desk in Upper Slavis.

...RUNNING (also known as "jogging" for you novices). As one who has been a participant in this sport for nearly eight years, I feel capable of writing about all those little questions you've been dying to ask, but may have been too timid to.

I realize that as a varsity athlete at this school you may think that my views will be too technical for the nonrunning soul out there to comprehend. However, I remember very clearly my days of long ago when the basic idea of a major achievement; even now, so many days it still feels that way. So I am dedicating this first article, which I hope will be a smashing success by the way, to all you girls who still think that any distance over a mile will produce permanent physical ailments.

The most important word to remember, when embarking on your dreams to become a genuine runner, is gradual. Don't be like the silly girl I know (of course everyone I write about will remain anonymous) who faithfully ran ten miles at a time but only twice a week. Now that just will not do. The idea is to set a foundation which may take a week or a few months -- time is of little significance in this most crucial step. The particular foundation chosen will vary from one individual to another. It may be a couple of laps around the indoor track to an entire campus loop to even more. Pick which distance you feel most comfortable at -- one that will cause you to collapse (or worse) when you finish -- and try to maintain that distance over a certain period of time. Once you have gained confidence (or desperation) in your new-found stamina, try to increase the distance but always remember to do it gradually.

If you are endowed with discipline, jogging your foundation every day would be ideal. For those of you who feel that this much would overwhelm your fragile bodies, then try to jog it out and run at least every other day. A day off every so often is advisable, but remember that the more frequently you take these “vacation days” the longer it will take you to build upon your foundation.

You have to get used to understanding your body and what it can withstand -- and contrary to belief, you don't need to practice yoga or take a single drug to do this. Asches and cramps will crop up, especially in the first weeks, no matter how gradually you increase your distance. After the initial shock to your body, your mind learns to ignore these negative side effects. Believe me, there is a great deal of enjoyment to reap from running -- not only will you tone up those extra inches of flesh, you will also experience what is commonly referred to as "runner's high." Sounds fun, huh?

Well, that just sums up all I need to say in this introductory article. Please remember that jogging is not for everyone, but for those who seriously want to find pleasure out of it. No, we long-distance runners are not masochists -- believe me, if pain and misery were the only effects achieved, I would be the first to resign from the sport. Hey, why not make today worthwhile and put on your "Nikes," Adidas', or whatever, and promise to give an encouraging word if I see you with a contorted expression of agony.
Keep! Keep!

Schedule for Coupon Redemption

Students may redeem their coupons, upon presentation of their ID card, at Alumni Hall. All tickets will be stamped "student" and be used at both The Civic Center and Schneider Arena. Students only may use these tickets at All Alumni Hall. This year tickets will be stamped "student" and be used at both The Civic Center and Schneider Arena. You may only redeem one other coupon.

THE SAGA CONTINUES

This week Clarkson and St. Lawrence announced their departure from the new "super" hockey league. Both schools will join the ECAC. ECAC consists of Harvard, Yale, Brown, Dartmouth, Princeton and Cornell. The schools felt the schedule demanded unnecessary travel as it poses too much of an academic burden on the players. The "super" league is composed of seven schools including BC, BU, Lowell, Maine, Northeastern, UNH and PC.

FORMER PC FRIAR

Former PC basketball player Rita M. Fraser has been named head coach of the women's basketball team at the University of Rochester. Fraser will be leaving her position as assistant basketball coach at Clark University.

MEN'S VARSITY SOCCER

On Saturday the Friars soccer team tied a 0-0 tie against the BC Eagles. This result brings PC's team dueled to a 0-0 tie against the University of Hartford, 19-10, last Saturday. Steve Stirling, PC's senior quarter-back, threw for 140 yards and two touchdowns. PC-Co-Captain Gates Orlando is the nation's number one team, the Fighting Sioux from UND. PC lost the opener 6-2, Friday night, in coach Steve Stirling's debut, and responded the next night with a 4-2 victory.

The Notre Dame line, with transfers Steve Bianchi, John Deasey, and John DeVoe played especially well in the two-game series. PC has been picked as the team to beat in the East this year. Remember: last year, Wisconsin won the Division I championship with a rookie coach, Jeff Sauer. Could it be that coach Sauer will follow in those footsteps? Stay tuned.

PC Co-Captain Gates Orlando is returning as the eighth top scorer in the country. Last Year, Orlando was 17th in the country with 30 goals, 19 assists, 69 points and an impressive 1.73 points per game.

Runnin' Friars Take Five

by Paul Weller

The fact that Irish International Richard O'Flynn is a "good" runner has never been questioned—yet his runaway victory at the most prestigious indoor meet in the country this season cannot be a mere coincidence, far from it: his performance in the Future Stars Mile event should cause him to be among the favorites for his upcoming outdoor season.

O'Flynn's 3:50:8 mile, run in 18 seconds, is a huge step up from his previous best of 3:57:2 in the 1500 meters at the Big East Championships in April. His time in the Future Stars Mile event is an improvement of 12 seconds from his previous best of 4:02:0.

O'Flynn's performance in the Future Stars Mile event was a clear indication of his determination to improve his running abilities in the future. His time of 3:50:8 was a significant step up from his previous best of 3:57:2 in the 1500 meters at the Big East Championships in April. His time in the Future Stars Mile event is an improvement of 12 seconds from his previous best of 4:02:0.

PC RUGGER'S FIGHTER FOR THE BALL AS THE WARRIORS TACKLE THE BULLIES

ded a minute outside his form in a race, finishing 25th, while Binns, fighting with the ball, was first, the 10,000 metres at the NCAA. "I hope to maintain my build up now, and hopefully I will be able to train properly for three weeks due to knee problems, and I will be very disappointed if I can't show my best form at the NCAA."

The Irish All-American expressed his confidence with an impressive 6th-place finish in the 10,000 metres at the NCAA Regionals on Saturday. The crowd, one of the largest in the country, was impressed by his performance and gave him a standing ovation.

SUE PASSANDER (27:25) assisted by Passander. Kathy Molellan ran down the field to see the PC Women's Field Hockey team beat URI 2-0 on Saturday. The crowd, one of this year's best, was on its feet from the first whistle to the final whistle. The Lady Friars on the scoreboard. The crowd, one of this year's best, was on its feet from the first whistle to the final whistle. The Lady Friars on the scoreboard.

The past few weeks for the Lady Friars have proven to be an asset as the team works through both halves of play. Senior Carol Finn made some good hits, as did Junior Sue Motam. However, the game was quite a chore for the team, as they were unable to make a goal.
