# Asst. Coach at N.Y. Knicks Named New Basketball Coach

"I would like to introduce Providence College's new basketball coach Mr. Rick Pitino," uttered Lou Lamoriello this past Friday to a crowd of 400 in '64 Hall. The announcement of Pitino ended the secretive search for a head coach

secterive scattered when Joe Mullaney announced his resignation on February 8th. Lamoriello stated the Pitino has fulfilled every quality that he was

Lamoriello stated the Pitino has fulfilled every quality that he was looking for in a basketball coach. These qualities included a coach who could recruit, "someone who could coach and most important being the type of person we would a

want to represent Providence College."

Rick Ptitino comes to Providence from the New York Knicks where he has verred as an assistant to Head Coach Hubie Brown, the past two teaous, Ptitino coached at Boston University for five seasons and produced a 91-51 overall record. He brought the Terriers who were perennial losers to the NIT's and NCAA's. At BU, Pitino was also named New England Coach of the Year twice, Prior to becoming a head coach, Pitino was an assistant at the University of Hawaii and at Syracuse University. The new head coach "plans to build on Joe Mullaney's foundation" and lists recruiting as his first priority. A running, pressing attack is preferred by Pitino as a style of play, a style of play he used with great success at BU, The mood in '64 Hall was an op-

The mood in '64 Hall was an optistimic one as everyone present applauded the introduction of Pitino as head coach and many of Pitino's statements.

Coach Pitino has brought a very positive attitude with him, an attitude which will help the Friars climb up the Big East ladder.

## Irish Professor Speaks on Troubles in Ireland

#### by Tom Corrigan

Dr. John Murphy from the National University of Ireland, as visiting professor of Irish History at Boston College, spoke to a filled room in Slavin Center last Thursday. The History Department and th Tish Cultural Association of Rhode Island (ICARI) cosponsored the lecture, which was titled "The Troubles in Ireland: A Personal View." The lecture was the first sponsored by the newlyformed ICARI.

Murphy, who was a member of the lrish Senate from 1977 to 1983, frequently contributes to the Irish media and has authored several publications dealing with the history of Ireland's problems. He said with 'something as complex and prolonged as the situation in Ireland, we must look at it from various dimensions." Ulster, one of the four Irish pro-

Utster, one of the four Irish provinces, is located in the northeastern part of the country. Six of the nine country. Six of the nine counties in Utster make up "Northern Ireland. The Loyalists are mostly Protestants and wish to remain under British rule. The Nationalists, who are mostly Catholics, are in favor of a unified, autonomous Ireland, or a so-called home rule. "Since 1969, 2400 people have been killed as a result of troubles

"Since 1969, 2400 people have been killed as a result of troubles in Northern Ireland, and 24,000 have been incapacitated or crippled." That corresponds to 325,000 people in the United States, says Murphy. He said the "most interesting part is that if you look, the 2400 people killed were civilians—innocent victims of ear bombs or random assasinations." He notes that if a killing is done by the Irish Republican Army (IRA, a Northern Irish, mostly Catholic terroris group), there is a political, ideoligical motive. But Protestants see that as sectarian, genocidal war."

war." Murphy said, "From my point of view, the violence of the IRA hasn't achieved anything," What he especially dislikes about the violence is that "they do so in my name as an Irishman. The IRA has no right to assume speech for Ireland."

According to Murphy, the conflict in Northern Ireland started with the "seventeenth century rooting of Ulster." The British Presbyterians settled in northeast Ireland and never unified with the Gaelic population. "The descendants of the new

"The descendants of the new colonists organized themselves to oppose home rule." This was done, he said, due to a "combination of fear and bigorty." The fear was being cut off from Brtain's economic gains if Ireland fought for home rule.

The response to them was a refusal to take action. Murphy said "it would've suited Britain better to unify all Ireland and if home rule could've been delivered to all."

According to Murphy, the problems that exist now are "not about religion. Even there you have to draw slight reservations. It does convey the message outside Ireland See IRELAND, pg. 5

# **Figure 19 Figure 19 Figur**

According to the Providence Police Department, two more female PC students were raped offcampus last weekend. The suspects remain at large and the police say they will continue to search for the attacker.

The last report of student rape, February 14, involved a female student who was attacked as she slept in her Eaton street apartment. Her attacker was described as a white male, in his late twenties or early thirties.

The attacker was said to have entered the apartment by breaking through a basement window, which gave him access to all the apartments in the building. He then broke into the apartment and attacked the woman, threatening to kill her if she moved. The following is a reprint of the

list of precautions given by the Providence Police Department:

Do not walk alone at dusk or after dark; If someone approaches you on the street, go to the nearest house and ring the bell. It could save your life.

Do not give out your phone number or address to strangers. Make sure your apartment doors have (deadbolt) locks and make sure these locks are secured at all times.

Any information should be reported to the police, 272-3121, as well as the security office in Slavin 865-2222.

#### by Toby Shea

Friar's Desires, otherwise known as Store 104, has been broken into and burglarized three times this semester. The latest break-in occurred last Thursday, March 21. At this point, the Providence

At this point, the Providence Police Department, its detectives and Providence College security are on the case.

Friar's Desires works on a minimum mark-up basis and all the profits go into Providence College's account. According to Kathy Studzinski, the store's manager, effective precautions are being taken.

All evidence points to the fact that the robberies are the work of the same person or persons. The legal procedure for anyone

caught stealing small items (i.e.candy) is a \$300 fine and disciplinary probation.

The burglary charge will be dealt with by the Providence police department as a larcent charge.

# WE'LL PAY YOU TO GET INTO SHAPE THIS SUMMER.

If you have at least two years of college left, you can spend six weeks at our Army ROTC Basic Camp this summer and earn approximately \$600.

And if you qualify, you can enter the ROTC 2-Year Program this fall and receive up to \$1,000 a year.

But the big payoff happens on graduation day. That's when you receive an officer's commission.

So get your body in shape (not to mention your bank account).

Enroll in Army ROTC. For more information, contact your Professor of Military Science.

ARMY ROTC. BE ALL YOU CAN BE.

> Interested? Contact CPT. AL RILEY at the ROTC Office or Call (401) 865-2022

## Fate of MX Falls on House

#### by Dan McCormack

President Reagan's plans for making the MX missile a reality cleared a significant hurdle this past week as the Senate passed a series sures providing the funding for and the approval of a package of twenty-one new MX's as part of the fiscal 1986 budget. The legisla-

## News Analysis

goes on to the House, vill face yet another set of votes before being passed along to the White House and a certain Presidential signature.

The Senate votes were aimed at achieving the twin goals of gaining continued support for the program and for doubling the MX arsenal from 21 missiles to 42. Each vote on the missile would be a crucial one as defeat on any one measure would automatically cancel out that entire MX request. Moreover, such a rejection would jeapordize the future of the entire program, as Congressional leaders, having once withstood presidential pressures would probably look unfavorably on any efforts to renew the onslaught. Thus these Senate votes were rightly seen as being essentia to the very survival of the MX

program. Upon submission of this latest MX proposal, Presidential advisors conceded that they would likely run into serious opposition from a coalition of numerous anti-MX coantion of numerous anti-MX groups. Acknowledging this op-position, they thus embarked upon a "carrot-and-stick" selling ap-proach designed to swing votes behind the MX. This strategy's tactics were aimed at bringing of a maximum of Presidential pressure and persuasion to bear on the deci sions of as yet undecided Senators

The President began his cam-paign for the MX on Monday as he conducted a series of meetings with key undecided Senators. These discussions seemed to bear fruit early, as many previously wavering Senators quickly began declaring Senators quickly began declaring support for the missile. However these early successes, not having prompted the magnitude of sup-port desired by the White House, brought about a sharp change in tactics on tuesday, as the Presi-dent, dispensing with his softpedel annuach bergan udentuk attacking approach began violently attacking opponents of his proposals.

This assault, involving vitriolic statements challenging the Senate's "lack of resolve" at a time when such a show of strength was necessitated by the momentus arms negotiations under way in Geneva seemed to have the desired effect, as the first of the required two votes, which authorized the actual construction of the missile, sailed through the upper chamber by a re sounding 55-45 margin. Th through the upper chamber by a re-sounding 55-45 margin. The following day, the pro-MX forces continued their advance, as the Senate, by an identical vote ap-propriated the monies to pay for them

Following these votes, opposi tion leaders denounced the high pressure tactics used by the Ad-ministration in securing passage of the twin measures and vowed to to fight future Presidential pressure tactics of this sort. White House sources, however defended Reagan's moves as legitimate exercises of presidential prerogative to influence the course of legislation. In doing so, they thus left open the possibility of the use of similar tac-tics when the bills come up for con-

sideration this week in the House. This pressure may not work as well in the House where liberal Democrats and anti-MX Republicans hold a majority of votes. Signals of this opposition's viability emerged during House Appropriations Committee hear-ings late last week as that body surprisingly rejected by a 28-26 margin the President's request for MX funding. This could signal that the President's momentum, so strong in the Senate, may face possibly insurmountable opposition in the

## **ROTC Offers Valuable** Summers to Sophomores

#### by Cadet Brian Toland

Because many sophomores have asked questions about the ROTC program and have had little or no exposure to ROTC, this article is intended to present their option, now available, to enter the Advanc-ed Program near year. For those who have not taken the Military Science 1 and 11 courses, Basic Camp (a six-week taining course at Fort Knox, Ken-tucky) is a valuable substitute. 1 soke with semiors Pat Dickinson

spoke with seniors Pat Dickinson and Kate Leahy and juniors John O'Neill and Ken Karcher, who all have completed Basic Camp over the past two years, to get their im-pressions on the experience.

Cowl: What are some of the advan-tages of attending Basic Camp when you enter the Advanced

Leahy: I developed many skills at camp that were not taught at PC during my junior year and they really prepared me for Advanced

really prepared me for Advanced Camp last summer Karcher: Classes at camp were more in-depth than those at PC, due to time constraints. Also you know what to expect to some degree. You will have experienced a bit of Army life

Cowl: Since there is no committ-ment to contract until after Basic Camp, what factors at Fort Know influenced you to stay with the ROTC program? Dickinson: Well, as a Basic Camp

graduate and entering my junior year at PC, I realized some deci-sions had to be made that would effect my future. Whether or not to join ROTC was one of them. The six weeks at Fort Knox made the decision an easy one. The team work, camarderie, and desire to ex-cel exemplified by my fellow cadets not only inspired me, but made it clear to me that in this competitive world, there are still people working together toward a common

Cowl: Can you explain the opport tunities for winning two-year scholarships that exist at camp? O'Neill: It's tough to say how many cadets actually receive scholarships at camp or as a result of going to Basic Camp. In my company of approximately 180 cadets, between 30-35 received scholarships. Many more, however, win them after they returned to their schools and reapp-ly for the two-year scholarship, so the percentage is quite good.

Cowl: What advice can you give to PC sophomores in reference to at-

Dickinson: My advice to the sophomores who I am sure still have doubts about where their future may lie, is to leave as many options open as possible in regard to a career. ROTC Basic Camp is an option. This experience is a rare one for sophomores for it allows you alone to decide your future. That characteristic alone appealed to me enough so that I decided to

Today, 1 am a second semester senior with a guaranteed future as a 2nd Lt. in the Aviation branch of the US Army. The enjoyment I've experienced in my four years at PC doesn't end on graduation day. Instead, I'm sure it will continue to grow as I attend flight school in the fall after a relaxing summer vaca-tion. I owe all this to my seeming-ly whimisical decision to attend Basic Camp in 1983. O'Neill: I would enthusiastically

O Nein: I would entrustatically recommend Basic Camp to anyone, Regardless of whether they know exactly what they will be doing in their future, it is a worthwhile ex-perience. Some of the many advanperience. Some of the many advan-tages are that you get a chance to meet people from all over the United States, develop self-confidence in your own ability, get over 5600 pay and learn about the army without any committeents.

These Basic Camp graduates have found the six-week course at Fort Knox to be a valuable learn-ing experience. Opportunities also exist for those interested in the National Guard or Army Reserve as an alternative to active duty.

an alternative to active duty. Anyone who is interested or would like more information about Basic Camp 1985 should contact Cpt. Al Reilly in the ROTC office or call 865-2026.

## **Resident Board News: Blind Date Balls, Going Well** the dance was a huge succes

#### by Lisa Brown

The Residence Board has jurisdiction over all resident stu-dent life and social activities and we are the official representatives of the Student Congress to the Residence Office. The Board holds weekly meetings every Tuesday night at 6:00 p.m. in the Colonel's

Corner. All are invited to attend. Guzman, Stephen, Raymond, and Joseph Halls had a fantastic and Joseph Hais had a fantastic combined Blind Date Ball on Fri-day night, March 22, at "Whites of Westport" in Westport, Mass. The bids were \$24,00 which covered the cost of a bus ride, a great dinner, DJ, and dancing. Thanks to the fine efforts of Dennis Clair and Charlie O'Connell, a good time was had by all.

was had by all. McVinney Hall had its Ball at the Venus de Milo on Friday, March 15. This event was well attended, with over 230 bids sold. Thanks to the work of President Mary White and the McVinney dorm council,

On March 2, Meagher Hall took a roadtrip to the Hearthstone Inn for a great Blind Date Ball. This

dance was also a great success because of the efforts of President Julie Habib and her dorm council. Dore Hall's Blind Date Ball was held at the Biltmore on Friday, February 8. Again, the attendance and spirits were high for the Dore women and their dates. Also, con-gratulations to President Lori Berderame and the Dore residents on the newly acquired hallway carpeting.

Congratulations go out to Aquinas Hall's President Karen Kelleher for her efforts in making the dorm's great Blind Date Ball a huge success. The dance was held at the Venus de Milo, in Swansea, at the Venus de Milo, in Swansen, MA, for the 200 plus Aquinas women and their dates. A hearty buffer dinner was served, and all who attended had a great time. McDermott and Fennell Hall will be holding their combined Blind Date Balls this weekend. Have a

good time, guys. Look forward to this years Bat-tle of the Dorms on April 19, with events including: water basketball, greased watermelon contest, greased watermelon contest, pyramid building, an obstacle course, a drinking booth, and a mud and jello surprise. Chairper-son Marcia Launderr and the com-mittee guarantee that this will be the best Battle of the Dorms ever with off campus students getting involved elec.

involved also. Lifestyles chairperson Karen Rose and her committee have col-lected and reviewed the Dorm surveys. The surveys have been distributed to each head resident and Father Peterson, President of

the College, for review. The President attended a Residence Board meeting earlier dorms to talk to the residents about

PC lifestyles and campus living. Well, that's it for this week more news will follow next week

# EDITORIALS

## **Coalition Must Be Reformed Before Problems** Start Again...

The October 17 edition of *The Cowl* contained an editorial called "Ac-tion is Needed for Off-Campus Solution". The so-called "action" was a neighborhood coalition formed between the students of PC and the residents of surrounding neighborhoods

Well, this coalition met once, Thursday, October 11, and never again.

Well, this coalition met once, Thursday, October II, and never again. The neighbors dind's sem to be cooperating with us, so the coalition seem-ed to dwindle. This idea was a very good solution to the off-campus pro-blem, but must be started again inorder to work. Just because the weather got cold, the problem seemed to fade away. But, as we all know, once the weather gets warm again (which is just about now), off-campus parties will start up again, and the neighbors will get again. Harmony can be created in the surrounding neighborhoods if both parties are willing. But, this does not seem to be happening. So, we, as students of PC, must make the first step. Why must this problem continue year after year? The coalition (or something quite similar) must be created and work on a permanent basis.

The collition for someting quies similar finite and primare basis. Wouldn't it be nice to know your neighbors, be able to trust them, and live in a comfortable situation *all year* round. A solution was offered once by the Editorial Board. No one really seem-ed to be interested in the idea of a crime watch or a coalition for that

matter either

ed to be interested in the idea of a crime watch of a coalition for that where either the echono, particularly Student congress, to encourage students to meet their neighbors, a frequencies of the students work together. If the situation in your house off-campus really bothers you, then take it upon yourself to meet the people in the surrounding neighborhood. Have a block party, invite item over for dinner, show them you are not make who like to party all the time. The situation is not the student work to the students work together. If the situation is your house off-campus really bothers you, then take work described as those 'randeels are complex in the became evident in watching the meeting was that no one know each other. Students work described as those 'randeels case' who lived next-door. Unfortunat-ly, the permanent residents off-campus are nameless faces to the students also.'' This is and they roblem. Maybeil f we got to know each other, we would respect each other's it things can not be done on a large stafe, them we can.' On a small scale. Take the problem into your own hands. If you do not, more students will be arrested, more tension will be crated, and the problem between Providence College students and surrounding residents will never end!

#### Off Campus Rape... Awareness Is the Thing 3. Keep doors and windows lock-

Dear Editor:

set.

It is easier to dismiss the thought of rape when it is an isolated incident. Finding out there was an off-campus raper was horrible. The problem is that until we heard there was perhaps a second rape the reality didn't really hit us. There is a big difference between a freak in-cident and a series of rapes. Or is there? NO, there isn't. The same there? NO, there isn't. The same awareness and precaution should be exercized in both cases. There are many rumors going around. It is difficult to verify these

stories. We've talked to the police, PC security, our priests, the Pro-vidence Journal and The Cowl. The problem lies in the lack of concrete facts.

Also, permission from the vic-tims is a delicate subject, understandably. Therefore, not

much has been, or can be, publiciz ed. This does not mean the situais not real.

The police are patroling the area. Security is cooperating with the police. Our priests are eager to receive correct information. The Providence Journal has no leads. The Cowl is in the process of in-vestigating these rumors. Again, these sources can only offer limited help and information, however don't dismiss the severity of the

situation In our own home, quite simply, common sense was acted upon Our recommendations are obviou precautions. The point is they will only help if you put them into practice

 Don't walk alone past dark.
 If possible, travel or stay at home in pairs.

YES HRS. Johnson, WE'RE VERY GEARED TOWARD ACADEMICS HERE AT R.C., WE SCHEDULE ALL OF OUR VACATIONS - AFTER ALL THE OTHER COLLEGES HAVE THEIRS. THIS GIVES YOUR SON PLENTY OF TIME TO STUDY, WILL BE HOME! BECAUSE NONE OF HIS FRIENDS IN THE PT ---11111

## Write to Senators and Congressmen **Concerning Budget Cuts Now!**

A Letter from the President:

Dear Student We are all aware of the proposed cuts in the different forms of federal aid to Higher Education which are contained in President Reagan's budget, now before Congress.

Congress. If these reductions are im-plemented, they will have a devastating effect upon the ability of an overwhelming number of families to finance the college education of their children. To make matters worse, Mr. Bennett, the President's Secretary of Educa-tion, has mounted a simplistic and were challenge-able to attack upon very challenge-able to attack upon the very college students his office should be working to assist.

May I ask you to consider very carefully a brief outline of the impact which the proposed budget cuts would have upon many Providence College students and upon those who assist them in paying for their education.

The Administration's proposal to restrict the Guaranteed Insured Loan Program to families with in-comes less than \$32,500, regardless of size, or number of children, would affect more than 1,000 Providence College students who rely

4. Keep lights on and hallways

We tend to think PC is immune

from rape. The fact is we are not. College rape does occur. We do live

in a large city, and, yes, a PC stu-dent has been raped.

dent has been raped. Do not hesitate, if you see anything suspicious. Call the police (911 will connect you) or security at 865-2391. If you know of any

factual information Fr. Mc Mahon factual information Fr. Mc Maloon encourages you to call him at 865-2211. Again, there could be so-meone out there. Exercise extreme caution. And, really, take it seriously; awareness is the first

Keep tabs on your

ed at all times.

lit.

step.

5.

roommates.

heavily on this program to meet the payment of tuition. Since all of these students currently must comply with a need test to receive a stu-dent loan, it must be assumed that a very high percentage would be seriously impacted by this legislation. To afflict such turmoil on students across the country for what will amount to only a modest budget savings seems unjust and counterproductive.

To cap eligibility for all other forms of federal student aid at a \$25,000 family income level would also have a very negative impact on other students who currently receive various sources of federal aid. At Providence College, 856 students fall into this category. Most of these students would need aid at any college, public or private, and would be immediateand severely affected by any budgetary cutbacks. Another Administration pro-

posal, limiting federal aid to no more than \$4,000 per student would adversely affect the students the programs are primarily intend-ed to help. Only the neediest student is likely to receive \$4,000 or more

Considering that most state universities cost at least \$6,000, to impose such a cutoff would defeat the purpose of the federal aid pro grams and force the neediest students out of higher education. At Providence College, more than 55 percent of our financial aid ap-plicants receive \$4,000 or more.

plicants receive \$4,000 or more. Other proposals in the Ad-ministration's plan are intended to reduce the cost of the Guaranteed Insured Loan Program by drastically reducing the interest subsidy paid to the fending institu-tions. Since the subsidy is intend-ed to make low interest student loans commercially competitive and provide an incentive to the banks, these lending institutions will withdraw from the program because it will no longer generate for them a reasonable profit. Though some modest adjustment to the interest subsidy might be ap-propriate to produce limited savings, the proposed reductions will only result in the collapse of the loan program.

I have already discussed these matters with all of the members of the Rhode Island congressional delegation. This week I will go to Washington to talk to them again in an effort to convince them to vote against the proposed cut backs in President Reagan's budget for higher education. One voice alone, however, is not enough. The voice of all must be heard. The most effective way of accomplishing this is by a **personal letter** written by you and by parents to your Senator and to your Representative in Congress.

So far, reports indicate that the amount of mail going to Washington about this matter has been light. This could create the imbeen light. This could create the im-pression, in the minds of those in Congress, that college students and their families do not see this mat-ter as very important. What a tragic mistake that would be!

Signing a petition or duplicating a form letter is not nearly as effective as a personal message. It need not be long or complex, but it should be respectful, clear and meaningful. You and your parents must speak loudly and clearly, and it is imperative that you state your case now. Delay may be very cost-ly and even disastrous. Write now! Please send a copy of this letter to your parents and ask them to

write to their Senator or Represen-tative. If you need any information tative. If you need any information about the correct address or pro-per spelling of your members of the congressional delegation, contact the Student Congress office and the proper information will be provided. The voices of just a few people. The one activity is a new people.

can easily be overlooked. The crescendo of many voices insisting that they be heard cannot go un-noticed. Together let us make our message very clear to those who will vote in our name on the ques-tion of President Reagan's proposed budget for higher education

Sincerely, Thomas R. Peterson, O.P President

# **COMMENTARY**-

#### Volunteer Service Worthwhile

My year of volunteer service has been spent in the inner city. A set ting such as this does not usually come to mind when considering an education or broadening horizons but my stay here has been a rich learning experience.

learning experience. I came to the south side of Chicago as a member of the Apostolic Volunteer program run by the Dominican Silters of Sinsinawa. As the co-ordinator of social services in a parish here, my main function is the operation of an emergency food pantry. Families or individuals who do not have food on a particular occasion may come to the pantry to receive help. The immediate area has an unemployment rate that has been estimated to be as high as forty five percent. This results in many pro-blems other than lack of food.

Much of my experience here has been a lesson in appreciation for what I have been given, not only in material and physical well being, but in the opportunities that have been made available to me. This in-cludes things as basic as a family who has cared for and supported me in my endeavors, an opportuni-ty for a sound education, and an overall healthy environment in which to grow, from the time I was

five years old up to the present day. The importance and value of these opportunities is made clear to me when, in the lives of both the young and the old, I see what happens to people without these chances. Many of the children on the basketball teams which I coach ome from broken families. They live in neighborhoods with gangs and high crime rates. Comparative-ly speaking, these children have had tough lives from the moment they were born. With lack of per-sonal support at home and few, if

any, role models in their lives, they any, role models in their lives, they turn to the streets for their educa-tion. They learn to survive but so often that is all they learn. I see the result of this environment in those persons who walk through our doors at the pantry to get food. Many of these people are those who received their education from

the streets twenty years ago. Is appreciation the only thing that I have learned from this experience? It has taken me far away from my comfortable, middle-cla environment. It has pointed out injustices in society that get passed on from one generation to another. In this sense, it has opened my eyes to the real work that needs to be done by every generation that is alive

today. This volunteer experience has helped me come to know for myself the simple truths about all human beings that I have been told since childhood. The value of a person does not consist of the amount of money possessed by the individual or the professional position held. There is an innate self worth in person regardless of every circumstances.

The experience of working with the poor has helped me recognize that there is a need for awareness of all persons. In our efforts to better ourselves, a helping hand to others does reflectively affect us. By broadening horizons we can see that when life is reduced to the basics of living and dying, humankind is the same without regard for culture or status. As the end of this year of volunteer ser-vice approaches, I can conclude confidently that it has been very worthwhile

## — Letters **Clearning Up Some Misconceptions**

Dear Editor: Dear Editor: Two letters appeared in The Cowl on March 20, one was entit-id "Conditions at Concert Undesireable". The other letter was "Sole Purpose of Get-Together was Drinking?". As president of the senior class, I would like to arespond to both. First, I would like to address the letter by P.W. Pearson regarding the Oirs Day and the Knights con-cert. Please realize this response is not intended to provoke a war of

not intended to provoke a war of ongoing letters regarding this subject. I hope this will be the last we have to discuss this situation.

have to discuss this situation. The letter contains one gook point which states "64 Hall is com-pletely inadequate as a concert facility..." And the only reason I call it a 'good' point because we know how Providence College desperately needs an adequate con-cert, facility. The only thing close to that on campus is Alumni gym but can understand the Athletic Departments apathy is letting us use it. The gym is not for concerts concerning food and drink it is a varsity facility and that have every right to try and protect that so you right to try and protect that so you say, why not hold the concert in Alumni gym? Think about this...Olis Day and the Knights, no food, no drink...the concert just wouldn't have been the same. BOP and the Class of 1985 advertised this event as a "Faul University of the second and the second University of the second and the second Second

Slavin'' event, which included a DJ in Alumni cafeteria, a large TV screen in the Rat, and showing the ovie Animal House for those that were 21 years of age, and did not exceed the number of tickets to be sold was 2000. The tickets were not sold with 'reckless abandon' but in a very organized manner. They were sold from the Student Congress office and the door. Just like ANY othe event at PC. Another thing, the letter states, 'a large number of tickets were sold to the general public', actually most of the crowd was PC and the rest of the general public consisted of relatives and friends of students of PC because it was one of the few events which attracted outside students other than those at Pro-

vidence College. The letter claims the 'general public added to the crowding'. In fact, thirty-three tickets in all were sold to the general public, through minor advertising at Brown, RIC, and Bryant that took place the day

before the actual concert. Because of the crowding at the entrance of Lower Slavin doors, some people had to wait a period of time to enter the event but no one was 'turned away at the door'. The doors were closed at 11:45 p.m. and no sooner. If anyone pur chased a ticket they were admitted I am sorry there was a wait at the door

Also, the delaying of Otis Day and the Knights. How can that be and the Knights. How can that be anyone's fault? They arrived at PC five minutes before they went on stage. They got lost coming to the college, but did finally arrive and played for the contracted time, 75 minutes

Otis Day and the Knights was presented to Providence College to entertain the students and provide an exciting event. We were not try-ing 'to take our fellow students for

aride'. Again, we are sorry for any inconvenience what-so-ever. I guess it's nice when people write into *The Cowl* expressing their views. But why must people always write about the bad things? What about the good things? Also

make sure facts are straight, go to the source of information, do not throw at figures and views without checking the main source. In this case, the corresponding clubs.

Now, to touch briefly on the letter entitled "Sole Purpose of Get-Together was Drinking" by Arthur V. Edgette. This letter was ridiculous, not trying to insult Mr. Edgette, Most students complain they are not informed of events at this school. Now that students are being informed, you complain This makes no sense.

Also, the fliers were only stuff-ed in Senior mailboxes, thus pro-moting the event only for those of legal drinking age. Why not discuss the non-alcoholic events that we advertise for Assassination Week, Christmas Festival, Diploma sales for Parents, carnation sales, Limo raffles, etc, etc. We have not forgotten the off-

we have not forgotten the off-campus problems with drinking. You see, we have provided other events to try to get rid of the off-campus problems such as the Senior Blast. But maybe we should not have events, as the letter stated. Then what will happen?

-more off-campus parties due to lack of events

-more problems off-campus -increased problems with neighbors and students

So, let me end with the question, who really has forgotten the problems off-campus? f would like to take this oppor-

tunity, if people have read this far, to thank the entire student body for supporting the Senior Class in all their endeavors in this 84-85 academic year.

## **Use Your Education Well**

During the last few weeks, my comments focused upon the value of our education. A great part of our education orients itself towards achieving a future goal. Often-times, the popular belief that once times, the popular belief that once out of college one must enter the "larger world" pressures seniors into pursuing jobs which years later will not be viewed as worthwhile experiences. With this in mind, should we immediately apply ourselves towards our future careers?

6 The Cowl. March 27, 1985

There is no absolute answer to There is no absolute answer to such a question. Generally, people in technical fields will not fare well if they remain out of the job market for an extended time. On market for an extended time. On the other hand, finding the right job usually is a difficult and pro-longed search. The pressure to find a job often forces graduates to set-tle for something which might allow an opportunity to apply their while a few wears later skills a few years later

Although talking about jobs in-volves generalization, risking oversimplification, a major problem ex-perienced is incompatability. When entering the job market, expecta-tions oftentimes cloud one's abili-ty to properly assess the job which they are interested in taking. Several students from last year's

class failed to last three or four months on their first job. Though they thought that their business training suited them well for a fruitful future, they discovered

Thurs. 3/28 Fri. 3/29 Sat. 3/30

Sun. 3/31

Mon. 4/1

Thurs. 4/18

Wed. 4/24

how easily their training was discarded. In addition, several friends ended up doing simple parrot-like menial jobs as part of their training program. Worse, the blue col-lar workers, doing similar tasks, were earning several thousand dollars more while doing less work. An alternative would be for a re-

cent alumnative wond offer entering a career-oriented job until after a couple years of employment on basic jobs-waiters, construction, blue collar jobs, and others of such a type. This may not sound too ap-pealing, but such jobs allow one

## CAL'S COMMENTS

opportunity to view the profes-sional world from a different perspective. One also has time to research the

future in different careers, thus enabling them future in different careers, thus enabling them to have an advantage over recent college graduates who have not been ex-posed to a wide variety of possible careers.

The key to success is use of your education. Education comes from hard work, and this hard work should open up vast opportunities THE NEXT FOUR WEEKS IN SPORTS

#### if used properly. Since an education has been earned, it can be us-ed to an advantage-there's no reason to hastily jump into a career because of tremendous financial pressures. \*\*\*\*\*\*

COMMENTARY

John Powers, Joe McCarthy, and the rest of the BOPers (not to be confused with a cool Senior who happens to have the same name) are not to be blamed. It is so easy are not to be blamed. It is so easy to blame them for the great possibility of another bum Springfest. However, if it wasn't for John Powers' ceaseless lobby-ing, there wouldn't be a Springfest. It is a shame that the Ad-ministration dictates policy in such a turganical manner. Springfest if a tyrannical manner. Springfest is a gift to us nice little kids; or so they would like to have us believe And of course, Springtime-a time to enjoy the good weather-is be-

to enjoy the good weather—is be-ing celebrated indoors. The stupidity of the administration cannot be easily rivaled in forcing the event to be held earlier than normal, and inside Alumni. I suppose alcohol will not be per-mitted in Alumni. Whoever it was that kept students from bringing alcohol in Schweider Arene will that kept students from bringing alcohol in Schneider Arena will probably be doing the same to destroy a good time again no doubt. I feel really sad for those underclassmen who never will ex-perience the great fun of past Sweinefert Springfests.

## LETTERS Star Wars: A Step **Toward Arms Escalation**

On March 23, 1983 President Reagan unveiled his Strategic Defense Initiative, better known as "Star Wars". This new concept would create uncertainty and anxiety among our NATO allies and the Soviet Union. For if "Star Wars" were ever to be im-plemented (a slim possibility) then it would drastically alter the nucleur doctrine between the United States and the Soviet Union that has been relied on during the

that has been relied on during the past 25 years to prevent nuclear an-ihilation from ever occurring. The nuclear doctrine that has helped to prevent nuclear exchange between the United States and the Soviet Union is the Mutual Assured Destruction Doctrine (MAD). The rationale behind this doctrine is that neither nation would initiate the use of nuclear weapons since both countries would have the capability to inflict enormous damage on the other. Mutual Assured Destruction is basically a doctrine to force the superpowers to think twice before attempting to solve their differences with nucleur weapons. But, Star Wars is based on a new

concept that is radically different than the MAD doctrine. Star Wars is based on the idea that we would have the capability to knock out enemy missiles before they could arrive in the United States. We might believe Reagan when he claims that Star Wars would make nuclear weapons "obsolete and impotent".

But, the reality of Star Wars is that it will only increase the dangers of nuclear war. If the United States could develop the alleged shield to protect enemy missiles from enter-ing American soil then it would force the Soviet Union to rethink their nucleur doctrine. The Soviet Union would begin to

wonder that if the United States has the shield to protect themselves, wouldn't they themselves be vulnerable to attack from the United States since their weapons would not be able to reach the United States while our nucleur missiles could reach Russia? The alternative for Russia would

be to develop more sophisticated offensive weapons that could penetrate the alleged shield thus increasing the escalation of nuclear weapons. For even the most optimistic advocate of Star Wars readily admits that we could never develop a shield that would destroy all of the incoming enemy missiles. If the Soviet Union is aware of

this defect in the shield, wouldn't they release all of their offensive weapons (if a war was occurring) in the hope that some will get through to cause intolerable and excessive damage? If the shield can-not protect the entire population, as proclaimed by the most respec-table scientists then at what cost of human lives will our leaders tolerate it?

Even though Star Wars has yet to be implemented, Reagan has

Нарру Vacation already been inconsistent about the desired results of this new weapons system. Reagan has repeatedly pro-claimed that Star Wars would change our nuclear doctrine to a more defensive deterrence. But, there has been report in biobly there has been reports in highly respectable and reliable newspapers that the Air Force is secretly resear-ching the desireability of penetrating a nucleur shield if the Soviet Union were ever to develop and implement one.

If both nations are researching to find ways to penetrate the shield then in what ways will the world be more safe? Both the United States and the Soviet Union would increase their production of offensive weapons thus making a mockery of

the alleged shield. Another problem is the potential cost of Star Wars. The estimate range from anywhere from \$60 billion to a staggering amount of \$1 trillion. With the huge deficit, would it be worthwhile and prudent to finance a new weapons

## John Cotoia

system that can not be tested as to its reliability, while at the same time our political leaders are telling the people to sacrifice in order to reduce the budget deficit? Star Wars has resulted in one

positive result in that it helped to bring the Soviets back to the bargaining table in Geneva. Star barganing table in Geneva. Star Wars should be used as a bargain-ing tool in exchange for sharp reductions in their offensive weapons. It would be a proposal worthwhile to consider since we would ask the Soviets to give up something that they currently have while we because to the soviets to give up

something that they currently have while we have yet to produce and implement Star Wars. The United States and the Soviet Union should strive to achieve mutual reduction in offensive weapons in Geneva. In a world where there are more nuclear weapons the samblidge the sameld weapons to annihilate the world five times over, we should not develop more weapons systems that would increase the escalation of nuclear missiles and increase the horror of nuclear war. Our goal should be to decrease armaments since it would be the only desirable way to accomplish peace and stability in the world.

# AT&T Long Distance. The thinking student's choice.

Other long distance companies are making some pretty extraordinary savings claims. But take a closer look—and those claims may start to disappear. Because the savings might not apply to where you live, where you call—or *when you call*. Fact is, in many cases the savings are so small, you can hardly notice them. So think carefully before you choose.

## Think about AT&T's discounts.

They're good for state-to-state direct dialed calls from anywhere to anywhere. You'll save 60% off our day rates during our weekend/night rate period. That includes every night from II p.m. till 8.a.m. - plus all day Saturday and Sunday till 5.p.m. And you'll save 40% Sunday through Friday evenings from 5.p.m. to II p.m.

## Think about AT&T quality.

AT&T calls sound loud and clear—as close as next door. And only AT&T lets you call from anywhere to anywhere-including over 250 countries and locations worldwide.

### Think about AT&T service.

Only AT&T has more than 35,000 long distance operators to help you with collect and person-to-person calls. They can even arrange immediate credit when you misdial.

## Think about AT&T's special credit.

Our AT&T Opportunity Calling\* program lets you earn dollar-for-dollar credits toward brand-name products and services. You can earn a dollar's credit for every dollar you spend with AT&T Long Distance-every month your AT&T bill is \$15 or more-up to \$300 in Opportunity Credits monthly.

## If you think about you'll choose AT&).

No other long distance company offers the combination of savings, value and quality you'll get with AT&T-the thinking student's choice. To confirm AT&T as your long distance company, send in the attached ballot. Or if you prefer to confirm AT&T as your long distance company by phone (or for more information), call **1800 227-0300**.

\*Applies only to people who have telephone service in their name and who are being asked to choose a long distance company.

## The more you hear the better we sound.<sup>54</sup>

# **The Paintings of Henri Rousseau**

A first-ever comprehensive retrospecticve of the paintings of Henri Rousseau opened at The Museum of Modern Art in New York on Thursday, February 21. organized jointly by th Museum and the Reunion des Musees Na-tionaux de France, HENRI ROUSSEAU features approx-imately 60 works by the artist, dating from the beginning of his documented career in 1886 through his last completed painting, The Dream of 1910. Included will be almost all of Rousseau's acknowledged masterpieces as well as several key works from foreign collections that have never before been on view in the United States. The exhibition will run through

HENRI ROUSSEAU and its ac companying publication were made possible by a generous grant from Paine-Webber Group Inc. The ex-hibition has received additional support from the National Endowment for the Arts.

Carolyn Lanchner, Curator in The Museum of Modern Art's Department of Painting and Sculpture, and William Rubin, Director of the Department, have developed the exhibition together with Michel Hoog, Curator of the Musee de l'Orangerie in Paris. The exhibition was first shown this past fall at the Grand Palais in Paris.

The core of the retrospective is formed by the unrivaled Rousseau colections of the two organizing in-stitutions. The Museum of Modern Art holds what many consider to be the two most important pa tings of the artist's career. The Sleeping Gypsy of 1897 and The Dream of 1910.

The Reunion has long held such major works as *War* (1894) and *The Snake Charmer* (1907). Its im-pressive collections were further

enhanced by the paintings that came to it recently from the estate of Pablo Picasso and from the Walter-Guillaume bequest. Among the works from these sources that will be on view in the exhibition are a large, austere portrait of a woman (c. 1895) that Picasso acquired in 1908 and kept in his studio until the end of his life. Works from the Walter-Guillaume holdings, include The Wedding (1904-05), Old Junier's Cart (1908), and Child with a Doll (c. 1906). Most of these paintings have never before been seen in this country

The events of Henri Rousseau life have come down to contem-porary critics and art historians in a tangle of myth and suspect anec Even his famous nickname, 'douanier.' was a misnomer Rousseau was not a customs in-spector, but an employee of Paris' municipal toll service,

See page 10 for Rousseau book review.

Among the facts known about Rousseau are that he was born in 1844 in Laval in northwest France, spent several years in the army sta-tioned in France (not in "tropical" Mexico as the writer Appollinaire would claim), and began his artistic career in the 1870s in Paris as a 'Sunday painter.'' Despite an often negative critical

reaction to Rousseau's work dur-ing the early years of the Salon des Independants, where he exhibited regularly, he was not at his initial juncture ridiculed as relentlessly as many romanticized versions of his life have claimed. Indeed, it was noticed and admired by a number of artists, such as Pissarro, Renoir,

Degas, Puvis de Chavannes, Redon, Gauguin, Toulouse-Lautre and Signad

In 1893, the "douanier" retired from the municipal service to devote himself full-time to his art. Over the next two decades until his death in Paris in 1910, the critical reception of his work tended to be increasingly sharp, even as his pain-tings attracted more and more attention from the new generation of artists, notably Picasso, Delaunay, and Leger.

If separating fact from fiction in Rousseau's life can be troublesome, a similar problem ex ists in the assessment of his work The actual extent of his output has been difficult to ascertain, and a large number of works often at tributed to him have come under question. The contents of the Museum's

HENRI ROUSSEAU retrospective have been intentionally restricted to works of unquestioned authorship. By establishing this qualification and by including with the artist's most ambitious endeavors his more modest ones, a clearer image of the real, demonstrable Rousseau-the accomplished master-should accomplished master—should emerge. Many of the paintings in the exibition are on loan from lesser known public and private collections in Switzerland, Germany, Czechoslovakia, and Japan. A key work to understanding Rousseau is *Myself-Portrait-Landscape* (1890), which is being sent by the National Gallery of Prague and has never before been on view outside Europe.

The Rousseau exhibit would make an interesting and informative cultural outing during Easter vacation. The Museum of Modern Art is located at 11 West 53rd Street, New York, NY. Call (212) 708-9400 for information.

## **Book Review:** Smith Appeals to All Ages

#### by Maureen McGuire

About three blocks away from the Arcade in downtown Pro-vidence, the smell attacks you Anyone (with a few fat cells) who has stumbled through those doors knows exactly what "that smell" is all about. It's the Providence Cookie Company, and Baby Wat-son cheesecake, and Oreo ice cream and even fried dough. And its Mar-tha Smith's personal hell. "Dieting is my life," explained

Smith, co-author of Shipwrecked in the Tunnel of Love, at an apin the Tunnel of Love, at an ap-pearance at Cornerstore Books, Tuesday afternoon. After writing the book with Maureen Croteau, professor of journalism at the University of Connecticut, Smith is omoting this timely, fun parody of life as a single woman

Since 1981 she has been devoted to single living called, "Single Smith." She has been syndicated for a year-and-a-half. Her column is now available in San Francisco. Los Angeles, Baltimore, parts of Florida, and soon to be released in Florida, and soon to be released in 80 Canadian papers. Admitting a "tendency to get my heart kicked around like a football, Smith, 35, writes for the many people who have shared some of the "same wretched experiences." A great percentage of the newspaper percentage of the newspaper readership is single, between 20 and 40 years of age and, "Erma (Bombeck) is no longer writing for that population." Enter Martha Smith. Yet Smith appeals to all ages. She feels her column, "is not just frivolous." From responses, she knows she cheers the old and young and hence, "serves a purpos

As I spoke to Smith in a windy Friday afternoon, many shoppers stopped in just to say hello and express their admiration for Smith's work. Two older men came in to chat. One bought a copy of the book for his single daughter in the mid-West, the other, for his wife The husband-customer left the second floor Arcade bookstore stressing, "You're well read, stressing, Martha."

Smith can be seen on PBS Channel 36 on "Martha Smith Fire". She will be featured from 9 to 10 along with a panel of guests. The first panel will consists of "three lounge lizards" discussing singles'

Her book is dedicated to her mother, "who taught me the most important thing in life—how to use a gas station toilet without touching the seat." Smith's treat-ment of the single woman of the 80's is honest and personal. She recollects some of her worst dating experiences at a Thanksgiving din-ner with a married couple and a "nerd du jour" dreary enough to put your feet to sleep as you walk in the room," and the chiroprac-tor, "who talked about his ex-wife and made fun of my car." was not a great joy either. Smith sighed and said her appeal seemed restricted to "the under 6". The attrac-"the under 6". The attrac-tive writer also comments on her recent weight loss. "I kept my fat clothes...I'm sure that if I eat one cookies, 50 pounds will come back." The TV cameras are pro-mpting Smith to stay slim. "But it's mpting Smith to stay sum. "But it's torture...I've eaten enough Hollywood bread to have my own sidewalk star." Smith enjoys her work and feels optimistic about the 'many good things in her future. Shipwrecked in the Tunnel of Love, almost titled, The Joy of Socks, is surely not Smith's last endeavor. ocks. is

She and co-author Croteau do not regularly make joint efforts, 'except for eating pizza and drink-ng beer." Shipwrecked in the Tunnel of Love proves they work well together. It's great post-parietal reading.

And if you're looking for Valentine's Day advice, just "don't ac-cept a three pound box of chocolates C.O.D.!" And the last word of advice, if over 21, "Rule number three of the 'Seven Rules of Singles' Bars: After your third drink, the guy in the polyester leisure suit will loose 15 pounds, stop being bald, and start to look a little like Dustin Hoffman around the eyes.

Happy Easter!

## Entertainment on a Full Stomach-Hit **Comedy at City Nights Dinner Theatre**

#### by Grea Winsper

There is nothing like having a good meal while watching an enter-taining performance at the same time, City Lights Dinner Theatre in Pawtucket allows you to do just that for only \$13.50. For almost a year, they have been located on the second floor ballroom of the Elks Lodge on Exchange St., and have performed a different play each month on Friday and Saturday nights. This month's production is Neil Simon's comedy *Prisoner of* Second Avenue, with its last per formance this weekend.

The play tells the story of Mel (David Jepson) and Edna Edison (Peggy Pires), a New York City couple trying to cope with the

plights of city life. They go through just about every misfortune from Mel losing his job to their apart-Met losing his job to their apart-ment being robbed. During much of the play, Mel and Edna are at each other's throats, which tends to get a bit tiresome. Yet, Neil Simon is able to turn these grim situations into a light comedy. The company does a

able job, especially David Jepson who acts and looks somewhat like Jack Lemmon, and Peggy Pires who plays a suitable melodramatic Terri Gari

Jack-of-all-trades, David Jep on, is also the artistic director and designer of the set. He does a fine job with making the set realistic and effective. The sounds of the c ty permeating into the apartment

are very authentic, thanks to Robert Laporte

Director and mastermind behind the dinner theatre, Ernest Medeiros, greets you as you come in and sees you out the door when the play concludes. He, along with the actors, give the theatre a per-

In April, the company will be producing *The Owl and the Pussycat*, which is more than enough reason to go. However, before you decide to go you have to call ahead of time because tickets are attained by reservation only. Call 723-6060 for more informa-tion and reservations, and get your tickets for a wonderful evening

## **Blackfriars Box Office Opens**

#### by Alicia Roy

Antigone by Sophocles is the final production of the 1984-85 Blackfriars Theatre season. An-tigone is the moving and dramatic legend of one of the greatest Greek heroines who stood for the individual conscience against the evils of civil authority. This classical Greek tragedy to be performed at the Blackfriars Theatre is to be given a revitalized and stimulating production accessible to the 1985

Reservations will be taken by calling a NEW Blackfriars Box Of-fice phone number—865-2218. Monday, April 8, marks the open-ing day for taking reservations. The Blackfriars Theatre also an-

nounces the opening of the Blackfriars Box Office for advance ticket sales and to pick up reserva tions, beginning Monday, April 15

Box Office hours will be Monday—Thursday 3-4:30 p.m. on the weeks of Monday, April 15 on the weeks of Monday, April 15 and Monday, April 22. On the days of performances, Friday—Sunday, April 19-28, the box office will open 1½ hours before curtain time

Curtain time is at 8 p.m. on Friday and Saturday and 2 p.m. on Sunday. Reservations must be picked up one-half hour before curtain time. Ticket prices will be \$4 regular admission and \$2 stu-

dent enior citizen To avoid waiting in line at the box office on the day of the per-formance, the Blackfriars Theatre Box Office will be open at the scheduled times to serve you. The box office is located off the rotun-

da in Harkins Hall, just above the

da in Harkins Hall, just above the Blackfriars Theater. Be sure to mark the dates and times, and remember the new telephone number—865-2218!

## Timespace Comes to PC

This year's program 3 of the Rhode Island Composers Rhode Island Composers Forum—*Timespace* and the *Composer*—will be held at Pro-vidence College. Though the last of the series, it will surely not be least in excitement

John Belcher, self-styled "rhythmologist", will offer African-inspired drum improvisa-

tions. Vinnie Fraioli is bringing a theatre piece. Other composers will be offering music for prepared tape, multiple trumpets, and other fascinating media. It promises to be a stimulating afternoon. Time Sunday, March 31, at 3:00 p.m. Place: '64 Hall.

Come and stay to meet the com posers at a post-concert reception

Mr. Hoog, Curator at the Musee

Henri Rousseau, an engrossing study of the life and work of an artist who created some of the most powerful paintings of the modern era, has been published by The Museum of Modern Art in con-junction with the retrospective exhibition of the artist's work spon-sored by the Museum and the Reunion des Musees Nationaux de France. The volume surveys the full range of Rousseau's paintings, and examines in-depth popular and scholarly interpretations of his often misunderstood genius. Many simplistic fictions about the artist's work are investigated and exposed. and a Rousseau of far more complex psychology and artistry emerges from the discussion. The volume is 280 pages in

26-July 15.

## Fr. Cunningham The Cowl Speaks With **The New President**

by Susan Fineeli

The moment Fr. Peterson an nounced his resignation, a search for someone to succeed him as President of Providence College began. The search ended with the choice of fr. Cunningham

"I prefer to say that I allowed "I prefer to say that I allowed muself to be considered for the position. In no sense was I runn-ing for the office," Fr. Cunn-ingham told *The Cowl* on Sunday. "I accepted it willingly and with no reluctance," he said, "and I will do my mightiest to serve with the

dedication as same my predecessor.

He continued to explain, "if soeone else had been chosen, I cer tainly would not go arounmd with a hang dog look. I would be very content to spend the rest of my days in the classroom; but I accept with no reluctance, and I will give it my best.

**Restaurant Review** 

Fr. Cunningham is a native of Providence who attended St. Pius grammar school and LaSalle Academy from where he was graduated in 1945. He immediately entered Pro-

vidence College which he explain ed was on a trimester system at the

It was in high school that Frj Cunningham first thought he wanted to be a priest, but he need more time to decide. College seemed to be the best alernative.

ed to be the best alernative." "I went to college for a breathing space," Fr. Cunn-ingham says. "I came to know the faculty and the priests. Through these acquaintances and my own reading, I decided to become a Dominican." Fr. Cunningham presently.

resides in Martin Hall next to the Grotto. "I am very comfortable and have no desire to move," he told The Cowl. In 1958 after his doctoral

studies, Fr. Cunningham began his work at Providence College where he taught philosophy. He told The Cowl, "I was the

predecessor of Fr. Heath as Direc-tor of Residence, Chairman of the Humanities Program, the first President of the Faculty Senate, and the Assistant Director of the Liberal Arts Honors Program

He said with a smile, "I had enough to keep me off the streets." In 1980 he was asked by our pre-"I had

sent provincial, Fr, Dailey, to go to New York as his assistant. Fr. Cunningham thought it over and talked to a number of people. He explains, "I was fifty-onme

at the time and the general concen-sus was that if I didn't make a change thaen I might never do it. LThe offer came out of the blue, and I thought the Lord was telling me something and I'd better listen " listen

He enjoyed the experience, but in 1984 when Fr. Dailey's next term was to begin, he asked if he could return to Providence. He returned last October but was

on sick leave due to problems with his gallbladder.

his gallbladder. "My health is fine now, though," he says, "and I'm back to a full schedule teaching Western Cive and Philosophy.

When asked if there were any changes he would like to see at the college, he replied, "Well, off the

Happy Easter Everyone!

top of my head, one little change I'd like to see would be to have the system of bells ending classes reinstated. the professors don't notice the time, and students have to get from one class to another on time

Fr. Cunningham said that he is looking forward to seeing the report of the planning committee which evaluiates the quality of student life.

do not foresee any new building projects in the near future," he said, but adds, "I do share the same dream as Fr. Peterson which is to someday have a center for the performing arts which would serve the Music, Drama, and the Theatre Arts Department. He sees this, however, as being considerably down the

In closing Fr. Cunningham told The Cowl that he is looking "very much forward to working with students. I was closely associated with them before." He added, "I will be more than willing to listen to any observations

or complaints. I may not be able to do anything about them, but I feel it is important to keep the lives of communication open" The Cowl wishes Fr. Cunn

ingham the best of luck, and Providence College looks forward to having him as its next president

# **Oki's: A Japanese Steak House**

#### by Joseph M. Ungaro

At the Oki Japanese Steak House, the food is good, but the atmosphere is lacking. The decorum of the restaurant is

nice; your dinner is cooked at your table by one of six chefs.

Our meal began with a light Japanese onion soup. Scallions and mushrooms were the primary in gredients of the soup.

After the soup came a salad with an interesting ginger salad dressing. The salad was only lettuce, tomato

were the most attractive sele I had Hibachi steak while my companion had filet mignon. Both were cooked at our table, as are most meals at the Steak House.

The vegetables, shrimp and meat are cooked simultaneously at the table. They are served together and are quite good. While the food tastes very good

and it is interesting to watch the chefs prepare the meal, it is hampered by the other patrons in the restaurant

Some of the other patrons ap-

a beer before dinner and a beer with dinner. The bill came to about \$36 The Oki Japanese Steak Hou

on Mineral Spring Avenue in North Providence would be a good place for a group of people who enjoy a couple of Oriental cocktails, an in-teresting atmosphere and a nice, tasty meal

## **Dr.** Diction Talks About Computers

#### by Doctor Diction

Now that Steve Wozniak has safely programmed away his first hundred million, he has taken to thinking Negative Thoughts on the future of home computers. Seems that the Wizard that Woz has that the Wizard that Woz has discovered the speed, economy, convenience (maybe even the pleasure?) of purely human men-tal work. Hear the lamentations from Route 128 to Silicone Valley: Say it ain't so, Woz!

Actually, D.D. always did onder about all that fuss over home computers and especially the word processor. Preferring the Apple from the tree of dubious knowledge, Woz and Co. just yesterday were claiming that if we ate thereof, we too would be wor-shipped by polytheists. They got us to thinking that, like a Victorian house without a W.C., a split level contemporary without an H C. or W.P. somehow smelled items like paper, ink. and (shudder) eracere

Scenario: Picture the earnest cook crunching recipes into his MacIntosh. When he (no sensible woman would be doing such a thing) gets to about the fifth recipe (apple pie mousse-microwaved), the addled cook must wonder what the hell is going on. Here's the recipe he's copying, right on the

**\* CONFERNCE**, from pg. 11 Rhode Island College.

Rhode Island College. The second session, which tarts at 10:45, deals with models of human behavior. The seminars of-fered include "A Small Group Analysis of the Guests at the Back Bay Men's Shelter" by Robert Aseltine, Jr. of Wesleyan Univer-tit. "Work Motivation and Jab sity, "Work Motivation and Joh sity, "Work Motivation and Job Satisfaction: Toward an Integrated Model" by Steven Hoey and Mary Ames of Harvard, and "Analyzing the Ethiopian Revolution in Relation to Skocpol's States and Social Revolutions" by Anna Brackett of Bates College. A "sociological potpurri" will be

offered in the third session, which begins at 11:15. The papers being presented are: "Music and Socie-

counter, in a book already printed, thus portable: can be brought to stove, unlike H.C. Here he is typ-ing up recipes for absolutely no reason he can fathom, except that the salesman told him he could do this, Cook's conclusion: I've been had

Of course he has. A lot of people have. Even more people will be. Because, let's face it, we don't want to write anymore. Just plain writing—with pen and paper. "It's getting harder and harder every year," replied Georgetown coach John Thompson, as his defending national champions advanced to the Final Four, by defeating Georgia Tech this past

Saturday at the Civic Center. In the first game of the semi-finals, the Big Ten clashed against the ACC, as Illinois was matched against Georgia Tech. Illinois was able to get the ball into guard Doug Altenberger's hands, as he would score 14 points in the final seven minutes on the game,but, Georgia Tech was able to hold on and capture a 61-53 victory. Altenberger led all scorers with twenty-four points. Georgia Tech was led by Price's twenty points. \* SOFTBALL from pg. 16

team and Sophomores Lori Marot ta, and Katy O'Hara and Freshman Lisa Brown are all battling for the starting spot. The left fielder on the will be Sophomore Linda Belanger

The pitching should be strong this year according to Coach Palaz zi because it is comprised of three experienced Seniors. Leading the Friar rotation are Nancy Aramini, a pitcher who Palazzi describes as, "smart and (has) a lot of control." Mary Arndt and Stacey King will also be invaluable because they both have good fastballs, with d movement.

The pitching staff is set because King is back from an injury which prevented her from pitching last year. Also Aramini and Arndt ed strong 2.46 and 3.51 e

The following contest saw Georgetown take on a smaller Loyola team. At the half, it was Lovola 28, G-town 26, The Hovas would play more aggressively in the second half, as Ewing's game high 21 points led the team to a 65-53 victory. Loyola center, Andre Moore had a team high nineteen points and six rebounds, but normally high scoring teammates Alfredrick Hughes and Andre Bat tle were limited to 8 and 10 points

The Big East met the ACC in the Eastern Regional Championship as Georgia Tech, the ACC Tournament champions challenged top seeded and Big East Tournament men champions Georgetown. The con-test matched All-Americans Pat See HOOPS, page 5

ed run averages last year. Other new additions to the squad

include Freshmen Mimi Tougas, Kathy Carney

and Barbara Cosgrove. Coach Palazzi stated that all the Freshmen

are promising hitters. According to coach Palazzi, the team will be led by Seniors. They will provide leadership in their own way like the positive attitude of Aramini and the intenseness of Byrne.

A new aspect to the program is a trip down South to play North Carolina and Furman this Spring. Coach Palazzi said that the team is looking forward to the southern

trip as a great experience. Says Palazzi, "The team is com-prised of a great bunch of kids, and with the talent of the Seniors, I'd love them to go out as winners."

The PC baseball team returned home on Sunday after playing in the South since March 15th. In comparison to last year's 2-5-1 mark against the southern teams.

by Debbi Wrobleski

the 4-3-1 record is an improvement. The team has been plagued by an overabundance of errors. In their last eight games alone, they have totaled sixteen errors. ILt apperars that Coach Don Mezzanotte is jug-gling his infield around just a little too much. For example, the in-fielders alone had five of the six er-rors in teh Richmond game played

in Virginia. Fortunately, the Friars kept up with Richmond and finall overtook them in a 14-10 win last Tuesday. The offensive spark was Danny Rice who in five at-bats had five hits including a homerun and a double with three RBI's. Roger Haggerty added three hits includig a home run and a double with the

Paul Rizzo who also belted in a single with atwo RBI's, and Jerry Carroll, with a triple, driving ir two runs. In relieving Paul Gavins Tim Mullins received th win,pit-ching th last three and two-thirds innings scoreless, and allowing only two hits while striking out four. The Friars were pounded, 15-6.

Joining in the homerunclub was

against the University of Virginia PC did not get on the scoreboard until the seventh inning. They also rallied for five runs in a late last-ditch effort in the bottom of the ninth. Steve Taylor received the

Against George Mason theFriars were led by Roger Fer-reira who had two homeruns, three retra who had two homeruns, three RBI's and a stolen base. Joey D'Angelis, Haggerty and Paul Kostocopolous each added two hits. Chuck Howard gave up ten hits but pitched his first complete

have of the season in getting by George Mson with a final score of

8-4. Providence was rained out against William and Mary and Virginia Commonwealth

Universities. In the final game of their southern road trip, the Friars fac-ed teh Pirates of Seton Hall and were shut out by a score of 9-0. The Pirates scored five runs in the se-cond inning and were able to pick up four more in keeping PC scoreless. The Friars used four pit chers, however, Jim Navilliat received the loss. The only bit of offensive power came from Billy DeSa, who had two hits including a do

Today the PC baseball squad was scheduled to play the Holy Cross Crusaders, with Ed Statkiewcz on the mound.

# Smith Will Try to Regain Crown

"It'll be no different from last year. I'm going there to win," said the Boston Marathon defending champion, Geoff Smith who will be running in the 89th Annual Boston Marathon, just a couple of weeks away

Last year, Smith ran Boston with the intention of winning to justify a spot for himself on the three-mar British Olympic team. He was very British Olympic team. He was very sure of himself, in regard to his participation in the race. "I'm go-ing to Boston to win," Smith recalls saying. And he did just that, finishing the race in 2 hours, 10 minutes, and 34 seconds. This year Smith wants to "run

This year Smith wants to "run This year simith wants to Tuh faster than last year." In 1984, he wanted to impress the British Of-ficials; this year it is a shoe com-pany. "I want to a thract a shoe company to give me a shoe contract and pay me," says Smith, after bouncing back from a dispute with the Adidas Company over a con-tract disagreement. Smith's gentleman's agreement was turned down by the Adidas after he was forced to drop out of the Olympic

## TRIVIA ANSWERS 1.) The 1980 Olympic hockey eam was on the cover of the only ssue of *Sports Illustrated* that did

marathon. But Geoff Smith goes on, and, as in all areas of life, learn along the way." In regard to the Olympics, Smith felt "it was heartbreaking to sit down after 14 miles. I felt dejected." What led to Smith's drop-ping out of the Summer Games was a combination of several factors. As he recalls, "there was too much hype. I couldn't take it. I was in great shape. Sitting there in L

great shape. Sitting there in L.A. watching everything, causes the tension to built up and the train-ing to ease down. I also caught a cold and didn't feel good. If it had been any other race, I wouldn't have run." But it wasn't any other race; it was the Olympics. And

Winning Boston last year has not changed Smith's life, but it has changed his direction; he has become a marathon runner. He has

Recently there has been much roversy in marathon races For one thing, the number of entries in all marathons has been declining. Thus far only 5000 entries have

four years from now, we hopeful-ly will be seeing our friend Geoff Smith back in the Olympics.

## FRIARS STUN SPARTANS: FACE BC IN THE SEMI-FINALS

#### by Brian Mulligan

There's a quote from Friar Coach Steve Stirling that dates back to the early part of November, but is more appropriate here, in the closing days of March.

The quote came after the Boston College Eagles had shell shocked the Friars 5-0, and Stirling more than a little upset with his team's performance said, "We have a bunch of blue collar workers for a hockey team and when we don'

hockey team and when we don't play like blue collar workers we're going to get beat." Get your hard hats and lunch pailsr (rady, the Friars have been playing like blue collar workers lately, and it has earned them the right to play in the Final Four in Detroit on Thursday. That's right, PC is one of the four best teams in the nation. And if you don't think their 22-16-5 record isn't impressive enough to Detroit but Poteroit: isus ask

warrant a trip to Detroit; just ask the Michigan State Spartans how

the Michigan State Spartans how much records mean. A crown of 6,841 fans, the most ever at Michigan State, jammed Munn lee Arena to witness Friday night's contest. The noise level created by the crowd carried the small contingency of Friar fans tolo tit un and checaratice hit umpain. sit up and take notice; but more im-portant was the effect PC's defense had on the Spartans and the quieting of the partisan crowd.

Michigan State came into Fri-day's game with the idea of taking the Friars out of the total goals series early. They almost did it. They put the pressure on early and when Kelly Miller scored at 3:29 to put the Spartans ahead 1-0, the Softball Preview

pressure intensified. Chris Terreri came to the rescue. He made several big saves and allowed the Friar defense to settle down. PC then capitalized on a five on three skating situation, when Peter Taglianetti scored at 6:43 of the first period.

Michigan State went ahead on a Michigan State went ahead on a goal by Harvey Smyl at 5:16 of the third period and the game stayed that way until 15:34. That's when Shawn Whitham, who had a high sticking penalty, came out of the box and jarred the puck from a Michiene Citate unioner. Jim A cred Michigan State winger. Tim Army picked up the loose puck and came in on a two on one with Steve

"I saw Timmy coming in, so I hung back just a little, making the defenseman choose. He favored me, so Tim took the shot. I was lucky enough to be in the right place for the rebound."

place for the rebound." Rooney's goal tied the game at two and it appeared the game would end in a tie. But, a breakout pass and an excellent play by Michigan State defenseman Brad Beck kept the puck in the PC zone and assured the Spartans a one goal

and assured the Spartans a one goal edge going into Saturday's game. "Beck made a nice play on that one," said coach Stirling, "Ninety-nine times out of a hundred we'll connect on that pass, but he pick-ed it up and Chris (Terreri) never

The Spartans 3-2 victory on Friday night, put the pressure on PC. They needed to win by at least two goals to win the total goals series

and advance to the final four. The first goal was very important for the Friars. If MSU scored first

they would be up by two making they would be up by two making it difficult for Providence to come back; but if PC scored first the series was tied, and in all likelihood the boisterous MSU crowd would be taken out of the game

Providence College is an active member of the National Col-

"It took us a full sixty minutes last night to realize that we were as good a team as they were," said Stirling. "Our confidence level was high going into tonight's (Satur

day's) game." High indeed. The Friars shocked the Spartans with three goals in the first 5 1/2 minutes. John Deasey scored at 2:26 to even the series, scored his eighth goal at 3:49 to give the Friars a one goal lead. to give the Friars a one goal lead. A Michigan State power play, provided Providence with an op-portunity to pad their lead as Dave Wilkie's hustle provided the senior

ard with a semi-break away Wilkie crossed the Spartan line and let one fly with a drive that put PC ahead 5-3 in the series.

The PC penalty killing unit was, a major factor in the Friars advan-cing to the semi-finals as they held Spartans scoreless in nine attempts. See HOCKEY, on page 14

# Hitting is Key to Season

#### by Kevin Sghia

"Pitching and defense will be strong because of (Senior) ex-perience," said head coach of the 1985 Lady Friar Softball team, Mary Ann Palazzi. The key to this

year's team will be its hitting. The squad is led by eight Seniors including starters Linda Simeone at second base, Kathy Mulligan at third, Karen Byrne in right field and Tricia Lyons in center field. The other starters include

Sophomore catcher Ann Malzon

#### by Marybeth Murphy

The PC Men's Tennis team is looking forward to a challenging spring season beginning with their opening match against St. Anselms on March 27 at home.

Finishing their fall season with a 1 record, Coach Phil Shanley feels the team will be "competitive in every match this Spring." He cites Boston College and Brown as the team's toughest opponents. who is coming off an outstanding Freshman year. Malzone batted a team leading .281, with the only team homerun and 14 RBI's. Junior Yvonne Percy will back up

Malzone at catcher. At first, Sophomore Sue Mussey will start. Mussey was an allwill start. Mussey was an all-region, all-American as a Freshman last year. She will be backed up at first by Senior Sharon Heavey. Coach Palazzi stated that short stop is a wide open position on the

question

The PC Lacrosse team opened

The PC Lacrosse team opened its season on Saturday with a disap-pointing but predictable loss to a strong Holy Cross team. Holy Cross, by far the toughest team on

PC's schedule, beat the injury ridden Friars by a score of 18-4

This score however, does not reflect the quality of this year't team, and, in fact, this loss may be one of very few this season. Accor-ding to many players and Coach

Steve O'Donnell, a 10-2 or 9-3 record is by no means out of, the

The temporary weak link thu far has been the play of the mid-fielding unit. The position of the midfielder is unique because he is the only player who is required to play on both sides of the field; of-

fense as well as on defense and this in precisely where the Friars must

improve--the transition game. This is not to say that the mid-field is lacking in talented person-

nel. On the contrary, there is definitely a nucleus for an outstan-

ding midfield in returning players

ding midifield in returning players: Jeff Melius, Mike Kirkwood, Mike Walker, Ken Mattucci, Chris Walker, Jim McClain and Rick Czalpa. All of these players can

**Men's Tennis Preview** This season's singles line-up in

cludes: Senior captain D.J. Bateson, Junior Jerry Sweeney, Junior Rick Smith, Sophomore Tom McNulty, Sophomore Lee Guzman, and Freshman Brian Monroe

The Friars will travel to Seton Hall, Georgetown, and Howard over April vacation. The team is optimistic about their upcoming season and would appreciate your support.

## Women's Lacrosse **PC** Losses Home Opener

#### by Diane Durante

The Women's Lacrosse team s defeated last week, 16-2 BU, who is always a competitive opponent. Being the first game of the season and being a team com-posed primarily of freshmen, the Lady Friars can chalk this loss up

Returning Junior Courtney Col-lins said, "this was the first game for most of the girls. We didn't play so hot, but I'm sure there will

be improvements throughout the

In addition to Collins, other returning players include co-captains Siobban O'Brien and Maureen Scollard (who was out last season but played in 1983), Junior Noreen Bishop, and Sophomores Eileen Kelly and Mary Kennedy. Although it is a young, inexperienced team, there is room for improvement, and who knows, maybe a winning season.

## Men's Lax Ready for Strong Season

play sound detense and all car

play sound detense and all can score. They will be heavily relied upon to do just that. New additions to the midfield position this year are sophomore Brendan Green and freshmen Bren-dan Reilly, John McCarthy and Tim Makowski.

Tim Makowski. Although there may be a few problems to be ironed out at mid-field, the Friars are deep in all other positions. According to Coach O'Donnell, the position he is most comfortable with is that of goalten-ding. Series, tricographic goaltending. Senior tri-captain Dave Clayton will be starting this year and has a formidable back up in and has a formidable back up in junior goaltender Kevin Meany. Clayton has looked impressive in preseason scrimages and will un-doubtedly have another great year.

This year Clayton has the privilege of being surrounded by six solid defensemen; all of whom could and should be starters. This, of course, leaves Coach O'Donnell with a difficult task of choosing which three will start in his lineup. All six are hungry for a starting position, but, they will probably be used interchangibly throughout the season. Seniors Rich McDermott and

John Canning, along with junior John Pawley are all excellent stick handlers and intelligent players.

These three will be complimented by juniors John Powers and John Healy and sophomore Jay Sabotini, all of whom enjoy a more physical approach when it comes to defending their opponents. Somewhat of a surprise to this

years team has been the develop-ment of a durable and hustling defensive midfield. Back this year is a much improved junior, Packy Kennelly who will be playing alongside freshmen Tony Guardione and sophomore Ron Ferigno

dione and sophomore Ron Ferigno who also plays a physical game. Producing most of the goals this season will be senior attackman and tri-captain John Breen along with junior Skip O'Neil and junior Mike Chapey. Essential to this year's season is the productiveness of these three individuals, all of whom can virtually score at will when given the opportunity. Also looking to make a significant con-tribution at attack this season are freshmen Kevin McCarthy and Chris Shaw

After two months of scrimages and practices, the Friars are in shape, ready to play and ready to win. They take on Brandeis this Saturday in their home opener at 2:00 and are hoping for a good crowd to escort them to victory
